## **PRESS RELEASE**

---

### **QUARTERLY CALENDAR FOR THE INFLATION LINKED BONDS: 2009/10**

The National Treasury is committed to issuing Inflation Linked Bonds (ILBs) and has always issued these instruments into demand.

Cognisant of the demand for more regular issuances of ILBs to the market, National Treasury will increase the frequency of the auctions in the 2009/10 financial year.

Auctions will be conducted weekly to ensure a constant supply of ILBs and issuance will be across all existing maturities.

**Issued by: National Treasury**

**30 March 2009**
