CapeNature

Tenders are hereby invited for:

Drilling and Testing of Boreholes to Supply Water to the following four locations at the De Hoop Nature Reserve.

- Sandhoogte Service Hub.
- Bloukrans Overnight Facility.
- Mosselbank Overnight Facility.
- Hamerkop Overnight Facility.

Introduction:

CapeNature requires potable water at the above-named stations on the Whale Trial. A borehole capable of yielding at least 9 000 ℓ/d is required. Under a separate project drilling positions were selected. However it remains the responsibility of the appointed consultant to approve and/or verify the selected positions. Tenders are hereby invited for the work specified below.

Project Specifications:

The following tasks need to be undertaken on behalf of CapeNature:

—Obtain tenders from suitable contractors: Tender documents need to be prepared submitted and adjudicated for the drilling and testing of boreholes at the Nature Reserve.

—Resistivity survey: A geophysical survey may be required. Provision must be made for undertaking two geophysical traverses to identify the best drilling position.

—Drilling of borehole(s): At least one borehole is to be drilled at each location. If the first borehole is unsuccessful then a second borehole will be drilled. The boreholes are to be fitted with sufficient PVC casing and screens to ensure that the boreholes remain open. For budgeting purposes assumed the exploration boreholes will have to be drilled to a depth of 150 m. Water samples are to be collected at the end of drilling to assess the portability of the water.

—Borehole testing: Step draw down tests are to be undertaken on all successful boreholes. Testing will be aimed at ensuring the borehole can yield the required amount of water and checking that the borehole is not at risk of inducing saline intrusion. The portability of the water must be verified on conclusion of the test.

On completion of the proposed work the findings of the exploratory work are to be documented in a short report and presented to CapeNature.

Scheduling:

The proposed work is to be completed within 2 months of the project being awarded to the successful tender.

Tenders: Tender documents will be available as from 15th of August 2006 at the offices of CapeNature House, Belmont Business Park, Belmont Road, Rondebosch. For further information please contact Nazeem Jamie on (021) 659-3400 or 082 336 5936.
