## GAUTENG DEPARTMENT OF HOUSING

### CONSTRUCTION OF WATER AND SEWER RETICULATION FOR JOHANNESBURG SOUTH

Tenders are invited for the construction of Water and Sewer Reticulation for Orange Farm Extension 8 and Stratford Extension 2, Johannesburg South.

- **Contract HLA 4/2/4-2005/32—Orange Farm Extension 8 Water and Sewer Reticulation (2 075 stands)**

In the adjudication of the tenders and award of the contracts, the Department may choose one of the following ways in which these contracts will be awarded:

- *Scenario No. 1:* Each contract will be awarded separately. Under this scenario, a contractor will be awarded only one contract. Depending on the experience, expertise and resources that the contractor has available, the contract may be broken up into smaller work packages. The contractor will then be handed over only a portion of the site, and only on satisfactory performance on that portion of the work (or work package), further portions of the site be handed over to the contractor.
- *Scenario No. 2:* All four contracts will be awarded to one contractor, who will then act as a Management Contractor. This will again depend on the experience, expertise and the resources that the contractor has available. Under this scenario, the Management Contractor will be required to enter into subcontracts with Emerging Contractors, who must then be given meaningful participation in the project. A minimum of 40% of the monetary value of the work in each contract must be carried out by the Emerging Contractor in each contract.
- *Scenario No. 3:* Two or three (of the four) contracts will be awarded to one contractor. The provisions of Scenario 2 above will apply.
