ISSUED BY THE DIRECTOR-GENERAL:
NATIONAL TREASURY**

The following statements of revenue, expenditure and borrowing are published in terms of Section 32 of the Public Finance Management Act.

Extraordinary receipts and payments which were previously published in Table 3 are now brought into the budget framework in line with global standards, in particular the International Monetary Fund's *Government Finance Statistics Manual 2001* and are now referred to as National Revenue Fund receipts and payments (refer to Annexure W2 of the 2014 Budget Review). Detailed information on these transactions is provided in Table 5.

National government revenue and expenditure are detailed in tables 1 and 2, respectively. The tables below indicate revenue and expenditure for the reporting month, together with comparable figures for the previous year.

Revenue and expenditure for the fiscal year to date are also expressed as a percentage of the 2014/15 budget for the current year and preliminary outcome for 2013/14.

1) A positive/negative change indicates a reduction/increase in cash balances

A cash flow schedule for the Exchequer Account is included as table 4, summarising exchequer revenue to and departmental requisitions from the National Revenue Fund. These flows differ from the actual receipts and outlays in tables 1 and 2, mainly because of timing differences between the cashbook transactions of departments and the South African Revenue Service.

Tables 1-5 are available on the website of the National Treasury at www.treasury.gov.za click on the Communications & Media link – Press Releases – Monthly Press Releases.
