Selected expenditure trends for the first half of the 2006/07 financial year

Expenditure in the first six months of 2006/07 was R1,2 billion, or 45,1 per cent of the adjusted appropriation of R2,6 billion for the year as a whole.

The year-on-year increase in total expenditure relates mainly to higher budgeted allocations for new research facilities and infrastructure, the South African National Research Network, and public research institutions.
