The following statements of revenue, expenditure and borrowing are published in terms of Section 32 of the Public Finance Management Act and Section 30(2) of the Division of Revenue Act No. 2 of 2013.

National government revenue and expenditure are detailed in tables 1 and 2, respectively. The tables below indicate revenue and expenditure for the reporting month, together with comparable figures for the previous year.

Revenue and expenditure for the fiscal year to date are also expressed as a percentage of the 2013/14 budget for the current year and preliminary outcome for 2012/13.

Table 4 sets out the net financing for the reporting month compared with the preliminary outcome for the same reporting month in the previous year. The following table contains a summary of information relating to total net financing:

1) A positive/negative change indicates a reduction/increase in cash balances

A cash flow schedule for the Exchequer Account is included as table 5, summarising exchequer revenue to and departmental requisitions from the National Revenue Fund. These flows differ from the actual receipts and outlays in tables 1 and 2, mainly because of timing differences between the cashbook transactions of departments and the South African Revenue Service.

Tables 1-5 are available on the website of the National Treasury at www.treasury.gov.za – click on the Communications & Media link – Press Releases link.

The following provincial statements are included for each of the nine provinces:

- Provincial Revenue Fund; and
- Transfers and actual expenditure for conditional grants, published in terms of Section 30(2) of the Division of Revenue Act No. 2 of 2013.

Care should be taken when using the national and provincial information, as timing differences in recording transfers between the different spheres could result in the incorrect consolidation of revenue and expenditure information. The Head of the relevant Provincial Treasury furnished the information on provincial revenue funds.
