**RP: 18/2020**

The 2020 Estimates of National Expenditure is compiled with the latest available information from departmental and other sources. Some of this information is unaudited or subject to revision.

The Estimates of National Expenditure e-publications for individual votes are available at [www.treasury.gov.za](http://www.treasury.gov.za). Compared to the abridged Estimates of National Expenditure publication, the e-publications for each vote contain more comprehensive coverage of all public entities, transfers and subsidies and information on programme specific personnel expenditure.

# Foreword

The Estimates of National Expenditure (ENE) publications remain an integral part of the annual budgeting process. In light of the prevailing economic climate, which requires careful consideration around the management of public funds, it has become necessary to focus our efforts on reprioritising existing government resources to areas where the most value can be derived for the benefit of all South Africans. To alleviate fiscal pressures, reductions have been effected on the baseline budgets of departments and public entities. The budgets unpacked in this document reflect the outcome of a robust negotiation process, which was led by a committee of senior officials in central government departments under the political guidance of the Ministers' Committee on the Budget. There was also wide-ranging intergovernmental consultation on budgets in the provincial and local spheres of government. Ultimately, the budgetary proposals emanating from these negotiations and consultations were considered and approved by Cabinet.

The abridged ENE provides a comprehensive account of the priorities, spending plans and service delivery commitments of the 41 national government votes, and for selected public entities. The e-publications for each vote, which are available on National Treasury's website, contain further details on goods and services, transfers and subsidies, other public entities, and lower-level spending information on service delivery. In addition, the Vulekamali online portal serves as a transparent, user-friendly source of information that includes supplementary detailed data as contained in the ENE publications. The portal is a valuable resource for anyone to learn about how government compiles its budget and spends public funds.

The Open Budget Survey, which is published biannually by the International Budget Partnership, assesses and ranks countries based on the availability of 8 key budget documents and the comprehensiveness of the data presented in these documents. In the latest survey, published in 2017, South Africa ranked joint first out of 102 countries with a score of 89 per cent. The next survey is expected to be published in 2020/21 and hopefully South Africa will retain that first position.

All information presented in the ENE publications and Vulekamali promotes a culture of public engagement, accountability in state institutions, and the appropriate spending of public funds to achieve the outcomes as envisaged in the National Development Plan.

A special thanks is extended to all contributors and government colleagues who assisted in making this possible, especially the political leadership shown by the executive and the spirited efforts of the National Treasury team.

# Introduction

## Estimates of National Expenditure publications

Estimates of National Expenditure (ENE) publications describe in detail government's expenditure plans over the next three financial years, also known as the medium-term expenditure framework (MTEF) period. The 2020 MTEF period is from 2020/21 to 2022/23.

The ENE publications contain detailed information regarding the allocations set out in the Appropriation Bill, for the current financial year. Government's proposed spending plans for the full MTEF period, are shown. Information on how government institutions have spent their budgets in previous years is also included. Explanations are provided on how institutions intend to use their allocations over the medium term to achieve their goals, and the outputs and outcomes to which their spending is expected to lead. Tables present non-financial performance indicators and targets, departmental receipts, and detailed expenditure trends and estimates by programme, subprogramme and economic classification, and programme personnel data tables for each vote and all entities. Brief explanatory narratives set out the institution's purpose (and that of its programmes), mandate, programme-level objectives and descriptions of subprogrammes. An in-depth narrative analyses the institution's expected expenditure over the MTEF period.

Additional data tables containing information on provincial and municipal conditional grants, public-private partnerships, donor funding, infrastructure spending and information at the level of site service delivery, where applicable, are available on the National Treasury website and the Vulekamali online portal.

A separate 2020 ENE Overview publication is also available on the National Treasury website and summarises the ENE information across all votes. The 2020 ENE Overview contains a narrative explanation and budget-wide summary tables; and it also has a write-up on how to interpret the information that is contained in each section of the publications.

The Estimates of National Expenditure e-publications for individual votes are available at [www.treasury.gov.za](http://www.treasury.gov.za). These publications provide more comprehensive coverage of vote-specific information, particularly about transfers and subsidies, personnel and other public institutions. Additional tables in Excel format can be found at [www.treasury.gov.za](http://www.treasury.gov.za) and [www.vulekamali.gov.za](http://www.vulekamali.gov.za).

### Vote purpose

Promote and support the growth and development of an equitable, competitive and sustainable tourism sector, enhancing its contribution to national priorities.

### Mandate

The mandate of the Department of Tourism, as outlined in the Tourism Act (2014), is to promote the growth and development of the tourism sector; promote quality tourism products and services; provide for the effective domestic and international marketing of South Africa as a tourist destination; enhance cooperation and coordination between all spheres of government in developing and managing tourism; and promote responsible tourism for the benefit of South Africa and for the enjoyment of all its residents and foreign visitors.

In recognition of tourism as a national priority with the potential to contribute significantly to economic development, the 1996 White Paper on the Development and Promotion of Tourism in South Africa provides for the promotion of domestic and international tourism. The national tourism sector strategy provides a blueprint for the sector to meet the growth targets contained in the National Development Plan.

### Selected performance indicators

1. No historical data available.

2. No data available over the medium term as indicator has been integrated into working opportunities to align with the medium term strategic framework as well as the expanded public works programme measurables.

## Expenditure analysis

In line with its broad vision for economic development and job creation, the National Development Plan identifies tourism as a labour-intensive sector with the potential to stimulate economic growth and transformation. This vision is given expression by priority 1 (economic transformation and job creation) of government's 2019-2024 medium-term strategic framework, with which the work of the Department of Tourism is directly aligned. In line with government's emphasis on growing the sector, over the medium term the department will focus broadly on accelerating transformation in the sector and creating employment. Specific activities include: promoting South Africa as a preferred tourism destination, ensuring that there is investment in tourism infrastructure, upskilling and training tourism professionals, reintroducing tourism safety initiatives, enhancing visitor experience, managing destinations, and improving the regulatory environment.

Allocations for marketing South Africa as a destination of choice account for an estimated 56.3 per cent (R4.4 billion) of total expenditure, increasing at an average annual rate of 4.6 per cent, from R1.3 billion in 2019/20 to R1.5 billion in 2022/23. Of this amount, 93.8 per cent (R4.1 billion) is earmarked for transfers to South African Tourism. Cabinet has approved reductions on the department's baseline amounting to R179.9 million over the MTEF period, mainly on goods and services and transfers and subsidies. The department plans to mitigate the effect of these reductions through the realignment of allocations in the *Tourism Incentive Programme* subprogramme.

### Accelerating transformation

To accelerate transformation in the sector, the department will incentivise programmes that increase the ownership value, management control and skills, enterprise, supplier and socioeconomic development of previously disadvantaged people. In this regard, the department has set aside R856.4 million over the medium term for the implementation of 31 capacity-building programmes and 15 incentives to transform the sector and provide developmental support to rural tourism enterprises. The department also aims to restructure the Tourism Transformation Fund, a collaboration with the National Empowerment Fund that was introduced in 2016 to make funding more accessible. Similarly, the department plans to scale up the implementation of its Women in Tourism empowerment programme along with other industry-led initiatives such as Tourism Marketing South Africa.

### Creating employment

The department's Working for Tourism initiative focuses on job creation through the development of tourism infrastructure and skills. It is expected to contribute to the creation of 15 946 work opportunities over the medium term. Spending on the initiative, which is funded through the expanded public works programme, is expected to increase at an average annual rate of 5.4 per cent, from R371.3 million in 2019/20 to R434.7 million in 2022/23, in the *Destination Development* programme.

## Programme 2: Tourism Research, Policy and International Relations

### Programme purpose

Enhance the strategic policy environment, monitor the tourism sector's performance and enable stakeholder relations.

### Objectives

- Monitor and evaluate tourism projects and initiatives by:
  - developing and publishing a report on the state of tourism annually
  - developing quarterly reports on tourism performance, monthly analyses of tourist arrivals, the impact evaluation report on projects to build the department's capacity and resource efficiency, the report on the monitoring of a capacity-building programme, and the 2019/20 national tourism sector strategy implementation report over the medium term.
- Enhance understanding and awareness of the value of tourism and its opportunities by hosting an annual tourism research seminar in each year of the medium term.
- Enhance participation and engagement in multilateral and bilateral processes over the medium term by:
  - coordinating participation in multilateral forums and strategic formations, such as the United Nations World Tourism Organisation and the Indian Ocean Rim Association, to advance South Africa's tourism priorities
  - hosting a workshop targeted at African countries that have tourism agreements with South Africa to share best practices
  - developing a report on leveraging bilateral tourism relations to advance national priorities.
- Improve public entity performance and compliance by developing 4 South African Tourism oversight reports by March 2021.
- Form strategic sector partnerships by organising 3 tourism leadership forums and 4 stakeholder engagement sessions by March 2021.

### Subprogrammes

- Tourism Research, Policy and International Relations Management* provides strategic direction, comprehensive administration and operational support services, research, and information and knowledge management. This subprogramme also manages policy development and evaluation, and promotes sector transformation and responsible tourism.
- Research and Knowledge Management* oversees tourism research, knowledge management and impact evaluation for the sector.

- *Policy Planning and Strategy* oversees and guides policy and strategy development for the tourism sector, and ensures the efficient and effective management of stakeholder relations.
- *South African Tourism* stimulates sustainable international and domestic demand for tourism experiences, and regulates the standard of tourism facilities and services.
- *International Relations and Cooperation* drives South Africa's interests through international relations and cooperation.

## Programme 3: Destination Development

### Programme purpose

Facilitate and coordinate tourism destination development.

### Objectives

- Increase the tourism sector's contribution to inclusive economic growth over the medium term by:
  - diversifying and enhancing tourism offerings in priority areas by implementing 9 destination enhancement and route development initiatives
  - undertaking 18 destination planning and investment coordination initiatives.
- Create 15 946 work opportunities by implementing tourism projects through the Working for Tourism programme over the medium term.
- Develop a pipeline for product development on infrastructure development projects by March 2021.

### Subprogrammes

- *Destination Development Management* provides strategic leadership and administrative support to the programme's activities.
- *Tourism Enhancement* increases the competitiveness of South Africa's tourism industry.
- *Destination Planning and Investment Coordination* ensures that tourism infrastructure supports the current and future growth of the sector.
- *Working for Tourism* facilitates the development of tourism infrastructure projects under the expanded public works programme through labour-intensive methods targeted at youth, women, unemployed and disabled people, and small, medium and micro enterprises.

## Programme 4: Tourism Sector Support Services

### Programme purpose

Enhance transformation, increase skill levels and support the development of the sector to ensure that South Africa is a competitive tourism destination.

### Objectives

- Facilitate the development and growth of tourism enterprises to contribute to inclusive economic growth and job creation by implementing the annual domestic tourism campaign and the domestic tourism scheme to stimulate domestic tourism among young people, elderly people and people living with disabilities over the medium term.
- Accelerate the transformation of the tourism sector over the medium term by:
  - implementing the Women in Tourism programme
  - implementing United Nation Tourism World Organisation women in tourism pilot project in Limpopo over the medium term
  - implementing the tourism incentive programmes (market access, tourism grading, green tourism transformation fund and 1 equity fund) in each year over the medium term
  - reviewing the incentive programme and redirect the incentives in line with the strategy by March 2021
  - supporting 5 tourism enterprise development and growth incubators (Manyeleti, Phalaborwa, Mier, the tour operator incubator and technology innovation incubator).
- Facilitate tourism capacity-building programmes by:
  - supporting 15 chefs, 15 designated chefs and 15 housekeepers (through the recognition of the prior learning process) by March 2021
  - designating 20 candidates as travel consultants by March 2021
  - implementing programmes to upskill tourist guides over the medium term
  - hosting the national tourism careers expo over the medium term
  - implementing provincial and local government capacity-building programmes, such as the national chef programme, over the medium term
  - implementing the food safety quality assurer programme in all nine provinces over the medium term
  - supporting skills development programmes for coastal marine tourism over the medium term
  - Implementing the hospitality youth training programme over the medium term.

### Subprogrammes

- *Tourism Sector Support Services Management* provides administrative support to the programme's activities.

- *Tourism Human Resource Development* facilitates the efficient management and implementation of human resource development initiatives for the tourism sector.
- *Enterprise Development and Transformation* facilitates inclusive participation and sustainability in the tourism sector.
- *Tourism Visitor Services* ensures the integrity of information and facilitates accurate tourism information.
- *Tourism Incentive Programme* manages the establishment of capital and non-capital tourism incentives to promote and encourage the development and growth of the tourism sector.

## Entity

### South African Tourism

#### Selected performance indicators

**Table 38.14 South African Tourism performance indicators by programme/objective/activity and related priority**

Indicator	Programme/Objective/Activity	MTSF priority	Past			Current	Projections		
			2016/17	2017/18	2018/19		2019/20	2020/21	2021/22
Number of international tourist arrivals per year	Leisure tourism marketing	Priority 7: A better Africa and world	10 million	10.3 million	10.4 million	11.4 million	11.7 million	12.4 million	13 million
Total tourist foreign direct spend per year	Leisure tourism marketing		R75.5bn	R80.7bn	R87.4bn	R90.7bn	R103.1bn	R108.9bn	R115.1bn
Number of domestic holiday trips per year	Leisure tourism marketing		2.6 million	2.9 million	3 million	2.7 million	3.3 million	3.4 million	3.5 million
Domestic holiday revenue per year	Leisure tourism marketing		— <sup>1</sup>	R6.8bn	R10.1bn	R8.9bn	R9.6bn	R10.4bn	R11.1bn
Number of business events hosted in South Africa per year	Business events		125	206	207	219	211	213	215
Number of small medium and micro enterprise businesses operating in the sector per year	Business events		— <sup>1</sup>	— <sup>1</sup>	239	210	195	201	208
Seasonality of international tourist arrivals <sup>2</sup>	Leisure tourism marketing		— <sup>1</sup>	— <sup>1</sup>	1.36	1.35	1.33	1.32	1.31
Geographic spread of international tourist arrivals per year <sup>3</sup>	Visitor experience		— <sup>1</sup>	— <sup>1</sup>	20%	20%	21%	22%	23%
Geographic spread of domestic tourist arrivals per year <sup>3</sup>	Visitor experience		— <sup>1</sup>	— <sup>1</sup>	8.4%	8%	11%	12%	13%

1. No historical data available.

2. The index measures the variance in international tourist arrivals on a month-to-month basis. Perfect seasonality is 0 and worse seasonality is 100. The index must reduce over the period.

3. Indicators measure the distribution of international and domestic travellers throughout the nine provinces to ensure equitable share is received by the respective provinces.

## Entity overview

The Tourism Act (2014) mandates South African Tourism to market South Africa internationally and domestically as a preferred tourism and business events destination, ensure that tourist facilities and services are of the highest standard, and monitor and evaluate the performance of the tourism sector. Over the medium term, the entity will focus on: boosting domestic and international tourism, improving customer relations management and increasing trade partnerships.

With regards to international tourism, the entity plans to focus on country-specific marketing campaigns for the hosting of international trade-related events. Spending on international marketing activities amounts to R1.9 billion over the medium term. As a result, international tourist arrivals are expected to increase from an estimated 11.4 million in 2019/20 to an estimated 13 million in 2022/23. Revenue that is expected to be generated from international tourism is projected to increase from R90.7 billion in 2019/20 to R115.1 billion in 2022/23. In addition to intensifying its marketing efforts internationally, the entity plans to boost domestic tourism through designated marketing campaigns for targeted groups at an estimated cost of R190.3 million over the MTEF period. This is expected to increase the number of domestic holiday trips from 2.7 million in 2019/20 to 3 million in 2022/23. As a result, revenue generated from domestic tourism is expected to amount to R353.7 million over the period ahead.
