

**national treasury**  
Department:  
National Treasury  
REPUBLIC OF SOUTH AFRICA

**Tax and Financial Sector Policy  
Director: Tax Revenue Forecasting  
(S033/2017)**

**Pretoria**

**Salary: R898 743.00 per annum (all-inclusive remuneration package)**

**Purpose:** To perform tax revenue forecasts and tax revenue analysis by developing and refining tax revenue forecasting models, and assist with calculating the revenue implications of tax proposals.

**Key Outputs: Develop appropriate statistical and econometric techniques to improve on the quality and accuracy of tax revenue estimates** • Develop statistical and /or econometric models to forecast tax revenues • Provide basic regression techniques and, where appropriate, more advanced econometric and statistical modelling • Develop micro simulation models for personal income tax (PIT), corporate income tax (CIT) and value-added tax (VAT) • Regular updating of the micro-simulation models • **Prepare tax revenue estimates for the annual Budget and revised estimates at the time of the MTBPS** • Estimates of tax revenue by tax instrument – the focus being of the main tax instruments, i.e. PIT, VAT, CIT, Fuel taxes, Excise duties and Customs duties • Revised tax revenue estimates at the time of the MTBPS • **Monitor monthly tax revenues in order to track and revise tax revenue estimates** • Monitor monthly tax revenues to track deviations from estimates and provide plausible explanations for deviations by tax instrument • **Convene the revenue analysis working committee (RAWC)** • Arrange the logistics of the RAWC meetings • Prepare the tax revenues estimates on behalf of the Economic Tax Analysis chief directorate for these meetings • Prepare the inputs of the Economic Tax Analysis chief director for deliberations by the RAWC and keep minutes of the outcome of such deliberations • **Assist with estimating the revenue implications of tax proposals and the economic incidence of various taxes** • Undertake analysis and help with estimating the revenue implications of specific tax proposals • Undertake studies to quantify the economic incidence of various taxes
