## THE MINE HEALTH AND SAFETY COUNCIL (MHSC)

### SAFETY IN MINES RESEARCH ADVISORY COMMITTEE (SIMRAC)

#### ADVERTISING OF THE TECHNICAL EXPERTS FOR THE ANNUAL RESEARCH HEALTH AND SAFETY PROGRAMME FOR 2013-2014

##### PURPOSE

- To approve the procurement process of the Research proposal for 2013/2014.

## BACKGROUND

In terms of S.6 of the SIMRAC Terms of Reference, SIMRAC is required to annually advise the Council, in writing, on relevant research relating to occupational health and safety at mines.

- At the MHSC Council meeting held on the 6th of March 2013, the health research questions for the 2013/2014 year had been approved.
- A procurement process needs to be followed to appoint the service providers.

## ISSUE

- The procurement process should be initiated for appointing a service provider who will undertake to ensure the technical content of the research on behalf of the MHSC as approved.
- There are no terms of reference for this process as the technical experts will be reviewing the research questions to be developed in terms of the proposal.
- Previously no submissions were received on some safety topics hence have been included for re-advertising.

## RECOMMENDATIONS

- To approve that Supply Chain Management (SCM) initiates the procurement process for gazetting and newspaper advertisement to appoint a service provider required to undertake the research questions.

## IMPLICATIONS

- If this procurement process is not completed, a service provider will not be appointed and MHSC will not deliver as per the research question for the 2013-2014 cycle.

## SUBJECT MATTER EXPERTS IN THE MINING INDUSTRY
