Changes to indicators and targets published in the 2011 ENE

Two of the projected joint, interdepartmental and multinational exercises were cancelled by the countries that were to lead the exercises. The projection for 2011/12 has therefore been reduced to 6.

The number of defence diplomatic missions was expected to remain the same. However, 2 additional missions have been opened. The projection for 2011/12 has therefore increased to 39.

Mid-year progress

The performance of the Department of Defence is on track, although some projections may have been exceeded for reasons reflected below.

Although 3 large scale external operations were planned, only 2 were needed. Although not considered to be a large scale operation, 1 additional external operation was conducted in support of the Mozambique government to combat piracy in the Mozambique Channel.

All 4 planned internal operations were conducted mainly in cooperation with the South African Police Service during the local government elections and border safeguarding. Border safeguarding continued through the deployment of 7 sub-units in Limpopo, Mpumalanga, KwaZulu-Natal and Free State. Safety and security support was provided at various events, including search and rescue operations as well as disaster aid operations.
