<p>Request for proposals ("RFP") for a totally integrated and automated information solution to enable the newly established Project Management Office ("PMO") of the Special Investigating Unit ("SIU") to execute its forensic and project management business processes.</p> <p>The SIU has adopted a project based business model. A project management methodology and framework for conducting multi-disciplinary forensic investigations have been developed. The PMO requires a totally integrated and automated information solution, which must be all-inclusive of everything required to operate as an end-to-end turnkey solution, customised to the SIU's requirements. Without limiting the generality of the aforementioned, the solution must provide for project budgeting, costing, resource planning, scheduling, project management and the enablement of all the SIU's Forensic and Project Management business processes. All proposals must provide for an initial trial period or pilot project of about 12 months.</p> <p>Without limiting creative solutions that may be offered by interested parties, the SIU understands that the solution will most probably be offered in one or both of the following ways:</p> <p>(a) The purchasing of the required software, customisation of the software, system implementation, training and system support; or</p> <p>(b) "software as a service or hosted" solutions, where the software solution will remain with the interested party and offered to the SIU for use (whether on an in-house or internet basis), with training and system support. Where a hosted solution is proposed, the bidder must make a separate and distinct proposal (i.e. it must be easily divisible from the remaining proposal) for a possible down the line installation at a SIU data center.</p> <p>Interested parties are encouraged to submit a proposal for each one of the aforementioned possible solutions and for any other creative solutions, but each proposal must be complete, distinct and provided in a separate envelope.</p> <p>The SIU will provide a complete Terms of Reference ("TOR"), upon the registration of interested parties and their payment of the cost of documents.</p> <p><i>Cost of documents:</i> R300,00 (incl. VAT), if applicable, which shall be non-refundable. Please be advised that only verified electronic funds transfers, cash or bank-guaranteed cheques will be accepted.</p> <p>No mandatory briefing session.</p> <p>Any information required, beyond that state in the SIU's TOR, must be timeously requested in writing only and will be supplied to all interested parties.</p> <p>Bidders must complete all the SIU's normal tender documents that are available on the website (<a href="http://www.siu.org.za">www.siu.org.za</a>)</p> <p><i>Enquiries:</i> Ms Tinny Matimela, Tel: (012) 843-0000/0154, Fax: 086 610 8492, E-mail: <a href="mailto:tmatimela@siu.org.za">tmatimela@siu.org.za</a></p> <p>No expectation.</p> <p>Notwithstanding anything stated in this notice, the procurement of the stated goods/services will be at the SIU's sole and absolute discretion. Without limiting the generality of the aforementioned, the SIU reserves the right: not to accept any proposal, to cancel this RFP without making an award, to make a partial award, to award a contract to any party whose proposal is deemed to be most suitable (notwithstanding that party's evaluation scores/ranking), unilaterally to amend/supplement the specifications stated in the TOR, to request interested parties to make presentations and/or to negotiate with interested parties. The SIU shall not be required to furnish any reasons for decisions taken in this regard. Nothing in this notice or in the actions of the SIU, the Head of the SIU, its members, agents or employees must be construed as creating any expectation, legitimate or otherwise, regarding matters dealt with in this notice</p>	Gauteng	01/02/2009 PMO	2009-03-20	874	874

*Tender description:* Supply of an Integrated Business Management Application System.

The IRBA hereby invites interested parties to submit information and proposals as an expression of interest in the supply of an integrated information system.

*Brief overview:*

The Independent Regulatory Board for Auditors (IRBA) was established in terms of the Audit Profession Act, 2005 (Act 26 of 2005), and came into effect on 1 April 2006. The Act increased the mandate of the IRBA from the PAAB, requiring new and amended processes and methods of work. The project is currently at a stage where processes and definitions have been documented in detail, ready to produce a Technical Specification and Design. This phase will be followed by the Coding and Building phases. It is envisaged that the system will include workflow functionality, integration into Accpcac and, possibly, a document management system.

The IRBA wishes to establish which interested parties have the capacity and expertise to undertake this work, as well as an indication of their approach and concomitant costs. The IRBA invites suitably qualified parties to submit the following information as an expression of interest in the supply of its integrated information system:
