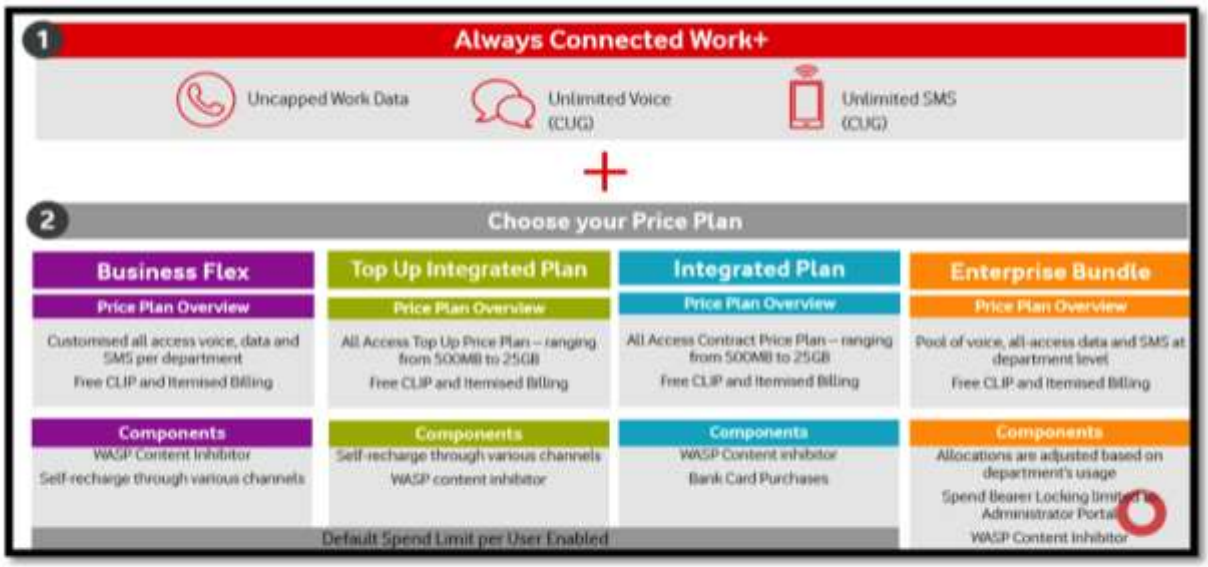
RT15-2021

ANNEXURE 6D

VODACOM PRODUCTS & SERVICES

CATEGORY 1A

Mobile Offer 1: Always Connected Work+ with a hardware fund per plan



The Always Connected Work+ plan includes an Enterprise Ticket; this ticket allows uncapped use of work-related applications. National Treasury and each department are requested to make available the list of applications that they use for work, and these applications / services will be added to the Enterprise Ticket.

All plans include a voice and SMS closed user group (CUG), allowing unlimited calls / SMS' between colleagues who are also making use of a Vodacom RT15-2021 plan (i.e. calls to and from RT15 colleagues using Vodacom will be zero-rated).

There are four main Always Connected Work+ plans that differ in the allocation of anytime minutes and anytime data. These allocations are separate and distinct from the Always Connected voice and SMS CUG, and the applications / services covered by the Enterprise Ticket. This allows participants of these Always Connected Work+ plans to control their spend and decide how much of their application usage and communication (voice and SMS) is to non-Vodacom RT15 users. Spend limits are in place across all plans except for the Enterprise Bundle, where the spend limit is enforced by the administrator of the department.

All options include free CLIP, itemised billing and a hardware fund for a device. Always Connected Work+ plans are ideal for users who access a similar set of applications / services, and where access to work applications is always unrestricted, but access to the open Internet is capped to the amount of anytime data in the chosen package. A fraud prevention policy is in place across the voice (CUG), SMS (CUG) and Enterprise Ticket data usage. Users will have access to an unrestricted set of bundles that can be added to this package, by either bankcard or departmental administrator.

In most cases, each of these options can be purchased with a device (Category 1A) or without (Sim only – Category 1B)

(1) Business Flex Plans

Category 1A: Mobile Services incl. device – Anytime Work+ with Business Flex incl. device – Anytime Work+ with Business Flex (Option 1)

Create your bespoke package Increase the Hardware fund

Incl. Mobile Device				Enterprise Ticket		CUG (Voice + SMS) + Spend Manager / Converged Portal	Hardware fund Incl. VAT
24 Months	R500 Incl. VAT	230 mins	1024 MB	Uncapped Work-related Data	100 SMS	Unlimited	R4 400
36 Months	R550 Incl. VAT	400 mins	1024 MB	Uncapped Work-related Data	100 SMS	Unlimited	R4 479
48 Months	R500 Incl. VAT	400 mins	1024 MB	Uncapped Work-related Data	100 SMS	Unlimited	R5 972

Including 1x screen repairs for 24, 36 months term
- Including 2x screen repairs for 48 month term
- 48 Months, Upgrades can be done twice and split the CIB

** Voice, SMS & data allocations configurable, but limited to spend of R435 excl. VAT
*** All plans have a fraud prevention policy
On Business Flex we do carry over the minutes for additional 30 days

Category 1A: Mobile Services incl. device – Anytime Work+ with Business Flex (Option 2)

Create your bespoke package Increase the Hardware fund

Incl. Mobile Device				Enterprise Ticket		CUG (Voice + SMS) + Spend Manager or Converged portal	Hardware Fund Incl. VAT
24 Months	R500 incl. VAT	400 mins	N/A	Uncapped Work-related Data	100 SMS	Unlimited	R4 025
36 Months	R500 incl. VAT	450 mins	N/A	Uncapped Work-related Data	100 SMS	Unlimited	R6 038
48 Months	R500 incl. VAT	500 mins	N/A	Uncapped Work-related Data	100 SMS	Unlimited	R8 050

*Including 1x screen repairs for 24, 36 months term
- Including 2x screen repairs for 48, month term
- 48 months, upgrades must be split twice

** Voice, SMS & data allocations configurable, but limited to spend of R500 incl. VAT. Any increase in CIB will result in an increase in subscription pending NT approval
*** All plans have a fraud prevention policy
On Business Flex we do carry over the minutes for additional 30 days

Category 1A: Mobile Services incl. device – Anytime Work+ with Business Flex

Create your bespoke package Increase the Hardware fund

Incl. Data Device			Enterprise Ticket	Hardware Fund Incl. VAT
24 Months	R349 Incl. VAT	3072 MB	Uncapped Work-related Data	R723
36 Months	R339 Incl. VAT	3072 MB	Uncapped Work-related Data	R723
48 Months	R334 Incl. VAT	3072 MB	Uncapped Work-related Data	R1 035

(2) Enterprise Bundle Plans

Category 1A: Mobile Services incl. device – Enterprise Voice Bundle (EVB) (Option 1)
Create your bespoke package Increase the Hardware fund

Incl. Mobile Device				Enterprise Ticket		CUG (Voice + SMS) + Spend Manager or Converged portal	Hardware Fund Incl. VAT
24 Months	R500 incl. VAT	230 mins	1GB	Uncapped Work-related Data	100 SMS	Unlimited	R4 025
36 Months	R500 incl. VAT	266 mins	2GB	Uncapped Work-related Data	100 SMS	Unlimited	R6 038
48 Months	R500 incl. VAT	266 mins	2,5GB	Uncapped Work-related Data	100 SMS	Unlimited	R8 050

Including 1x screen repairs for 24, 36 months term
- Including 2x screen repairs for 48 month term
- 48 months, upgrades must be split twice

** Voice, SMS & data allocations configurable, but limited to spend of R500 incl. VAT. Any increase in CIB will result in an increase in subscription pending NT approval
*** All plans have a fraud prevention policy
On EVB there is no carryover of unused minutes because if the bundles are under-utilized this will result in downwards review that quarter which will essentially result in decrease of allocation and monthly subscriptions to adjust to the Departmental usage.

Category 1A: Mobile Services incl. device – Enterprise Voice Bundle (Option 2)

Create your bespoke package Increase the Hardware fund

Incl. Mobile Device				Enterprise Ticket		CUG (Voice + SMS) + Spend Manager or Converged portal	Hardware Fund Incl. VAT
24 Months	R500 incl. VAT	400 mins	N/A	Uncapped Work-related Data	100 SMS	Unlimited	R4 025
36 Months	R500 incl. VAT	450 mins	N/A	Uncapped Work-related Data	100 SMS	Unlimited	R6 038
48 Months	R500 incl. VAT	500 mins	N/A	Uncapped Work-related Data	100 SMS	Unlimited	R8 050

*Including 1x screen repairs for 24, 36 months term

- Including 2x screen repairs for 48, 60-month term
- 48 & 60 months, upgrades must be split twice

** Voice, SMS & data allocations configurable, but limited to spend of R500 incl. VAT. Any increase in CIB will result in an increase in subscription pending NT approval

*** All plans have a fraud prevention policy

On EVB there is no carryover of unused minutes because if the bundles are underutilized this will result in downwards review that quarter which will essentially result in decrease of allocation and monthly subscriptions to adjust to the Departmental usage.

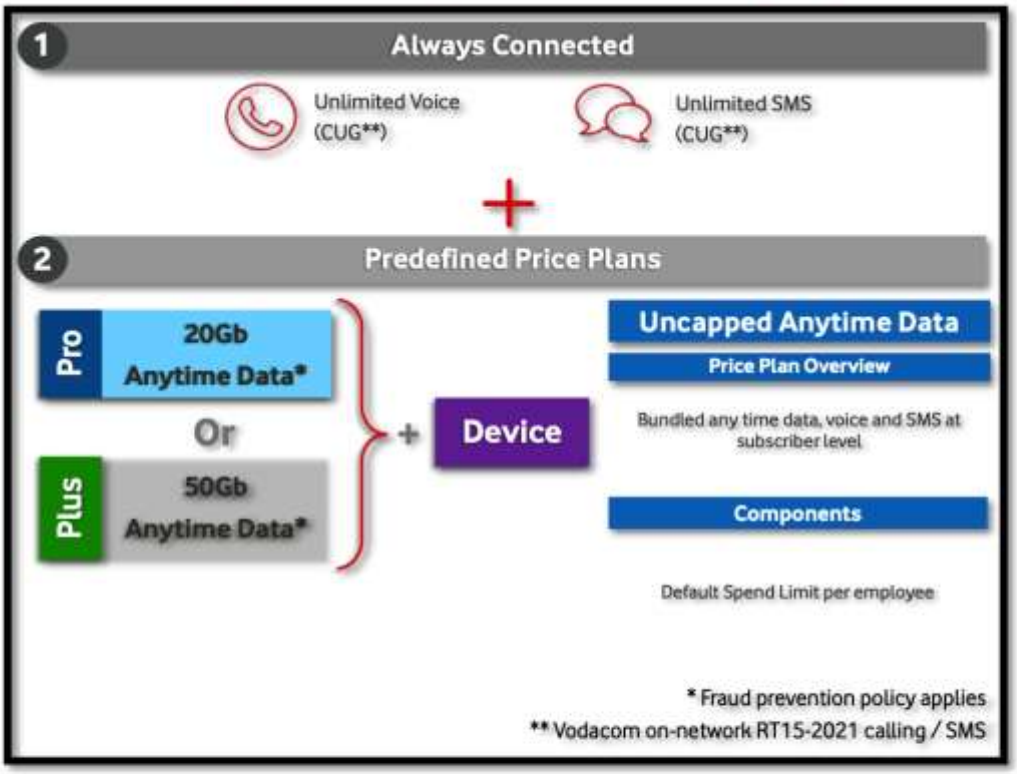
Mobile Offer 2: Always Connected Anytime with a hardware fund per plan



The Always Connected Anytime plans have a large amount of anytime data allocated; this allows work-related applications to be used, when those applications include a large mix of known and unknown applications and services. Users on an anytime plan will not be restricted from accessing Internet accessible applications.

All plans include a voice and SMS closed user group (CUG), allowing unlimited calls / SMS' between colleagues who are also making use of a Vodacom RT15-2021 plan (i.e. calls to and from RT15 colleagues using Vodacom will be zero-rated).

There are two Always Connected Anytime plans that differ in the allocation of anytime minutes, anytime data and hardware fund allocation. These allocations are separate and distinct from the Always Connected voice and SMS CUG. This allows participants of these Always Connected Anytime plans to control their spend while allowing unrestricted access to the Internet. Spend limits are in place across all plans.

All options include free CLIP, itemised billing and an allocation for a handset. Always Connected Anytime plans are ideal for users who access a diverse set of applications / services (including social and streaming services), where access to these applications is always unrestricted. Access to the open Internet is capped to the amount of anytime data in the chosen package. A fraud prevention policy is in place across the voice (CUG), SMS (CUG) and anytime data usage. Users will have access to a restricted set of bundles that can be added to this package, either by bank card or departmental administrator.

FURTHER INFORMATION

- **What type of an account can be opened?**

Corporate accounts can be opened across all package options, including Top-Ups Corporate Individual accounts (e.g. sponsored billing) are also available for all packages, except for the Enterprise Bundle option. In this scenario, the main account will be in the name of the corporate (Department) and the sub-account in the name of the individual (typically the employee), with both credit vetted individually.

- **Can the mobile services be customised?**

Yes, mobile services (i.e. the mix of anytime voice, SMS and data) can be customised by adding optional bundles for all Always Connected Work+ packages. Additionally, Business Flex and Enterprise Bundle options allow for the tariff to be adjusted without adding optional bundles (i.e. changing the base plan). In both cases, that customisation is done per department. Users within a department can be on any mix of the package plans available.

- **What happens when mobile services are depleted?**

All Always Connected packages will not restrict voice or SMS calls to other Vodacom RT15 package plans. Always Connected Work+ users will not be restricted from accessing applications contained in the Enterprise Ticket; similarly, Always Connected Anytime users will not be restricted from accessing the Internet. Once allocations are depleted, it can be topped up. All plans allow for bundle purchases for additional anytime data, anytime minutes and anytime SMSs, should it be required.

- **Travel Data Bundles**

Travel Data Bundles is a service that enables employees to save on data roaming costs with a fixed daily fee for the bundle of their choice and the country they visit. The service is available to National Treasury employees on all price plans, and offers discounted out of bundle rates for all bearers. The data bundle is available for each day that they use data while roaming and they will receive free SMS usage notification alerts they reach the limit.

If the bundle is depleted on the same day, the out of bundle rates will apply at R2/MB for Vodafone World Partner Countries and R7.50/MB for the Rest of the World.

Bundle Size	Vodafone Partner Countries	Rest of World
50MB	R99	R349
100MB	R199	R699

- **Red Roaming Bundles**

Red Roaming is an integrated bundle of voice, SMS and data, which is exclusively available on Red price, plans for zone 1 countries. Only available on a RED (Consumer and Business price plans).

Please refer to the table below for bundle allocation and prices.

	Monthly Subscription	Voice	SMS	Data	Validity
Red Roaming	R299	100	**50**	500MB	7 days

Applicable Out of bundle charges apply when bearer allocation is depleted

- **SMS Roamer**

SMS Roamer is a service that enables National Treasury employees to send and receive SMS while roaming. The service is available to all Vodacom Contract, Top Up and Prepaid Customers when activated. When the SMS Roamer service has been activated, all other services will be disabled, such as voice, MMS, access to the Internet from your cellphone, fax services and others. Employees will only be able to use SMS to communicate (send and receive) SMS while roaming. All SMSs that are sent while using SMS Roamer will be charged at the applicable Vodafone World Zone rate.

SMS Roamer is charged at R2.75 to send an SMS and is not chargeable for receiving.

- **Africa Roaming**

Africa Roaming offers reduced international roaming rates if employees roam on any Vodacom Africa Family networks while abroad.

The Vodacom Africa Family includes these networks:

- Vodacom Lesotho
- Vodacom Mozambique
- Vodacom Tanzania
- Vodacom DRC
- Vodafone Ghana
- Kenya Safaricom

Please refer to the table below for **SADC** Standard data rates and Travel Saver rates.

	Country	Standard Rates	Travel Saver Rate
1	**Seychelles**	R 5.00	R 7.50
2	**Mauritius**	R 5.00	R 10.00

11. RT15-02-11 – USSD

RT15-02-11 Unstructured Supplementary Service Data (USSD)

USSD is the text menu technology which is quite popular due to its ease of use. It has proven to be very effective with clients setting up unique campaigns including surveys and general data entry. The menu options allow for more accurate input in cases where specific questions are asked.

We provide a fully-fledged API for our clients, but we also often build their menus for them should they commission us too. USSD is available as Standard Rated, Reverse Billed or FREE in the case of being used for Airtime Recharge.

Type	Frequency	Cost (incl. VAT)
Activation Fee	Once Off Per String	R575.00
Subscription Fee (Standard)	Per String Per Month	R2 300.00
Bearer Fees *These are network charges.* End Users will pay Standard Rates when dialling this service which is R0.23c per 20 Seconds.	n/a	n/a
Session Charges *A session denotes the full period of time a user browses your menu before exiting or being disconnected*	Per Session	R0.058c

21. RT15-02-21 INTERNATIONAL CALLING

RT15-02-21 International Calling

International calling is a service available to National Treasury employees that enables them to make calls to international destinations. International calls are charged from as little as R0. 89c per minute. International Calling enables employees to call more than 95 countries directly from their cellphone.

If they make a high volume of international calls, the department can upgrade from the standard International Calling service to International Calling Plus for just R5 per month where the department will benefit from per-second billing and lower call rates.

International Calling Plus Countries

22. RT15-02-22 SMS ROAMER

RT15-02-22 SMS Roamer

SMS Roamer is a service that enables National Treasury employees to send and receive SMS while roaming. The service is available to all Vodacom Contract, Top Up and Prepaid Customers when activated. When the SMS Roamer service has been activated, all other services will be disabled, such as voice, MMS, access to the Internet from your cellphone, fax services and others. Employees will only be able to use SMS to communicate (send and receive) SMS while roaming. All SMSs that are sent while using SMS Roamer will be charged at the applicable Vodafone World Zone rate.

SMS Roamer is charged at R2.75 to send an SMS and is not chargeable for receiving.
