Changes to indicators and targets published in the 2011 ENE

The 2011/12 estimate for the number of international conferences to be hosted by the department has been increased from 2 to 3. This is due to the hosting of the 17th Conference of the Parties of the United Nations Framework Convention on Climate Change (COP17) in Durban being shifted from the Department of Environmental Affairs to the Department of International Relations and Cooperation.

Mid-year progress

The department continues to have foreign representation through the 124 diplomatic missions. To enhance global governance reform and peace and security in Africa, 3 countries have been assisted with their democratic election processes this year.
