## Revenue trends for the first half of 2019/20

Mid-year revenue in 2018/19 was R516.2 million, 99.7 per cent of the 2018/19 adjustment estimate, whereas revenue in the first half of 2019/20 was R514.7 million, 86 per cent of the adjusted estimate of R598.4 million for the year. Compared to the first half of 2018/19, revenue over the same period in 2019/20 decreased by R1.4 million, 0.3 per cent. This was mainly due to the incorrect recognition of some revenue in 2018/19, resulting in more revenue being recognised and paid over to the National Revenue Fund than should have been. This will be rectified in the department's 2019/20 annual report.
