SPECIAL ADVERTISEMENTS

WESGRO—THE WESTERN CAPE OFFICIAL TRADE AND INVESTMENT PROMOTION AGENCY

REQUEST FOR PROPOSALS

FEASIBILITY STUDY FOR THE CITY OF CAPE TOWN 2010 INVESTMENT PROJECTS

TENDER REF. No. 462-2010 IP

Wesgro is the Western Cape's Official Investment and Trade Promotion Agency established under provincial law and governed by a Board of Directors. We are the first point of contact for foreign importers, local exporters and investors wishing to take advantage of the unlimited opportunities of the growing Cape.

Purpose of the project:

The purpose of this project is two-fold:

- to conduct a comprehensive feasibility study of three investment opportunities identified in Phase 1 of a previous pre-feasibility study of investment opportunities, completed in 2010.
- to package the investment opportunities into viable projects that will be promoted for investment by Wesgro.

Project description and background for the Feasibility Study:

The pre-feasibility study that was undertaken in 2010 prompted the need for detailed feasibility studies to be undertaken on the identified opportunities. Below is the brief description of the identified opportunities (projects):

Project 1: ICT Hub:

The ICT Hub should be a single facility in which key functionalities are integrated. It should be a landmark or icon building in a prominent location, to market the notion of Cape Town as a knowledge base, and to leverage off the spatial economic agglomeration and linkages opportunities.

The ICT Hub will comprise of a mixed-use centre with prime office space for ICT sector firms with high technology usage, ICT retail and front-of-house service provider space, a larger incubator or "accelerator" facility, an events and auditorium area, technology museum(s) and training facilities. Potential locations indicated in the pre-feasibility study include the East City, Foreshore and CBD precincts.

The hub will contribute to national, provincial and local objectives of growing innovation, entrepreneurship and the so-called knowledge economy.

NB: Pre-feasibility study information will be supplied upon request.

Project 2: Cape Town International Airport Eastern Precinct Industrial/Warehousing Development:

Industrial/warehousing development Cape Town International Airport (CTIA) is a major infrastructure element in the City of Cape Town given the strategic position thereof.

Airport Company South Africa (ACSA) has already started the process of developing a portion of the CTIA eastern precinct and development plans have already been drawn up. Rezoning of the land is in process.

A total of 27,6% of the development (13,95 hectares) is earmarked for industrial/warehousing. The industrial demand model also indicated a 102,25 hectare gap in the industrial market in 2015 which will increase to 348,96 hectares in 2020.

The CTIA is a major infrastructure element in the City of Cape Town. With the increased airport capacity for passengers and freight as well as the road improvements (Symphony Way has been completed improving movement along the eastern edge of the airport, between Philippi and Bellville) the land adjacent to the airport is equipped for development.

ACSA has committed more than R2 billion over 20 years (which started in 2000) to extend existing terminal buildings and construct car parks, two new satellite terminals and an expanded runway system. The upgrade was divided into three phases. Phase 1 was completed in 2001, Phase 2 in 2003 and Phase 3 is set to be completed in 2015.

NB: Pre-feasibility study information will be supplied upon request.

Project 3: Construction and Demolition Waste Recycling Facility Concept:

According to pre-feasibility findings there is potential for the establishment of a Construction and Demolition Waste Recycling Facility in the City of Cape Town.

The pre-feasibility study indicates four sites with the most potential for this development, including the following:

- Parow Industrial;
- Airport Industria;
- Epping Industria; and
- Paarden Eiland.

The City of Cape Town generates approximately 1,8 million tonnes of waste annually. Waste generated in Cape Town is currently increasing annually by an average of 6%, compared to an annual population growth rate of only 2%.

Construction and demolition rubble makes up an estimated 35% of the City's waste (58 000 to 95 800 tonnes per annum).

With large construction projects being undertaken in the City of Cape Town, a significant quantity of builders' rubble is being generated of which a certain amount is still being disposed of to landfills.

NB: Pre-feasibility study information will be supplied upon request.

The activities required are described in the following sections: A Project Manager has been appointed to manage the Feasibility Study process, and the service provider is expected to report to the Project Manager throughout their appointment. As part of the process, the service provider is expected to attend meetings and workshops throughout the project.

A compulsory briefing session will take place on 17 February 2011 at 14:00 at the Wesgro Office.

Tender documents are available from Wesgro's Website: www.wesgro.co.za

Four copies of the proposal must reach Wesgro Offices not later than 11:00 on the closing date of the tender.

Tender documents must be submitted on the official forms (not retyped) and can be mailed to Wesgro IP Unit, Wesgro, P.O. Box 1678, Cape Town, 8000, or hand-delivered to the 12th Floor, Waldorf Arcade, 80 St George's Mall, Cape Town, for attention Ebrahim Khan at E-mail: ebrahim@wesgro.co.za

All bids should be inclusive of VAT.

The bid documents must be split into two envelopes, one with the proposed work plan and the other with the budget and all WCBD documents. Bids that do not comply with these requirements will NOT be considered.

The bid is subject to the general conditions of contract (GCC) and, if applicable, any other special conditions of the contract.

The bid box will be open between: 08:00 and 16:30 on weekdays until 25 February 2011 at 11:00.

MEDIA DEVELOPMENT & DIVERSITY AGENCY (MDDA)

CALL FOR PROPOSALS

RESEARCH INTO THE VIABILITY AND SUSTAINABILITY OF MEDIA CO-OPERATIVES

Introduction:

The Media Development and Diversity Agency (MDDA) is a statutory development agency for promoting and ensuring media development and diversity, set up as a partnership between the South African Government and major print and broadcasting companies to assist in developing community and small commercial media in South Africa, in terms of the MDDA Act No. 14 of 2002.

Background:

Six years into its operation, the Agency is faced with challenges of ensuring that the projects it funds are sustainable. Reports delivered to the Agency by the community media and small commercial media sectors keep reinforcing challenges such as: High printing and distribution costs; limiting advertising opportunities; lack of financial support; lack of infrastructure to function at their maximum potential; inadequate consistent training which leads to non-sustainability of the sectors and huge staff turnover and skills migration into the mainstream media sector.

MDDA is in a process of investigating a number of ways in which the community and small commercial media sectors can be assisted in ensuring that it becomes sustainable and viable. The formation of media co-operatives has been identified as one of the mechanisms to be explored by the Agency. Currently there is no work done on the viability of media co-operatives in South Africa.

The Agency therefore seeks to undertake a research study to determine the viability of media co-operatives and the opportunities and challenges thereof. In undertaking this research, it needs to be taken into account that the Agency supports initiatives that serves communities that are historically marginalised. Through this call, the MDDA will achieve its strategic objective of contributing towards improving the operating environment of the community and small commercial media.

Objectives: *The objectives of the study will be to:*

- Conduct research on the viability and sustainability of media co-operatives in South Africa (existing opportunities);
- Crystallize the challenges that the media sector will face with regards to the establishment of media co-operatives;
- Provide guidelines and framework within media regulations for the establishment of media co-operatives;
- Proposed a sustainable model for the survival of media co-operatives within the South African media environment.

Methodology: Reputable research houses are invited to recommend the best methodology that can be used to gather the required information, to conduct the study and provide relevant information regarding the viability of media co-operatives, inclusive of opportunities and challenges thereof.

Skills and competencies: *The Service Provider must demonstrate the following skills and capabilities:*

- Experience in Co-operatives Development
- Extensive experience in conducting research
- Ability to write reports
- Understanding of the media sector
- Ability to manage and deliver on deadlines
- Ability to interpret research findings and present findings clearly

Timelines: The closing date for expressions of interest is 1 March 2011 at 12h00 noon. Successful bidders will be expected to submit and present a complete report and a PDF copy of the research report to MDDA by end of July 2011.

Deliverables:

- The successful bidder will be expected to do a formal presentation of the findings to the MDDA.
- The service provider will be expected to submit a professionally written and bound report to the MDDA and a PDF copy of the report on a CD.

The submissions should include the following compulsory supporting documents:

- Company Profile
- HDI and BEE Status (certificate included)
- Research Methodology
- Costs: Bidders are to specify a detailed budget for undertaking the required study
- Proof of Registration and Accreditation with a recognized research body
- Tax Clearance Certificate (current financial year)
- Research Plan with Timeframes
- Three (3) Contactable References
- Recent income and expenditure statement

Please note: This is re-advertisement of the tender. Bidders that had already submitted may re-submit.

Please send your application to: Media Development & Diversity Agency (MDDA), 4th Floor, 31 Princess of Wales Terrace, Parktown, 2194. *Attention:* Ms Hariet Mhlanga. Ref: Media Co-operatives Research. Tel: (011) 643-1100. E-mail: hariet@mdda.org.za

Deadline for submission of proposal: 1 March 2011 at 12h00 noon.
