**SPECIAL ADVERTISEMENTS****DEPARTMENT OF ECONOMIC DEVELOPMENT AND TOURISM****TENDER FOR PROFESSIONAL SERVICES****TENDER No. BPT 017****TENDER TO DEVELOP A MASTER SYSTEMS PLAN**

The Department of Economic Development and Tourism of the Provincial Government of the Western Cape is committed to the active promotion of an environment conducive to rapid and sustainable growth that will result in a world-class economy for the equitable benefit of all the inhabitants of the Western Cape. We are developing a Master Systems Plan (MSP) to help us achieve our mission and require assistance with the planning process.

The MSP takes a holistic approach to systems, including ICT - and manual - based systems, their linkages to other systems, and the full complement of associated business processes, skill requirements, support mechanisms, and assessments. Applicants must have the required skills, experience and capacity to complete facilitated planning involving business, process mapping, gap analyses, modelling and prioritisation of ICT and non-ICT systems in order to deliver detailed, prioritised project plans. Further, they must be willing to interact closely with the broader project team.

Applications close at 11:00 on Monday, 7 July 2003.

An information workshop will be held for anyone with questions or comments on Friday, 13 June 2003, from 08:30–10:30 (in the Hearing Room, 4th Floor, 9 Dorp Street, Cape Town).

In order to obtain the detailed specifications and all forms that must be completed, please contact:

Lucinda September at [Lrseptem@pawc.wcape.gov.za](mailto:Lrseptem@pawc.wcape.gov.za), Tel. (021) 483-5274, or 2nd Floor, Cape Gateway, 142 Long Street, Cape Town, 8001.

## **TOURISM GRADING COUNCIL OF SOUTH AFRICA**

### **REQUEST FOR PROPOSALS**

#### **PUBLICATION AND DISTRIBUTION OF THE TOURISM GRADING COUNCIL ACCOMMODATION GUIDE**

With over 1300 accommodation establishments graded, the National Star Grading Scheme has now reached critical mass and the publication of an Annual Accommodation Guide to showcase graded establishments to the trade and consumers has become a priority. The Tourism Grading Council has decided to outsource the production and distribution of such a guide and hereby requests proposals from qualified publishing companies.

The proposed guide is an important component of the strategy for marketing the National Star Grading Scheme to domestic and international visitors and is planned for launch at INDABA 2004 (first week of May 2004). The guide is to be distributed to all tourist information centres/bureaux and retail bookshops as well as South African tourism, trade and diplomatic representations overseas.

The following requirements have been set for the guide:

1. It must be a cost effective and sustainable business venture capable of generating a profit.
2. It must be supported by the trade, consumers and corporate advertisers.
3. It must meet the highest level of quality and cost effective publishing.
4. Its information contents must be of the highest level of accuracy.
5. It must aim to become the most credible and "top of the mind" guide for quality assured accommodation and other tourism products and services in South Africa.

The Tourism Grading Council of South Africa (TGCSA) invites publishing companies with a proven track record in publishing and marketing tourist guides to submit their tenders for the envisaged guide by close of business on Monday, 23 June 2003 at the following address: Tourism Grading Council of South Africa, 12 Rivonia Road, Illovo, 2196. Phone (011) 778-8123, Fax: (011) 778-8094. E-mail: [enquiries@tourismgrading.co.za](mailto:enquiries@tourismgrading.co.za)

The Tourism Grading Council of South Africa is an affirmative procurement organisation.

## **SENTECH**

### **HIGH POWER TELEVISION TRANSMITTERS**

#### **TENDER No. SENTX 002/03**

Sentech's intention with this tender enquiry is to select a preferred supplier for High Power (5kW, 10kW, 20kW) analogue (VHF and UHF) and equivalent digital (1kW, 2kW, 5kW), (UHF) DVB-T television transmitters. Sentech furthermore intends to enter into a supply contract with one transmitter manufacturer for two (2) years.

Key aspects of the intended supply contract are:

- Prior agreement in terms of price, quantity discounts, price adjustment formulae, delivery times and technical specifications.
- Binding on the transmitter manufacturer, i.e. manufacturer must supply equipment in accordance with the contractually agreed terms, when Sentech place orders on an "as and when required" basis.
- Sentech reserves the right to buy equipment from other suppliers. (For standardization purposes, buying from other suppliers is generally undesirable and would typically only be for reasons such as late deliveries, technical problems and inability to supply at required rates and/or dates).

The potential scope of the supply contract, over the contract period, could include:

- Replacement of old and redundant analogue tube/klystron transmitters.
- All analogue transmitters required for new television networks, or expansion of existing networks, in South Africa.
- "Turnkey" installations for other clients in Africa (Sentech would normally offer/market the preferred supplier's equipment when bidding for turnkey projects).
- Digital transmitters (DVB-T 8K and 2k capable) required for networks expected to be established in South Africa, within this contract's time frame. I.e. Digital transmitters using the same/similar modules, and falling within a power range similar to 10kW analogue TV transmitters.

The following equipment features are important adjudication criteria:

- Convertibility of analogue equipment to digital (i.e. Maximal commonality between analogue and digital equipment).
- Direct exchangeability for modules between earlier and later equipment batches.
- Wideband, synthesizer designs. (Minimum number of different modules; easy frequency changes).
- Liquid cooled equipment.

- PAL I equipment capable of digital adjacent channel transmission.
- Small footprint (one cabinet only).
- After-sales service.

A copy of the Tender Specification No. SENTX002/03 may be collected from Sentech's technical offices at: Sender Technology Park, Octave Street, Radiokop, Roodepoort, against payment of a non-refundable fee of R250 (cash or cheque in favour of Sentech Tender SENTX002/03). The Tender Specification will be available for collection from Wednesday, 4th June 2003 and closes punctually at 12h00 (SAST) on Friday, 11th July 2003. Tender offers must be enclosed in a sealed envelope bearing the tender number and hand-delivered to the tender box at the above address. No late tenders will be accepted. Tenders will not be opened in public and Sentech is not bound to accept the lowest or any tender, nor give reasons for selecting one tender in favour of another, and reserves the right to allocate portions of the tender to different tenderers.

Further enquiries may be directed to Marius Scheepers on Tel: (011) 471-4636, Fax: (011) 471-4752 or e-mail: [scheepem@sentech.co.za](mailto:scheepem@sentech.co.za)

## SENTECH

### LOW POWER TELEVISION TRANSMITTERS

#### TENDER No. SENTX 003/03

Sentech's intention with this tender enquiry is to select a preferred supplier for Low Power (100W, 200W, 500W, 1kW, 2kW), analogue television transmitters and transposers (VHF and UHF) as well as equivalent power digital television transmitters and on-frequency repeaters (UHF). Sentech furthermore intends to enter into a supply contract with one transmitter manufacturer for a period of two (2) years.

Key aspects of the intended supply contract are:

- Prior agreement in terms of price, quantity discounts, price adjustment formulae, delivery times and technical specifications.
- Binding on the transmitter manufacturer, i.e. manufacturer must supply equipment in accordance with the contractually agreed terms, when Sentech place orders on an "as and when required" basis.
- Sentech reserves the right to buy equipment from other suppliers. (For standardisation purposes, buying from other suppliers is generally undesirable and would typically only be for reasons such as late deliveries, technical problems and inability to supply at required rates and/or dates).

The potential scope of the supply contract, over the contract period, could include:

- Replacement of old and redundant 1kW analogue transmitters.
- All transmitters required for new television networks, or expansion of existing networks, in South Africa.
- "Turnkey" installations for other clients in Africa (Sentech would normally offer/market the preferred supplier's equipment when bidding for turnkey projects).
- Less frequently used transmitter powers for analogue applications 100W, 200W, 500W, 2kW.
- Digital transmitters (DVB-T 8k and 2k capable), required for networks expected to be established in South Africa, within this contract's time-frame. I.e. Digital transmitters using the same/similar modules, and falling within a power range similar to the low power analogue TV transmitters.

The following equipment features are important adjudication criteria:

- Convertibility of analogue equipment to digital (i.e. Maximal commonality between analogue and digital equipment).
- Direct exchangeability of modules between earlier and later equipment batches.
- Wideband, synthesized designs. (Minimum number of different modules; easy frequency changes).
- After-sales service.

A copy of the Tender Specification No. SENTX003/03 may be collected from Sentech's technical offices at: Sender Technology Park, Octave Street, Radiokop, Roodepoort, against payment of a non-refundable fee of R250 (cash or cheque in favour of Sentech Tender SENTX003/03).
