HOW TO ADVERTISE IN THE GOVERNMENT TENDER BULLETIN

1. **FORM No. 1:** This form must always be submitted to us when you want to advertise in the tender bulletin. Your tender description in the 1st column.

The place where and/or which Department requires the tender in the 2nd column

The Department Tender No. in the 3rd column. Each Department allocate their own Tender numbers.

The tender closing date in the 4th column—the closing date should be 4–6 weeks from publication date, except with special recognition from the Tender Board.

Your address list number (which we will submit to you after you have completed Form No. 2) in the 5th and 6th columns.

If the tender closes at the Tender Board's Offices, their number (Tender Board's number) should appear in Column 6.
2. **FORM No. 2:** Complete this form together with Form No. 1, when you advertise for the first time, to receive your own tender address list number.
3. **FORM No. 3:** This form is only for your own records, choose from this list the right section under which you want your tender to be published and write this section in at the space provided next to Supplies:..... Services:..... Disposals:..... on Form No. 1 (also mark with an X next to less than R75 000 or more than R75 000, whichever is applicable).

NOTES:

1. Advertisements are submitted directly to Government Printing Works: Complete the necessary forms and fax it to above-mentioned fax.
2. Request cost calculations from Levy Mhlanga at Tel: (012) 334-4619.
3. Please note that we will **not accept any late advertisements** after the closing time—the advertisements closes the Friday before the publication date at 15:00. The *Tender Bulletin* appears every Friday, except when there is a Public Holiday involved, then the closing date for acceptance of tenders will be forwarded with one day. These publication dates that influences the closing dates of the *Tender Bulletin*, are published for your convenience at the back of each *Tender Gazette*.
4. For any enquiries regarding your account or account number, please contact Leona Willemse at Tel. (012) 334-4605/4.
5. The tariff for publication is R85 per cm and R2 125 per A4 page (including VAT).
6. Subscription rates for hard copies: Local—R34,20 per annum; Overseas—R40 per annum.
7. Subscribe by phoning S. Milanzi, Tel. (012) 334-4735 or J. Wehmeyer, Tel. (012) 334-4734. A soft copy can be obtained from the Internet at: <http://www.gov.z/tenders/> or <http://www.treasury.gov.za>
8. NB: No *Special Tender Bulletins* are published any more!
9. All Tender information on the Website is handled by Mr Joe Cronje, Tel. 334-4690.
10. **Last advertisement date for the year 2006:** 15 December 2006 (for bids closing the week of 29 January 2007, advertisements to reach Government Printers on 8 December 2006)
Last closing date of bids for 2006: 12 December 2006 (advertised on 10 November 2006 and the advertisement must reach Government Printer on 3 November 2006)
First advertising date for 2007: 19 January 2007 (Advertisements to reach Government Printers on 8 December 2006)
First closing date of bids for 2007: 29 January 2007.
11. Note that all advertisements will be published as received and any or all information will be published as on hard copy. We will not take any responsibility if wrong copy was sent in, or if bad copies are received! No telephonic changes will be made!
12. **PLEASE NOTE: All changes (corrections on advertisements), as well as any other inquiries about the advertisements in future, will be handled by Mrs Istelle Pienaar at our Advertisement Section, Tel. (012) 334-4504.**

METHYL BROMIDE PHASE OUT PROJECT

Advertisement for expression of interest

(Tender No. E 1102)

Background

The depletion of earth's protective ozone layer has a direct negative impact on the health and well-being of all South African's. In recognising that it will take international efforts to protect and restore the ozone layer, South Africa has accepted its role as a responsible global citizen by becoming a party to both the Vienna Convention and the Montreal Protocol—multi-lateral environmental agreements aimed at protecting and restoring the global ozone layer.

In response to the above and in line with South Africa's international commitments, the department has developed the Republic of South Africa Strategy for Ozone Depleting Substance.

Objective

The immediate objective is to provide a comprehensive document on how to control the use and consumption of ozone-depleting substances in a strategic manner. The strategy output is a document that spells out interventions at all sectors, including government and recommendations that will ensure an orderly phase-out of the remaining ODSs with minimum economic disruption.

In order to contribute to this objective, the following immediate objectives of the project are framed as:

Immediate Objective A—The participation objective

The Methyl Bromide Phase-out Strategy and Implementation Plan is developed in accordance with the spirit and letter of the cooperative and participatory governance requirements and principles contained in Chapter 3 of the Constitution of the Republic of South Africa (Act No. 108 of 1996), the National Environmental Management Act (Act No. 107 of 1989), the Integrated Pollution and Waste Management Policy (2000) and the National Environmental Management: Air Quality Act (Act No. 39 of 2004).

Immediate Objective B—The baseline information review objective

A "Methyl Bromide Use and Regulation Report" provides the accurate, current and detailed information on the current status quo in respect of methyl bromide use, policy and regulation in South Africa necessary to ensure informed decision-making in respect to future policies, strategies, regulations and actions plans aimed at the phase out of methyl bromide.

Immediate Objective C—The phase-out options objective

A "Methyl Bromide Alternatives Report" provides the relevant, current and detailed information on the best practicable environmental options necessary to ensure informed decision-making in respect to future policies, strategies, regulations and actions plans aimed at the phase out of methyl bromide.

Immediate Objective D—The phase-out strategy objective

A "Methyl Bromide Phase-out Strategy" provides a detailed framework for the efficient and effective phase out of methyl bromide in South Africa in accordance with agreed timelines and targets.

Immediate Objective E—The phase-out implementation plan objective

A "Methyl Bromide Phase-Out Implementation Plan" provides a detailed business plan for the efficient and effective implementation of the approved Methyl Bromide Phase-out Strategy including a detailed project document for possible future GEF support.

Immediate Objective F—Initial capacity support objective

Initial technical support is provided to key stakeholders on request.

The work will include:

(i) The production of a project design using the logical framework approach (LFA) with a strong Monitoring and Evaluation component;

(ii) describing and costing out the project components and related activities;

(iii) costing out the project design and production of an incremental cost analysis;

DESCRIPTION	REQUIRED AT	TENDER No.	DUE AT 11:00	TENDERS OBTAINABLE FROM	POST OR DELIVER TENDERS TO
				See Annexure 1, Page 45	

(iv) production of financial management and procurement assessments of the project implementing agency;

(v) preparation of a procurement plan for the first 18 months for bank approval;

(vi) assessment of relevant institutional capacity to implement the proposed project design the relevant capacity building needs and preparation of a clear description of institutional arrangements for project implementation, procurement, financial management and disbursement;

(vii) preparation of public disclosure of an environmental management framework to provide guidance on how proposed new technologies will be reviewed, tested, monitored and approved to manage and to mitigate risk;

(viii) preparation of an operational manual;

(ix) preparation of a draft Project Appraisal Document (PAD); and

(x) carrying out of a workshop on the proposed project design with key stakeholders.

Qualification:

DEAT is looking for a consultancy or consulting firm that will be able to put together a project team that is adequately qualified to take charge of this project. It is thus imperative that for each project output a link of qualifications in possession by the firm be properly demonstrated.

Invitation:

Department of Environmental Affairs and Tourism would like to invite expression of interest for this project from companies that have the capability to carry such projects.

It is worth noting that consultants that will be involved in preparation will probably be not eligible for participation in the subsequent implementation phase project.

Closing date: 30 March 2007. *Closing time:* 11:00.

LGSETA (LOCAL GOVERNMENT SECTOR EDUCATION TRAINING AUTHORITY)

REQUEST FOR PROPOSALS

CONTRACT No. LGSETA/IAM/1/07

DEVELOPMENT OF AN INFRASTRUCTURE ASSET MANAGEMENT LEARNING FRAMEWORK, UNIT STANDARDS, TRAINING PRODUCTS AND THE PROVISION OF TRAINING FOR THE LOCAL GOVERNMENT SPHERE

1. Requirements and deliverables

The LGSETA invites interested and experienced professional service entities to bid, as a package, for the following requirements:

1.1 Infrastructure asset management education and training framework. The successful tenderer must define the practice of infrastructure asset management, identify contributions from various sciences, scope of sectoral application, and must also identify the skills required by various local government practitioners. The outcome will be presented in a framework from which unit standards for development, and the levels thereof for various practitioners, can be identified. In undertaking this activity, the service provider must consider international best practice and local conditions inclusive of legislation, authoritative guidelines, the system of local government and prevailing operating conditions.

1.2 Appropriate Infrastructure Asset Management unit standards.

Upon approval of the framework described in (1.1) above, the provider will develop appropriate unit standards that will at a minimum, address the project outcomes and skills identified. These standards must be benchmarked against other unit standards registered internationally. The service provider is expected to undertake the logistical arrangements for, and facilitate a national workshop session during which interested and affected parties will be consulted on the draft unit standards. The consultant will further revise the draft unit standards as appropriate, and will interact with the relevant standards generating body or bodies.

1.3 Preparation of infrastructure asset management facilitator and learner guidelines.

1.4 Appropriate infrastructure asset management unit standards.

1.5 Infrastructure asset management education and training framework.

1.6 Training of 600 municipal officials across South Africa.
