**CONSTRUCTION OF WATER AND SEWER RETICULATION FOR STRETFORD EXTENSIONS 5, 6, 7 AND 8,
JOHANNESBURG SOUTH (6 046 stands)**

Tenders are invited for the construction of water and sewer reticulation for Stretford Extensions 5, 6, 7 and 8, Johannesburg South.

- HLA 4/2/4-2005/08: Stretford Extension 5 Water and Sewer Reticulation.
- HLA 4/2/4-2005/09: Stretford Extension 6 Water and Sewer Reticulation.

- HLA 4/2/4-2005/11: Stretford Extension 8 Water and Sewer Reticulation.

Prospective tenderers should take note that this tender is being advertised in conjunction with three other tenders. Therefore there are four tenders being advertised simultaneously viz. Stretford Extensions 5, 6, 7 and 8 (approximately 6 046 stands in total). In the adjudication of the tenders and award of the contracts, the Department may choose one of the following ways in which these contracts will be awarded:

• *Scenario No. 1:* Each contract will be awarded separately. Under this scenario, a contractor will be awarded only one contract. Depending on the experience, expertise and resources that the contractor has available, the contract may be broken up into smaller work packages. The contractor will then be handed over only a portion of the site, and only on satisfactory performance on that portion of the work (or work package), further portions of the site be handed over to the contractor.

- *Scenario No. 2:* All four contracts will be awarded to one contractor, who will then act as a Management Contractor. This will again depend on the experience, expertise and the resources that the contractor has available. Under this scenario, the Management Contractor will be required to enter into subcontracts with Emerging Contractors, who must then be given meaningful participation in the project. A minimum of 40% of the monetary value of the work in each contract must be carried out by the Emerging Contractor in each contract.

- *Scenario 3:* Two or three (of the four) contracts will be awarded to one contractor. The provisions of Scenario 2 above will apply.

Prospective tenderers should further note that this project will be implemented in accordance with the provisions of the EPWP (i.e. Labour Intensive Construction).
