

CONTRACT CIRCULAR FOR RT2-2021 TRANSVERSAL CONTRACT FOR THE SUPPLY, DELIVERY, INSTALLATION, COMMISSIONING AND MAINTENANCE OF MEDICAL EQUIPMENT TO THE STATE FOR THE PERIOD 1 DECEMBER 2021 TO 30 NOVEMBER 2024

1. PURPOSE

The purpose of this Contract Circular is to inform Organs of State about the Transversal Contract RT2-2021 for the Supply, Delivery, Installation, Commissioning and Maintenance of Medical Equipment to the State for the period 1 December 2021 to 30 November 2024. The transversal contract is facilitated by the National Treasury for the utilization by all Organs of State.

This Contract Circular is subject to the General Conditions of Contract (attached as **Annexure B**) issued in accordance with chapter 16A of the Treasury Regulations published in terms of the Public Finance Management Act, 1999 (Act 1 of 1999). The Special Conditions of Contract (attached as **Annexure C**) are supplementary to the General Conditions of Contract. However, where the Special Conditions of Contract conflict with the General Conditions of Contract, the former will prevail.

- 1.1. The Contract Circular and its Annexures will be updated as and when required and therefore Organs of State should always refer to the latest available documents from the National Treasury's website which can be accessed at:
<http://www.treasury.gov.za/divisions/ocpo/ostb/contracts/default.aspx>
- 1.2 Any additional information on the transversal contract is published on the National Treasury's website as amendments. The amendments are accessed on the far-right side of the transversal contract webpage.

2. TECHNICAL SPECIFICATIONS OF MEDICAL EQUIPMENT

The State has acquired the supply, delivery, installation, commissioning, and maintenance of medical equipment. There are thirteen (13) main categories awarded for this transversal contract listed as follows:

Category Description	Category Numbers
Anaesthesia Equipment	1
Ventilation and Respiratory Equipment	2
Paediatric Care Equipment	3
Obstetrics and Gynaecology Equipment	4
Medical Equipment	5
General Surgery Equipment	6
Orthopaedic Equipment	7
Ophthalmology Equipment	8
Neuro Equipment	9
Sterilization and Disinfection Equipment	10
Building Alterations Items (Installation Excluded Cost)	13
Multi-Disciplinary Specialized Equipment	14

2.1 RELATED ICT PRODUCTS

All items with ICT products such as laptops and others must be SITA certified prior to being sold to Participants. The SITA contact details for certification are as follows:

Mr Izak De Villiers / Mr Deon Nel at izak.devilliers@sita.co.za at +27 12 482 2749 or +27 83 376 6933

3. PROCUREMENT OF NON-AWARDED ITEMS

Annexure F provides a list of all non-awarded items on this transversal contract that are not available on this transversal contract. A supplementary transversal contract will be facilitated soon for the non-awarded items. In the meantime, Organs of State in need of those items will procure them using their own procurement process as guided by the Organ of State's procurement policy.

4. DURATION AND AWARD OF TRANSVERSAL CONTRACT

- 4.1 The transversal contract is for a period of thirty-six (36) months commencing on 01 December 2021 to 30 November 2024.
- 4.2 The transversal contract has been awarded to multiple Suppliers for all the categories effective from 01 December 2021 to 30 November 2024. The list of Suppliers and contact details are on the last page of this Contract Circular.
- 4.3 The medical equipment can be procured at any time within the transversal contract period (01 December 2021 to 30 November 2024) when an Organ of State is participating on the transversal contract.
- 4.4 The procurement at one time may be to one (1) or more Suppliers based on the medical equipment needs of a Participant.

5. CATEGORY 13 FOR BUILDING ALTERATIONS ITEMS

- 5.1 This category excludes installation costs. The Participant who wants to procure item(s) in this category must obtain quotations from the different Suppliers awarded on the transversal contract to finalise the procurement and utilise the preference point system to select the Supplier. The preference point system is on Annexure A Contract Pricing.

6. LOCAL MANUFACTURED ITEMS

- 6.1 Local manufactured items are a preference on this transversal contract. Suppliers are urged to sell local manufactured items where applicable that met the technical specification. Participants are encouraged to procure local manufactured items on this transversal contract to support the local economy.

7. IMPLEMENTATION OF THE TRANSVERSAL CONTRACT

- 7.1 The process to effect procurement from the transversal contract involves the following activities:

7.1.1. Step 1 : Participation

Completion of the post participation letter (**Annexure D**) and submit it to Patiswa.mgcodo@treasury.gov.za. All Organs of State that have submitted participation letters prior to the conclusion of the transversal contract need not complete the post participation letter again.

7.1.2. Step 2 : Acknowledgement of Participation

Acknowledgement of the participation letter via email. No written post-award consent letters will be issued to participants as the post-award participation letter is customised to consent participation on completion and signing.

7.1.3. Step 3 : Suppliers Informed of Participants

National Treasury will inform all appointed Suppliers each time there is a new participant on the transversal contract.

7.1.4. Step 4 : Publishing of List of Participants

List of participants will be published at the National Treasury's website as **Annexure G** that will be updated as and when there is a new participant.

7.1.5. Step 5 : Participants Approaching Suppliers for Procurement

Participants will contact any appointed Supplier for procurement from the transversal contract based on its medical equipment. Participants to confirm availability of item(s) from appointed Supplier(s).

7.1.6. Step 6 : Engagement with Suppliers

Participants to engage with Suppliers in terms of the medical equipment needs. Participants to establish if the item or items required are available from Supplier.

- If the item required is only for **Supply and Delivery**, upon engagement / discussion between Participant and Supplier, the Supplier will issue the Participant with a Quotation that will be used to generate a purchase order. Participant **SHOULD NOT** issue a Request for **QUOTATION** to Supplier/s as the items and prices are known and readily available.
- If the item required is for Supply, Delivery, Installation, Commissioning and Maintenance, upon engagement / discussion between Participant and Supplier, the Supplier will issue the Participant with a detailed **PROPOSAL** that will be used to generate a purchase order. Participant **SHOULD NOT** issue a Request for **PROPOSAL** to Supplier/s as the items and prices are known and readily available.

7.1.7. Issuing of a Purchase Order

Participants will issue a purchase order(s) based on the prevailing prices at the time of procurement as published on the Contract Pricing (**Annexure A**) only. The prices on this transversal contract are the only prices that can be charged by appointed Suppliers.

ITEMS WITH MAINTENANCE

Participants not procuring the Maintenance Plan

- (a) The Participants to consider the Suppliers' labour hourly rate for maintenance of Medical Equipment for cases where the Participants do not partake in the five (5) year Comprehensive Maintenance Plan.
- (b) Suppliers must not charge for any travelling, accommodation, and any equipment assessment as this is a National Transversal Contract.

7.1.8. Step 7 : Verification of Delivered Items again Technical Specifications.

Participants to verify delivered items on delivery in accordance with the technical specifications (**Annexure E**).

7.1.9 Step 8 : Signing of Participation Agreement

For items that requires more than supply and delivery, that is installation, commissioning, maintenance, training and support, Participants must sign a Participation Agreement with the selected Supplier. The start date of the Participation Agreement will be the delivery and installation date of the procured equipment. The end date of the Participation Agreement is 30 November 2024 when the transversal contract expires.

For items that do not need installation, commissioning, maintenance, training and support, Participants and Suppliers need not sign a Participation Agreement.

7.1.10 Step 9 : Payment of Suppliers

Participants to pay appointed Suppliers within the prescribed period of thirty (30) days.

7.1.11 Step 10 : Reporting by Participants

Participants to report on the performance of Suppliers and the fulfilment of their medical equipment using **Annexure I** on the following reporting periods:

Period 1:	1 June 2022 (for 1 Dec 2021 to 31 May 2022)
Period 2:	1 Dec 2022 (1 June 2022 to 30 Nov 2022)
Period 3:	1 June 2023 (for 1 Dec 2022 to 31 May 2023)
Period 4:	1 Dec 2023 (1 June 2023 to 30 Nov 2023)
Period 5:	1 June 2024 (for 1 Dec 2023 to 31 May 2024)
Period 6:	1 Dec 2024 (1 June 2024 to 30 Nov 2024)

The reports to be submitted to transversal.contracting2@treasury.gov.za for Brenda.mashifane's attention.

7.2 All enquiries to be for the attention of Brenda Mashifane at transversal.contracting2@treasury.gov.za and 012 315 5877 / 064 755 4850.

8. PARTICIPANTS SHOULD NOT PERFORM THE FOLLOWING ACTIVITIES

- 8.1 Create a tender/bid from the transversal contract but only implement it as prescribed on this Contract Circular.
- 8.2 Impose **any terms and conditions** whether advancing any Act or Regulations on any transaction/procurement from the transversal contract as National Treasury has considered compliance to Supply Chain Management prescripts when facilitating the transversal contract.
- 8.3 Request appointed Suppliers to submit quotations or proposals in a tender/bid box at a certain date but only via email.

- 8.4 Request for quotations or proposals from Suppliers as the prices are on **Annexure A Contract Pricing**, rather Participants to confirm the item availability and the Supplier will provide the quotation or proposal to allow the Participant to create a purchase order.
- 8.5 Conduct compulsory briefing session(s) that are aimed at disqualifying appointed Suppliers under the transversal contract. Participants can engage and discuss their medical equipment with the appointed Suppliers as may be necessitated by the circumstances.
- 8.6 Request any of the following documents from the appointed Suppliers as the transversal contract has considered all these documents and governance during the procurement process:
- 8.6.1 Standard Bidding Documents (SBDs).
 - 8.6.2 B-BBEE Certificate; and /or
 - 8.6.3 Or any documentation relating to a procurement process.

- 8.7 The above documents will be issued on request by participating Organs of State from National Treasury.

9. MANAGEMENT OF SPECIFIC CONDITIONS OF TRANSVERSAL CONTRACT FOR PARTICIPANTS

- 9.1 There are certain conditions that Participants must ensure the Suppliers perform under the transversal contract (extracted from **Annexure C** Special Conditions of Contract)

9.1.1 Delivery Basis

- 9.1.1.1 Lead times for delivery of all Medical Equipment on the transversal contract shall not exceed eight (8) weeks. Delivery period exceeding the prescribed maximum eight (8) weeks may be cancelled without notice to the Supplier.

- 9.1.1.2 Lead times for delivery of all accessories and consumables of items on the transversal contract shall not exceed one (1) week.

9.1.2 Item Demonstration

- 9.1.2.1 Suppliers will be required to provide Participants with item or items for demonstration or trial for a minimum of two (2) weeks where it's required and necessary before procurement can be finalized.

- 9.1.2.2 It is required that the Supplier(s) should provide item demonstration training support at no additional cost to all Participants for the duration of the transversal contract period relating to the following:

- The full clinical potential of the Medical Equipment;
- Troubleshooting problems and potential solutions;

- The standard basic setup of the Medical Equipment as it should be upon delivery, what the Medical Equipment comes with and what needs to be ordered; and
- The availability of accessories for the Medical Equipment.

9.1.2.3 These demonstrations are not intended to replace the initial training and the on-going training that are required at commissioning but purely to highlight features and benefits of the Medical Equipment to the Participants.

9.1.3 Risk (Insurance)

9.1.3.1 During the period of delivery until commissioning, the Supplier(s) shall be responsible for all risk of loss, theft, or damage to the Medical Equipment.

9.1.3.2 Any Medical Equipment taken out of a Participant's premises for any maintenance activity to the Supplier's premises, the Supplier shall be responsible for all risk of loss, theft or damage to the Medical Equipment and will be expected to replace the item in case it is lost or damaged.

9.1.3.3 In the case that there is an adverse event resulting from malfunction of the Medical Equipment, where the Medical Equipment is maintained in accordance with the Original Equipment Manufacturer recommendation, the Supplier will be liable for the litigation arising from any incident.

9.1.4 Item Requirements

9.1.4.1 All items supplied to Participants must be of the latest approved model.

9.1.4.2 All parts must be supplied new; no second hand or refurbished parts will be accepted.

9.1.4.3 The expected lifespan where applicable of all items supplied to Participants is a minimum of 7 to 10 years as outlined on the Contract Pricing.

9.1.4.4 The Suppliers should ensure that the spare parts of the items are guaranteed to be available for the specified lifespan of the items.

9.1.5 For Item Substitution details, Suppliers and Participants must refer to Section 15 of Annexure C Special Conditions of Contract

9.1.6 For Warranty and Maintenance, Suppliers and Participants must refer to Section 16 of Annexure C Special Conditions of Contract

9.1.7 For Training and Commissioning of Medical Equipment, Suppliers and Participants must refer to Section 18 of Annexure C Special Conditions of Contract.

10. PROCUREMENT OF OUT-OF-SCOPE ITEMS

- 10.1 There is no approval required by a participating Organ of State from National Treasury (Office of the Chief Procurement Officer, Transversal Contracting or Governance, Monitoring and Compliance) to procure any out-of-scope item or items.
- 10.2 If an item is not available on the transversal contract, meaning it is not part of the transversal contract, a participating Organ of State do not need any approval to procure outside the transversal contract, but it should follow its own procurement process according to its own procurement policy.

11. REQUEST FOR PROCUREMENT DEVIATIONS

- 11.1 Treasury Regulations 16.A6.5 states that the accounting officer or accounting authority may opt to participate in transversal term contracts facilitated by the relevant treasury. Should the accounting officer or accounting authority opt to participate in a transversal contract facilitated by the relevant treasury, the accounting officer or accounting authority MAY NOT solicit bids for the SAME OR SIMILAR ITEM DURING THE TENURE of the transversal term contract.
- 11.2 As a participant on RT2-2021 from 1 December 2021 to 30 November 2024, an Organ of State cannot procure any of the available items on any of the categories outside the transversal contract.
- 11.3 The only time a Participant may request a deviation, is when the technical specification of the item required DIFFERS SIGNIFICANTLY from the technical specifications of the transversal contract. The deviation request must be issued to Transversal Contracting, who will review the request for support and further issue the deviation request to Governance, Monitoring and Compliance for approval of the deviation, if supported.
- 11.4 Any additional procurement from the transversal contract by a Participant does not need a deviation as a participant can procure any available items at any time during the validity of the transversal contract which is 01 December 2021 to 30 November 2024.
- 11.5 A Participant will always obtain its internal approval from procuring from the transversal contract. Any additional budget required by a Participant to procure from the transversal contract is managed internally within a Participant and does not constitute a deviation request to Governance, Monitoring and Compliance.

- 11.6 Where an estimated budget indicated on the original participation letter changes, the Participant must revise the participation letter and resubmit to National Treasury. The resubmission of the revised participation letter is for correct documentation by both parties and not a new participation letter. The revised participation letter is not a deviation and does not need approval from Governance, Monitoring and Compliance but an internally approval by the participating Organ of State.

12. AUDITING AND DOCUMENT MANAGEMENT ON A TRANSVERSAL CONTRACT

- 12.1 As the transversal contract is facilitated by the National Treasury, compliance audit takes place at National Treasury and not at a Participant's level.
- 12.2 A transversal contract is meant to eliminate the duplication of efforts in procuring within the State and makes it easy for Participants to access available items by following the guidance provided on this Contract Circular.
- 12.3 A Participant needs to keep the following list of documents for its records:
- 12.3.1 Participation letter,
 - 12.3.2 Participation agreement (where procured items that requires installation, commissioning, maintenance, training, and support),
 - 12.3.3 All approved quotations or proposal for all procurement from the transversal contract.
