Mid-year performance status

Indicator	Programme	Outcome	Annual performance		
			Projected for 2017/18 as published in the 2017 ENE	Achieved in the first six months of 2017/18 (April to September)	Changed target for 2017/18
Number of digital broadcasting awareness campaigns hosted per year	Industry and Capacity Development	Outcome 14: Nation building and social cohesion	10	54	–
Number of reports showing consumer access to digital broadcasting, particularly those supported with set-top boxes, per year	Industry and Capacity Development		4	2	–
Number of position papers tabled at multilateral engagements per year	Industry and Capacity Development		2	1	–
Number of stakeholder engagements coordinated per year	Industry and Capacity Development		10	5	–
Number of shareholder compact accountability instruments signed per year	Entity Oversight		5	0	–

Mid-year progress

The department planned to host 10 digital broadcasting awareness campaigns in 2017/18, and has already held 54, particularly door-to-door registration campaigns, in the first six months of the year. This overachievement is mainly due to the establishment of partnerships with other national and provincial departments and local municipalities.

The targeted five instruments for shareholder compact accountability are expected to be signed in the fourth quarter of 2017/18.

Compared to the first six months of 2016/17, expenditure over the same period in 2017/18 increased by R8.9 million, or 1.3 per cent. The increase is mainly due to an increase in expenditure on travel and subsistence, consultancy services and rental costs for the digital terrestrial television project.

Revenue trends for the first six months of 2017/18

Revenue in the first six months of 2017/18 was R541.2 million, or 52.2 per cent of the adjusted revenue estimate of R1 billion for the year. Compared to the first six months of 2016/17, revenue over the same period in 2017/18 decreased by R311.5 million, or 36.5 per cent. This is mainly due to lower than anticipated revenue generated from the Independent Communications Authority of South Africa for license fees as a result of a decrease in the number of new licensees.
