Health

Table 1: Summary of departmental allocation

R'000	
To be appropriated by Vote in 2015/16	R18 495 913
Responsible MEC	MEC for Health
Administrating Department	Department of Health
Accounting Officer	Head of the Department: Department of Health

1 Overview

1.1 Vision

A quality health service to the people of the Eastern Cape promoting a better life for all.

1.2 Mission

To provide and ensure accessible comprehensive integrated services in the Eastern Cape, emphasizing the primary health care approach, optimally utilising all resources to enable all its present and future generations to enjoy health and quality of life.

1.3 Core functions and responsibilities

The core functions and responsibilities of the department are aligned to the national and provincial priorities, including overhauling the provincial healthcare system by implementing and sustaining an evidence and results-based provincial health system which is aligned to the National Health System (NHS) 10-point plan, national and provincial legislative requirements and disease profiles, building the required capacity to oversee and manage health services in the province through:

Improving the quality of primary healthcare (including community-based and hospital services) by implementing a resourced package of services and improving clinical governance systems and processes; and reducing morbidity and mortality due to communicable diseases and non-communicable illnesses and conditions by implementing high impact strategies to address prevention, detection, management and support at all levels of healthcare.

1.4 Main Services

The following 4 categories of health services are provided by the department:

- **Primary health care services:** Prevention of illness and provision of basic curative health services such as HIV/AIDS prevention and treatment, nutrition, maternal, child and women's health, communicable disease control, prevention and treatment of tuberculosis (TB), etc.
- **Hospital services:** District, general and provincial hospitals cater for patients who require admission for treatment at general practitioner and/or specialist level. There are also specialised hospitals that cater for patients suffering from TB, mental illnesses, and patients who require long-

term nursing care. Tertiary hospitals provide facilities and expertise needed for sophisticated medical procedures.

- **Forensic pathology services:** Render forensic pathology and medico-legal services.
- **Emergency medical services:** Provide emergency care and transport for victims of trauma, road traffic accidents, and emergency medical and obstetric conditions. Planned patient transport is provided for inter-hospital transfer, when patients are transported between clinics and hospitals.
- **Other services:** Delivery of support services to ensure efficient health services; overall management and administration of public healthcare within the province, as well as the development of organisational structures that enable effective quality service delivery and regulation of private healthcare.

1.5 Demands for and expected changes in the services

The increasing burden of disease within the growing uninsured population that are dependent on public health services will continue to create an increasing demand for health services in the Province.

Waiting times for chronic medicines including Anti-Retrovirals (ARV's) from clinics are still very long. The department has introduced direct deliveries to health facilities and the closure of sub-depots to eliminate challenges with drug stock-outs. To reduce waiting times for chronic medicines including ARV's, the department is piloting Centralized Chronic Medicine Distribution and Dispensing in the OR Tambo District as a National Health Insurance pilot site. This project will see stable patients receiving their treatment at pick up points closer to their homes and workplaces.

1.6 The Acts, rules and regulations

The legislative mandate of the department is derived from the Constitution and several pieces of legislation passed by Parliament which include: Allied Health Professions Act (of 1982), Births and Death Registration Act (of 1992), Chiropractors, Homeopaths and Allied Health Service Professions Act (of 1982), Choice of Termination of Pregnancy Act (of 1996, as amended), Dental Technicians Act (of 1979), Foodstuffs, Cosmetics and Disinfectants Act (of 1972), Health Act (of 1977), Health Professions Act (of 1974), Human Tissue Act (of 1983), International Health Regulations Act (of 1974), Medical Schemes Act (of 1997) Medicines and Related Substances Act (of 1965, as amended), Mental Health Care Act (of 2002), National Health Act (of 2003), National Health Laboratories Services Act (of 2000), Nursing Act (of 2005), Pharmacy Act (of 1974, as amended), Prevention and Treatment of Drug Dependency Act (of 1992), and South African Medical Research Council Act (of 1991) and the National Roads Traffic Act (of 1996).

1.7 Budget decisions

Budget decisions in the department are largely impacted by the shrinking fiscal envelope over the 2015 Medium Term Expenditure Framework (MTEF), the increasing burden of diseases, the increasing demand for services and the growing uninsured population that is dependent on public health services.

Added to this, the department is expected to adapt to these changes in the external environment with limited resources, whilst maintaining quality levels of service delivery. In order to adapt, the department has to implement stringent austerity measures and strict control over limited financial resources.

1.8 Aligning departmental budgets to achieve government's prescribed outcomes

The strategic objectives are in line with the implementation of the National Development Plan, (NDP) the Medium Term Strategic Framework (MTSF) (2014-2019), the Minister's Negotiated Service Delivery Agreement (NSDA), and the National Health Council Priorities. The departmental budget is aligned directly to the achievement of the output targets related to Outcome 2 of the NDP: "a long

and healthy life for all South Africans" and indirectly to Outcomes 1, 8 and 12. The 4 specific Output targets linked to Outcome 2 are: increasing life expectancy; decreasing maternal and child mortality; combating HIV/AIDS and decreasing the burden of disease from tuberculosis; and strengthening health system effectiveness.

The department will reform the public health system by focusing on the following:

- Improved management especially at institutional level;
- Provision for more and better trained health professionals;
- Provision of improved patient information systems supporting more de-centralised and home-based care models; and
- Focus on maternal and infant health care.

2 Review of the current financial year (2014/15)

The department continued to initiate strategies to improve the provincial healthcare system by implementing and sustaining evidence and a results-based provincial health system that is aligned to the NHS 10-point plan, outcomes and the policy imperatives of Chapter 10 of the NDP.

2.1 Key achievements

Reducing Burden of Disease

In the 2014/15 financial year, the department substantially increased its capacity to provide ARV programs to all who needed this service including pregnant mothers and TB patients. The MDR-TB treatment initiation rate target of 100 per cent has been achieved and this is attributed to the implementation of the Community Based Model. The reporting sites for MDR-TB management increased from 4 to 12. The additional sites are Zithulele Hospital, Holy Cross Hospital, All Saints Hospital, Madwaleni Hospital, PZ Meyer TB Hospital, Orsmond TB Hospital, Margery Parks TB Hospital and Leticia Bam CHC.

Rapid Response Programme

With a growing need to improve service delivery at facilities, the department adopted a Rapid Response Programme that saw Head Office staff visiting district offices and facilities to unblock service delivery challenges experienced in these districts. The programme also leveraged on the Expanded Public Works Programmes (EPWP) funding to ensure that immediate results are felt on the ground. To further enhance the programme, a decision was made to take the departmental Top Management meetings out to districts in order to have first-hand information on operational and service delivery challenges. The programme has been very successful and has managed to bridge the gap between Head Office and the Districts whilst also ensuring departmental visibility in facilities.

Human Resources for Health

The department continued to capacitate its human resources in order to improve the provision of health care services. In the period under review, the department appointed an additional 2 664 employees. Five out of seven hospital Chief Executive Officers (CEO's) were appointed to assist with the managing of facilities. In order to achieve the targets set for 100 per cent screening coverage in Quintiles 1 and 2 schools, 73 nurses were appointed for the School Health Program to conduct screenings at various schools.

SCM Reforms

SCM reform projects continued during the year under review and progress was made in the following areas:

- A Supply Chain Document management system, which includes scanning facilities was procured and is in the process of being implemented.
- The Inventory Reform resulted in the optimisation of storage space, floor layouts and enforcing a healthy and safe environment. The erection of proper shelving in general and pharmacies stores ensured that 9 hospital's inventory and warehouse management improved.

Cuban doctors programme

In an attempt to address the shortage of medical doctors and clinical staff in rural areas, the department entered into a revitalised agreement with the Government of Cuba for the deployment of medical specialists to South Africa and the training of South African students in Cuba. For the period under review, 24 specialists were deployed from Cuba, of which 20 are Family Physicians deployed in the District Health platform. One surgeon was deployed to St Elizabeth hospital to re-start the regional service package.

Precisely 100 medical students were sent to Cuba as part of the expanded programme. In total, 304 students are currently in Cuba at various levels of studies.

Emergency Medical Services – Provision of EMS ambulances and personnel

In order to improve the response times of ambulances, the department acquired an additional 267 ambulances, of which 157 were replacement vehicles. An additional 300 EMS personnel comprising EMS management teams, paramedics, emergency care officers and call takers were appointed to operate the additional ambulances. Three emergency helicopter tenders were awarded for placement in Mthatha, East London and Port Elizabeth to assist in air lifting patients in critical conditions.

Implementation of NHI (Universal Health Coverage) District Pilots

In preparation for the NHI implementation; a dedicated NHI co-ordinator has been appointed to manage the project.

2.2 Key challenges

Over the past 2 financial years much effort has been made by the department to eliminate backlogs in HR Accruals; the department has however been unable to clear the backlog completely.

Medico-legal claims against the department have more than doubled when compared to the previous three years. The Medico-legal liabilities are placing a severe pressure on the department's budget.

The department is still facing challenges with fully capacitating its infrastructure unit. Seven positions were advertised in the current financial year, of which recommendations to appoint were made on 4 of the positions. However, there are still critical positions that are required to be advertised urgently so that the Infrastructure Unit is fully capacitated.

3 Outlook for the coming financial year (2015/16)

In the fight against the spread of HIV/Aids, the department will continue with its implementation of its Hematocrit (HCT) testing turn-around strategy in order to improve the coverage on HIV testing in the province. By the end of 2015/16, the target is a 49 per cent testing coverage. The initiation target for the ART programme is 387 387.

Primary Health Care (PHC)

The department will continue to implement the model for the delivery of Health Services in the province based on the Revitalisation of PHC in preparation for the implementation of the National Health Insurance project. The department will also combat and reduce the impact of TB and HIV/AIDS with a special focus on preventing the spread of drug-resistance strains. It is planned that an 85 per cent TB treatment success rate should be achieved over the Medium Term Expenditure Framework (MTEF) from a 78.7 per cent in the 2014/15 mid-year output. Similarly, the total clients remaining on ART will improve from a mid -year output of 278 550 in 2014/15 to an estimated 472 482 in 2015/16. The department will also focus on reducing the maternal and child mortality rates.

Improved Quality of Care

The department will also continue to improve the quality of health care in regional facilities by ensuring that 60 per cent of Regional Hospitals are compliant with all vital measures, norms and standards of the National Core Standards, and ensure that the patient satisfaction rate of 70 per cent is achieved.

Emergency Medical Services

The department will continue to strive to improve the response times for ambulances. The current number of EMS ambulances are below the national norm of 1 operational ambulance per 10 000 population. The below par availability of ambulances has the potential for increasing morbidity and death due to delayed responses to emergencies.

In order to improve this, the department will procure more ambulances and appoint additional personnel. Vehicle tracking devices will also be installed in all ambulances to better manage dispatching and tracking of ambulances.

Integrated Records Management Improvement Initiative

The department is faced with the challenge of amongst others, unavailability of records when they are needed, long patient waiting times and high litigation rates which are partly due to, poor document management. While there has been a notable improvement in the availability of documents for audit purposes, it cannot be denied that a lot of work still needs to be done. The department will improve its document management system by setting up and/or strengthening of the existing manual and electronic systems, security systems as well as the ongoing training of users. The proposed interventions are in line with the broader proposed Records Management Strategy, which do not only focus on the short term interventions but focus also on an integrated approach towards the resolution of the departments HR and Financial management challenges.

4 Reprioritisation

Despite fiscal constraints, the department protected non-negotiables (medicine, medical supplies, laboratory services and blood services, etc as determined by the National Department of Health) through reprioritisation from non-core items (catering, travel and subsistence, venues and facilities, etc.) across all programmes.

5 Procurement

In the 2015/16 financial year, Goods and Services required per the procurement plans will be sourced from the national contracts in respect of Inventories for medicine and medical supplies and the provincial Transport Trading Entity (fleet). National agreements are already in place for the National Health Laboratory Services (N HLS), South African National Blood Services (SANBS) and Telkom.

The Supply Chain Management (SCM) reform project will continue during the year, as the department's initiative to improve and deal with capacity deficiencies, including a reliable electronic procurement system to monitor procurement activities and correctly report commitments and accruals (LOGIS roll out).

6 Receipts and financing

6.1 Summary of receipts

Table 2: Summary of departmental receipts

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15
	2011/12	2012/13	2013/14				2015/16	2016/17	2017/18

% change from 2014/15 to 2015/16

Table 2 above shows a summary of receipts from 2011/12 and over the 2015 MTEF. Total departmental receipts grew substantially from R14.892 billion in 2011/12 to a revised R17.837 billion in 2014/15. In 2015/16, receipts are expected to grow by 3.7 per cent to R18.496 billion from the 2014/15 revised estimate.

Overall, departmental receipts show an increase of 5.1 per cent from 2014/15 to 2015/16 due to revenue enhancement strategies.

6.2 Departmental receipts collection

Table 3: Summary of departmental receipts and collections

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15

Total departmental receipts	88 611	114 438	124 409	112 223	148 400	149 172	156 740	165 559	174 876	5.1

% change from 2014/15 to 2015/16

Table 3 depicts the summary of departmental own receipts. It shows that they increased from R88.611 million in 2011/12 to a revised estimate of R149.172 million in 2014/15. The increase is due to the implementation of revenue enhancement strategies and anticipated receipts from the Road Accident Fund. Plans are in place to investigate other collection methods, the success of which will account for the increased estimates over the MTEF.

The department derives a bulk of its own revenue from patient fees which relates to the recovery of the cost of services provided to patients. The tariffs for patient fees are reviewed annually

6.3 Official development assistance (donor funding)

Table 4: Summary of departmental donor funding receipts

R' 000	Audited			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from
	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18

Table 5 above shows the summary of how donor funding received was used. The funding received from HWSETA was used for Asset Management under the I-Chain project.

7 Payment summary

7.1 Key assumptions

The following assumptions were taken into consideration when this budget was formulated:

- Assumptions for salary increases were taken into account, amongst others, projected ICS contained in the Treasury budget guidelines.
- Assumptions for inflation related items were based on CPI projections as provided in the budget guidelines issued by Treasury.

7.2 Programme summary

Table 6: Summary of payments and estimates by programme

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15
	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18			
1. Administration	545 484	536 731	619 349	627 658	659 455	652 736	625 488	658 760	690 444	(4.2)

7. Health Care Support Services	78 747	84 309	97 779	114 161	117 464	104 957	102 648	123 456	129 629	(2.2)
8. Health Facilities Management	1 245 044	1 192 168	1 130 157	1 207 526	1 207 526	1 224 719	1 210 307	1 376 935	1 445 781	(1.2)
Total payments and estimates	14 892 282	15 602 512	17 048 255	17 509 012	17 679 043	17 812 758	18 495 913	19 440 889	20 562 952	3.8

% change from 2014/15 to 2016/16

Table 6 above shows the summary of payments and estimates per programme and indicates that total payments grew from R14.892 billion in 2011/12 to a revised estimate of R17.813 billion in 2014/15. Over the 2015 MTEF, the budget is projected to grow from R18.496 billion to R20.563 billion.

When comparing the 2014/15 revised estimate with the 2015/16 estimates, only Programmes 2, 3 and 4, which are the core service delivery Programmes and account for a bulk of the department's budget, show positive growth.

7.3 Summary of economic classification

Table 7: Summary of payments and estimates by economic classification

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15

% change from 2014/15 to 2015/16

Table 7 above shows the summary of payments and estimates per economic classification from 2011/12 to 2017/18. Compensation of Employees and Goods and Services are the key cost drivers of the department. Between 2014/15 and 2015/16, Compensation of Employees grow by 6 per cent and Goods and Services decrease by 0.6 per cent. The minimal decrease in Goods and Services is due to the reduction of a portion of the budget for NHLS as a result of shifting the function to the national department.

Transfers and subsidies show a significant decrease of 14.9 per cent from the revised estimates of R390.540 million in 2014/15 to R332.493 million in 2015/16. This is due mainly to payments for bursaries for non-employees, leave gratuities and medico-legal claims. The contingent nature of medico legal claims makes it difficult to budget for.

Expenditure for payment for capital assets shows an overall increase of 5.4 per cent.

7.4 Expenditure by municipal boundary

Table 8: Summary of departmental payments and estimates by benefiting municipal boundary

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance".

Table 9 shows the summary of infrastructure expenditure per category from 2011/12 to 2017/18. The table shows that spending on infrastructure decreased from R1.245 billion in the 2011/12 financial year to a revised estimate of R1.225 billion in 2014/15. The allocations on infrastructure over the 2015 MTEF represent a shift in the department's approach from building new facilities to the refurbishment and maintenance of existing facilities, with emphasis on primary health care facilities.

Maintenance

The norms of infrastructure maintenance calls for a budget allocation that is at least 2.5 per cent of the replacement value of assets. The assessments of the condition and history of the departmental assets is not very satisfactory, which impacts negatively on setting realistic percentages on funding for infrastructure maintenance.

In an effort to address this challenge, the National Department of Health (NDoH) has put maintenance on its list of non-negotiables. Table 9 shows that a substantial portion of the entire infrastructure budget will attempt to address backlogs in the maintenance of both infrastructure and machinery and equipment.

7.6 Departmental Public-Private Partnership (PPP) projects

Table 10: Summary of departmental private public partnership projects

R thousand	Annual cost of project Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15

%change from 2014/15 to 2015/16

Table 11 above shows the summary of payments and estimates of conditional grants from 2011/12 to 2017/18. Spending on conditional grants increased from R2.694 billion in 2011/12 to a revised estimate of R3.099 billion in 2014/15. Expenditure is projected to increase to R3.192 billion in 2015/16. The increase in the Comprehensive HIV/AIDS grant is due to the need to combat the scourge of HIV/AIDS, TB and the burden of disease in the province. Over the 2015 MTEF, conditional grants are estimated to increase from R3.192 billion in 2015/16 to R3.687 billion in 2016/17 due to the restoration of the Health Facility Revitalisation Grant.

% change from 2014/15 to 2015/16

The summary of payments and estimates of conditional grants per economic classification is shown in Table 12 above. Of all the grants, those contributing significantly to Compensation of Employees and Goods and Services are Comprehensive HIV/AIDS, National Tertiary Services and Health Professions Training and Development. In all instances, Compensation of Employees is predominantly for clinical personnel. Goods and Services being procured by both HIV/AIDS and NTSG are NHLS (including Gene-Xpert testing), medical supplies (including blood and blood products) and medicines and are also on the “non-negotiable” list.

7.8 Transfers

7.8.1 Transfers to public entities

None.

7.8.2 Transfers to other entities

None.

7.8.3 Transfers to local government by category

Table 13: Summary of transfers to local government by category

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15
	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18

Total departmental transfers	-	7 928	23 202	10 099	16 895	17 771	14 069	5 157	2 427	(20.8)

% change from 2014/15 to 2015/16

Table 13 above shows the summary of departmental transfers to local government. Projected transfers to local government were re-established in 2012/13 in order to cater for the devolution of environmental health to certain municipalities. In terms of the originally signed SLAs, the exercise should have been completed in 2014/15. However, new SLAs have been signed with 3 municipalities in 2014/15. This accounts for the estimated decrease over the 2015 MTEF.

7.8.4 Transfers to local government by grant name

None.

8 Programme description

8.1 Programme 1: Administration

Objectives: To conduct the strategic management and overall administration of the department. The programme comprises of 2 sub-programmes:

Office of the MEC: To render political leadership, advisory, secretarial and office support services.

Management: Conducts policy formulation, overall management and administration support of the department, regions and institutions within the department.

Table 14: Summary of departmental payments and estimates sub-programme: P1 – Administration

Percentage of fixed PHC facilities with broadband access	New Indicator	10%	15%	20%

8.2 Programme 2: District Health Services

Renders Primary Health Care Services and District Hospital Services. This Programme has 9 sub-programmes with the following objectives:

- District Management: Planning and administration of services, managing personnel and financial administration, determining working methods and procedures and exercising district control;
- Community Health Clinics: Rendering a nurse driven primary health care service at clinic level including visiting points and mobile clinics;
- Community Health Centres: Rendering a primary health service with full-time medical officers in respect of mother and child, health promotion, geriatrics, occupational therapy, physiotherapy, psychiatry, speech therapy, communicable diseases and mental health;
- Community Based Services: Rendering a community based health service at non-health facilities in respect of home based care, abuse and victims, mental and chronic care, school health, etc;
- Other Community Services: Rendering environmental, port health and part-time district surgeon services, etc;
- HIV/AIDS: Renders a primary health care service in respect of HIV/AIDS campaigns and Special Projects;
- Nutrition: Renders a nutrition service aimed at specific target groups and combines direct and indirect nutrition interventions to address malnutrition;
- Coroner Services: Renders forensic and medico legal services in order to establish the circumstances and causes surrounding unnatural death;
- District Hospitals: Provides hospital services at district level.

% change from 2014/15 to 2015/16

Table 17 above shows the summary of payments and estimates for Programme 2: District Health Services per sub-programme. The programme shows significant growth from R7.285 billion in 2011/12 to a revised estimate of R8.856 billion in 2014/15. In 2015/16, the budget for the programme grows by 5.4 per cent, to R9.338 billion.

Table 18 above shows the summary of payments and estimates for per economic classification Expenditure on Compensation of Employees shows a growth of 6.5 per cent whilst Goods and Services grow by 4.1 per cent (from the 2014/15 revised estimate to 2015/16).

Transfers and Subsidies decrease by 33.4 per cent from 2014/15 to 2015/16 due to a large amount of leave gratuities paid in 2014/15.

Service Delivery Measures

Table 19: Selected service delivery measures for the programme: P2: District Health Services

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
Number of Districts piloting NHI interventions	New Indicator	1	1	1
Establish NHI Consultation Fora	New Indicator	1	1	1
Number of Districts consulted by NHI Consultative Fora	New Indicator	1	1	1
1National Core Standards self-assessment rate (PHC Facilities)	New Indicator	52%	55%	60%
Quality improvement plan after self-assessment rate (PHC Facilities)	New Indicator	100%	100%	100%
Patient satisfaction rate at PHC facilities	65%	65%	68%	69%
Number of ward-based outreach teams appointed	353 (10 new)	383 (20 new)	413 (20 new)	450 (37new)
Number of Districts with District Clinical Specialist Teams (DCSTs)	New Indicator	8	8	8
PHC utilisation rate (annualised)	2.7	2.8	2.8	2.8
Clients screened for diabetes - 5 years and older	1.40%	1.45%	1.50%	1.55%
Total clients remaining on ART	373 480	472 480	571 480	670 480
Medical male circumcision performed – Total	42 000	55 171	88 273	101 375
TB client treatment success rate	75%	85%	85%	85%
Immunisation coverage under 1 year (annualised)	90%	90%	90%	90%
Maternal mortality in facility ratio	114/100 000	112/100 000	110/100 000	108/100 000
Average Length of Stay	4.9	4.9	4.8	4.7
Expenditure per patient day equivalent (PDE)	1380	2166	2382	2620

Table 19 above shows a selection of service delivery measures for District Health Services that cuts across all sub-programmes. This programme is the main service delivery programme of the department. Due to the nature of services provided, performance is measured by the utilisation rate of facilities and provincial expenditure per uninsured persons. To see how well the department is performing in an attempt to eradicate HIV/AIDS, total patients on ART are monitored. The performance of district hospitals is measured by expenditure per day equivalent (PDE) and average length of stay. Most of these indicators are projected to improve over the 2015 MTEF period.

8.3 Programme 3: Emergency Medical Services

Renders pre-hospital emergency medical services including inter-hospital transfers and planned patient transport. The programme comprises of 2 sub-programmes with the following objectives:

- **Emergency Medical Services:** Renders emergency medical services including ambulance services, special operations, communications and air ambulance services;
- **Planned Patient Transport:** Renders planned patient transport including local outpatient transport (within the boundaries of a given town or local area) and inter-city/town outpatient transport (into referral centres).

Table 20: Summary of departmental payments and estimates sub-programme: P3 – Emergency Medical Services

% change from 2014/15 to 2015/16										

Table 20 above shows the summary of payments and estimates for Emergency Medical Services according to sub-programmes. Expenditure grew substantially from R644.588 million in 2011/12 to a revised estimate of R883.222 million in 2014/15 due to funding received for the provision of additional ambulances and the employment of related personnel. When comparing the revised estimate of 2014/15 with the 2015/16 allocation, there is an increase of 10 per cent.

Table 21 above shows the summary of payments and estimates for Emergency Medical Services according to economic classification. From 2014/15 to 2015/16, expenditure on Goods and Services is increases by 36.3 per cent as a result of the carry through costs of acquiring the additional ambulances.

Service Delivery Measures

Table 22: Selected service delivery measures for the programme: P3: Emergency Medical Services

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
EMS P1 urban response under 15 minutes rate	65%	66%	68%	70%
EMS P1 rural response under 40 minutes rate	65%	66%	68%	70%
EMS inter-facility transfer rate	New Indicator	70%	75%	80%

Table 22 above shows the selected service delivery measures for the Emergency Medical Services programme per sub-programme. Performance is measured by response rates in urban and rural areas. The department is projecting enhanced performance under this programme over the 2015 MTEF.

8.4 Programme 4: Provincial Hospital Services

Ensures the delivery of hospital services, which are accessible, appropriate, effective and provides general specialist services, including a specialized rehabilitation service, as well as a platform for training health professionals and research. The programme has 3 sub-programmes with the following objectives:

- **General (Regional) Hospitals:** Rendering hospital services at a general specialist level and a platform for training of health workers and to conduct research;
- **Tuberculosis (TB) Hospitals:** Ensuring the successful conversion of present TB hospitals into strategically placed centres of excellence in which a small percentage of patients may undergo hospitalisation under conditions which allow for isolation during the intensive phase of treatment, as well as the application of the standardized multi-drug resistant (MDR) and extreme drug resistant (XDR) protocols;
- **Psychiatric Hospitals:** Rendering a specialist psychiatric hospital service for people with mental illness and intellectual disability, and providing a platform for the training of health workers and to conduct research.

Table 23: Summary of departmental payments and estimates sub-programme: P4 – Provincial Hospital Services

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15
	2011/12	2012/13	2013/14				2015/16	2016/17	2017/18

% change from 2014/15 to 2015/16

The summary of payments and estimates for Provincial Hospital Services per sub-programme and economic classification are depicted in tables 23 and 24 above. From 2011/12 to 2014/15, expenditure for this programme increased from R3.860 billion to a revised estimate of R4.521 billion due to ICS adjustments and the need to mitigate the spread of TB and the burden of diseases. The programme will grow by 3.8 per cent in 2015/16 from the revised estimates of R4.521 billion in 2014/15.

The budgets for Psychiatric/Mental Hospitals and Regional Hospitals grow by 7.2 per cent and 4.1 per cent, respectively. These growth rates are driven by the increase in the burden of disease.

Compensation of Employees increases by 5.7 per cent from a revised estimate of R3.653 billion in 2014/15 to R3.860 billion in 2015/16.

Expenditure on Goods and Services decreases by 2.7 per cent to R750.938 million in 2015/16 when compared to the revised estimate of R771.763 million in 2014/15 as a result of a portion of the NHLS function moving to the national department.

Transfers to Households decreases by 20 per cent in 2015/16 due to the high number of contingent liabilities associated with medico-legal claims that were paid in the current financial year.

The decrease of 7.6 per cent in Machinery and Equipment is due to the department reclassifying the lease of vehicles which are paid as finance leases in Payments for Capital Assets.

Service Delivery Measures

Table 25: Selected service delivery measures for the programme: P4: Provincial Hospital Services

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
National Core Standards self-assessment rate	New Indicator	80%	80%	100%
Quality improvement plan after self-assessment rate	new indicator	100%	100%	100%
Percentage of Hospitals compliant with all extreme and vital measures of the national core standards	25%	60%	60%	80%
Patient Satisfaction Survey Rate	new indicator	80%	80%	100%
Patient satisfaction rate	70%	80%	85%	90%
Average length of stay	6 days	5.5 days	5.5 days	5.5 days
Inpatient bed utilisation rate	76.2%	75%	75%	75%
Mental health admission rate	43%	42%	41%	41%
Complaint resolution within 25 working days rate	88.30%	90%	90%	90%
Cataract surgery rate (Uninsured Population) (Regional)	1050	1100	1150	1200

Table 25 shows the selected service delivery measures for Provincial Hospital Services. Performance in General Hospitals is measured by the patient day equivalent, bed utilisation and average length of stay rates. TB hospitals' performance is measured by the number of hospitals implementing National Core Standards and the number of hospitals conducting clinical audits. The aim is to reduce the rate of patients infecting one another. Average length of stay for TB Hospitals and Psychiatric Hospitals is not used as an indicator as by their nature, these diseases entail patients staying for protracted periods whilst under treatment.

8.5 Programme 5: Central Hospital Services

Provides tertiary health services and creates a platform for the training of health workers. The programme only has 1 sub-programme with the following objective:

Provincial Tertiary Hospital Services: Rendering of a highly specialised medical health and quaternary services on a national basis and a platform for the training of health workers and research.

Table 26: Summary of departmental payments and estimates sub-programme: P5 – Central Hospital Services

R thousand	Outcome			Main appropriation 2014/15	Adjusted appropriation 2014/15	Revised estimate 2014/15	Medium-term estimates			% change from 2014/15

Payments for financial assets	–	–	–	–	–	–	–	–	–	–
Total economic classification	627 075	657 170	774 269	786 007	796 341	811 405	803 770	838 458	890 973	(0.9)

% change from 2014/15 to 2015/16

Tables 26 and 27 above show that expenditure increased from R627.075 million in 2011/12 to a revised estimate of R811.405 million in 2014/15. Over the MTEF, allocations grow from R803.770 million to R890.973 million. Comparing the 2014/15 revised estimates with the 2015/16 allocations shows a decrease of 0.9 per cent as a result of a reduction in the NTSG grant.

The major cost drivers for the programme are Compensation of Employees and Goods and Services. Expenditure on Compensation of Employees grows by 5.8 per cent and Goods and Services increases by 1.5 per cent when the 2014/15 revised estimates are compared with the 2015/16 estimates.

Expenditure for Payments of Capital Assets in 2015/16 decreases by 23.2 per cent due to the reduction in the NTSG grant.

Service Delivery Measures

Table 28: Selected service delivery measures for the programme: P5: Central Hospital Services

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
National Core Standards self-assessment rate	New Indicator	100%	100%	100%
Quality improvement plan after self-assessment rate	New Indicator	100%	100%	100%
Patient Satisfaction Survey Rate	New Indicator	90%	90%	90%
Patient satisfaction rate	70%	80%	85%	90%
Average length of stay	6 days	5.5 days	5.5 days	5.5 days
Inpatient bed utilisation rate	76.20%	75%	75%	75%
Expenditure per patient day equivalent (PDE)				
Complaints resolution rate	New Indicator	80%	85%	90%
Complaint resolution within 25 working days rate	88.30%	90%	90%	90%

Table 28 shows the selected service delivery measures for Central Hospital Services. As the services provided here are of a specialised nature, measures such as patient satisfaction are important. Over and above that, the number of patients treated, the number of tertiary beds available as well as bed utilisation rates are all measures on how well the institutions are performing. It is envisaged that the performance will improve over the 2015 MTEF.

8.6 Programme 6: Health Sciences and Training

Provides training and development services to actual and potential employees of the department. The programme has 4 sub-programmes with the following objectives:

- **Nursing Training Colleges:** Training of nurses at under-graduate and post-basic level. The target group includes actual and potential employees;
- **EMS Training College:** Training of rescue and ambulance personnel.
- **Bursaries:** Provision of bursaries for health science training programmes at post and undergraduate levels;
- **Other Training:** Provision of skills development interventions for all occupational categories in the department.

% change from 2014/15 to 2015/16

The summary of payments and estimates for Health Science and Training per sub-programme and economic classification are shown in tables 29 and 30 above. Total payments grew from R605.824 million in 2011/12 to a revised estimate of R757.816 million in 2014/15. Expenditure for the programme is estimated to decrease by 0.8 percent from a revised estimate of R757.816 million in 2014/15 to R751.910 million in 2015/16 as a result of the reduction in the HPTD grant.

The decrease of 29.2 per cent in 2015/16 under Goods and Services is due to the reprioritisation exercise undertaken in 2014/15 in order to fund the Cuban Doctor Programme.

Transfers to departmental agencies and accounts increase by 200.6 per cent as a result of the revised contribution to be made to the Health and Welfare Sector Education and Training (HWSETA). Transfers to Households decrease by 22.7 per cent which puts pressure on the Cuban Doctor Programme.

Service Delivery Measures

Table 31: Selected service delivery measures for the programme: P6: Health Science and Training

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
Number of Bursaries awarded for first year medicine students	27	40	45	60
Number of Bursaries awarded for first year nursing students	1750	950	950	750

Table 31 shows the selected service delivery measures for Health Science and Training. Performance in this programme is measured by the number of bursaries awarded in the province.

8.7 Programme 7: Health Care Support Services

Renders support services required by the department to realise its objectives. The programme has 2 sub-programmes with the following objectives:

- **Orthotic and prosthetic services:** Rendering specialised orthotic and prosthetic services;
- **Medicine Trading Account (Pharmaceuticals Depot Management):** Managing the supply of pharmaceuticals and medical sundries to hospitals, clinics and community health centres.

Table 32: Summary of departmental payments and estimates sub-programme: P7 – Health Care Support Services

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates			% change from 2014/15

Payments for financial assets	–	–	3 546	–	–	–	–	–	–	–
Total economic classification	78 747	84 309	97 779	114 161	117 464	104 957	102 648	123 456	129 629	(2.2)

% change from 2014/15 to 2015/16

Tables 32 and 33 above depict a summary of payments and estimates per sub programme and economic classification. Expenditure increased significantly from R78.747 million in 2011/12 to a revised estimate of R104.957 million in 2014/15. Over the 2015 MTEF, payments are projected to increase from R102.648 million in 2015/16 to R129.629 million in 2017/18. The budget for this programme will be used to improve the effectiveness of health systems by providing relevant support services to core service delivery areas.

The increase in Compensation of Employees of 13.3 per cent from 2014/15 to 2015/16 is as a result of the prioritised conversion of contracted employees to permanent employees. Goods and Services show a decrease of 17.5 per cent due to the reprioritisation of the budget for courier services under Programme 2 in the HIV/AIDS sub-programme. In addition, it was also used to fund mobile clinics.

Service Delivery Measures

Table 34: Selected service delivery measures for the programme: P7: Health Care Support Services

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
Percentage of eligible applicants supplied with wheelchairs	39.7%	50%	55%	60%
Percentage of eligible applicants supplied with hearing aids	63%	65%	65%	65%
Percentage of eligible applicants supplied with prostheses	42%	60%	60%	60%
Percentage of eligible applicants supplied with orthoses	139%	95%	95%	95%
Percentage of order fulfilment of essential drugs at the depots.	76%	85%	85%	85%
Tracer drugs stock-out rate at the depots	<11%	<5%	<5%	5%
Percentage supplies to depots received within contract lead time	85.3%	85%	85%	85%

Table 34 shows the selected service delivery measures for Healthcare and Support Services. Performance is measured by the efficiency of healthcare and support services such as the supply of wheelchairs, hearing

aids, prostheses and orthotic offered to patients. The performance of the Pharmaceutical Depots is measured by the fulfillment of essential drug orders and the tracer drug stock out rates.

8.8 Programme 8: Health Facilities Management

Provides new health facilities, upgrades and maintains existing community health centres and PHC facilities. The programme has 5 sub-programmes with the following objectives:

- **Community Health Facilities:** Focuses on the construction of new clinics and community health centres (CHC) and the upgrade of existing clinics and CHCs.
- **Emergency Medical Rescue Services:** Oversees the construction of new and the refurbishment, upgrading and maintenance of existing EMS facilities.
- **District Hospital Services:** Focuses on the upgrade and maintenance of district hospitals.
- **Provincial Hospital Services:** Focuses on the upgrade of provincial hospitals.
- **Other facilities:** Focuses on the upgrade of all other facilities, including forensic pathology facilities and nursing colleges and schools.

Table 35: Summary of departmental payments and estimates sub-programme: P8 –Health Facilities Management

% change from 2014/15 to 2015/16

Table 35 above shows the summary of payments and estimates per sub-programme. Total payments decreased from R1.245 billion in 2011/12 to a revised estimate of R1.225 billion in 2014/15. A decrease of 1.2 per cent is evident when comparing the 2014/15 revised estimates with the 2015/16 estimate.

Table 36 above shows the summary of payments and estimates for Health Facilities Management according to economic classification. The major cost driver for the programme is Payments for Capital Assets which shows growth of 14.8 per cent from the 2014/15 revised estimate to 2015/16. More significantly, the budget for Machinery and equipment increases by 37.5 per cent to cater for the commissioning of the Cecilia Makiwane Hospital.

Expenditure on Compensation of Employees increases by 4 per cent in 2015/16 from the 2014/15 revised estimate.

Expenditure on Goods and Services, which includes funding spent on contracts relating to the maintenance of infrastructure and machinery and equipment, shows a fluctuating trend from 2011/12 to the 2014/15 revised estimate. There is a 30 per cent decrease from the 2014/15 revised estimate of R433.837 million to the R303.649 million estimate for 2015/16.

Service Delivery Measures

Table 37: Selected service delivery measures for the programme: P8: Health Infrastructure Management

Selected Programme Performance Indicators	Estimate 2014/15	Medium-term estimates		
		2015/16	2016/17	2017/18
Number of health Facilities that have undergone major refurbishment	New Indicator	19	17	15
Number of health Facilities that have undergone minor refurbishment	New Indicator	136	140	150
Number of SLA agreements signed with implementing agents	2	2	2	2

Table 39 shows the selected service delivery measures for Health Facilities Management. Performance hereunder is measured by the number of institutions upgraded, refurbished, commissioned and completed.

1. Full-time equivalent

Table 38 above shows personnel numbers per programme and total costs for the department. As at 31 March 2012, the department had 47 840 personnel on its payroll. The reason for the significant increase in personnel numbers over the MTEF is due to the envisaged appointment of EMS personnel and clinical staff, including the absorption of nurses, Cuban student doctors and other locally trained clinical personnel. The total cost of personnel grows steadily from R9.481 billion in 2011/12 to an estimated R13.604 billion 2017/18.
