ADVISORY PUBLICATION OF THE 2020 BUDGET OUTREACH SCHEDULE FOR SOUTH AFRICAN UNIVERSITIES

National Treasury invited all South African institutions of higher learning to host the 2020 post budget outreach programmes after the tabling of the Budget on 26 February 2020 by the Minister of Finance.

It is exciting to see that institutions of higher learning took interest in hosting National Treasury officials. The objective of the budget outreaches is to afford the department an opportunity to unpack the national budget, explain the process that goes into preparing it and initiate meaningful debate with students on what the Minister presented to the public.

Below is the final schedule for all the universities that will participate in the budget outreaches. The schedule also confirms the dates of the outreaches as discussed and agreed to with the respective universities:
