MPUMALANGA PROVINCE
REPUBLIC OF SOUTH AFRICA

Estimates of Provincial Revenue and Expenditure for 2018/19

Together We Move South Africa Forward

FOREWORD

The Provincial Budget for the 2018/19 financial year is tabled in the backdrop of a promising investor sentiments about the country's economy.

There's a new spirit of optimism and an expectation that South Africa is on course to economic recovery under the inspiring leadership of President Cyril Ramaphosa.

The economic growth prospects are showing signs of improvement, although off a low base after the technical recession in the fourth quarter of 2016 and first quarter of 2017.

We must continue working harder to ensure that the economy is inclusive, that it creates the much needed jobs and further contribute to improved socio-economic situation of all our people.

According to the 2018 Budget Review, there will be reductions to previously announced transfers to the provinces for the next three year spending period.

In view of these reductions, the provincial government is expected to implement various measures aimed to contain the fiscal pressure, whilst ensuring a sustained delivery of education, health, social services and infrastructure programmes.

In allocating the provincial resources, we were careful to balance a variety of important provincial priorities without undermining the social compact that defines the mandate of the people's budget.

We are committed to remain within the expenditure ceiling as outlined in the 2018 Budget Review and ensuring that this budget works for the people.

Mr. SE KHOLWANE, MPL

MEC FOR FINANCE, ECONOMIC DEVELOPMENT AND TOURISM

Overview of Provincial Revenue and Expenditure

The economic and financial status of the country remains constraint by the lower economic growth in the country. The 2018 budget is thus tabled within ceiling set in 2017 MTEF budget circumstances. The government is required to reduce its spending while on the other hand creating a healthy environment for business to operate.

The budget that is tabled tries to put importance of the following areas, amongst others:

- To enable healthy economic growth and creating decent employment to improve the province's condition on unemployment, poverty, and inequality,
- To improve the quality and level of education,
- To improvise the health care system, and
- To ensuring that people have access to basic services in order to improve their quality of life, etc.

The Province has taken strides to improve delivery in infrastructure over the MTEF , mainly in education and health sectors. Funds have been set aside for school infrastructure as well as health facilities to provide better education and health services respectively. There are also efforts taken to improve road infrastructure in the Province.

There is continuous effort in putting ceiling to 2018 budget estimates to reduce spending levels in an attempt to reduce government debt that comes in the form of borrowing and related interest payments.

The Province experienced challenges in the bigger sectors, especially in delivery of infrastructure as well as accruals. Accruals always put pressure on their following year's budget and impacting the achievement by the sector of the set target in their plans. The Health sector is experiencing serious challenge as a result of accruals/payables which continues to increase each year.

Department of Education has experienced some delivery challenges in 2017/18 financial year that resulted in the Department having to surrender some funding. On the positive note the Department did well in 2016/17 financial year relating to planning and delivery in infrastructure that it qualified for an incentive funding that has been added to their baseline of Education Infrastructure Grant. The Health has improved in infrastructure delivery though affected by accruals from 2016/17 financial year.

1. SOCIO-ECONOMIC REVIEW AND OUTLOOK OF MPUMALANGA

This section reflects on important socio-economic statistics in Mpumalanga. Information used in this section was collected from approved and credible sources to provide a realistic picture of the socio-economic conditions in the province. The socio-economic outlook is crucial in the planning and budget process to ensure that any measures introduced by the provincial government, are in line with the ever-changing socio-economic dynamics. Placing Mpumalanga on a shared growth and integrated development trajectory requires a coherent and co-ordinated public sector response to the province's socio-economic opportunities and challenges.

1.1 DEMOGRAPHICS

1.1.1 Population figures and growth

According to Statistics South Africa's *Mid-year population estimates (MYPE) 2017*, Mpumalanga's population was 4.4 million or 7.9 per cent of the national total (Table 1.1). Mpumalanga registered the sixth largest/fourth lowest share among the provinces. Gauteng (25.3 per cent) was the province with the largest share of the national population, followed by KwaZulu-Natal with a 19.6 per cent share. Northern Cape recorded the lowest percentage share of the national population at 2.1 per cent. Mpumalanga's population increased by approximately 108 000 from 4.3 million in 2016, whilst the share of the national total increased slightly with 0.1 percentage points from 2016. Mpumalanga was one of four provinces where the shares increased, whilst the shares of three provinces decreased and two remained unchanged.

Table 1.1: Population in South Africa by province, 2011, 2016 & 2017

Region	Census 2011		Community Survey 2016		Mid-year estimate 2017	
	Number	% share of national	Number	% share of national	Number	% share of national

Sources: Statistics South Africa – Census 2011

Statistics South Africa – Community Survey (CS) 2016

Statistics South Africa – Mid-year population estimates (MYPE) 2017

Figure 1.1 shows the population cohort of Mpumalanga according to the *MYPE 2017*. Females constituted 2.26 million or 50.9 per cent of the provincial population distribution and males 2.18 million (49.1 per cent). The youth cohort (0-34 years) made up 68.4 per cent of the total population in the province and the age group 60 years and older, only 7.0 per cent. The age cohort of 0-4 years represented the most populous age cohort with 508 588 individuals or some 11.4 per cent of the provincial population. In South Africa, the youth cohort made up 65.7 per cent of the total population and the age group 60 years and older,

8.1 per cent. Nationally the most populous age cohort was also the 0-4 years group that represented some 10.4 per cent of the population.

Figure 1.1: Population cohort of Mpumalanga, 2017

Source: Statistics South Africa – MYPE 2017

Over the last year, the population of South Africa increased by 1.1 per cent and that of Mpumalanga by 2.7 per cent. This was the third largest population increase behind Gauteng (5.8 per cent) and Western Cape (3.4 per cent). According to estimates, the population of Kwa-Zulu-Natal remained virtually unchanged, whereas the populations of Eastern Cape and Limpopo decreased by 8.0 per cent and 0.4 per cent, respectively (Figure 1.2).

Figure 1.2: Comparison of annual population increase in South Africa by province, 2016-2017

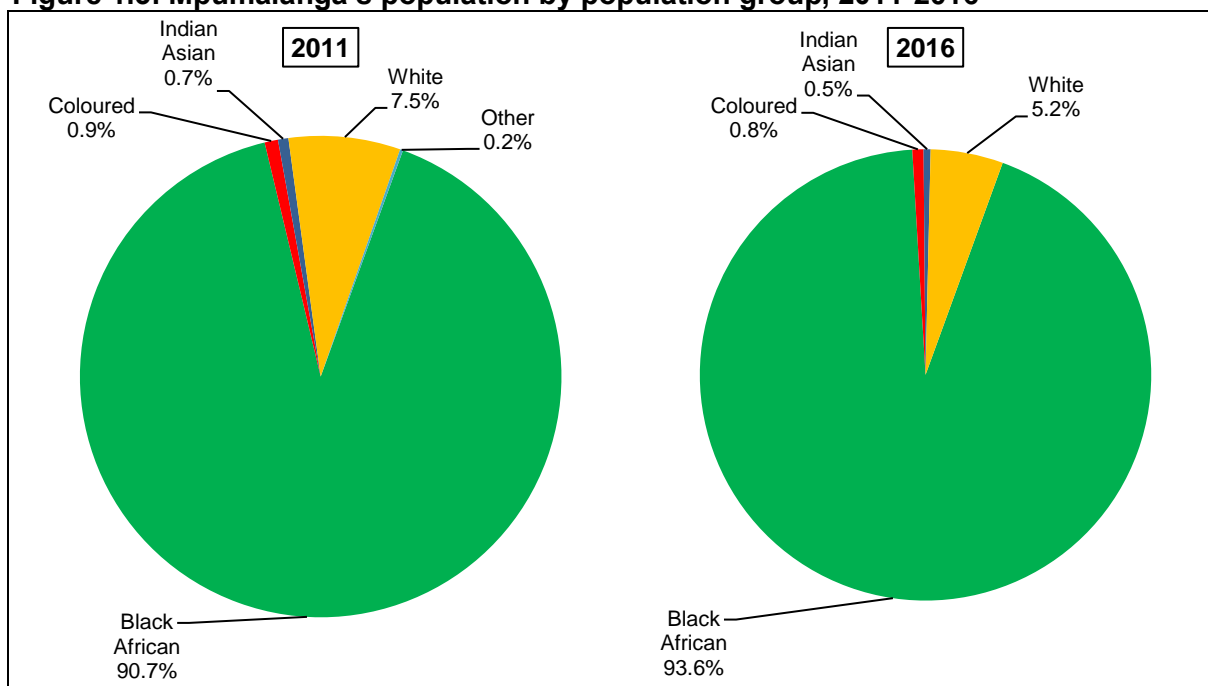

Source: Statistics South Africa – MYPE 2016 & 2017

The provincial MYPE 2017 population numbers were disaggregated neither by population

group nor by district, therefore CS 2016 population numbers were used for the presentation according to these two indicators in Figures 1.3 and 1.4. The breakdown by population group for Mpumalanga in 2011 and 2016, is presented in Figure 1.3. The majority of Mpumalanga's population in 2016 was Black Africans (93.6 per cent) with Whites contributing 5.2 per cent. Coloureds (0.8 per cent) and Asians (0.5 per cent) jointly contributed 1.3 per cent to the total population in 2016.

Figure 1.3: Mpumalanga's population by population group, 2011-2016

Source: Statistics South Africa – Census 2011

Statistics South Africa – CS 2016

Note: Due to rounding numbers do not necessarily add up to totals or change

Figure 1.4: Mpumalanga's population by district, 2011-2016

Source: Statistics South Africa – Census 2011

Statistics South Africa – CS 2016

In 2016, 40.5 per cent of Mpumalanga's population resided in Ehlanzeni, 33.3 per cent in Nkangala and 26.2 per cent in Gert Sibande (Figure 1.4). Females were in the majority in both Ehlanzeni (51.9 per cent) and Gert Sibande (50.3 per cent), whereas males formed the bulk of Nkangala's population with a share of 50.5 per cent. In 2016, 72.2 per cent of Ehlanzeni's population was younger than 35 years of age, followed by Gert Sibande (68.6 per cent) and Nkangala (67.4 per cent).

1.1.2 Fertility

The fertility rate is defined as the number of children the average women would have in her lifetime. According to the *MYPE 2017*, Mpumalanga's average fertility rate for the period 2006 to 2011 was 2.96 and 2.86 in the period 2011 to 2016. When compared with the other provinces Mpumalanga registered the fourth highest fertility rate for the period 2011 to 2016, Limpopo (3.07) the highest and Gauteng the lowest (2.19). It is anticipated that Mpumalanga's fertility rate will decline to 2.65 in the period 2016 to 2021. It is, however, it is expected to remain the fourth highest of the nine provinces.

1.1.3 Life expectancy

The NDP targets both average male and female life expectancy at birth to improve to 70 years by 2030. Mpumalanga's male life expectancy at birth was 53.1 years for the period 2006 to 2011 and 56.9 years for the period 2011 to 2016. Mpumalanga's male life expectancy for the period 2011 to 2016 was the fifth highest/lowest of the nine provinces. Western Cape (64.8 years) had the highest/best male life expectancy with Free State (53.3 years) the lowest. According to the *MYPE 2017*, the projection for the period 2016 to 2021 is that male life expectancy in Mpumalanga could increase to 59.5 years.

Mpumalanga's female life expectancy for the periods 2006 to 2011 and 2011 to 2016 were 56.2 years and 63.2 years, respectively. Mpumalanga recorded the fifth highest/lowest female life expectancy for the period 2011 to 2016. Western Cape (70.6 years) had the highest/best female life expectancy and Free State (58.2 years) the lowest. According to the *MYPE 2017*, the projection for the period 2016 to 2021 is that female life expectancy in Mpumalanga could increase to 65.1 years.

1.1.4 Migration

Table 1.2: Net migration in South Africa by province, 2006-2011 & 2011-2016

Region	Net migration	
	2006-2011	2011-2016
Western Cape	272 069	292 372
Eastern Cape	-358 482	-326 171
Northern Cape	1 157	3 311
Free State	-29 247	-20 913
KwaZulu-Natal	-64 050	-62 360
North West	86 691	97 764
Gauteng	904 619	981 290
Mpumalanga	52 594	64 003
Limpopo	-155 884	-143 767

Source: *Statistics South Africa – MYPE 2017*

Table 1.2 shows the net migration streams of the provinces over two periods, 2011 and 2016. The data was sourced from the *MYPE 2017*. Gauteng and Western Cape recorded the highest number of persons who move into these provinces as shown by the net migration 2006 to 2011 and 2011 to 2016. Mpumalanga registered a positive net migration

of 52 594 from 2006 to 2011 and a positive net migration of 64 003 from 2011 to 2016. This was the fourth highest among the nine provinces. Eastern Cape and Limpopo recorded the largest net outflows throughout.

1.1.5 Disability

Statistics South Africa's questions on disability require each person in the household to rate their ability level for a range of activities such as seeing, hearing, walking a kilometre or climbing a flight of steps, remembering and concentrating, self-care, and communicating in his/her most commonly used language, including sign language. During the analysis, individuals who said that they had some difficulty with two or more of the activities or had a lot of difficulty, or were unable to perform any one activity, were then classified as disabled.

Table 1.3 presents the findings of Census 2011 and CS 2016 on disability in South Africa. Using the described classification system, 7.5 per cent of South Africans aged 5 years and older were classified as disabled in 2011 and 7.7 per cent in 2016. Mpumalanga's percentage of persons aged 5 years and older with disability was 7.0 per cent in 2011 and 7.5 per cent in 2016. Mpumalanga recorded the sixth largest/fourth lowest share of people with disability compared with the other eight provinces. Free State (11.0 per cent) recorded the highest share and Western Cape (6.3 per cent) the lowest.

Table 1.3: Percentage of persons aged 5 years and older with disability by province, 2011-16

Region	Census 2011	CS 2016
Western Cape	5.4%	6.3%
Eastern Cape	9.6%	8.5%
Northern Cape	11.0%	10.7%
Free State	11.1%	11.0%
KwaZulu-Natal	8.4%	8.6%
North West	10.0%	8.7%
Gauteng	5.3%	6.7%
Mpumalanga	7.0%	7.5%
Limpopo	6.9%	6.4%
South Africa	7.5%	7.7%

1.2. LABOUR PROFILE

1.2.1 Labour force profile

The labour force comprises of all the employed and the unemployed population in a region. The national labour force of 22 million individuals was 201 662 more at the end of the fourth quarter 2017 than a year earlier. Between the end of the fourth quarter 2016 and the end of the fourth quarter 2017, the employed in South Africa increased by 0.6 per cent while the unemployed increased by 1.7 per cent.

As a result, the strict unemployment rate for South Africa increased marginally from 26.5 per cent to 26.7 per cent between the fourth quarter 2016 and the fourth quarter 2017. The national labour absorption rate was 43.1 per cent at the end of the fourth quarter 2017, which was lower than the 43.5 per cent registered a year earlier. The labour force participation rate at the end of the fourth quarter 2017 (58.8 per cent) was also lower than the rate recorded at the end of the fourth quarter 2016.

The provincial labour force of around 1.75 million individuals was 74 334 more at the end of the fourth quarter 2017 than a year earlier (Table 1.4). The number of employed at

1 241 889 at the end of the fourth quarter 2017 was 29 86 575 more than at the end of the fourth quarter 2016. This was the highest employment number ever recorded for Mpumalanga. The number of employed was also 38 035 higher than the 1 203 854 in the previous quarter. The number of unemployed decreased by 12 241 to 505 802 between the end of the fourth quarter 2016 and the end of the fourth quarter 2017. The number of discouraged workers increased by 9 231 to 235 828 over the last four quarters.

Table 1.4: Labour force profile of Mpumalanga, 2016-2017

Indicator	Q4 2016	Q3 2017	Q4 2017	Q3 2017 to Q4 2017 change	Year-on- year change
	'000	'000	'000	'000	'000
- Working age population (15-64 years)	2 828	2 866	2 877	12	49
- Not economically active	1 155	1 128	1 130	2	-25
- Labour Force/EAP	1 673	1 738	1 748	10	74
- Employed	1 155	1 204	1 242	38	87
- Unemployed	518	534	506	-28	-12
- Discouraged work seekers	227	228	236	8	9
Rates	%	%	%	% point	% point
- Unemployment rate (strict definition)	31.0	30.7	28.9	-1.8	-2.1
- Unemployment rate (expanded definition)	42.1	41.5	39.7	-1.8	-2.4
- Employed/population ratio (absorption rate)	40.9	42.0	43.2	1.2	2.3
- Labour force participation rate	59.2	60.6	60.7	0.1	1.5

Source: Statistics South Africa – QLFS, 2018

Note: Due to rounding numbers do not necessarily add up to totals or change

The unemployment rate (strict definition) was 2.1 percentage points lower at the end of the fourth quarter 2017 (28.9 per cent) than a year earlier (31.0 per cent). It also declined by 1.8 percentage points from the third quarter 2017 level of 30.7 per cent. The unemployment rate according to the expanded definition was also lower from a year earlier as well as the rate recorded at the end of the third quarter 2017. Over the last four quarters, the labour absorption rate increased/improved to 43.2 per cent and the labour force participation rate also rose/improved to 60.7 per cent.

1.2.2 Employment

The national labour market gained 102 414 jobs between the end of the fourth quarter 2016 and the end of the fourth quarter 2017 (Table 1.5). On an annual basis, Western Cape added 105 877 more jobs, the most among the provinces, whilst Mpumalanga (86 575) recorded the second highest addition to employment. Between the end of the third quarter 2017 and the end of the fourth quarter 2017, Mpumalanga's employment numbers increased by 38 035 – again the second highest quarterly increase after Western Cape (92 098). Total employment in Mpumalanga constituted 7.7 per cent of employment in the country, which was higher than the 7.2 per cent of twelve months earlier.

The change in Mpumalanga's total employment from the end of the fourth quarter 2008 (QLFS was introduced in 2008) to the fourth quarter 2017 is displayed in Figure 1.5. Over the past 36 quarters (nine years), the highest number of employed in the province was measured at the end of the fourth quarter 2017 (1 241 889) and the lowest at the end of the fourth quarter 2010 (959 514). Over the past nine years, job numbers increased in total by 190 566 or 21 174 on average per year. From the lowest level (959 514) to the end of the fourth quarter 2017, job numbers increased by 282 375 or by 40 339 annually. The job gains of 86 575 experienced over the past twelve months in Mpumalanga eclipsed the

previous highest annual job growth of 84 042 recorded between the fourth quarters of 2012 and 2013.

Table 1.5: Changes in employment in South Africa and provinces, 2016-2017

Region	Q4 2016	Q3 2017	Q4 2017	Q3 2017 – Q4 2017 change	Year-on-year change

Employment target

The NDP targets a decline in the national unemployment rate to 14.0 per cent by 2020 and 6.0 per cent by 2030. Similarly, the Provincial Vision 2030 targets a decline in the provincial unemployment rate to 15.0 per cent by 2020 and 6.0 per cent by 2030. In order to reach the unemployment rate target by 2030, it was calculated in 2013 that some 1.1 million new, sustainable jobs have to be created between 2013 and 2030. A recalculation based on the fourth quarter 2017 employment data was done recently. The result of the recalculation was that 1.05 million sustainable jobs must still be created between 2017 and 2030 to reach the desired unemployment rate.

The updated number of 1.05 million jobs equates to more or less 81 000 jobs per annum or an annual average employment growth of 4.8 per cent per annum. Figure 1.6 depicts historical employment numbers and required employment growth in Mpumalanga. It is

evident from the illustration that employment growth of 2.0 per cent per annum – the average annual employment growth between 2013 and 2017 – will not be sufficient to reach the employment target of 2.29 million jobs by 2030. Mpumalanga recorded a net job growth of 93 332 over the past 4 years, which translates to an average of 23 333 jobs per annum.

Figure 1.6: Mpumalanga employment numbers and employment target, 2011-2030

Aggregate employment

Table 1.6 shows the aggregated employment composition of employment in South Africa and the province from the end of the fourth quarter 2016 to the end of the fourth quarter 2017. In Mpumalanga, the formal employees' share of total employment decreased from 61.9 per cent at the end of the fourth quarter 2016 to 56.9 per cent at the end of the fourth quarter 2017. The formal sector in Mpumalanga recorded a much smaller share of total employment than was the case nationally (69.5 per cent).

Table 1.6: Aggregate employment in South Africa & Mpumalanga, 2016-2017

Sector	Q4 2016		Q3 2017		Q4 2017	
	SA	MP	SA	MP	SA	MP
Formal sector	69.4%	61.9%	70.3%	58.1%	69.5%	56.9%
Informal sector ¹	16.8%	21.7%	16.6%	25.3%	17.4%	25.4%
Agriculture	5.7%	7.6%	5.0%	8.3%	5.3%	8.4%
Private households	8.1%	8.8%	8.1%	8.3%	7.9%	9.3%
Total	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

Source: Statistics South Africa – QLFS, 2018

In Mpumalanga, the informal sector's share increased from 21.7 per cent to 25.4 per cent on an annual basis. Agriculture's share increased from 7.6 per cent to 8.4 per cent and private households' share increased to 9.3 per cent. Over and above the 104 475 persons employed in Mpumalanga's agriculture industry, an additional 171 431 citizens were involved in subsistence farming (non-market activities). In Mpumalanga, agriculture, private

¹ The informal sector comprises i) Employees working in establishments that employ less than 5 employees, who do not deduct income tax from their salaries & ii) Employers, own-account workers and persons helping unpaid in their household business who are not registered for either income tax or value-added tax.

households and the informal sector registered larger shares of total employment in the fourth quarter of 2017, than was the case nationally.

Employment by industry

Figure 1.7 depicts employment by industry in Mpumalanga in the fourth quarters of 2016 and 2017, respectively. Community services employed the largest share of individuals in the province with 21.2 per cent at the end of the fourth quarter 2017. This was smaller than the 22.7 per cent share registered 12 months earlier. The trade industry (20.5 per cent) was the second largest employer and recorded a larger share than at the end of the fourth quarter 2016 (19.0 per cent). Utilities was the smallest industry in both years while transport was the second smallest industry in the fourth quarter of 2017. Over the course of the last year, community services recorded the largest percentage point decline and trade the largest increase.

Figure 1.7: Employment by industry in Mpumalanga, 2016-2017

Source: Statistics South Africa – QLFS, 2018

According to Figure 1.8, trade (34 936), agriculture (16 586) and private households (13 652), were the three industries in Mpumalanga that recorded the highest employment increase from the fourth quarter 2016 to the end of the fourth quarter 2017. Community services (-5 718) and utilities (-4 601) were the only two industries that recorded the highest job losses over the one-year period. Mining, a key industry in Mpumalanga, recorded its first annual increase in employment numbers since 2013.

Employment by gender and age

Figure 1.9 displays the employment by gender and age for the fourth quarters of 2016 and 2017, respectively. More males than females were employed in Mpumalanga with a share of 58.5 per cent at the end of the fourth quarter 2017. Over the past year, the male employment numbers increased to 727 061, an increase of 78 691. Female employment numbers increased by only 7 883 to 514 828 and therefore recorded a lower share at the end of the fourth quarter 2017 (41.5 per cent) than a year earlier (43.9 per cent).

Figure 1.8: Changes in employment by industry in Mpumalanga, 2016–2017

Source: Statistics South Africa – QLFS, 2018

Figure 1.9: Employment by gender and age group (15-64 years), 2016-2017

Source: Statistics South Africa – QLFS, 2018

At the end of the fourth quarter 2017, adults (35-64 years) held the majority (59.7 per cent) of jobs in Mpumalanga. Adult employment numbers increased by 57 031 from the end of the fourth quarter 2016 and the share increased slightly from 59.2 per cent to 59.7 per cent. The main reason for the increase in share, is that youth (15-34 years) employment numbers increased by only 29 543 thus leaving the youth share lower on 40.3 per cent at the end of the fourth quarter 2017.

1.2.3 Occupational profile

The occupational profile is an indicator of the quality of the labour force. It provides information on the proficiency levels and assists in identifying the shortage of skills in the economy, by matching the demand for labour with its relative supply. Figure 1.10 illustrates the occupational profile of Mpumalanga in the fourth quarters of 2016 and 2017, respectively.

The occupational profile was skewed towards semi-skilled and unskilled occupations in both years. The share of skilled occupations (managers, professionals and technicians) was 16.9 per cent in the fourth quarter of 2017, which was lower than the 18.6 per cent share a year earlier. The share of semi-skilled occupations increased from 47.4 per cent to 48.3 per cent over the period under review. The combined share of elementary occupations and domestic workers (unskilled occupations) was 34.8 per cent at the end of the fourth quarter 2017, slightly higher than the share of one year earlier (34.0 per cent).

Figure 1.10: Mpumalanga's occupational profile, 2016-2017

Source: Statistics South Africa – QLFS, 2018

1.2.4 Unemployment

According to Statistics South Africa's QLFS, the unemployment rate in Mpumalanga was 28.9 per cent at the end of the fourth quarter 2017, which was noticeably lower than the 31.0 per cent recorded at the end of the fourth quarter 2016 (Figure 1.11). This was the second consecutive decline/improvement after five consecutive quarters of increase/deterioration and the lowest that the provincial unemployment rate has been since the second quarter of 2016. It was also sharply lower than Mpumalanga's historically highest unemployment rate of 32.3 per cent that was recorded in the second quarter of 2017. Mpumalanga's rate was, however, higher than the national average of 26.7 per cent at the end of the fourth quarter 2017.

Mpumalanga, recorded the fourth highest unemployment rate among the nine provinces with Eastern Cape (35.1 per cent) registering the highest unemployment rate. Mpumalanga's

unemployment rate decreased along with four other provinces from the end of the fourth quarter 2016 to the end of the fourth quarter 2017.

Figure 1.11: Unemployment rate for South Africa by province, 2016-2017

Source: Statistics South Africa – QLFS, 2018

Unemployed by gender and age

At the end of the fourth quarter 2017, the unemployment rate of males (24.7 per cent) was lower than the female unemployment rate of 34.2 per cent. The unemployment rate of youth of working age (15-34 years¹) in Mpumalanga was 41.5 per cent, whilst the unemployment rate of adults (35-64 years) was only 16.9 per cent. The female youth unemployment rate was very high at 52.6 per cent compared with the male youth unemployment rate of 33.1 per cent.

Figure 1.12 displays the unemployment by gender and age for the fourth quarters of 2016 and 2017, respectively. At the end of the fourth quarter 2017, females contributed 52.8 per cent to the number of unemployed, which was more than males (47.2 per cent). This was higher than twelve months earlier when females contributed 51.9 per cent. The youth added 70.2 per cent to the total number of unemployed in the province, which was lower than the 71.9 per cent at the end of the fourth quarter 2016.

Target unemployment rate

The Mpumalanga Vision 2030 target unemployment rate for Mpumalanga is 6 per cent by 2030. A significant unemployment rate sub-target is a reduction to 15.0 per cent by 2020 (Mpumalanga Economic Growth and Development Path). If 1.05 million jobs are to be created up to 2030, the unemployment rate should, in all probability, drop to 6 per cent as is

¹ The International Labour Organization defines youth as individuals between the ages of 15 to 24 years, with 15 being the minimum school-leaving age and legal employment age. It is important to note, however, that Statistics South Africa utilizes a broader definition, covering individuals between the ages of 15 and 34 years.

displayed in Figure 1.13. If jobs, however, are to be created in a similar fashion than over the past 6 years, the unemployment rate should in all be higher than the current rate by 2030.

Figure 1.12: Unemployed by gender and age group (15-64 years), 2016-2017

Source: Statistics South Africa – QLFS, 2018

Figure 1.13: Mpumalanga's unemployment rate target, 2011-2030

Source: Statistics South Africa – QLFS, 2018 & calculations based thereon

Duration of unemployment

The incidence of long-term unemployment (1 year and longer) in Mpumalanga remained unchanged between the fourth quarter 2016 and the fourth quarter 2017. The share of the

unemployed in Mpumalanga that indicated they were unemployed in excess of 12 months, remained at 62.7 per cent (Table 1.7).

Table 1.7: Duration of unemployment in Mpumalanga, 2016-2017

Duration	Q4 2016			Q4 2017		
	Males	Females	Share of unemployed	Males	Females	Share of unemployed
1 year and longer	149 949	185 070	64.7%	138 150	189 304	64.7%
Less than 1 year	99 282	83 742	35.3%	100 654	77 695	35.3%
Total	249 231	268 812	100.0%	238 804	266 998	100.0%

Source: Statistics South Africa – QLFS, 2018

The incidence of long-term unemployment was highest among females in both 2016 and 2017. It is also significant that only the number of females in long-term unemployment increased over the last twelve months. The number of males in short-term unemployment, however, increased, whereas the number of females in short-term unemployment decreased. In the fourth quarter 2017, the youth cohort contributed 70.2 per cent to the number of unemployed that has been struggling to secure employment for more than 12 months.

Expanded definition of unemployment

The expanded unemployment rate takes into account everybody who was available for work even if they did not search for work. In essence, it includes all persons who are unemployed according to the official definition plus part of the inactive population (according to official definition) who indicated that they were available, regardless of the reason they gave for not looking for work.

Figure 1.14 shows that South Africa's expanded unemployment rate was recorded at 35.6 per cent at the end of the fourth quarter 2016 and increased/deteriorated to 36.3 per cent at the end of the fourth quarter 2017. Mpumalanga's expanded unemployment rate was 39.7 per cent at the end of the fourth quarter 2017, 2.4 percentage points lower than a year earlier. It was higher than the national average and the fifth highest expanded unemployment rate among the nine provinces. It is notable how much higher the respective expanded unemployment rates of KwaZulu-Natal (41.0 per cent) and Limpopo (36.8 per cent) are than its strict unemployment rate as depicted in Figure 1.11.

Discouraged work seekers

Statistics South Africa defines a discouraged work-seeker as a person, who was not employed during the reference period, wanted to work, was available to work or start a business but did not take active steps to find work during the four week that preceded the reference period.

South Africa had approximately 2.54 million discouraged workers by the end of the fourth quarter 2017. This represents an increase of more or less 246 000 over the end of the fourth quarter 2016. Figure 1.15 indicates that Mpumalanga's share was 235 828 or some 9.3 per cent of South Africa's discouraged work seekers at the end of the fourth quarter 2017, down from a 9.9 per cent share a year earlier. The number of discouraged work seekers in Mpumalanga increased by 7 738 from the end of the fourth quarter 2016 to the end of the fourth quarter 2017. When compared with other provinces, Mpumalanga registered the fourth lowest share of discouraged workers nationally.

Figure 1.14: Expanded rate of unemployment in South Africa and provinces, 2016-2017

Source: Statistics South Africa – QLFS, 2018

Figure 1.15: Provincial contribution to number of discouraged work seekers nationally, 2016-2017

Source: Statistics South Africa – QLFS, 2018

It is evident from Figure 1.16 that Mpumalanga's discouraged work seekers as a percentage of the provincial working age population (15-64 years) increased marginally between the fourth quarter 2016 and the end of the fourth quarter 2017. The discouraged work seekers' share of working age population in Mpumalanga (8.2 per cent) was also larger than the national share (6.8 per cent) at the end of the fourth quarter 2017. Discouraged work

seekers in four provinces constituted a larger share of the working age population than in Mpumalanga at the end of the fourth quarter 2017.

Figure 1.16: Comparison of discouraged work seekers as a ratio of regional working age population (15-64 years), 2016-2017

Source: Statistics South Africa – QLFS, 2018

1.3. EDUCATION PROFILE

Level of education

When the highest level of schooling in 2016 is compared with figures of 2011, it is evident that the situation regarding the level of education in Mpumalanga improved over the 5-year period in general. For example, in 2016, 11.3 per cent of the people 20 years and older have not received any schooling compared to 14.0 per cent in 2011 (Figure 1.17). The percentage of the population that obtained a matric increased from 29.4 per cent in 2011 to 34.0 per cent in 2016. The share of the population that obtained a post-school qualification was the only significant deterioration with a decline from 9.1 per cent in 2011 to 8.1 per cent in 2016.

Despite an improvement between 2011 and 2016 it is evident from Figure 1.18, that Mpumalanga (11.3 per cent) registered the second highest (worst) share of people 20 years and older with no schooling. It was 4.2 percentage points higher/worse than the national share of 7.1 per cent in 2016. Mpumalanga (34.0 per cent), however, recorded the third highest/best share of people 20 years and older with matric among the nine provinces, which was also higher than the national share of 33.0 per cent.

Adult literacy

Literacy rates are used as a key social indicator of development by government and international development agencies. Although a simple definition of literacy is the ability to read and write, its simplicity is confounded by questions such as: “Read and write what, how well and to what purpose?” Because it is so difficult to measure literacy, Statistics South Africa has historically measured adult literacy rates based on an individual completing at least Grade 7. Since a specific educational achievement is, however, not necessarily a good reflection of an individual’s literacy ability, a question that directly measures literacy was

introduced in 2009. The question requires respondents to indicate whether they have 'no difficulty', 'some difficulty', 'a lot of difficulty' or are 'unable to' read newspapers, magazines and books in at least one language; or write a letter in at least one language.

Figure 1.17: Highest level of education (age 20+) in Mpumalanga, 2011-2016

Sources: *Statistics South Africa – Census 2011*
Statistics South Africa – CS 2016

Figure 1.18: Selected education levels (age 20+) in South Africa & provinces, 2016

Source: *Statistics South Africa – CS 2016*

The regional picture, presented in Figure 1.19, reflects the literacy rates in South Africa and the provinces, of adults aged 20 and above. In 2014, the literacy rate in Mpumalanga was 89.2 per cent and it improved to 91.7 per cent by 2016. Mpumalanga's adult literacy rate was lower than the national rate of 94.4 per cent in 2016 and the fourth lowest among the provinces. In 2016, Gauteng registered the highest adult literacy rate of 98.1 per cent and Northern Cape the lowest at 89.8 per cent.

Figure 1.19: Adult literacy rate (age 20+) in South Africa's provinces, 2011-2016

Source: Statistics South Africa – General Household Survey (GHS) 2017

Grade 12 results

The NDP is very clear that the throughput¹ rate should be between 80 and 90 per cent by 2030 and that at least 80 per cent of them should successfully pass the exit exams. When Mpumalanga's throughput rate for 2017 is calculated, it is evident that only 55.5 per cent of the 2006 grade ones wrote grade 12 examinations in 2017.

Table 1.8 compares the grade 12 pass rates among the various provinces from 2012 to 2017. The national pass rate of matriculants increased from 72.5 per cent in 2016 to 75.1 per cent in 2017. Mpumalanga's Grade 12 pass rate, however, declined from 77.1 per cent in 2016 to 74.8 per cent in 2017. This was the third consecutive annual decrease and the first year since 2013 that Mpumalanga's pass rate was lower than the national grade 12 pass rate. Mpumalanga was the province with the fourth lowest pass rate in 2017. Free State (86.1 per cent) recorded the highest Grade 12 pass rate in 2017 and Eastern Cape (65.0 per cent) the lowest.

Table 1.8: Comparative grade 12 pass rate for South Africa and provinces, 2012-2017

Province	2012	2013	2014	2015	2016	2017

¹ Learners writing Grade 12 examinations within 12 years of starting school in Grade 1.

A comparison of Grade 12 pass rates among the four education districts from 2012 to 2017 is presented in Table 1.9. Gert Sibande and Bohlabela both recorded an improvement between 2016 and 2017, whereas the other two districts' pass rate declined. Ehlanzeni (76.8 per cent) registered the highest Grade 12 pass rate in 2017 and Bohlabela (72.4 per cent) the lowest. The two highest pass rates among the local municipal areas were recorded in Thaba Chweu (87.5 per cent) and Victor Khanye (82.5 per cent) with the lowest registered in Dr Pixley Ka Isaka Seme (65.1 per cent). In 2017, Dipaleseng, Thembisile Hani, Dr JS Moroka and Dr Pixley Ka Isaka Seme were the only four municipal areas with a pass rate below 70 per cent.

Table 1.9: Comparative grade 12 pass rate for education districts in Mpumalanga, 2012-2017

Education ratios

According to the Department of Basic Education's Education Realities report of 2016, there were 1 074 352 learners in ordinary public and independent schools in Mpumalanga, who attended 1 847 schools and were served by 34 404 educators. The learner-educator ratio (LER) in public schools of Mpumalanga increased from 30.8 learners per educator in 2014 to 31.8 in 2016 (Table 1.10). This was slightly lower (better) than the national level of 32.5 learners per educator. The learner-school ratio (LSR) in public schools of Mpumalanga was higher than the national figure of 521 in 2016 and increased from 587 learners per school in 2014 to 607 in 2016. According to the educator-school ratio (ESR), the number of educators per public school remained unchanged between 2014 and 2016 at 19. The aforesaid ratio was higher than the national level for 2016 of 16 educators per public school.

School nutrition programme

According to the GHS 2016, 86.1 per cent of children attending public schools in Mpumalanga benefitted from the school nutrition programme in 2016. This was higher than the national average (77.1 per cent) and Mpumalanga ranked third highest among the nine provinces.

Early Childhood Development

One of the most important educational priorities is to reach children of the age group 0–4 years with the intention of having universal access to Early Childhood Development (ECD) services by 2030. According to the GHS 2016, 33.3 per cent of the provincial population aged 0-4 years attended an ECD centre, which was higher than the 2015 figure of 26.1 per cent, but lower than the national level of 35.7 per cent in 2016.

¹ The Bohlabela education district includes schools in Bushbuckridge and Thaba Chweu

² The Ehlanzeni education district includes schools in Mbombela, Umjindi and Nkomazi

1.4. HEALTH AND SOCIAL SERVICES

The immunisation coverage (<1 year) in Mpumalanga of 87.2 per cent was equal to the national level and the third highest/best in 2015. Mpumalanga's 2015 measles 2nd dose coverage was the third lowest/worst in the country at 78.7 per cent. The TB cure rate of 79.8 per cent in 2014 was better than the national average and the second highest/best in the country. Mpumalanga's maternal mortality rate of 125.3 was higher/worse than the national rate of 120.2 and the fifth highest/lowest among the provinces. In 2015, the province's stillbirth rate was recorded at 21.8 per 1 000 births, which was equal to the national rate. The inpatient early neonatal² death rate in facility of 9.3 per 1 000 live births was lower/better than the national rate and the second lowest among the provinces. Figure 1.20 compares some of Mpumalanga's health indicators with the national average level.

¹ State paid and School Governing Body paid educators

² This rate measures the number of deaths of live born babies that occur within 7 completed days after birth per 1 000 live births. It includes only neonatal deaths when the foetus is of 26 or more weeks' gestational age and/or weighs 500g or more.

1.5. HOUSEHOLD SERVICES

According to Figure 1.21, the same share of households in Mpumalanga occupied informal dwellings (10.9 per cent) in 2016 than did so in 2011. Fewer households had no access to toilets (4.0 per cent) in 2016 than 5 years earlier. The proportion of Mpumalanga's households with access to piped water¹ (88.1 per cent) and connected to electricity² (90.7 per cent) was higher in 2016 than in 2011. Households with weekly municipal refuse removal (39.4 per cent) declined between 2011 and 2016.

Figure 1.21: Access to household services in Mpumalanga, 2001-2016

**Sources: Statistics South Africa – Census 2011
Statistics South Africa – CS 2016**

It is clear from Table 1.11 that 147 969 households in Mpumalanga still lacked access to piped water in any form and 135 039 households were still in informal dwellings. The number of households that were not connected to electricity numbered 103 933, whereas 49 218 households still had no access to toilets. Furthermore in 2016, 449 451 households in Mpumalanga did not have access to a hygienic toilet³ and 750 912 households indicated that it does not benefit from weekly refuse removal.

The percentage of households in Mpumalanga without toilets and still using bucket toilets improved to 4.0 per cent in 2016 and was slightly lower than the national level of 4.7 per cent (Figure 1.22). The percentage of households without hygienic toilets improved from 42.8 per cent to 36.3 per cent. Figure 1.22 further reveals that Mpumalanga had the second lowest (best) share of households without access to toilets or still using bucket toilets, but also the second highest (worse) share of households with unhygienic toilets.

¹ The CS 2016 question on piped water was not phrased in the same way as in Census 2011; therefore, the results are not completely comparable.

² The CS 2016 groupings for electricity were different than for Census 2011; therefore, the results are not completely comparable.

³ Hygienic toilets refers to flush toilets, chemical toilets or pit latrines with ventilation pipes (VIP).

Table 1.11: Household services backlog number in Mpumalanga, 2016

Household service	Backlog number
No toilet or bucket system (whether emptied by municipality or household)	49 218
Unhygienic toilets	449 451
Other sources of water for drinking	147 969
No electricity connection	103 933
Informal dwellings	135 039
No weekly refuse removal	750 912

Sources: Statistics South Africa – CS 2016

Figure 1.22: Selected household service levels in South Africa & provinces, 2016

Source: Statistics South Africa – CS 2016

In 2016, the percentage of households connected to piped water recorded a relatively moderate level of delivery in Mpumalanga at 88.1 per cent (Figure 1.23). This was the fifth lowest/highest among the nine provinces and lower than the national level of 89.9 per cent. The percentage of households connected to electricity was recorded at 90.7 per cent in 2016. A larger share of households in Mpumalanga had access to electricity for lighting in 2016, than five other provinces and South Africa.

A relatively small percentage of households in Mpumalanga (10.9 per cent) occupied informal dwellings in 2016, compared to the national figure of 13.0 per cent. Mpumalanga ranked fourth lowest (best) among the nine provinces (Figure 1.24). The percentage of households that did not benefit from weekly refuse removal was recorded at 60.6 per cent in 2016. This was the second highest (worse) share among the nine provinces.

Household services index

The access to household services index is a household adjusted, access to services-weighted index, which measures a region's overall access to services. The index ranges from 0 to 1, where 0 implies that no household in the region has access to any household service surveyed, and 1 implying that every household in the region has access to all the household services surveyed.

Figure 1.23: Selected household service levels in South Africa & provinces, 2016

Source: Statistics South Africa – CS 2016

Figure 1.24: Selected household service levels in South Africa & provinces, 2016

Source: Statistics South Africa – CS 2016

In 2016, the highest index value of access to household services was recorded in Govan Mbeki and the lowest in Chief Albert Luthuli. Between 2011 and 2016, Mkhondo recorded the largest improvement in the household services index value and Emalahleni as well as Steve Tshwete the largest deterioration. Figure 1.25 compares the household services index values of 2011 with that of 2016 for Mpumalanga's local municipal areas.

Figure 1.25: Household services index in Mpumalanga's local municipal areas, 2011 & 2016

Statistics South Africa – CS 2016

1.6. DEVELOPMENT AND INCOME ASPECTS

1.6.1 Human development index

The Human development index (HDI) is a composite, relative index that attempts to quantify the extent of human development of a community. It is based on measures of life expectancy, literacy and income. According to the United Nations, the HDI is considered high when it is 0.8 and higher, medium when it ranges between 0.5 to 0.8 and an index value of 0.5 and lower, will be considered as a low rating.

Figure 1.26: HDI levels for South Africa & provinces, 1996-2016

Source: *IHS Markit – Regional eXplorer (ReX), October 2017*

It is clear from the depiction in Figure 1.26 that only Western Cape and Northern Cape registered an improvement in HDI between 1996 and 2006. Therefore, it can be argued that

HDI improvement essentially took place over the last ten years of the 20-year period. Mpumalanga's HDI level improved over the 20-year period from 0.49 in 1996 to 0.60 in 2016. Despite improving between 1996 and 2016, it was still lower than the national level of 0.65 in 2016. Mpumalanga recorded the third lowest HDI level among the nine provinces in 2016 with Western Cape (0.73) the highest. Between the three districts in the province, Nkangala recorded the highest HDI level of 0.62 in 2016 and Ehlanzeni the lowest at 0.59 (Table 1.12).

Table 1.12: HDI levels for South Africa, Mpumalanga & districts, 1996-2016

Region	1996	2001	2006	2011	2016
South Africa	0.56	0.53	0.55	0.61	0.65
Mpumalanga	0.49	0.45	0.48	0.55	0.60
Gert Sibande	0.49	0.45	0.49	0.56	0.61
Nkangala	0.52	0.48	0.50	0.57	0.62
Ehlanzeni	0.46	0.42	0.46	0.53	0.59

Source: IHS Markit – ReX, October 2017

When the HDI levels of the various population groups in Mpumalanga are analysed, it is evident that the White population recorded the highest HDI level of 0.88 in 2016. Asians and Coloureds followed with HDI levels of 0.78 and 0.68, respectively. The Black African population registered the lowest HDI level of 0.57 (Table 1.13), however, the largest HDI improvement over the 20-year period was registered in this population group.

Table 1.13: HDI level by population group in Mpumalanga, 1996-2016

Population group	1996	2001	2006	2011	2016
Black African	0.43	0.39	0.42	0.51	0.57
White	0.84	0.84	0.86	0.86	0.88
Coloured	0.57	0.61	0.64	0.67	0.68
Asian	0.74	0.76	0.78	0.75	0.78
Total	0.49	0.45	0.48	0.55	0.60

Source: IHS Markit – ReX, October 2017

1.6.2 Income inequality

Gini-coefficient

The Gini-coefficient is one of the most commonly used measures of income inequality. The Gini-coefficient is derived from the Lorenz curve, which is a graphical depiction of income distribution. The Lorenz curve is a graphical presentation of the relationship between the cumulative percentage of income and the cumulative percentage of population. The coefficient varies from 0 (in the case of perfect equality where all households earn equal income) to 1 (in the case where one household earns all the income).

South Africa has one of the highest imbalanced income distributions in the world. The national Gini-coefficient was calculated to be 0.63 in 2016 (Table 1.14). Despite improving (declining) from a level of 0.66 in 2001, the most recent national level still reflects a more unequal income distribution than was the case in 1996.

Table 1.14: Gini-coefficient for South Africa, Mpumalanga & districts, 1996-2016

Region	1996	2001	2006	2011	2016
South Africa	0.61	0.66	0.65	0.63	0.63
Mpumalanga	0.59	0.64	0.63	0.61	0.60
Gert Sibande	0.59	0.64	0.64	0.62	0.60
Nkangala	0.58	0.63	0.62	0.60	0.59
Ehlanzeni	0.58	0.63	0.62	0.61	0.62

Source: IHS Markit – ReX, October 2017

The provincial income distribution followed the national trend and was still more unequal in 2016 than in 1996, however, in 2016 (0.60) it was lower/better than the 2001 level of 0.64. Among the provinces, Mpumalanga (0.60) registered the fourth lowest level of income inequality in 2016, with Northern Cape on 0.59, the lowest inequality and Gauteng (0.63) the most unequal. In 2016, Ehlanzeni registered the highest Gini-coefficient of 0.62 among the three districts.

Share of income

The NDP targets that the poorest 40 per cent of households in South Africa must earn at least 10 per cent of total income by 2030. In practise, one is able to calculate that the poorest 40 per cent of households in Mpumalanga earned 7.8 per cent of income in 2016 (Table 1.15). This was higher/better than the national figure of 6.7 per cent for 2016, but lower than the 7.9 per cent share achieved in 2011. Among the provinces, Mpumalanga registered the sixth highest/fourth lowest share behind Limpopo (9.0 per cent) in first place. In 2016, Ehlanzeni and Nkangala, jointly, registered the highest share of income by the poorest 40 per cent in Mpumalanga (8.0 per cent), whereas the poorest 40 per cent in Gert Sibande recorded a share of 7.7 per cent.

Table 1.15: Share of income earned by poorest 40% in South Africa, Mpumalanga & districts, 1996-2016

Region	1996	2001	2006	2011	2016
South Africa	7.8%	5.8%	6.3%	6.7%	6.7%
Mpumalanga	9.1%	7.2%	7.3%	7.9%	7.8%
Gert Sibande	8.9%	6.9%	6.8%	7.5%	7.7%
Nkangala	8.6%	6.8%	7.0%	7.7%	8.0%
Ehlanzeni	9.7%	7.7%	7.9%	8.6%	8.0%

Source: IHS Markit – ReX, October 2017

Palma ratio

The Palma ratio is a recently developed measure of inequality that can also assist in measuring the effectiveness of poverty reduction strategies. The ratio compares the top 10 per cent of population's share of gross income with the poorest 40 per cent of the population's share of income. Internationally, a Palma ratio of more than 3 would place a region in the most unequal quartile and a Palma of less than 1.5 in the least unequal quartile.

Table 1.16 displays the Palma ratio for South Africa, Mpumalanga and the districts over the period 1996 to 2016. South Africa's high Palma ratio of 7.33 in 2016 is comparable to the 7.05 calculated by Cobham and Sumner (2013) using World Bank indicators of 2010. The interpretation of South Africa's high Palma reveals that for every R1 of total income that the poorest 40 per cent received, the richest 10 per cent received R7.33. Unequal as it is, the ratio has declined from a high of 9.26 in 2001 to the most recent level, suggesting that income inequality reduction strategies are bearing fruit.

Mpumalanga's Palma ratio of 6.14 in 2016 was lower/better than the national total, however, it was still unacceptably high according to international standards. Mpumalanga's ratio was the third lowest among the provinces with the lowest/best ratio in Limpopo (5.48) and the highest in Gauteng (8.38). Mpumalanga's 2016 ratio is still higher than the 1996 ratio, although it is considerably lower than the 2001 level. Ehlanzeni's Palma ratio of 6.27 was the highest among the three districts and even increased/deteriorated between 2011 and 2016.

Table 1.16: Palma ratio in South Africa, Mpumalanga & districts, 1996-2016

Region	1996	2001	2006	2011	2016
South Africa	6.12	9.26	8.23	7.61	7.33
Mpumalanga	5.23	7.40	7.12	6.18	6.14
Gert Sibande	5.31	7.79	7.69	6.46	6.12
Nkangala	5.19	7.35	7.15	6.10	5.63
Ehlanzeni	5.00	7.02	6.63	5.87	6.27

Source: IHS Markit – ReX, October 2017

1.6.3 Poverty aspects

Poverty lines

In 2012, Statistics South Africa published a set of three national poverty lines based on expenditure data collected. The three lines were described as the food poverty line (FPL¹), lower-bound poverty line (LBPL²) and upper-bound poverty line (UBPL³). The NDP refers to the LBPL when it states that the proportion of citizens in poverty must reduce from 39 per cent to zero by 2030.

It is evident from Table 1.17 that the share of South Africa's population below the LBPL declined from 51.0 per cent in 2006 to 40.0 per cent in 2015. Mpumalanga's population share below the LBPL improved from 60.2 per cent in 2006 to 42.6 per cent in 2015. Mpumalanga's share was higher than the national figure and the fifth lowest/highest among the nine provinces with Eastern Cape (59.1 per cent) registering the highest share and Gauteng (19.0 per cent) the lowest. The population share below the LBPL in Mpumalanga decreased by 17.6 percentage points between 2006 and 2015, which was the largest decline among the nine provinces. With the exception of Mpumalanga, all provinces recorded an increase in the population share below the LBPL between 2011 and 2015.

Table 1.17: Share of population below the LBPL in South Africa & provinces, 2006-2015

Region	% of population			
	2006	2009	2011	2015
Western Cape	29.7%	26.7%	17.0%	21.3%
Eastern Cape	64.3%	63.8%	51.8%	59.1%
Northern Cape	57.9%	53.6%	39.1%	40.7%
Free State	46.0%	51.7%	33.6%	36.2%
KwaZulu-Natal	63.7%	57.8%	48.0%	52.4%
North West	53.9%	51.8%	41.9%	46.9%
Gauteng	26.1%	23.3%	16.3%	19.0%
Mpumalanga	60.2%	58.4%	46.1%	42.6%
Limpopo	67.1%	71.5%	52.7%	57.0%
South Africa	51.0%	47.6%	36.4%	40.0%

Source: Statistics South Africa – Poverty Trends in South Africa 2006-2015, 2017

The share of South Africa's population below the UBPL declined from 66.6 per cent in 2006 to 55.5 per cent in 2015 (Table 1.18). Mpumalanga's population share below the UBPL improved from 75.0 per cent in 2006 to 59.3 per cent in 2015, which was also the largest decline among the nine provinces. Mpumalanga's share was higher than the national figure

¹ The level of consumption below which individuals are unable to purchase sufficient food to provide them with an adequate diet and amounted to R441 per capita per month in 2015.

² Includes expenditure on non-food items, but requires that individuals sacrifice food in order to obtain it and amounted to R647 per capita per month in 2015.

³ Includes expenditure on adequate food and non-food items and amounted to R992 per capita per month in 2015.

and the fifth lowest/highest among the nine provinces with Eastern Cape (72.9 per cent) registering the highest share and Gauteng (33.3 per cent) the lowest. As with the LBPL, Mpumalanga was the only province to record a decline in the population share below the UBPL between 2011 and 2015.

Table 1.18: Share of population below the UBPL in South Africa & provinces, 2006-2015

Region	% of population			
	2006	2009	2011	2015
Western Cape	50.2%	41.3%	33.7%	37.1%
Eastern Cape	76.6%	77.4%	69.0%	72.9%
Northern Cape	74.5%	69.2%	58.2%	59.0%
Free State	62.0%	68.1%	52.4%	54.9%
KwaZulu-Natal	76.8%	72.2%	65.4%	68.1%
North West	69.1%	68.3%	59.9%	64.3%
Gauteng	44.5%	38.6%	30.6%	33.3%
Mpumalanga	75.0%	72.8%	63.8%	59.3%
Limpopo	82.4%	82.3%	70.1%	72.4%
South Africa	66.6%	62.1%	53.2%	55.5%

Source: Statistics South Africa – Poverty Trends in South Africa 2006-2015, 2017

It is evident from Table 1.19 that the share of South Africa's population below the FPL declined from 28.4 per cent in 2006 to 25.2 per cent in 2015. Mpumalanga's population share below the FPL improved from 34.8 per cent in 2006 to 26.4 per cent in 2015. Mpumalanga's share was marginally higher than the national figure and the fifth lowest/highest among the nine provinces with Eastern Cape (41.4 per cent) registering the highest share and Gauteng (9.2 per cent) the lowest. The population share below the FPL in Mpumalanga decreased by 8.4 percentage points between 2006 and 2015, which was the second largest decline among the nine provinces. Mpumalanga, as well as the other provinces recorded an increase in the population share below the FPL between 2001 and 2015.

Table 1.19: Share of population below the FPL in South Africa & provinces, 2006-2015

Region	% of population			
	2006	2009	2011	2015
Western Cape	11.6%	14.0%	6.9%	10.0%
Eastern Cape	37.5%	48.2%	31.5%	41.4%
Northern Cape	33.3%	35.9%	21.3%	24.2%
Free State	20.7%	32.8%	19.7%	21.1%
KwaZulu-Natal	40.4%	43.6%	30.6%	34.3%
North West	29.2%	34.5%	25.2%	28.7%
Gauteng	8.7%	13.3%	7.8%	9.2%
Mpumalanga	34.8%	42.0%	25.1%	26.4%

South Africa	28.4%	33.5%	21.4%	25.2%

Source: Statistics South Africa – Poverty Trends in South Africa 2006-2015, 2017

Multidimensional poverty

Poverty is often defined by income or expenditure. While this provides a very useful way of measuring absolute poverty, it does not fully capture all the aspects that constitute poverty. Multidimensional poverty constitutes several factors that amount to the poor's experience of deprivation such as poor health, lack of education, inadequate living standards, lack of income and lack of decent work.

The South African Multidimensional Poverty Index (SAMPI), published by Statistics South Africa provides multidimensional poverty data at provincial and municipal levels. It was not intended to replace the poverty headcount using the poverty lines that were developed and should rather be seen as a complementary measure to these money-metric measures. It is an index that is constructed using eleven indicators across four dimensions, namely health, education, living standards and economic activity. The poverty headcount shows the proportion of households that are considered to be multidimensionally poor. The intensity of poverty is the average proportion of indicators in which poor households are deprived.

In 2011, the poverty headcount showed that 7.9 per cent of households in Mpumalanga were multidimensionally poor, with the average intensity at 41.8 per cent amongst the poor households (Table 1.20). By 2016, the fraction of poor households decreased/improved to 7.8 per cent and the average intensity was higher/worse at 42.7 per cent. Mpumalanga's 2016 poverty headcount was the sixth lowest/fourth highest and higher than the national headcount. Mpumalanga's intensity of poverty was the seventh lowest/third highest but lower than the national indicator.

Table 1.20: Multidimensional poverty in South Africa & provinces, 2011-2016

Province	Census 2011		CS 2016	
	Headcount	Intensity	Headcount	Intensity
Western Cape	3.6%	42.6%	2.7%	40.1%
Eastern Cape	14.4%	41.9%	12.7%	43.3%
Northern Cape	7.1%	42.1%	6.6%	42.0%
Free State	5.5%	42.2%	5.5%	41.7%
KwaZulu-Natal	10.9%	42.0%	7.7%	42.5%
North West	9.2%	42.0%	8.8%	42.5%
Gauteng	4.8%	43.8%	4.6%	44.1%
Mpumalanga	7.9%	41.8%	7.8%	42.7%
Limpopo	10.1%	41.6%	11.5%	42.3%
South Africa	8.0%	42.3%	7.0%	42.8%

Source: Statistics South Africa – CS 2016

1.6.4 Ownership of household goods

Figure 1.27 compares the ownership levels of certain household goods in Mpumalanga between 2011 and 2016. It is evident that more households in Mpumalanga owned the specific assets in 2016 than in 2011. The ownership of refrigerators (8.5 percentage point increase) increased the most between 2011 and 2016, followed by televisions (7.8 percentage point increase).

Ownership of household goods index

The ownership of household goods index is a household adjusted, ownership of goods-weighted index, which measures a region's overall ownership of certain household goods. The index ranges from 0 to 1, where 0 implies that no household in the region owns any of the household goods surveyed, and 1 implying that every household in the region owns all the household goods surveyed.

In 2016, the highest ownership of household goods index value was recorded in Mbombela and the lowest in Mkhondo. Between 2011 and 2016, Nkomazi recorded the largest improvement in the household goods index and Emalahleni the largest decline. Figure 1.28 compares the household goods index values of 2011 with that of 2016 for Mpumalanga's local municipal areas.

Figure 1.27: Percentage of households owning various goods in Mpumalanga, 2011-2016

1.6.5 Income and expenditure aspects

Household income

According to the Living Conditions of Households 2014/15, the average annual household income for all households in South Africa increased from R103 204 per annum in 2011 (Census 2011) to R138 168 per annum (R11 514 per month) in 2014/15. Average

household income in Mpumalanga increased from R77 609 per annum in 2011 to R107 561 per annum (R8 963 per month) in 2014/15 (Figure 1.29).

Figure 1.29: Average annual household income by province, 2011-2014/15

Sources: *Statistics South Africa – Census 2011*

Statistics South Africa – Living Conditions of Households 2014/15

Mpumalanga's average household income was the fifth highest in 2011 and the third highest in 2014/15. In 2014/15, the average household income of Western Cape households (R222 959 per annum) was the highest and that of Limpopo households (R79 152 per annum) the lowest.

Expenditure categories

Table 1.22: Household expenditure in South Africa & Mpumalanga, 2016

Expenditure category	Mpumalanga		South Africa	
	% of total	Cumulative %	% of total	Cumulative %
R0	0.1%	0.1%	0.2%	0.2%
R1-R199	0.4%	0.5%	0.3%	0.5%
R200-R399	1.0%	1.5%	1.2%	1.8%
R400-R799	5.8%	7.3%	5.2%	6.9%
R800-R1 199	11.3%	18.6%	8.5%	15.4%
R1 200-R1 799	15.9%	34.6%	13.1%	28.5%
R1 800-R2 499	20.6%	55.2%	14.8%	43.3%
R2 500-R4 999	20.3%	75.5%	21.9%	65.2%

Source: *Statistics South Africa – GHS 2016*

In the *GHS 2016*, respondents indicated what expenditure category best describes the monthly household expenditure in 2016. The results of this question for South Africa and Mpumalanga is summarised in Table 1.22. It is evident that the major share of households in Mpumalanga (55.2 per cent) indicated expenditure of less than R2 500 per month. The major share of households in South Africa (65.2 per cent) indicated expenditure of less than

R5 000 per month. Some 17.0 per cent of households in South Africa indicated expenditure of more than R10 000 per month compared with 10.8 per cent of households in Mpumalanga.

Household income sources

The majority of households in South Africa are dependent on incomes from salaries. Nationally, 65.4 per cent of households received an income from salaries in 2016. In Mpumalanga 61.6 per cent of households received an income from salaries. In 2016, 45.7 per cent and 50.9 per cent of households in South Africa and Mpumalanga obtained income from grants, respectively. Some 59.1 per cent of households in Eastern Cape received income from grants, whilst only 31.7 per cent of households in Gauteng received income from grants. Comparative figures of household income sources are presented in Figure 1.30.

Figure 1.30: Comparative sources of income¹ in South Africa and provinces, 2016

Source: Statistics South Africa – GHS 2016

As part of GHS 2016, households were asked to indicate their main source of income. As a result, salaries were indicated to be the main source for 57.9 per cent of households nationally, whereas grants were the main source for 21.3 per cent of households (Figure 1.31). In Mpumalanga, salaries were also the main source for the majority (54.3 per cent) of households with grants the main source for 21.8 per cent of households in the province.

Social assistance grants

Together with providing income security to certain income insecure groups, the payments of grants made a positive impact on poverty and income inequality in Mpumalanga. Grants assisted to reduce poverty and redistribute income in Mpumalanga and its sub regions through the provision of income security. According to the South African Social Security Agency (SASSA), the number of South Africans that received social assistance grants

¹ Households can have more than one source of income; therefore, shares do not add up to 100 per cent.

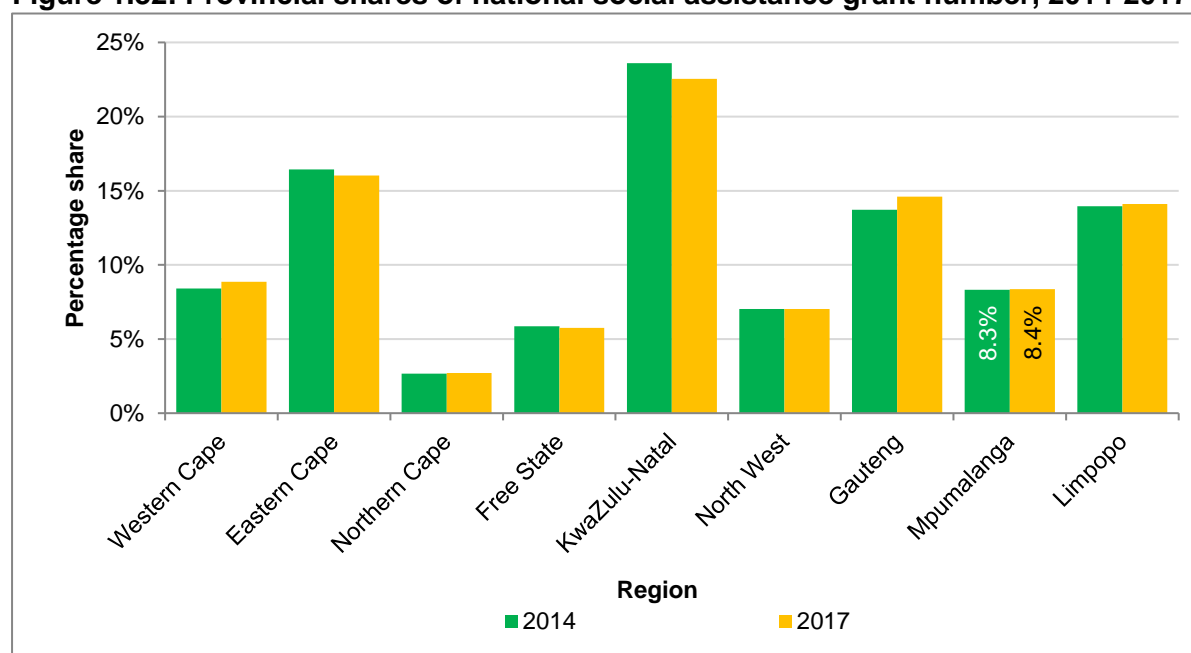

increased from 15.9 million in March 2014 to nearly 17.2 million by March 2017. In March 2014, 1.32 million citizens of Mpumalanga received social assistance grants. This was equal to an 8.3 per cent share of the total national grant recipients in 2014. By March 2017, the number of recipients in Mpumalanga increased to 1.44 million or 8.4 per cent of the total number of national grant recipients. Mpumalanga registered the sixth highest/fourth lowest number of social assistance recipients among the nine provinces (Figure 1.32). KwaZulu-Natal (3.9 million) registered the highest number of grant recipients by March 2017 and Northern Cape (465 908) the lowest.

Figure 1.31: Main sources of income in South Africa and provinces, 2016

Source: Statistics South Africa – GHS 2016

Figure 1.32: Provincial shares of national social assistance grant number, 2014-2017

Source: SASSA - SOCPEN system, 2017

Despite the positive impact of social assistance grants on income distribution and poverty, skills development and employment creation remain the most important factors to improve the livelihoods of people. Skills constraints push up the premium for skilled labour, inducing large differences between salaries of skilled and unskilled people and thus raising levels of inequality. Therefore, income inequality can most effectively be reduced by improving the labour force's skill levels and thus removing the premium for skilled labour. Poverty can also be reduced by building and developing capabilities of the workforce on a broad scale in order to increase employment creation through increased labour productivity and economic growth.

It is evident from Figure 1.33, that 74.2 per cent of Mpumalanga's total social assistance grants in March 2017 were child support grants, which was higher than the 71.6 per cent share in 2009. In actual numbers, child support grant beneficiaries increased from 735 648 in 2009 to 1 067 239 in 2017. Although the number of old age grant beneficiaries increased from 174 343 in 2009 to 241 271 in 2017, the share of the total number of grant beneficiaries decreased from 17.0 per cent in 2009 to 16.8 per cent in 2017. Disability grant recipients decreased marginally in number from 79 244 in 2009 to 76 921 in 2017 and recorded a smaller share in 2017 (5.3 per cent) of the total number of assistance grant beneficiaries than in 2009 (7.7 per cent).

1.7. ECONOMIC SECTORS AND PERFORMANCE

1.7.1 GDP growth

It is estimated that in 2015¹, Mpumalanga contributed some R305.0 billion in current prices or some 7.5 per cent to the GDP of South Africa. Converted to constant 2010 prices, Mpumalanga's contribution was R221.7 billion. According to estimates, Mpumalanga's

¹ The official, provincial GDP estimates for 2016 will only be published in March 2018.

contribution in constant 2010 prices was the joint fifth largest among the nine provinces. Mpumalanga's contribution decreased from 8.1 per cent in 1995 to 7.2 per cent in 2015. Gauteng (34.7 per cent) and KwaZulu-Natal (15.9 per cent) were the main contributors to the national economy in 2015.

At the start of the period under review, particularly 1996, 1997 and 1999, the economic growth of the province, as measured by growth in the GDP, was higher than the national rate. However, since then the provincial economy has outperformed the national economy in terms of GDP growth only in 2009 and 2014 (Figure 1.34). The average annual growth rate for the country and Mpumalanga over the period 1995 to 2015 was 3.0 per cent and 2.4 per cent, respectively. Mpumalanga recorded the joint fourth lowest annual average GDP growth rate in the 20-year period. The forecasted annual growth rates for South Africa and Mpumalanga are projected to remain low and average less than 2 per cent annually between 2016 and 2021.

Figure 1.34: GDP (constant 2010 prices) growth rates for South Africa and Mpumalanga, 1996-2021

Sources: *Statistics South Africa – GDP, 2017 (Historic growth)*
IHS Markit - ReX, October 2017 (Future growth)

The NDP targets average annual national GDP growth above 5 per cent up to 2030. The annual average growth rates for South Africa and Mpumalanga, from 2016 to 2021 are forecasted at 1.6 per cent and 1.5 per cent, respectively (Table 1.23). In such an event, Mpumalanga's growth will be the joint fifth highest among the nine provinces.

Because of the moderate economic growth experienced in South Africa over the last 20 years, the South African economy has not doubled in size over this period. From Figure 1.35 it is also evident that no provincial economy was by 2015, double its size of 1995. By 2015, the Western Cape economy, which grew the fastest between 1995 and 2015, was 191.6 per cent of its 1995 size. Mpumalanga's economy was 160.7 per cent of its 1995 size and registered the fourth lowest increase. For an economy to double in size over a 20-year period that economy needs to grow at an annual average growth rate of 3.5 per cent.

Table 1.23: Historic and forecasted GDP at market prices growth rates for South Africa and provinces, 1995-2021

Province	1995-2015	1995-2000	2000-2005	2005-2010	2010-2015	2016-2021
Western Cape	3.3%	2.6%	4.7%	3.4%	2.5%	1.5%
Eastern Cape	2.5%	2.2%	3.0%	3.0%	1.8%	1.5%
Northern Cape	2.1%	2.7%	1.6%	1.7%	2.3%	1.5%
Free State	1.8%	1.1%	2.5%	2.0%	1.7%	1.0%
KwaZulu-Natal	3.1%	2.4%	4.0%	3.5%	2.4%	1.6%
North West	1.6%	1.1%	2.8%	1.7%	0.9%	1.8%
Gauteng	3.3%	2.7%	4.2%	3.6%	2.6%	1.7%
Mpumalanga	2.4%	2.9%	2.8%	2.1%	1.8%	1.5%
Limpopo	2.7%	2.5%	4.1%	2.2%	1.8%	2.2%
South Africa	3.0%	2.4%	3.8%	3.1%	2.2%	1.6%

Economic Analysis Structural Model (Mpumalanga's estimated 2016 growth), 2017

IHS Markit – ReX, October 2017 (Future growth)

Estimated annual and quarterly GDP growth in Mpumalanga

Statistics SA compiles provincial estimates of GDP annually, which is then released together with the annual national estimates. The provincial GDP estimates for a particular year, however, are released one year later than the national estimates. For example, the 2015 provincial GDP estimates were only released when the national GDP estimates for 2016 was published. The provincial GDP estimates, that are already published a year later than national figures, are also not published on a quarterly basis. The release of quarterly national GDP results and statistics by Stats SA enables one to determine the national economic growth rate for that specific quarter. This provides an early indication on national economic growth for the full year as well as signalling which industries are contributing strongly to growth and which are lagging or faltering.

Figure 1.35: 2015 GDP (constant 2010 prices) expressed as a percentage of 1995 GDP values in South Africa & provinces, 2015

Source: Statistics South Africa – GDP, 2017

In light of these two challenges it is problematic to provide an early indication on provincial economic growth for a quarter and even a full year. Growing or struggling industries are only identified a year later when the growth cycle might have already changed. The possibility exist that ill-timed counter cyclical policy interventions can be administered with unsuccessful and even devastating effects. Therefore, to address the challenges, a structural model was adopted that allows one to estimate the GDP for Mpumalanga for years and quarters not yet published by Stats SA.

The quarter-on-quarter GDP growth in South Africa and Mpumalanga is displayed in Figure 1.36, which indicates that the real GDP (measured by production) of South Africa increased by 2.0 per cent in the third quarter of 2017, following an increase of 2.8 per cent in the second quarter 2017. Mpumalanga's GDP growth is estimated to have increased by 3.0 per cent¹ in the third quarter of 2017 after the 4.2 per cent increase estimated for the second quarter 2017. It is estimated that Mpumalanga, unlike the national economy, did not suffer a recession in 2016/17. The reason for it can largely be ascribed to the strong growth experienced in mining and agriculture and the extent of the two industries' contribution to the provincial economy compared to its national contribution.

Figure 1.36: Quarter-on-quarter GDP at market prices growth (constant 2010 prices) in South Africa & Mpumalanga, Q1 2016-Q3 2017

**Sources: Statistics South Africa – GDP, 2017
Economic Analysis Structural Model, 2017**

The annual growth for 2016 can now also be calculated based on the quarterly growth estimations. According to the structural model employed, Mpumalanga's real GDP growth for 2016, as calculated from the estimated quarterly figures, was -0.8 per cent²³. This was lower than the national growth rate of 0.3 per cent and the second consecutive negative annual economic growth number by the province.

¹ As these are only estimates based on a structural model of the Mpumalanga economy it will not be regarded as official, but only used to guide economic policy and interventions in the province.

GDP per capita

GDP per capita is often considered an indicator of a region's standard of living on the rationale that all citizens would benefit from the region's increased economic production. The Mpumalanga Vision 2030, states that the GDP per capita expressed in constant prices must increase from an estimated R51 100 in 2010 to R110 000 by 2030. In 2015, the provincial GDP per capita was equal to an estimated R51 750. Sustained annual average GDP growth above 5 per cent is necessary to achieve this target.

Fixed investment

Investment in infrastructure builds economic capacity and enhances competitiveness, while contributing to the quality of life of poor people. In 2016, the gross domestic fixed investment (GDFI) in Mpumalanga amounted to R56.5 billion which was equal to 9.2 per cent of total GDFI in South Africa (Figure 1.37). From 2010 to 2016, GDFI in South Africa grew on average by 2.4 per cent per annum and by 3.1 per cent annually in Mpumalanga.

According to the NDP, public infrastructure investment must be equal to 10 per cent of GDP by 2030. In 2016, expenditure by the Mpumalanga Provincial Government (MPG) on infrastructure was equal to approximately 1.6 per cent of provincial GDP. If the 2016 Municipal Infrastructure Grant (MIG) expenditure by municipalities is added to MPG infrastructure expenditure, then public expenditure on infrastructure was equal to 2.4 per cent. In order to reach the stated Vision 2030 goal of 10 per cent of GDP by 2030 in Mpumalanga, public expenditure on infrastructure in Mpumalanga has to increase by at least 11.7 per cent per annum up to 2030.

Figure 1.37: Comparison of GDFI (constant 2010 prices) in South Africa and Mpumalanga, 2010-2016

Source: Quantec, 2017

1.7.2 Inclusive growth

The overall Inclusive Growth Index¹ seeks to reflect the extent to which people living within a specific region can be considered included in the benefits of economic growth and national prosperity and the extent to which they are equipped with the skills that aid participation in the economy. An examination of the differences between regions is important in that it highlights geographical patterns in economic inclusion and prosperity.

In 2016, Gauteng and Western Cape recorded the highest overall inclusive growth scores of 9.84 and 8.74, respectively. Eastern Cape (1.74) and Limpopo (3.62), registered the lowest overall scores among the nine provinces. Mpumalanga's overall inclusive growth score of 4.75 was the fourth highest among the nine provinces (Figure 1.38). The economic inclusion theme made the largest contribution in eight provinces and only in Gauteng did the prosperity theme make the largest contribution.

In the individual prosperity and economic inclusion themes there were some differences in rankings compared with the overall score. For example, Northern Cape scored the fourth highest economic inclusion score and the third lowest prosperity score, but eventually ended fifth highest overall. Mpumalanga ranked fifth highest in the prosperity theme and sixth highest/fourth lowest in the economic inclusion theme.

Figure 1.38: Inclusive growth scores by province, 2016

Source: IHS Markit – ReX, October 2017 & own calculations

The normalised change scores provide a way of assessing overall change on the two themes based upon percentage change in the underlying indicators. Here an area with the lowest score has the least improvement or greatest deterioration on a given theme, whereas

¹ The Inclusive Growth Index was adapted from the Inclusive Growth (IG) Monitor developed by Manchester University in 2014. The Inclusive Growth Index uses existing statistics to construct an index of the extent to which people living within a given locality may be considered as economically included and benefiting from broader national prosperity. The index is divided into two themes (Economic inclusion and Prosperity) each having three underlying dimensions constituted by a set of two indicators. Each indicator is normalised giving a minimum score of zero for the lowest scoring area and a maximum of one for the highest scoring. This means that each dimension has a minimum score of zero and a maximum score of two, therefore each theme can have a minimum score of zero and maximum of six.

the area with the highest score has the biggest improvement or least deterioration. The change scores provide a way of summarising the performance of different regions in inclusive growth over the 5-year period between 2011 and 2016.

Figure 1.39: Inclusive growth change scores by province, 2011-2016

Source: IHS Markit – ReX, October 2017 & own calculations

When examining change in economic inclusion and prosperity together, the overall inclusive growth change scores show that between 2011 and 2016, Limpopo (8.95), Mpumalanga (7.00) and Eastern Cape (6.96) experienced the biggest improvement in their respective scores (Figure 1.39). When one considers the individual theme scores it is apparent that the majority of improvement in all nine provinces were due to improvement in the prosperity theme and not in the economic inclusion theme. Between 2011 and 2016, Limpopo (4.40) registered the highest improvement in economic inclusion and Western Cape (1.10) the lowest. Over the same period, Limpopo (4.55) also recorded the highest score change in the prosperity theme and Gauteng (1.87) the lowest.

1.7.3 Regional contribution

The economic industries are classified according to the International Standard Industrial Classification of all Economic Activities (ISIC). This classification system, employed by Statistics South Africa, groups together economic activities that are closely related. Statistical information is then collected and classified according to the categories of economic activities, which are as homogenous as possible.

Figure 1.40 depicts the contribution of each of the economic industries in Mpumalanga to the corresponding national industry in 1995 and in 2015. It is estimated that in 2015, the province was a substantial role-player in the national mining and utilities (mainly electricity supply) industries, with respective shares of 21.5 per cent and 15.3 per cent. It is noticeable that the contribution by the agriculture, mining, manufacturing and utilities industries increased between 1995 and 2015, whereas the other industries' contribution to the national figure remained either unchanged or declined.

Figure 1.40: Mpumalanga's contribution to South Africa's industries (constant 2010 prices), 1995-2015

Sources: Statistics South Africa – GDP, 2017

Table 1.24 exhibits the contribution by each of the three districts to the provincial industries in 1996 and 2016. Nkangala was the largest contributor to the provincial GVA with a share of 40.8 per cent in 1996 and 38.1 per cent in 2016. In 2016, the contribution by Gert Sibande was 27.7 per cent and that of Ehlanzeni 34.2 per cent. Nkangala made considerable contributions to the province's mining (63.6 per cent) and utilities (40.2 per cent) industries in 2016. In 2016, Gert Sibande was the main contributor to Mpumalanga's manufacturing (39.8 per cent), whilst Ehlanzeni played a major role in the province's tertiary/services industries.

Table 1.24: Regional contribution to Mpumalanga's industries (GVA at constant 2010 prices), 1996-2016

Industry	Gert Sibande		Nkangala		Ehlanzeni	
	1996	2016	1996	2016	1996	2016
Agriculture	37.0%	35.1%	23.7%	22.4%	39.3%	42.5%
Mining	40.7%	29.7%	52.5%	63.6%	6.8%	6.7%
Manufacturing	37.8%	39.8%	36.9%	32.6%	25.2%	27.6%
Utilities	23.6%	24.5%	55.0%	40.2%	21.3%	35.4%
Construction	24.0%	22.7%	34.8%	30.3%	41.2%	47.0%
Trade	26.7%	25.3%	31.4%	27.3%	41.9%	47.4%
Transport	29.1%	27.6%	34.3%	30.3%	36.6%	42.1%
Finance	18.6%	20.2%	37.4%	30.7%	43.9%	49.1%
Community services	23.4%	23.1%	30.9%	26.8%	45.7%	50.1%
Total	31.3%	27.7%	40.8%	38.1%	27.9%	34.2%

Source: IHS Markit – ReX, October 2017

Figure 1.41 depicts the percentage contribution by the seventeen local municipal areas to the provincial GVA in 2016. In 2016, City of Mbombela (23.2 per cent), Emalahleni (17.3 per cent), Govan Mbeki (13.8 per cent) and Steve Tshwete (13.7 per cent) contributed 68.0 per cent to the Mpumalanga economy. Dipaleseng (0.7 per cent) made the smallest contribution to the provincial economy.

Figure 1.41: Contribution to provincial GVA (constant 2010 prices) by local municipal area in Mpumalanga, 2016

Source: IHS Markit – ReX, October 2017

1.7.4 Sectoral contribution and performance

Contribution to the provincial economy

In 2015, the primary sector in Mpumalanga contributed 28.5 per cent, the secondary sector 21.9 per cent and the tertiary sector 49.5 per cent to the provincial GDP. Although the economy depended less on the primary sector in 2015 than in 1995 (36.1 per cent), it continued to stand in contrast to the national primary sector's small contribution of 10.4 per cent in 2015. Nationally, the secondary sector added 19.9 per cent and the tertiary sector 69.6 per cent in 2015. Figure 1.42 displays the share of each economic industry in the provincial economy in 1995 and 2015.

Figure 1.42: Contribution to Mpumalanga GDP (constant 2010 prices) by industry, 1995-2015

Source: Statistics South Africa – GDP, 2017

It is estimated that in 2015, the three largest contributors to the provincial economy were mining (25.2 per cent), community services (16.3 per cent) and trade (14.8 per cent). The top three's ranking was unchanged from 1995, when mining contributed 33.3 per cent, community services 16.6 per cent and trade 13.4 per cent.

Figure 1.43 illustrates the change in monetary terms by industry from 1995 to 2015. The real value of all nine industries increased between 1995 and 2015. The finance industry (R13.3 billion) registered the largest absolute change over the 20-year period and the utilities industry (R2.6 billion) the smallest.

Figure 1.43: Absolute change in GDP rand value (constant 2010 prices), 1995-2015

Source: Statistics South Africa – GDP, 2017

Contribution to the districts' economy

Table 1.25 displays the share of each economic industry in the three districts' economies in 1996 and 2016. The mining industry was the largest industry in Gert Sibande in 2016 with a 26.5 per cent share. Mining activities also dominated the Nkangala economy as it added 41.2 per cent to the district's economy in 2016. In 2016, the largest contributing industry in Ehlanzeni was community services with a share of 24.2 per cent. The contributions by the primary sector in Gert Sibande and Ehlanzeni declined from 1996 to 2016, whereas it remained at 43.1 per cent in Nkangala. With the exception of Nkangala, the economic contributions of the secondary sectors increased. The economic contribution by the tertiary sectors improved over the 20-year period in all three districts.

Performance and employment in the provincial economy

Figure 1.44 depicts the real GVA growth per industry over the period 2010 to 2015 in the left-hand diagram and the contribution to changes in employment numbers over the same period in the right-hand diagram. Over the 5-year period, finance, community services and transport achieved the highest annual average growth rates, whereas utilities and manufacturing recorded the lowest average annual growth.

In 2015, some 184 460 more people were employed by the nine industries in Mpumalanga than in 2010. In the right hand diagram, it is observable that the medium growth industries,

with growth between 2 and 4 per cent per annum, contributed 76.4 per cent to the increased number of employed. The low growth industries, with growth of less than 2 per cent per annum, contributed 23.6 per cent. Based on the two diagrams, it is evident that an industry makes a larger contribution to employment growth when it achieves a medium to high growth rate, than when it grows at a low growth rate.

Table 1.25: Contribution to individual districts' GVA (constant 2010 prices) by industry, 1996-2016

Industry	Gert Sibande		Nkangala		Ehlanzeni	
	1996	2016	1996	2016	1996	2016
Agriculture	4.3%	3.9%	2.1%	1.8%	5.2%	3.8%
Mining	41.3%	26.5%	40.9%	41.2%	7.8%	4.9%
Primary sector	45.6%	30.4%	43.1%	43.1%	12.9%	8.7%
Manufacturing	14.4%	19.9%	10.8%	11.8%	10.8%	11.1%
Utilities	5.0%	4.3%	8.9%	5.2%	5.1%	5.1%
Construction	1.8%	2.8%	2.0%	2.7%	3.5%	4.6%
Secondary sector	21.2%	26.9%	21.7%	19.6%	19.3%	20.8%
Trade	11.2%	13.7%	10.1%	10.7%	19.7%	20.8%
Transport	3.8%	6.1%	3.4%	4.9%	5.3%	7.6%

Statistics South Africa – QLFS, 2017

1.7.5 Diversification of the economy

The Tress Index measures the level of concentration or diversification in an economy. An index score of zero represents a diversified economy, while a number nearing 100 indicates higher concentration. In 2016, the economy of Mpumalanga appears to be more diversified

than that of South Africa with an index score of 34.8 compared to a national score of 40.1. Among the nine provinces, Mpumalanga ranked first in terms of the most diversified economy.

1.7.6 Comparative advantage of the economy

The location quotient is an indication of the comparative advantage of an economy. An economy has a location quotient larger (smaller) than one, or a comparative advantage (disadvantage) in a particular industry when the share of that industry in the provincial economy is greater (less) than the share of the same industry in the national economy.

The location quotient at the end of the second quarter 2017 was calculated using QLFS data by Statistics SA. In Mpumalanga, agriculture (1.52), mining (1.65), utilities (3.77), construction (1.00) and trade (1.04) held a comparative advantage over the same industry in the national economy. Table 1.26 provides the location quotients of the various industries, indicating their respective comparative advantages. A rule of thumb is that when an industry has a location quotient of 1.2 or above it indicates that some degree of specialisation is taking place in that particular industry compared with the national industry. Mpumalanga recorded three industries (utilities, agriculture and mining) with a location quotient higher than 1.2 in 2017.

Table 1.26: Essential economic ratio's by industry in Mpumalanga, 2010-2017

Industry	Comparative advantage 2017	Labour intensity 2015	Employment elasticity 2010-2015	Labour productivity 2015
Agriculture	1.52	2.57	1.23	0.38
Mining	1.65	0.20	1.57	4.49
Manufacturing	0.87	0.70	1.74	1.52
Utilities	3.77	0.77	-11.29	2.06
Construction	1.00	3.20	4.50	0.30
Trade	1.04	1.40	0.28	0.67
Transport	0.76	0.90	4.64	1.09
Finance	0.75	0.92	3.23	1.04
Community services	0.92	1.53	3.15	0.69

IHS Markit - ReX, October 2017

Comparative advantage analysis can be improved with two indicators to yield a dynamic location quotient. These two indicators are percentage change in location quotient over time and the size of the industry in terms of jobs. Industries can then be classified in four quadrants based on its location quotient and change in location quotient and ranked according to size.

The logic follows that an industry in the upper right quadrant (location quotient ≥ 1.0 and change in location quotient ≥ 0) holds a comparative advantage over the industry in the base region, and is also expanding the advantage over time (Table 1.27). These industries are “standouts” that distinguish the provincial economy and are doing more so every year. Such industries are especially important if they are also large in terms of job numbers. In Mpumalanga, trade, construction, private households and utilities (ranked according to employment number) can be regarded as “standout” industries.

The lower right quadrant (location quotient < 1.0 and change in location quotient ≥ 0) contains industries which do not have a comparative advantage yet, but are becoming more

so over time. If these industries continue this trend, they will move over the horizontal cut-off into the upper right quadrant. They can be called “pre-emergent” industries, having the potential to contribute more to the region’s economy in future. In Mpumalanga, community services, finance, manufacturing and transport (ranked according to employment size) can be regarded as “pre-emergent” industries.

Table 1.27: Classification of industries in Mpumalanga according to dynamic location quotient, 2014-2017

Location quotient ≥ 1.0 and negative change in location quotient <i>“Intensive care”</i> Agriculture Mining	Location quotient ≥ 1.0 and positive change in location quotient <i>“Standouts”</i> Trade Construction Private households Utilities
Location quotient < 1.0 and negative change in location quotient <i>“Little promise”</i>	Location quotient < 1.0 and positive change in location quotient <i>“Pre-emergent”</i> Community services Finance Manufacturing Transport

Source: Calculations based on labour data by Stats SA – QLFS, Q2 2017

The upper left quadrant (location quotient ≥ 1.0 and negative change in location quotient) contains industries that hold a comparative advantage over the industry in the base region, but with a declining advantage. If a medium or large industry is in this quadrant it is an important warning that the province is losing a major part of its economy and should inform planning and investment priorities accordingly. They can be called “intensive care” industries as this quadrant usually indicates industries in decline. In Mpumalanga, agriculture and mining both have a location quotient in excess of 1.0, but require “intensive care” in terms of planning and investment as its advantage has declined over time.

Finally, the lower left quadrant (location quotient < 1.0 and negative change in location quotient) contains industries which are less important regionally than nationally and are also declining in employment. These industries holds “little promise” in terms of relative employment size and labour growth, however, the province needs to attract more businesses in those industries in order to maintain an economy that is sufficiently balanced and diversified in comparison to the national economy. None of Mpumalanga’s broad industries ranked in this quadrant.

1.7.7 Labour intensity

Labour intensive industries are identified by comparing the output generation capacity with the utilisation of labour by each of the industries. In 2015, the following four industries in Mpumalanga exhibited higher employment shares relative to their output shares, thereby indicating a high level of labour intensity: agriculture, construction, trade and community services. Nationally the same four industries revealed a high labour intensity. Table 1.26 provides a comparison of employment with output at industry level for 2015.

1.7.8 Employment elasticity

The rate of employment growth in an economy, or in any industry of it, is determined by many factors operating simultaneously, one of which is how fast the economy grows. Employment elasticity provides an indication of the historic rate of employment growth as

determined by the historic economic growth. Such an employment elasticity of an industry can be calculated by dividing the observed growth rate of employment during any past period by the observed economic growth rate during the same past period.

In Mpumalanga, the transport industry recorded the highest employment elasticity of 4.64 over the period 2010 to 2015. Therefore, on average over the 5-year period, every 1 per cent of real GVA growth in the province's transport industry translated into a 4.6 per cent increase in employment in the transport industry. The employment growth in utilities was negative over the 5-year period and therefore it recorded negative employment elasticity – or jobless growth. Table 1.26 provides the historic employment elasticities of the various industries.

1.7.9 Labour productivity

Productivity can be measured by relating changes in output to changes in one or more input to production. Should an industry achieve a score of more than unity (1) then that industry is regarded as experiencing higher labour productivity than all industries combined. When comparing Mpumalanga's industry specific labour productivity with that of the province's total industries, it is evident that five industries (mining, manufacturing, utilities, transport and finance) achieved higher labour productivity than the total industries combined in 2015 (Table 1.26).

1.7.10 Regional competitiveness

Shift share is a standard regional analysis method that attempts to determine how much of regional job growth can be attributed to national trends and how much is due to unique regional factors. In using a shift share analysis a regional economy (Mpumalanga) is indexed against a base economy (South Africa). The technique basically distributes job change into three component parts. The three component parts are the national growth effect, the industrial mix effect and the regional competitiveness effect.

The regional competitiveness effect is the most important of the three indicators, as it explains how much of the labour change in a given industry is due to some unique competitive advantage that the province possesses. This effect is calculated by taking the total provincial employment growth and subtracting the national growth and industrial mix effects. Note that this effect can be higher than actual job growth if national and/or industry mix effects are negative while provincial growth is positive. This is because the regional competitiveness effect accounts for jobs "saved" from declining national trends as well as new jobs created.

Industries with high regional competitiveness effects highlight the region's competitive advantages or disadvantages. Shift share analysis does not indicate why these industries are competitive but it merely shows the sectors in which the province is out-competing or under-competing the nation. Shift share is thus useful in identifying investment targets so that local stakeholders can assist provincial industries to either continue to outperform national trends or else "catch up" with national trends so that the provincial economy is not left behind.

Figure 1.45 displays what job change took place per industry in Mpumalanga between the second quarter 2014 and the second quarter 2017 and whether expected change (national and industrial) or regional competitiveness was the dominant factor in the change. The agriculture industry in Mpumalanga increased by 14 280 between 2014 and 2017. Using

shift share, 5 370 of those jobs might have been expected due to national trends in the economy as a whole, while 14 623 jobs might have been expected due to national trends in the agriculture industry specifically. This makes a total of 19 993 jobs in Mpumalanga's agriculture industry expected from national trends. The regional competitiveness effect is thus $(14\,280 - 19\,993 =) -5\,713$ jobs, indicating that some specific condition in the provincial agriculture industry resulted in falling short of the expected change of 19 993 jobs. Therefore, agriculture's employment increased as a result of national as well as industry specific factors despite the negative regional factors. No other industry in Mpumalanga reveals the same shift share results.

Figure 1.45: Industry job changes according to shift share analysis in Mpumalanga, 2014-2017

Sources: *Calculations based on labour data by Stats SA – QLFS, Q2 2017*

Job numbers in Mpumalanga's mining industry declined by 45 095 over the 3-year period. Shift share analysis reveals that regional factors was the main reason for the declining numbers. Manufacturing job numbers increased by 3 554 over the 3-year period in the province. It is evident from Figure 1.45 that general national growth was responsible for the largest part of the increase and that the provincial manufacturing industry outperformed the national industry by stemming job losses. Other provincial industries that recorded higher employment as a result of national growth and regional competitiveness were trade, community services and private households.

Job numbers in Mpumalanga's utilities industry increased by 19 318 between 2014 and 2017. The majority (13 674) of this was due to specific factors in the province (regional competitiveness), followed by expected change due to the industry effects (4 146) and general national growth (1 497). No other industry revealed a similar higher regional competitiveness as utilities. The job changes in the provincial construction and finance industries were mainly due to industry specific factors, whereas the transport industry achieved job growth primarily due to general national growth.

1.7.11 Tourism

Because tourism is not a clearly defined industry in the SIC, it was therefore the first economic activity to use Satellite Account¹ standards to measure its impact on national economies – as approved by the United Nations (UN) in March 2000. According to Statistics South Africa's Tourism Satellite Account (TSA), the national tourism sector was simulated to have contributed some 3.1 per cent to GDP in 2015. Some 711 746 persons were directly engaged in producing goods and services purchased by visitors, which accounted for 4.5 per cent of total employment in 2015.

The current lack of sufficient baseline data of tourism supply on a provincial level makes an assessment of the supply side, and therefore a similar exercise such as the TSA for South Africa on a provincial basis, impossible. It is, however, possible to express tourism spend as a percentage of regional GDP in order to indicate how large an impact it makes and whether its contribution is growing. In terms of this indicator, tourism spend in 2011 was equal to 5.8 per cent of both South Africa and Mpumalanga's GDP. By 2016, tourism spend in South Africa increased to 6.1 per cent of GDP, whilst in Mpumalanga it also increased to 6.7 per cent of the provincial GDP. Among the nine provinces, Western Cape (10.6 per cent) registered the largest tourism spend to GDP share (Table 1.28).

Table 1.28: Tourism spend in South Africa and provinces, 2011-2016

Province	2011		2016	
	Total tourism spend R-million	Tourism spend as % of GDP (current prices)	Total tourism spend R-million	Tourism spend as % of GDP (current prices)
Western Cape	40 482	9.8%	62 608	10.6%
Eastern Cape	11 388	5.0%	14 047	4.2%
Northern Cape	2 340	3.7%	3 829	4.2%
Free State	6 576	4.2%	11 861	5.3%
KwaZulu-Natal	31 955	6.7%	36 084	5.2%
North West	9 263	5.0%	14 812	5.6%
Gauteng	44 842	4.3%	71 749	4.8%
Mpumalanga	13 215	5.8%	21 906	6.7%
Limpopo	14 509	6.5%	29 047	9.3%
Total	174 571	5.8%	265 943	6.1%

Source: IHS Markit – ReX, October 2017

According to South African Tourism's 2016 *Annual Tourism Report*, Mpumalanga was the fourth most visited province by foreign visitors in 2016, with a share of 14.2 per cent of total foreign arrivals visiting the province. This was slightly down from 14.6 per cent of total foreign arrivals in 2015. In 2016, Mpumalanga captured 9.6 per cent of the total bed-nights spent by all foreign tourists in South Africa. This was lower than the 10.6 per cent in 2015. Mpumalanga attracted 7 per cent of domestic tourists in 2016, which was down from 9 per cent in 2015.

1.7.12 Inflation

The most common way to measure inflation is by reference to a CPI, which measures the changes in prices of a basket of goods and services purchased by a representative set of households. Mpumalanga's average annual inflation rate for 2016 was 6.4 per cent, which was equal to the average for South Africa as well as the joint fifth lowest overall.

¹ A Satellite Account is a term developed by the United Nations to measure the size of economic sectors that are not defined as industries in national accounts.

In January 2018, Mpumalanga recorded an inflation measurement of 3.6 per cent. This was the twelfth consecutive month that Mpumalanga's inflation rate was below the upper 6 per cent limit of the inflation target zone. It was also the thirteenth consecutive month that Mpumalanga's inflation rate was lower than the national inflation rate. The comparative percentage change in the CPI for South Africa and Mpumalanga from January 2003 to January 2018 is displayed in Figure 1.46.

Figure 1.46: CPI in South Africa and Mpumalanga, 2003–2018

Source: Statistics South Africa – CPI, 2018

The main determinants of inflation in Mpumalanga based on their respective weightings, as provided in Table 1.29, are price changes in food and non-alcoholic beverages (FNAB), housing and utilities, transport as well as miscellaneous goods and services (MGS). These four broad determinants, in terms of the weighting, contribute more than 72 per cent to the level of inflation and inflation movements in Mpumalanga.

Table 1.29: Mpumalanga's CPI group indices, weights, percentage change & contribution to inflation, January 2018

Index description	Weight	Percentage change		Estimated contribution to inflation
		Month-on-month	Year-on-year	
Food & non-alcoholic beverages	21.24	+0.9	+4.1	23.3%
Alcoholic beverages and tobacco	5.17	+0.1	+2.8	3.8%
Clothing and footwear	4.97	+0.1	+2.5	3.9%
Housing and utilities	20.08	+0.3	+1.5	13.5%
Household contents and services	3.69	+0.0	-0.3	0.0%
Health	0.55	+0.0	+4.3	0.6%
Transport	18.71	+1.0	+5.1	22.6%
Communication	2.59	+0.0	-1.4	-1.2%
Recreation and culture	5.14	+0.0	+0.6	0.3%
Education	1.84	+0.1	+7.0	3.6%
Restaurants and hotels	3.83	+0.1	+3.9	6.7%
Miscellaneous goods and services	12.19	+0.9	+7.1	22.9%
All items	100.0	+0.0	+3.5	100.0%

Source: Statistics South Africa – CPI Additional Tables, 2018

It appears from Table 1.29 that the FNAB index accounted for 23.3 per cent of the average price increase in Mpumalanga during January 2018. The MGS index was responsible for 22.9 per cent of the average price increase, whereas the transport index as well as the housing and utilities index were accountable for 22.6 per cent and 13.5 per cent, respectively. Together, the four main determinants contributed 82.3 per cent of the average price increase in Mpumalanga during January 2018.

When the impact of the more volatile FNAB and petrol prices are excluded from the consumer price index as in Figure 1.47, the underlying annual inflation amounted to 3.2 per cent in January 2018. If electricity prices are also excluded from the calculation of headline CPI inflation, the resultant core inflation would have been 3.3 per cent in January 2018.

Figure 1.47: Measures of underlying inflation in Mpumalanga, 2009–2018

Source: Statistics South Africa – CPI Additional Tables, 2018

1.8. INTERNATIONAL TRADE

Mpumalanga's contribution to total national trade¹ was 1.1 per cent in 2016, marginally lower from the 1.2 per cent contribution in 2014. The two leading provinces, in terms of total trade contribution in 2016, were Gauteng with a share of 63.5 per cent and Western Cape (14.7 per cent). Mpumalanga contributed 1.5 per cent and 0.6 per cent to national exports and national imports, respectively.

The value of Mpumalanga's exports declined by 4.7 per cent per annum between 2014 and 2016, whilst imports grew by 8.6 per cent per annum over the same 2-year period. In contrast, the national exports grew by 4.8 per cent per annum, whereas the value of national imports increased by a mere 0.9 per cent per annum. Mpumalanga was one of three provinces that experienced negative export growth, however, the province recorded the second fastest import growth.

¹ ReX international trade data is derived from administrative data collected by the South African Revenue Service's (SARS) Department of Customs and Excise. The postal code of the registered post office or street address of the South African importer or exporter is captured as part of the documentation of a particular transaction, thus enabling HIS Markit to disaggregate trade data to a regional level.

Mpumalanga registered a positive trade balance of R10.5 billion in 2016, continuing the trend of exports exceeding imports since the start of the period under review in 1996. During the same period, the trade balance of South Africa fluctuated between positive and negative territory, finishing 2016 with a surplus of R15 billion. Mpumalanga was the province with the fifth highest positive trade balance in 2016.

Among the three districts, Ehlanzeni (45.4 per cent) was the main contributor to provincial exports in 2016 followed by Gert Sibande and Nkangala with respective contributions of 36.2 per cent and 18.4 per cent (Table 1.30). Exports from Gert Sibande (19.3 per cent) recorded the highest growth since 1996 and those from Nkangala the slowest (5.2 per cent). Ehlanzeni attracted 37.4 per cent of Mpumalanga's imports in 2016, followed by Nkangala and Gert Sibande. Imports flowing to Ehlanzeni recorded the highest growth rate (18.2 per cent) over the 20-year period and those to Gert Sibande the lowest (7.9 per cent).

Among the three districts, Ehlanzeni recorded the largest positive trade balance of R5.3 billion in 2016, followed by Gert Sibande (R4.2 billion). Gert Sibande is the only district in Mpumalanga that, from time to time in the 20-year period, recorded a negative trade balance.

Table 1.30: Mpumalanga districts' contribution to provincial exports and imports, 2016

District	Exports		Imports	
	Share of Mpumalanga 2016	Growth per annum 96-16	Share of Mpumalanga 2016	Growth per annum 96-16
Gert Sibande	36.2%	19.3%	29.7%	7.9%
Nkangala	18.4%	5.2%	32.9%	13.1%
Ehlanzeni	45.4%	10.7%	37.4%	18.2%

Source: IHS Markit – ReX, October 2017

1.9. CRIME RATES

Crime in South Africa occupies centre stage in the hearts and minds of the public. Unacceptably high levels of crime, especially serious and violent crimes, result in people in South Africa living in fear and feeling unsafe. It also impacts negatively on the country's economic development, undermines the wellbeing of people in the country and hinders their ability to achieve their potential.

Among the four categories of serious community reported crimes displayed in Table 1.31, it is evident that at the national level all four categories declined between 2015/16 and 2016/17. In Mpumalanga, however, only contact related crimes declined by 4.6 per cent. Mpumalanga's contact crimes increase was the highest among the nine provinces and one of only two provinces to record an increase. Mpumalanga's contact crimes contributed 5.5 per cent to the national total, whereas contact related crimes contributed 4.8 per cent. Property related crimes in Mpumalanga made up 6.8 per cent of the national total and the other serious crimes category was equal to 5.8 per cent of the national total. Mpumalanga's property related crimes recorded the joint fourth highest increase among the nine provinces. Mpumalanga was one of only three provinces that recorded an increase in the other serious crimes category.

Table 1.31: Serious community reported crimes in South Africa and provinces, 2016/2017

Provinces	Contact crimes ¹		Contact related crimes ²		Property related crimes ³		Other serious crimes ⁴	
	Number	% change	Number	% change	Number	% change	Number	% change
Western Cape	114 704	-1.8%	29 997	0.1%	104 754	-6.1%	112 239	-3.7%
Eastern Cape	65 524	-2.6%	12 810	2.5%	53 097	3.9%	36 461	3.5%
Northern Cape	18 105	-4.6%	3 103	-4.7%	13 407	1.5%	9 619	-0.1%
Free State	37 741	-8.2%	6 838	-12.5%	29 733	-2.9%	23 348	-0.7%
KwaZulu-Natal	95 153	-2.8%	14 709	-5.3%	83 492	-3.3%	67 284	-1.9%
North-West	35 483	0.7%	6 064	-0.2%	33 503	6.5%	21 767	-6.0%
Gauteng	171 466	-0.8%	34 023	-3.7%	154 761	2.5%	142 974	-3.7%
Mpumalanga	33 381	2.0%	5 834	-4.6%	36 666	1.5%	27 060	1.9%
Limpopo	36 764	-9.0%	7 352	-10.6%	31 240	-2.6%	28 524	3.9%
Total	608 321	-2.4%	120 730	-3.3%	540 653	-0.5%	469 276	-2.0%

Source: South African Police Service – Crime Situation in South Africa 2016/17

¹ The 7 serious community reported contact crimes are murder, sexual offences, attempted murder, assault GBH, common assault, common robbery & aggravated robbery.

² The 2 serious community reported contact related crimes are arson & malicious damage to property.

³ The 5 serious community reported property related crimes are burglary at residential premises, burglary at non-residential premises, theft of motor vehicle and motorcycle, theft out of or from motor vehicle & stock theft.

⁴ The 3 serious community reported other serious crimes are other theft, commercial crime and shoplifting.

2. BUDGET STRATEGY AND AGGREGATES

2.1. Introduction

The spending priorities for the 2018/2019 financial year as endorsed by the Executive Council are indicated below:

Social Services

The social cluster is allocated R 35 billion 803 million 397 thousand or 74 percent of the total provincial budget in line with the government priorities of social protection, security and societal development.

The social sector departments provide essential services to the poor through targeted interventions such as social relief, public education, and advances the social cohesion and unity of all people around the common Constitutional directive of protection of human rights.

Support to girl children

The government has introduced a variety of poverty alleviation programme to uphold human dignity and improve the socio-economic situation of the poor communities.

Most of the social relief benefits covers the most basic needs of the families, leaving the needs of girl children from poor household unattended.

There are reports that some of the girls eventually drop out of school to save themselves from the frustration of having to catch up on a monthly basis, while those who chose to stay on face the prospects of poor academic results and low level of confidence.

To address this challenges, **R20.2 million** is set aside to provide dignity pack to support the girl children in the Province.

School infrastructure

Education is one of the first and crucial building blocks of a successful society.

To this end, the government will continue to broaden access to education and invest in skills that are needed to growth the provincial economy.

In order to improve the quality of teaching and learning, and to provide comprehensive support to pupils who attends farm schools, **R370 million** is set aside for building of state of the art boarding school in Thaba Chweu.

Furthermore, we will also commence with the planning and design of boarding school to be situated in Gert Sibande District.

Post school support

The government has introduced a progressive policy of fee free post education for children from poor household earning a combined annual R350 000 salary this year.

Despite this, the provincial government will continue to sustain bursaries for the current bursary holders, who fell out of the threshold for fee free but within the provincial set criteria for deriving beneficiary.

R210 million is allocated towards such bursaries in order to sustain the existing commitments whilst a mechanism is being sought on implementation of the directive and the related threshold.

Health infrastructure

R1 billion 320 million 298 thousand is allocated towards health infrastructure delivery, included in this is budget for the construction of Bethal Hospital, finalization of Phase 1 and 2 of Mmamethlake hospital and ongoing construction of Mapulaneng and Middleburg hospitals.

Sanitation programme

Lack of or inadequate waste disposal or sewage system have profound impact on the health of the society.

To ensure fulfillment the right of access to proper sanitation, **R165 million** is made available to address sewer spillages challenges in Emzinoni and Embalenhle (Govan Mbeki); Tekwane South (City of Mbombela) and address sewer spillage as well as refurbishment and internal reticulation in Amersfoort (Dr Pixley Ka Isaka Seme).

The sanitation challenges in Siyanqoba (Emalahleni) will be covered through the existing Mining Town Grant.

Economy, Investment and Employment

The Minister of Finance in his Budget speech last month, called for bold and coordinated steps to *“move our economy towards the targets we have set ourselves in the National Development Plan”*.

We can boldly state that the Province has started to experience the benefits of some of the economic interventions of the administration in the last years.

We will continue to invest in our key economic industries, and progressively bring the previously disadvantaged communities and targeted groups in the mainstream of the economy.

The share of the economy, investment and employment cluster is R10 billion 825 million 761 thousand, or 23 percent of the provincial budget.

Transport infrastructure

Road infrastructure is one of the key enabler of economic prosperity, we have thus allocated **R1.9 billion** for 2018/19. Included in this allocation is **R712 million towards the coal haulage** to address the infrastructure backlog in the Province.

One of the high impact infrastructure programme of the Province, that is, the **Special Economic Zone** in Nkomazi will receive a green light when the SEZ Advisory Committee meet on the 20 March this year.

The announcement of the Minister of Finance who indicated that **R4.9 billion** is allocated, nationwide, for industrial infrastructure projects, which include Nkomazi SEZ, over the medium term period to promote industrial development and increase investment into the country.

Agriculture

Agricultural production is a one of the key catalyst for economic development & employment strategy.

To this end, **R60 million** is allocated for the finalization of the Agri-Hubs in Mkhuhlu and Mkhondo, as well as the Fortune 40 programme.

R 320 million 488 thousand is allocated for commencement of the construction of top structure market building of the Mpumalanga International Fresh Produce Market.

Promotion of township economy, SMMEs and cooperatives

The State of the Nation Address has reaffirmed the importance rural and township enterprises within the setup of local communities as the base for the initiation of radical economic transformation agenda.

Social Enterprise Development model

The Provincial government will honour the undertaking to shift a significant component of the government spend to SMMEs, cooperatives, township and rural enterprises.

Good progress, in this regard has been made, since the launch of the Social Enterprise Development Model last year, which is assisting the Province to re-orientate small enterprises and cooperatives as the centres of local production and supply of goods and material for our social and economic infrastructure.

The amount of investment in local suppliers will increase as many enterprises increase the capacity to supply and achieve the desired levels of quality assurance and grading.

Government nutrition programme

Since the inception of the Mpumalanga Government Nutrition Programme in June 2017, approximately **2 088.5** tonnes of fresh produce were procured locally as part of the drive to support the growth of emerging farmers and to revitalize agriculture and the agro-processing value chain in the Province.

Governance and administration

The remaining 3 percent of the budget, which translates to R1 billion 478 million 490 thousand is shared by the departments in the Governance and administration cluster.

2.2. Summary of budget aggregates

Table 1.6: Provincial budget summary

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17		2017/18		2018/19	2019/20	2020/21

The above table indicates provincial receipts, payments and budget and surplus is only reflected in the outer years for allocation later during the MTEF period, which will be allocated later. The numbers included in 2017/18 under the revised estimates column refer to the estimated actual position, which includes the actual expenditure and collection as at 31 December and projected expenditure up to 31 March.

3. BUDGET PROCESS AND THE MEDIUM-TERM EXPENDITURE FRAMEWORK (MTEF)

The Provincial Treasury issues a provincial budget schedule that states dates on which budget drafts are required from provincial departments. This schedule is in consistent with the schedule that is received from National Treasury for a particular year. The Provincial Treasury also prepares a provincial MTEF budget guidelines in line with the guidelines received from National Treasury that is sent to all votes to provide guidance on how the

budget compilation should be made, which includes, consumer price index rate, percentage guides on how to budget for personnel related estimates.

The Provincial Treasury conducts Provincial Medium Term Expenditure committee meetings to interrogate departments' performance as well as their medium term expenditure framework estimates to ensure that provincial priorities are addressed. The budget estimates, annual performance plans and their performance reports are also presented at relevant portfolio committees at the Provincial Legislature before the budgets are appropriated.

Each sector is required to present their budget and their annual performance plans at relevant portfolio committee of the Provincial Legislature before Provincial Legislature appropriates the budget.

4. RECEIPTS

4.1. Overall position

The table below reflects all receipts by the Province, including Equitable Share, conditional grants as well as provincial own receipts. The prominent improvement in the revenue estimates is to be realised in motor vehicle licences. This was as a result of the Province taking a decision to take over this function from some municipalities that defaulted in transferring this revenue to the Province.

Other funding that is also appropriated is as a result of surplus revenue estimated in this financial year as well as revenue earned from investment the Provincial Treasury invested.

Due to constraint economic condition of the country National Treasury had to marginally decrease the provincial equitable share though this has been covered by the improved own receipt collected by all institutions in the province.

Total conditional grants	6 331 537	6 851 055	6 986 592	7 182 540	7 229 496	7 228 966	7 936 657	7 989 895	8 054 670

Overall conditional grants allocations were generally reduced due to economic challenges in the country.

The increase in conditional grants are in Education Infrastructure grant, which was as a result of infrastructure incentive of R133 million the Department of Education received due to improved planning and delivery by the Department of Education in 2016/17 financial year.

The Department of Health has also received an increase in the Comprehensive HIV, Aids and TB grant; due to provision in this grant for the Community Outreach Services, in order to move towards the integration of this cadre of health workers into the health services platform given how instrumental they have been in improving health access in South Africa, particularly in rural and vulnerable populations.

There is also an increase in respect of Provincial Roads Maintenance Grant for the maintenance of the coal haulage.

4.4. Total provincial own receipts (own revenue)

Total provincial own receipts by Vote	754 850	835 761	928 784	1 180 947	1 180 947	1 282 643	1 320 099	1 342 695	1 369 382

The table above reflects an improved projections on revenue collection by the Department of Community Safety, Security and Liaison specifically on motor vehicle licences. This is as a result of takeover of collection of this revenue from some municipalities that have been defaulting in transferring that revenue to the Province as well as the increases in the licence fees.

4.5. Donor funding

There are no reported donors currently.

5. PAYMENTS

5.1. Overall position

The Province is continuing with the moratorium on appointments of staff where there are vacancies as a result of exit. Professional employees, mainly in social sectors are treated with priority and are replaced when they exit departments. The Province has shifted more funds to infrastructure in the 2018 MTEF to improve investments.

1. Total provincial infrastructure is the sum of "Capital" plus "Recurrent maintenance"									

The table above reflects infrastructure by category, which includes maintenance as well as transfers, and all other categories

5.6. Provincial Public-Private Partnership (PPP) projects

Not applicable.

5.7. Transfers

5.7.1. Transfers to public entities

A summary of all transfers to public entities is presented and summarised by transferring department. The details thereof are to be presented in the relevant Vote as referred to in Section 5.6.1 of Estimates of Provincial Revenue and Expenditure in this document.

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates

Direct Charge	R 0
Responsible MEC	Premier of Mpumalanga
Administering Department	Office of the Premier: Mpumalanga
Accounting Officer	Director-General: Office of the Premier of Mpumalanga

1. Overview

Vision

A strategic centre of excellence for effective and efficient governance.

Mission

Provide strategic direction and support evidence based decision making through research, M&E, integrated planning, coordination of Government programmes and institutional development.

Strategic Objectives

- Provide Cabinet secretariat and protocol services
- Planning, Programme Management & Performance Monitoring
- Render Cooperative and Corporate Governance Support
- Provide Financial Management and Administrative Services
- Provide Guidance on Comprehensive Strategic HR Frameworks
- Public Service Transformation and Service Delivery Improvement
- Provide Legal Advisory Services
- Render Strategic Communication Support
- Relevant and Innovative Information and Communication Technologies
- Provide Information Management, Monitoring and Evaluation Services
- International relations and Strategic Partnerships
- Provide Integrated Planning and Policy Development

Core functions and responsibilities

The core functions and responsibilities for the Office of the Premier are, *inter alia*:

- Support the Premier in executing the Executive functions of the Province to achieve integrated social development and economic growth;
- Support the Executive decision-making processes of the Premier in Executive Council to inculcate good governance and effective public service delivery;

- Monitor and evaluate performance of all Provincial Executive functions and strategic programmes for Provincial growth and development to enable the Premier to be accountable for the overall executive performance of the Province.
- Coordinate strategic alignment and integration of sectorial and sub-sectorial strategies, policies and programmes to facilitate social transformation and development and economic growth.
- Support the Premier to implement Provincial Public Service Transformation, reform and service delivery improvement to build the capability of the Provincial Government to fulfil its Constitutional obligations.

To optimise its impact the Office of the Premier, during its strategic planning session identified the following, as expected game changers in its performance:

- Institutionalise long term planning and evidence based decision-making.
- Build institutional capacity to lead through processes and enable EXCO to unlock delays and challenges in implementing strategic infrastructure projects
- Optimise utilisation of opportunities presented by developments in Information and Communication Technology
- Step up its efforts in arresting the spread of HIV and Aids and addressing related socio-economic conditions related thereto.
- Strengthen organisational design and regional services model

Overview of the main services that the department intends to deliver

As a strategic centre of Government, the Office of the Premier is required to support the Executive and provide a range of Transversal Corporate Services. EXCO Secretariat provides professional and timeous protocol, administrative and operational support services to the Members of the Executive Council.

The Office provides strategic support to the Executive in the development and implementation of high-level Provincial strategies, policies, plans and programmes. The Office of the Premier is also tasked with the coordination and implementation of National policy frameworks and the development and implementation of Information Technology programmes and Systems designed to optimise its efficiency and effectiveness. It provides the Political and Executive Leadership with a set of principles and practices that must be complied with, together with an implementation approach.

In order to ensure that the Office of the Premier functions optimally, regular performance and risk assessments are undertaken. Principally, the DPME MPAT is utilised to provide an indication of the standards of management practice and compliance within the Office. The tool is applied to assess adherence to regulations and requirements and to guide the development of best practice approaches across the 4 Key Result Areas i.e. Strategic Management, Governance and Accountability, Human Resource Management and Financial Management.

Legislative mandate

The Office of the Premier derives its legislative mandates primarily from the following pieces of legislation:

- Promotion of Access to Information Act, 2000 (Act No. 2 of 2000);
- Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000);
- Promotion of Equality and Prevention of Unfair Discrimination Act, 2000 (Act No. 4 of 2000);
- Intergovernmental Relations Framework Act, 2005 (Act No. 13 of 2005);
- Public Finance Management Act, 1999 (Act No. 1 of 1999);
- Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000);
- Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- Division of Revenue Act (annually);
- Public Service Act, 1994 (Proclamation No. 103 of 1994);
- Occupational Health and Safety Act, 1993 (Act No. 85 of 1993);
- Compensation for Occupational Injuries and Diseases Act, 1993 (Act No. 130 of 1993);
- Labour Relations Act, 1995 (Act No. 66 of 1995);
- Basic Conditions of Employment Act, 1997 (Act No. 75 of 1997);
- This Act gives effect to the right to fair labour practices referred to in section 23(1) of the Constitution;
- Employment Equity Act, 1998 (Act No. 55 of 1998);
- Skills Development Act, 1998 (Act No. 97 of 1998);
- Skills Development Levies Act, 1999 (Act No. 9 of 1999);
- This Act provides for the imposition of a skills development levy;
- Protected Disclosures Act, 2000 (Act No. 26 of 2000);
- Prevention and Combating of Corrupt Activities Act, 2004 (Act No. 12 of 2004);
- State Information Technology Agency Act, 1998 (Act No. 88 of 1998);
- Public Service Regulations, 2001; and
- Public Administration Management Act, 2014 (Act No. 11 of 2014) (once it is put into operation)

External activities and other events relevant to budget decisions

The formalisation of the Mpumalanga Planning Commission necessitates external activities aimed at benchmarking good practices in this regard, both with other provinces, and if need be, within the continent, and possible with partner provinces abroad.

There will also be high-level engagements with external stakeholders with an intention to collaborate on trade, investment, technical support and Official Development Assistance (ODA) in line with the Provincial International Relations Framework. MOUs will be finalised with five (5) identified provinces outside the republic and international institutions and this will result into a number of government programmes and projects. Some programme of action of these programmes and projects will have budget implications.

1.1 Aligning departmental budgets to achieve government's prescribed outcomes

The Office of the Premier has prioritised amongst others the following key activities:

Outcome 11: Creating a better South Africa and Contributing to a better and safer Africa in a better world

- Institutionalize the Mpumalanga International Relations Framework as a basis for coordinating strategic partnerships and leveraging resources for development.

Outcome 12: An effective, efficient and developed oriented Public Service and an empowered, fair and inclusive citizenship.

- Coordination of litigations by and on behalf of client departments
- Implementation of Provincial Strategic Plan for HIV/AIDS and STIs and TB as to address the incidence and prevalence of HIV/Aids in the Province
- Monitor Security management function across the 11 Provincial Departments.
- Support the action plan based on the findings of a commission on the socio-economic conditions of farm dwellers.
- Conduct Organizational Development efficiency reviews across the Provincial Administration including Regional Offices;
- Mainstream the socio economic issues of Target Groups into government programmes and project planning;
- Establish a Youth Development War Room that will intervene in three streams namely; skills, economic and social.
- Implement the anti-corruption strategy and track management of cases in an effort to curb corruption in the Public Sector;
- Develop and utilize ICT as a mechanism to improve administration and service delivery by rolling out the centralised coordination of the Information Communication and Technology for the Province.
- Implement an integrated international relations framework to guide international engagements across the Province; and
- Implementation of the Provincial Communication Plan
- Perform audit services for five cluster departments and monitor implementation to ensure the realization of a clean audit programme

The MTSF Priorities for outcome 12 are:

- Paying greater attention to the quality of management and management practices within departments with a view to ensuring that public servants are both challenged and supported so that they can contribute fully to the work of their departments.

- Addressing weaknesses in procurement systems to ensure a greater focus on value for money, rather than simply focusing on procedural compliance.
- Strengthening administrative relations between provincial departments and their national counterparts through regular and routine day-to-day interaction.

2. Review of the current financial year (2017/18)

In an effort to curb the scourge of corruption in the Province the Office monitors implementation of initiatives related to the anti-corruption strategy as initiated in previous years. Those mechanisms include the computerized tracking and management of cases. The panel of service providers appointed to deal with the backlogs in investigation of cases in the Province and resolve new cases as they come are also monitored.

Performing audit services for five cluster departments has been conducted and the implementation of the recommendations monitored to ensure the realization of a clean audit programme.

The Provincial intergovernmental coordination plan, as one of the government wide coordination mandate of the OTP is implemented as planned.

The Office of the Premier is efficiently handling its transversal role in relation to cases of labour relations dispute.

Macro Policy technical support has been provided in strategic areas, like EXCO and PMC, PCF with their respective operational committees. Departments were supported on policy management functions like integrated planning; Research related functions as well as Monitoring and Evaluation despite the quantitative challenges of personnel in Programme 3.

Structural arrangement and related activities to implement the Provincial Strategic Plan on HIV/AIDS, STIs and TB is satisfactory. The civil society is actively participating in the provincial community mobilisation drive against HIV/AIDs and related opportunistic diseases.

3. Outlook for the coming financial year (2018/19)

To this end, the Office of the Premier has identified the need to be strategic and innovative in how it prioritises programmes in its operational plan by ensuring that it inculcates a culture and practice of integration and collaboration across its branches.

In the coming financial year, 2018/19 we will ensure the streamlining of all the efforts in monitoring of strategic infrastructure projects and place them in a one stop shop arrangement. The starting point in this regard will be the coordination of the functioning of the Strategic Project Management Unit.

Monitoring of Implementation of the Provincial Communication Plan will continue to inform the outlook of the 2018/19 financial year. This will be informed by the centralised

communication services through Provincial Newsletter publications, SABC partnerships, community outreach, as well as the pre and post SOPA communication slots.

The Office of the Premier will continue to take the lead in matters related to coordinating efforts to arrest the spread of HIV and Aids, and in issues related to the socio-economic development of the women, youth and older persons that constitute our Provincial target groups. Operation Vuka Sisebente (OVS) Model will be taken to another level through the rolling out of the implementation of Integrated Data Centre in the Province will be characterised by the massive engagements of stakeholders at war room level as one of the key milestones of OVS.

4. Reprioritisation

The Office of the Premier reprioritised the 2018 MTEF budget to align with provincial priorities.

- An amount R17.600 million has been directed towards the maintenance and licence fees for the case Management System that is used in addressing the backlogs in the litigations cases, especially the cases that take long to be finalized.
- An amount R 8.278 million is allocated to coordinate provincial youth development interventions in three streams (skills, economic and social).
- An amount of R 10.258 million is allocated to create HIV and AIDS awareness through facilitation of commemorative events and workshops/campaigns for the ZAZI girls.
- An amount of R3.034 million is allocated to commence with comprehensive Organizational Development review that includes all departments and regions.
- An amount of R 5 million is allocated to the operationalization of the lab.
- An amount of R1.5 million is allocated to coordinate the implementation Farm Dwellers PoA.
- An amount R 10 million is allocated towards the communication plan.
- An amount R 500 thousands is allocated towards the project coordination unit.
- An amount R 2 million allocated towards the Planning Commission.
- An amount R 1.5 million is allocated International engagements to forge technical and economic cooperation and exploit cooperation opportunities with neighbouring countries.
- An amount R 3.5 million is allocation for international relations.

5. Procurement

The Office of the Premier will continue to develop and implement procurement plans for the financial year 2018/19 to ensure that the needs of the organisation are in line with Office Annual Performance Plan and the Operational Plan, as well as with the allocated budget. The Office of the Premier has contracted service providers for the major core services such as Travelling, litigation, Information Communication Technology (ICT) and Communication services. The Office of the Premier will continue to ensure that all procurements comply with relevant legislations..

6. Receipts and financing

6.1. Summary of receipts

Table 1.1: Summary of receipts: Office Of The Premier

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

Total departmental receipts	816	961	1 078	495	495	979	524	553	583

The major Revenue items for the Office of the Premier are interest generated from the office bank account, which is also variable on the cash available.

7. Payment Summary

7.1. Key Assumptions:

- To enhance Macro Policy, planning in general, monitoring, and evaluation systems in particular will help in to strengthening accountability and improve performance results of the provincial administration.
- Establishment of the Strategic Project Management Unit will maximize processes and practice in this regard thus enhance performance on implementation of key infrastructure projects by provincial departments.

- To strengthen communication services to ensure effective communication with the people of the Province, our partners, key stakeholders in business and global community as a whole.
- Support on mitigation against possible negative impact of moratorium on filling in of vacant posts will be given the attention it deserves.

7.2. Programme summary

Table 1.3: Summary of payments and estimates: Office Of The Premier

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17		2017/18		2018/19	2019/20	2020/21

Households	8 128	11 369	3 656	6 900	4 873	4 873	2 694	5 754	6 070
Payments for capital assets	802	2 562	26 498	22 650	32 600	32 600	3 112	1 274	1 344
Buildings and other fixed structures	—	—	—	—	—	—	—	—	—
Machinery and equipment	802	2 562	4 146	650	1 719	1 830	3 112	1 274	1 344
Heritage assets	—	—	—	—	—	—	—	—	—
Specialised military assets	—	—	—	—	—	—	—	—	—
Biological assets	—	—	—	—	—	—	—	—	—
Land and sub-soil assets	—	—	—	—	—	—	—	—	—
Software and other intangible assets	—	—	22 352	22 000	30 881	30 770	—	—	—
Payments for financial assets	—	12	13	—	70	70	—	—	—
Total economic classification	211 586	262 393	261 901	289 769	306 650	311 694	281 778	296 299	312 595

The Office budget has decreased by 9.6 per cent, which is R 29.916 million from R311.694 million in the previous financial year to R281.778 million in the current financial year due to once-off allocations. Compensation of Employees has increased by 11.0 per cent, of which 7.8 per cent is due to the cost of living adjustments and 3.2 per cent is due a provision made for critical funded posts and pension fund for the former Director-General. The decrease of 10.8 per cent on Goods and Services is due to the reduction of budget baseline. The budget of transfers and subsidies decreased by 44.4 per cent due to the anticipated low student intake for the Premier's bursary fund. Payment for capital assets budget decreased by 90.4 per cent due to the once off provisions, which were made for the Case Management System in the previous financial year.

7.4. Infrastructure payments

The Office of the Premier does not have any infrastructure payments.

7.5. Departmental Public-Private Partnership (PPP) projects

The Office of the Premier does not have any Public Private Partnership Projects.

7.6. Transfers

7.6.1. Transfers to public entities

The Office of the Premier does not have any transfers to other public entities.

7.6.2. Transfers to other entities

The Office of the Premier does not have any transfers to other entities.

7.6.3. Transfers to local government

The Office of the Premier does not have any transfers to local government.

8. Programme description

8.1. Programme 1: Administration

8.1.1. Description and Objectives

The Programme is responsible for performing proper and effective coordinating and monitoring function of administrative and strategic matters, both within the Office of the Premier and the Province.

The programme consists of the following sub-programmes:

- Premier Support
- Director-General Support
- Executive Council Support
- Financial Management

Table 1.5: Summary of payments and estimates: Administration

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

The Programme budget has decreased by 21.3 per cent from R172.647 million in the previous financial year to R135.872 million in the current financial year due to priority target ending. Compensation of Employees has increased by 14.9 per cent, of which 7.8 percent is due to the cost of living adjustments and 7.1 per cent is due a provision made for outstanding pension fund for the former DG. The decrease of 20.1 per cent on Goods and Services is due to priority target ending. The budget of transfers and subsidies increased from R62 thousand to R115 thousand. The budget of payment for capital assets decreased by 90.4 per cent due to provision made for once off procurement made for the Case Management in the previous financial year.

8.1.2 Service delivery measures

Refer to Departmental Annual Performance Plan for 2018/19.

8.2 Programme 2: Institutional Development

8.2.1 Description and Objective

The programme provides institutional development services, advice, strategic support, coordination and development of policies to ensure operational efficiency, alignment and corporate compliance with a view to improve the capacity of the Mpumalanga Provincial Government to deliver effective and efficient services.

The programme consists of the following sub programmes:

- Strategic Human Resource
- Office of the Provincial Government Information Technology Officer (OPGITO)
- Legal advisory Services
- Government Communication and Information services

Table 1.7: Summary of payments and estimates: Institutional Development

The Programme budget has increased by 1.8 per cent from R75.078 million in the previous financial year to R76.414 million in the current financial year due to cost of living adjustment. Compensation of Employees has increased by 4.5 per cent due to the cost of living adjustments. Goods and services allocations increased by 6.3 per cent due to funding of new priority targets. Transfers and subsidies budget decreased by 46.1 per cent due to the anticipated low intake of students.

8.2.2 Service Delivery Measures

Refer to departmental Annual Performance Plan for 2018/19.

8.3. Programme 3: Policy and Governance

8.3.1 Description and Objectives

The programme purpose is to provide effective macro policy advice.

The programme consists of the following sub-programmes:

- Special programmes
- Intergovernmental relations
- Provincial Policy Management

Table 1.9: Summary of payments and estimates: Policy and Governance

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Total economic classification: Programme (numb	38 240	52 691	47 214	56 069	59 899	63 969	69 492	71 951	79 801

The Programme budget has increased by 8.7 per cent from R63.969 million in the previous financial year to R 69.492 million in the current financial year due to additions in budget baseline. Compensation of Employees has increased by 13.6 per cent of which 7.8 per cent is due cost of living adjustments and 7.7 per cent is due funding of critical posts. The goods and services budget increased by 2.6 per cent due to the cost of living adjustments.

8.3.2 Service Delivery Measures

Refer to departmental Annual Performance Plan for 2018/19

Vote 02

Mpumalanga Provincial Legislature

To be appropriated by Vote in 2018/19	R 346 647 000
Direct Charge	R 26 678 000
Responsible Authority	Speaker of the Mpumalanga Provincial Legislature
Administering Department	Mpumalanga Provincial Legislature
Accounting Officer	Secretary to the Mpumalanga Provincial Legislature

1. Overview

Vision

A people-centred, African, world class Legislature

Mission

To hold the Executive and other state organs accountable through intensified oversight enhanced public involvement and effective law making supported by professional administrative service

Strategic Objectives

- Enhance leadership management, governance and administration through institutional strategy, policies and systems by 2020.
- Monitor annually the implementation of recommendations of the Legislature Governance Structures of the Speakership by 2020
- Monitor annually the fulfilment of the constitutional mandate, with special focus on effective legislature oversight and public participation by 2020.
- Facilitate annually, the development, implementation and monitoring of legacy projects for nation-building by 2020.
- Strengthen treasury function for effective financial management oversight by 2020.
- Enhance management and administration of Member' Affairs for the execution of the mandate of the Legislature by 2020
- Promote inter-parliamentary relations to strengthen strategic relationships for deepened parliamentary democracy by 2020.
- Improve protocol service to strengthen strategic relationships by 2020
- Enhance organisational strategy development, implementation and reporting by 2020.
- Provide assurance to improve the effectiveness of governance and internal control processes by 2020.
- Enhance risk management function to promote good governance in the Legislature by 2020.

- Attract, maintain and develop human resources for effective institutional performance by 2020.
- Provide effective and efficient electronic systems and ICT infrastructure services in support of the Legislature by 2020.
- Strengthen the profile of the Legislature in order to increase public awareness and confidence by 2020.
- Provide effective and efficient institutional support services to the Legislature.
- Strengthen financial and Supply Chain Management and Governance by 2020.
- Strengthen parliamentary committee support for effective execution of the constitutional functions of the Legislature by 2020.
- Improve proceedings and hansard support for effective and efficient operations of the House by 2020.
- Strengthen research and policy analysis support for effective execution of the constitutional functions of the Legislature by 2020.
- Improve legal support for effective execution of the constitutional functions of the Legislature.
- Strengthen legal support for effective corporate governance by 2020.
- Strengthen community involvement for effective public participation in legislature processes by 2020.

Acts Rules and Regulations

The principal Acts that guide the Mpumalanga Provincial Legislature are as follows:

- The Constitution of the Republic of South Africa Act, 1996 (Act No. 108 of 1996)
- The Mpumalanga Provincial Legislature Services and Administration Act, 2006 (Act No. 7 of 2006)
- The Financial Management of Parliament and Provincial Legislatures Act 2009 (Act No. 10 of 2009) as amended by Act no. 34 of 2014
- Basic Conditions of Employment Act, 1997 (Act No. 75 of 1997)
- Labour Relations Act, 1995 (Act No. 66 of 1995)
- Employment Equity Act, 1998 (Act No. 55 of 1998)
- Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000)
- Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003)
- Promotion of Access to Information Act, 2000 (Act No. 2 of 2000)

Core functions and responsibilities

The core functions are as follows:

Law making

- To provide strategic leadership and management to ensure divisional effectiveness in support of the core business of the Legislature.

- Coordinate and facilitate the business of the House, and provide Hansard and language services

Oversight

- To provide professional and administrative support to Committees and liaison function between the Legislature and the NCOP for the fulfilment of the constitutional mandate.
- To provide research, policy analysis and knowledge management in support of the core business of the Legislature.
- To provide professional legal services in support of the core business of the Legislature.

Public participation and petitions

- To provide professional and administrative services regarding public investment and public participation in support of the core business of the Legislature.

-

Members' affairs and political parties

- To provide professional and administrative support services to Members in order to fulfil the constitutional mandate of the Legislature.

Co-operative governance

- To provide professional parliamentary advisory and protocol services in support of the core business of the Legislature

Overview of the main services that the Legislature intends to deliver

The following are the services to be delivered by the Legislature in support of its strategic objectives and goals:

- Ensure that the Executive is held accountable in respect of the five government priorities over the next five years:
- The Legislature acknowledges the need to further strengthen the oversight function and capacity of the Legislature in order to adequately respond to the new political mandate. The oversight of the executive constitutes the core business of the Legislature.
- Improve public involvement, especially that of the poor, marginalised and disadvantaged members of the public in the legislative processes:
- The strategic outcome-oriented goal recognises the need to increase participation of the people in the legislative processes and other activities of the Legislature in order to deepen democracy. Public involvement constitutes the core business of the Legislature.
- Entrench effectiveness of legislation for the people of the Province:
- The strategic outcome-oriented goal recognises the need to ensure effectiveness of legislation for the benefit of the people of the Province. Law-making is part of the core mandate of the Legislature
- Improve the capacity of the Legislature to conduct its oversight and public participation functions through strengthened internal business processes over the next five years:

- Strengthened systems, processes and policies are necessary to ensure that the Legislature is adequately supported to enable it to effectively deliver on its constitutional mandate.
- Improve the integrity and image of the Mpumalanga Government through effective oversight of corporate and financial governance:
- It is considered important for the Legislature as a public institution to use allocated resources effectively, efficiently and economically, whilst also embracing and adhering to the principles of good corporate governance. In such a context, the integrity and image of the Legislature is likely to be improved in the hearts and minds of its internal and external stakeholders.
- Promote the implementation of the nation-building programme of government and the Legislature to improve social cohesion in the Province: In a society that is faced with many challenges, there is a need for institutions like the Legislature to remain sensitive and responsive to prevailing societal challenges. One of the ways of addressing this challenge is for the Legislature to contribute towards improving social cohesion in the Province through implementing nation-building programme
- Strengthen participation in inter-parliamentary bodies for improving participatory democracy and co-operation in the next five years: In order for the Legislature to share experiences and learn from others regarding issues of parliamentary democracy and other related matters, there is a need for it to maintain and strengthen its relations with parliamentary bodies and parliaments in both local and international contexts.

Legislative mandate

The Legislature derives its mandate mainly from the Constitution of the Republic of South Africa, which outlines its powers, functions, and responsibilities as follows:

In executing its legislative powers, the Legislature can: -

- Consider, pass, amend or reject any Bill; and
- Initiate or prepare legislation, except money Bills

Furthermore, the Legislature must provide for the following mechanisms:

- To ensure that all provincial executive organs of state in the province are accountable to it; and
- To conduct oversight over the provincial executive authority and any provincial organ of state, including the implementation of legislation.

The Legislature must also:

- Facilitate public involvement in the legislative and other processes of the Legislature and its committees; and
- Conduct its business in an open manner, and hold its sittings and those of its Committees in public.

External activities and other events relevant to budget decisions

- The Legislature is expected to effectively and efficiently hold executives and other organs of the state accountable by means of intensified oversight. Committees are the engine of the Legislature. They oversee government service delivery outputs through intensified oversight, and interact with the public. Accordingly, the introduction of any bill that might affect or attract public interest requires public hearings. These increase the number of committee activities and the institutional budget. Another important function of the Legislature is to encourage and facilitate public participation in the processes of the Legislature. These activities involve external stakeholders and influence the institutional budget. They comprise, amongst others, the Taking Legislature to the People, Sector parliaments such as Women's Parliament, Youth Parliament, the Senior Citizens' Parliament, Public Hearings, Outreach Programmes, Radio Broadcasts and Publications.
- Increase in fuel price affects the provision of services considering that the business operations of the Legislature require frequent mobility of Committee Members and support staff to committees.
- Increase in the remuneration packages for the public sector which is more than the budgeted percentage affects the budget of the Legislature resulting in the challenges to fill some vacant critical posts

1.1 Aligning Legislature budgets to achieve government's prescribed outcomes

The Legislature has not been co-ordinating or leading any of the outcomes but has an oversight responsibility towards ensuring that the Executive is held accountable for performance towards the achievement of the outcomes.

The outcomes reflect the desired developmental impacts sought to be achieved given government's policy priorities. The Legislature's responsibility is to ensure all organs of state within the province set and implement measurable outputs and key activities to achieve these outcomes.

Within Programme 2, the budget allocation endeavours to facilitate the role of the Legislature in realising the strategic objectives in line with the mandate of holding the Executive accountable, while Programme 1 endeavours to provide the strategic administrative support towards the achievement of these objectives.

2. Review of the current financial year (2017/18)

This review captures budget outcome for the third quarter ending 31 December 2017 as well as achievements and challenges emanating from the baseline allocations.

The Legislature's budget outcome as at 31 December 2017 was 70.9 per cent of the total R333.593 million adjusted budget. During the adjustment appropriation process, an additional allocation of R1.101 million was made to the Legislature to enable MPLs to conduct people assembly programmes.

The Legislature implemented cost containment measures in its endeavour to remain within allocated budget. These measures include the following:

- Continue to monitor spending trends through the monthly IYM reporting system
- Reviewing the current staff composition and merged certain job functions so as to re-align the organogram to better service the core business of the Legislature.
- Refraining from medium to long term contracts which are not supported by adequate funding.
- Intensifying the implementation of cost containment measures through a plan which has identified items and projects with specific cost cutting goals.

Sectorial Parliaments that were conducted during the period under review are as follows: Youth Parliament, Parliament for People Living with Disabilities, Workers Parliament, People Assembly, Women's Parliament, Widows Forum and the first Taking Legislature to the People has also been conducted.

The following activities will further drive costs in the 2017/18 financial year:

- Programmes of the various Legislature Committees;
- SOPA, 2nd People Assembly and TLP programmes;
- Statutory allocation for remuneration of Members
- Cost of living salary adjustments
- IT systems, infrastructure, maintenance and support
- Other general operational support services including communication, audit, security services and rental of buildings.
- Building partitioning and committee room's upgrades.

3. Outlook for the coming financial year (2018/19)

2018/19 Budget allocation for Mpumalanga Provincial Legislature is R346.647 million.

Mpumalanga Provincial Legislature has two programmes: Programme 1 with an allocated budget of R163.721 million equating to 47.2 percent and Programme 2 with an allocated budget of R182.926 million equating 52.8 percent of the total allocated budget for the 2018/19 financial year.

The allocation will be utilized to fund the following key cost drivers: SAP system, IT support and maintenance, security services, audit fees, rental of building and office machines, municipal services, general financial and people management services; State of the Province Address (SOPA); the sittings of the Legislature; Taking Legislature to the People (TLP); research work on selected topics, processing of bills, conducting of Sectorial Parliaments; Portfolio and Select Committee work. Programme 2 also funds research for portfolio committees and public education as well public participation programmes, transfers to political parties; and the statutory allocation of remuneration to Members of the Legislature.

4. Reprioritisation

The Legislature could not apply any material reprioritisation between programmes and spending items, the spending patterns did not change between the programmes. There were other projects that could not be undertaken due to budget constraints, i.e. replacement of servers as they are approaching the end of useful life.

5. Procurement

The Legislature will continue to ensure that the procurement of goods and services is done timely to ensure that service delivery is not compromised. The Legislature has started a process of reviewing all short term contracts to identify and clear off any wastage. Services currently procured on existing long and short term contracts include:

- IT systems, support and maintenance
- Professional human resource and accounting services

Other projects that involve major procurement of goods and services include the State of the Province Address and Taking Legislature to the People, public participation and education outreach projects and goods and services for chamber and committee sittings.

The procurement plan for the 2018/19 financial year will be developed to ensure that budget plans translate towards the timely procurement of the necessary goods and services to achieve the mandate of the Legislature.

6. Receipts and financing

The following sources of funding are used by the Legislature.

6.1. Summary of receipts

Table 2.1: Summary of receipts: Provincial Legislature

Financial transactions in assets and liabilities	184	202	371	105	105	10	111	117	123
Total departmental receipts	956	1 674	2 998	1 354	1 354	850	1 432	1 512	1 595

The main revenue generation drivers are interest on bank balance, debt recoveries and revenue from sales of assets. The growth trends on the planned estimates are attributed mainly to inflationary increases as the Legislature does not have a robust revenue base.

7. Payment summary

7.1. Key assumptions

The following broad assumptions are the foundation on which the budget of the Legislature is allocated to programmes and activities for the 2018/19 fiscal year:

- Statutory allocation for compensation of Members of the Provincial Legislature and cost of living adjustments thereon;
- Political Party funding for the enhancement of democracy, caucus and constituency work for Members of the Provincial Legislature;
- Opening of the Legislature and hosting of the State of the Province Address (SOPA);
- The hosting of 2 events namely “Taking the Legislature to the People” (TLP) conducted for identified communities within municipalities;
- The maintenance, support and licensing of the SAP system, IT infrastructure and network – following migration from SITA network and the Provincial Administration’s transversal legacy systems;
- Support to Portfolio and Select Committees of the Legislature in terms of research services and coordination of activities;
- The hosting of Sectorial Parliaments (Workers, Youth, Children, Women, Religious, Senior Citizens, Parliament for People with disabilities);

- Communication, travel and accommodation for Members of Provincial Legislature and support staff
- Public hearings and oversight visits by the Members of the Provincial Legislature in respect to Portfolio Committee Clusters; and
- The funding for the mobilisation of the public and related public education programmes
- Annual cost of living salary adjustments, performance based adjustments and performance awards and filling of vacant posts.

7.2. Programme summary

Table 2.3: Summary of payments and estimates: Provincial Legislature

Total economic classification	288 670	295 621	309 897	317 291	333 593	333 593	346 647	354 883	373 722

The budget allocation has increased by 3.9 per cent and the allocated budget is R346.647 million.

On compensation of employees, the growth is for the annual cost of living salary adjustments, performance based pay progression and related awards and vacant positions to be filled.

Goods and services budget has declined by 21.2 per cent in the 2018/19 financial year. The Legislature will continue monitoring the cost containment measures and reviewing the utilisation of contracted services as a measure to minimise the impact of accruals and reduce spending on non-core items

Capital payments reflect a fluctuating trend over the two-year period of 2016/17 and 2017/18 financial years. Capital payments reflect a decline of 89.8 per cent compared to the budget allocation of 2017/18 financial year. The 2017/18 spike was as a result once off purchase of VIP vehicles and the upgrade of committee rooms.

7.4. Infrastructure payments

7.4.1 Legislature infrastructure payments

Table 2.5: Summary of departmental Infrastructure per category

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17		2017/18		2018/19	2019/20	2020/21
Existing infrastructure assets	-	-	-	-	-	-	-	-	-
Maintenance and repairs	-	-	-	-	-	-	-	-	-
Upgrades and additions	-	-	-	-	-	-	-	-	-

<i>Current infrastructure</i>	3 968	4 361	729	397	397	397	417	438	462

The budget plans are for the rental of building for the NCOP office in Cape Town. The legislature will continue to monitor actual performance against these contracts in order to cap the spending to the commitments amounts.

7.5. Legislature Public-Private Partnership (PPP) projects

The legislature does not have PPP projects

7.6. Transfers

7.6.1 Transfers to public entities

The legislature does not make transfer to Public Entities

7.6.2. Transfers to political parties

Table 2.6: Summary of departmental transfers to other entities (for example NGOs)

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21
African National Congress	7 968	11 251	11 797	12 387	12 387	12 387	13 105	13 839	14 600

Transfers are made to political parties for the enhancement of democracy, caucus and constituency work by the four political parties represented in the house. The increase in the 2018/19 includes an ad-hoc allocation of R15 million for the enhancement of democracy.

7.6.3 Transfers to local government

The Legislature does not make transfers to local government

8. Receipts and retentions: Provincial legislatures

9. Programme description

9.1. Programme 1: Administration

9.1.1 Description and objectives

The aim of Programme 1 is to provide political leadership and administrative support services to ensure effective and efficient functioning of the Legislature in fulfilling its legislative and

constitutional mandate. The sub-programmes under this programme are illustrated in table 2.10 below.

Table 2.10: Summary of payments and estimates: Administration

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Programme 1 key cost drivers includes commitments made relating to SAP system, IT support and maintenance, security services, audit fees, rental of building and office machines, municipal services, general financial and people management services. The low growth trends over the MTEF is seen in the low growth trends across the economic spending items leaving very little room for new projects.

9.1.2 Service delivery measures

Refer to Legislature Annual Performance Plan for 2018/19.

9.2. Programme 2: Parliamentary Business

9.2.1 Description and objectives

The aim of the programme is to fulfil the constitutional mandate of the Legislature through exercising effective oversight, facilitation of public involvement and law-making. All sub-programmes under this programme are illustrated in table 2.12 below.

Table 2.12: Summary of payments and estimates: Parliamentary Business

This programme's allocated budget of R182.926 million for 2018/19 has increased by 4.8 per cent. The key cost drivers includes State of the Province Address (SOPA); the sittings of the Legislature; Taking Legislature to the People (TLP); research work on selected topics, processing of bills, conducting of Sectorial Parliaments; Portfolio and Select Committee work.

9.2.2 Service delivery measures

Refer to Legislature Annual Performance Plan for 2018/19.

10. Other programme information

Payments on training by programme									
1. Administration	1 159	1 329	1 571	1 701	1 701	1 701	1 809	1 910	2 015
2. Parliamentary Business	–	–	–	–	–	–	–	–	–
Total payments on training	1 159	1 329	1 571	1 701	1 701	1 701	1 809	1 910	2 015

The allocation for training relates to employee capacity building, for professional and management and skills. The training budget is allocated centrally and co-ordinated within the human capital cost centre. Management has increasingly become aware of the need to consider opportunistic costs namely travel and subsistence costs related to training and development programmes for short and long term training and development commitments.

10.3. Reconciliation of structural changes

There are no changes in the budget and programme structure as compared to that of the previous budget cycle.

Vote 03

Mpumalanga Provincial Treasury

To be appropriated by Vote in 2018/19	R 322 706 000
Direct Charge	R 0
Responsible MEC	MEC of Finance, Economic Development and Tourism
Administering Department	Mpumalanga Provincial Treasury
Accounting Officer	Head: Provincial Treasury

1. Overview

Vision

A dynamic Provincial Treasury leading in service excellence.

Mission

The equitable allocation and optimal utilization of provincial resources to ensure a quality and better life for all through:

- Quality financial advice and support to departments, public entities and municipalities.
- Efficient financial management and fiscal discipline.
- Effective monitoring of resource utilization.

Strategic Objectives

- Administrative support services
- Maintain fiscal discipline in the Province
- Assets and liabilities support
- Efficient and effective financial and corporate governance.

Core functions and responsibilities

Administration is responsible for political, financial and administrative management of the Provincial Treasury. The Programme provides prompt, continuous, effective and efficient administrative support to all line functions in the Provincial Treasury.

Sustainable Resources Management exists to promote optimal and effective provincial resource allocation and utilization, efficient provincial budget management, accurate financial reporting on provincial revenue generation and maximization, promote efficient planning, implementation and management of infrastructure by provincial Departments and Municipalities, and provide technical support to delegated Municipalities on the implementation of the Municipal Finance Management Act, No. 56 of 2003 (MFMA).

Assets and Liabilities Management is responsible for the monitoring and support on Assets, Liabilities, Provincial Supply Chain management, Public Private Partnerships, Transversal Systems as well as the provisioning of Information Technology Services to Departments, Public Entities and Municipalities in Mpumalanga Province.

Financial Governance serves to facilitate, monitor, support and provide professional advice to ensure good governance in the Province.

Overview of the main services that the department intends to deliver

The Provincial Treasury's approach to the 2018/19 budget allocation process for all the Departments is to maintain an appropriate balance between revenue and expenditure. The allocations have to reflect the priorities in terms of the Mpumalanga Provincial Government in line with the National Development Plan 2030 and ensure efficient quality services. Provincial Treasury supports all government priorities as it monitors Provincial Departments, Public Entities and Municipalities on utilisation of all resources allocated to them.

The Provincial Treasury continues to support municipalities to improve financial viability and strengthen financial governance issues within the context of Object 6 of the Integrated Municipal Support Programme.

Legislative mandate

The Provincial Treasury derives its mandate from the following legislations:

- The Constitution of the Republic of South Africa Act, 1996
- Public Finance Management Act, 1999 (Act 1 of 1999) (PFMA)
- Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (MFMA)
- Annual Division of Revenue Act
- Intergovernmental Fiscal Relations Act, 1997 (Act of 1997)
- Mpumalanga Finance Matters Act, 2006
- State Information Technology Agency Act, 1998 (Act 8 of 1998)
- Protected Disclosures Act, 2000 (Act 26 of 2000)
- Prevention and Combating of Corrupt Activities Act, 2004 (Act 12 of 2004)
- Mpumalanga Gambling Act, 1995 (Act 5 of 1995)
- Occupational Health and Safety Act, 1993 (Act of 1993)
- Control of Access to Public and Vehicles Act, 1985 (Act 53 of 1985)
- Electronic Communications Security (Pty) Ltd Act, 2002 (Act 68 of 2002)
- National Archives of South Africa Act, 1996 (Act 43 of 1996)
- Minimum Information Security Standards

External activities and other events relevant to budget decisions

Not applicable

Aligning departmental budgets to achieve government's prescribed outcomes

The Provincial Treasury provides support in terms of Outcome 9 and 12 and is not a lead Department on these priorities.

Outcome 9: Responsive, accountable, effective and efficient developmental local government system.

The National Development Plan envisages that by 2030 South Africa will be a state that is capable of playing a developmental and transformative role in such a way that benefits accrue across society with particular emphasis on the poor and vulnerable groups of our society.

The NDP cautions that such a developmental state cannot materialise by decree, nor can it be legislated or waved into existence by declarations. It has to be consciously built and sustained. And this requires strong leadership.

Sub-Outcome 3: Sound financial and administrative management;

In support of this sub-outcome, the Provincial Treasury focuses on the building the capacity of the municipal Budget and Treasury offices, review the financial sustainability of municipalities with no or extremely weak revenue base and develop proposals on what needs to be done.

The Provincial will enter into Service Level agreements with each municipality in order to clearly define the roles and responsibilities. The District wide engagements will be strengthened through a MOU and regular engagements at both administrative and political levels.

Outcome 12: An efficient, effective and development oriented public service.

The core objective is to put in place the mechanisms and structures that can support departments in developing their capacity and professional ethos while leaving departments with the ultimate authority on how their departments are run.

As described in the NDP, there is unevenness in capacity that leads to uneven performance in the public service.

Sub - Outcome 4: Efficient and effective management and operations systems

A key intervention would be to work with service delivery departments to map business processes for services and to monitor and review operations. The focus will prioritise core services and transversal corporate functions including payment of suppliers within 30 days. Working with various institutions, business processes will be mapped and or Standard operating procedures developed for prioritised departments, public entities and municipalities.

The Provincial Treasury will support promotion of greater and more consistent delegations in departments, public entities and support the implementation of guidelines and delegations. Such delegations will be accompanied by effective systems of support and oversight.

This includes areas such as financial management, supply chain management (SCM) and operational delegations. In each case the Provincial Treasury will look at whether guidelines are needed or whether the existing policy framework is sufficient and the focus needs to shift to promoting more effective implementation by departments.

Sub – Outcome 5: Procurement systems that deliver value for money

The state's ability to purchase what it needs on time, at the right quality and for the right price is central to its ability to deliver on its priorities. The state needs procurement systems that are robust, transparent and sufficiently intelligent to allow for the different approaches that are suited to different forms of procurement, procurement systems that do not only focus on procedural compliance but also on delivering value for money. This

requires strengthened supply chain management capacity and effective mechanisms for oversight and support.

- a) Differentiate between different forms of procurement to allow for strategic sourcing and different sourcing methodologies
- b) Capacity building and professionalising supply chain management
- c) Provide real-time operational support
- d) Ensure effective and transparent oversight
- e) Simplification of regulations and guidelines where necessary

2. Review of the current financial year (2017/18)

Provincial Treasury has an initial approved organogram with 433 posts. After the introduction of PERSAL clean up and the moratorium on the filling of posts, the Provincial Treasury has an approved establishment of 287 posts all of these posts were filled, thus leaving the Provincial Treasury within the 10 percent benchmark as per requirements by the Department of Public Service and Administration. A Provincial moratorium on the filling of posts is being implemented since the 13 March 2015. Critical posts affected by the moratorium will be filled through the rationalization process.

The organisational structure of Provincial Treasury currently makes provision for four Programmes. Programme 1 is responsible for the political, financial and administrative management of the Provincial Treasury. The other three Programmes focus on treasury functions, which are sustainable resource management, assets and liabilities management as well as financial governance. The Provincial Treasury operates in both the PFMA and MFMA environments. The review of the organisational structure will result in Provincial Treasury gaining re-focussing its existing personnel to cover the previously envisaged fifth Programme that could have specifically been dedicated to municipal support and ensure that Provincial Treasury is correctly positioned in order to provide maximum value to its clients.

The functions of the Treasury Programmes are specialised and depend on skilled resources to ensure the delivery of services. The staff turnover experienced during this reporting period was a major challenge. Although the recruitment of personnel by other Departments and Provinces is not unique to Provincial Treasury, it has negative implications for the overall operations of Provincial Treasury. In order to address the challenges relating to the high staff turnover rate, Provincial Treasury will intensify its implementation of the retention strategy.

3. Outlook for the coming financial year (2018/19)

The Provincial Treasury Administration Programme remains consistent in its approach to improve the organisational environment through performance excellence and addressing challenges within. It continues to make concerted effort to ensure that the structure is appropriate for achieving the organisation's strategic objectives and those of government at large.

Key focus areas within the Programme include:

- Providing of policy and political directives to achieve provincial objectives;
- Translation of policies and priorities into strategies for effective service delivery;

- Executing credible budget process to ensure sound financial and supply chain management; and providing of effective and efficient audit services.

Whilst the rationale is understood and supported however the reality is that the moratorium on the filling of vacant posts in the Mpumalanga Provincial Government has also had its toll on the Provincial Treasury. The planning of targets for the next year was done in line with the principle that more had to be done with fewer resources both financial and human resources.

The **Sustainable Resource Management** Programme aims to efficiently and effectively manage fiscal resources towards achieving inclusive growth and improving living standards. The challenge about allocations in the previous years is the late finalisation of the budget numbers and this affected the review of the documents and thus compromising quality of budget documents for tabling. The Programme also reviews expenditure reports submitted by departments monthly and provides feedback in cases of gaps identified. Departments submit these reports without proper narratives on deviations from set projections and thus compromise the Provincial Treasury's analysis. The Programme will strengthen this area of work and ensure that the necessary capacity is in place.

The Provincial Treasury will strengthen the budget process by commencing all processes as early as July of each year. The budgeting processes for the Province are aimed at reaching a maturity level where timeliness in concluding the work is one of the critical variables.

Own Revenue Generation, over the year's revenue collection was neglected which resulted in minimal growth of our own revenue generation. To address this challenge, a target of R4.2 billion rand is set for revenue collection in the medium-term, this will require improved collection capacity of our departments and public entities; improved debt recovery, exploration of new revenue streams as well as the introduction of new reforms such as possible revenue retention by departments that exceed set targets.

In the past few years the major collecting departments have been under collecting on own revenue. The motor vehicle tariffs are gradually being increased in order to improve the collection of the Road Traffic Act Fees. The Programme will continue to support Provincial Departments in maximizing collection and generation of own revenue through quarterly training workshops, revenue forums, monitoring of cash offices. Benchmarking with other provinces has been concluded. Attention will continue to be given to major collecting departments to grow the own revenue base.

The Programme analyses departmental submissions on infrastructure plans as well as reports on status of delivery of the same. There are still challenges with planning as projects are not implemented as planned and there are times where projects are only identified during the year, which results in failure to implement those. Different infrastructure reports from the same Departments carry different information, which says much on the credibility of those reports. Analysis reports are provided to departments in an attempt to improve these. The Programme will continue to support and monitor the delivery of infrastructure by Provincial Departments. This includes support to Departments with the implementation of the Infrastructure Delivery Improvement System (IDMS).

The **Assets and Liabilities Management** Programme supports all government priorities as it monitors Provincial Departments, Public Entities and Municipalities on utilisation of all resources allocated to them. The Provincial Treasury has to improve its systems to enhance its responsibility to support Provincial Departments, Municipalities and Public Entities on “Sound financial and administrative management”, “Efficient and effective management and operations systems” and “Procurement systems that deliver value for money”.

The Programme is responsible for Supply Chain, Assets and Liabilities Management and the management of the transversal systems and information technology in Provincial Departments and monitors the compliance with legislative requirements. The past five years’ (2010-2015) focus was on improving compliance to reporting provisions as set out by National Treasury including on monitoring the payment of suppliers within 30 days, rotation of SCM practitioners, particularly in departments and Public Entities, vetting of officials working in SCM, training of practitioners in all spheres of government and creation and establishment of bid committees.

There has been improvement with regard to compliance on the submission of reports, which includes procurement plans, and the 30 days payment of suppliers after receipt of valid invoices. All twelve votes, five public entities and twenty-one municipalities submitted on time their procurement plans and the Provincial Treasury monitors adherence on a monthly basis.

Similarly, there is improvement in the payment of suppliers within 30 days after receipt of an invoice; however, there are challenges in the Departments of Health, Community Safety, Security and Liaison as these departments are not paying within specified timelines, which add to accruals at year end. A Centralised Suppliers Database (CSD) was introduced on 1 April 2016, to improve accessibility to Government procurement through centralised registration and work to efficient and effective procurement. The Provincial Treasury established a Help Desk to follow up on invoices not paid on time on behalf of the suppliers.

There is a need for the Provincial Treasury to improve its systems to enhance the support to Provincial Departments, Municipalities and Public Entities on sound financial and administrative management, efficient and effective management and operations systems and procurement systems that deliver value for money. For the coming year the focus will be on capacity building to improve the skills on asset and inventory management. This is the first year that Departments will be required to have a disclosure note on inventory and the Provincial Departments will be supported and monitored on the implementation thereof.

The Provincial Treasury will provide support on the utilisation of the Intenda Solution Suite (ISS) to all Departments to strengthen procurement processes. The integration between CSD and the Transversal Systems including ISS will be finalised during the current financial year. An analysis of the audit outcomes indicated Provincial Treasury, line departments and Municipalities experienced challenges with the design of IT controls in the focus areas of IT governance, security management, user access management and IT service continuity, and therefore more focused support will be provided.

Training will be provided to all ICT staff supporting critical network security infrastructure and to the rest of government employees to be more security aware. The Programme will ensure the fighting of cybercrime by keeping systems patched, data encrypted, use two-factor authentication for everything and have alerts to detect suspicious behavior in our network.

The **Financial Governance** Programme will continue to assist Votes, Public Entities and Municipalities with regards to completeness of Annual Financial Statements and capacity building focusing on GRAP and the Modified Cash Standards.

The Norms and Standards Unit will review the risk registers and improvement plans for completeness and content analysis will be performed to provide recommendations to enhance the effectiveness of internal controls. The Provincial Internal and Risk Management Units will support stakeholders in the Province to improve the systems of internal audit and risk management to ensure value add.

4. Reprioritisation

Due to diminishing budgets, largely as a result of slow global economic recovery and a tight fiscal environment, expenditure over the 2018 MTEF will be well contained. The Provincial Treasury will continue to implement cost containment measures and reduce spending on other items in order to make funds available for activities that will ensure achievement of the strategic objectives.

5. Procurement

In ensuring that goods and services are procured timely the Provincial Treasury has developed a procurement plan of all goods and services between R30 000 and R500 000 and above R500 000 (applicable taxes included) which is monitored on monthly basis. Furthermore, the Provincial Treasury will ensure that when securing goods and services local suppliers are given first preference.

On Capital budget, the Provincial Treasury has allocated funds for the provision of IT infrastructure and replacement of old working tools such as computer equipment. When providing for IT infrastructure, increase in exchange rate between dollar/rand has been considered.

6. Receipts and financing

6.1. Summary of receipts

Table 3.1: Summary of receipts: Provincial Treasury

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

Surplus/(deficit) before financing	(8 745)	5 152	1 196	–	–	–	–	–	–
Financing									
of which									
Provincial cash reserves	–	–	–	–	–	–	–	–	–
Surplus/(deficit) after financing	(8 745)	5 152	1 196	–	–	–	–	–	–

The budget for the Provincial Treasury has shown an increase of 11.3 percent when compared to the current year baseline. The increase is mainly on compensation of employees due to the additional funds received to pay for the arbitration awarded against the Provincial Treasury. The cost per head has been adjusted upwards to cater for the corrected salary levels.

6.2. Departmental receipts collection

Table 3.2: Departmental receipts: Provincial Treasury

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

The Provincial Treasury pays for licence fees to local government. The table above reflects budget allocated for payment of licence fees.

8. Programme description

8.1. Programme 1: Administration

8.1.1. Description and Objective

The Programme is responsible for the political, financial and administrative management of the Provincial Treasury. The programme provides prompt, continuous, effective and efficient administrative support to all line functions in the Provincial Treasury.

Table 3.7: Summary of payments and estimates: Administration

Vote 04

Co-Operative Governance and Traditional Affairs

To be appropriated by Vote in 2018/19	R 522 260 000
Direct Charge	R 0
Responsible MEC	MEC of Co-operative Governance and Traditional Affairs
Administering Department	Co-operative Governance and Traditional Affairs
Accounting Officer	Head: Co-operative Governance and Traditional Affairs

1. Overview

Vision

Responsive, effective, efficient and sustainable cooperative governance

Mission

To coordinate, support, monitor and strengthen an integrated cooperative Governance system

Strategic Objectives

- To provide effective financial, technical, political and administrative support to department
- To strengthen the administrative oversight capacity and accountability of municipalities to perform their developmental responsibilities
- To promote good governance and participatory democracy at local level
- To facilitate Public access to government information to communities through Thusong Service Centres
- To facilitate and coordinate integrated planning for sustainable infrastructure development and service delivery
- Strengthen the institution of Traditional Leadership to promote and contribute to service delivery, socio economic development, nation building, moral regeneration and preservation of culture within their jurisdiction
- To advise government on policy and legislative development affecting traditional leaders and communities, custom, heritage, and tradition

Core functions and responsibilities

S154 of the Constitution states that National and Provincial governments, by legislative and other measures, must support and strengthen the capacity of Municipalities to manage their own affairs, to exercise their powers and to perform their functions.

S105 (1) states that the MEC for Local Government in a province must establish mechanisms, processes and procedures in terms of S155(6) of the Constitution to:

- Monitor Municipalities in the Province in managing their own affairs, exercising their powers and performing their functions;

- Monitor the development of local government capacity in the Province; and
- Assess the support needed by Municipalities to strengthen their capacity to manage their own affairs, exercise their powers and perform their functions.

Overview of the main services that the department intends to deliver

The Department provides support services to Municipalities through coordination and facilitation of municipal planning, municipal infrastructures services, capacity building, enhance local economic development, disaster management services, municipal administration as well as ensuring deepening democracy at local government level

Legislative mandate

- Local Government: Municipal Structures Act No. 117 of 1998
- Local Government: Municipal Systems Act No. 32 of 2000
- Local Government Municipal Property Rates Act No. 6 of 2004
- Disaster Management Act No. 57 of 2002
- Intergovernmental Relations Framework Act No. 13 of 2005
- Local Government Municipal Finance Management Act No. 56 of 2003 Mpumalanga Traditional Leadership and Governance Act No. 3 of 2005
- Mpumalanga Provincial House and Local Houses of Traditional Leaders Act No 6 of 2005
- Ingoma Act, 2011 (Act No 3 of 2011)
- Spatial Planning and Land Use Management Act No.16, 2013
- Traditional Leadership and Governance Framework Act No. 41 of 2003
- Regulations for the Election of the 40% Members of Traditional Councils, 2007
- Mpumalanga Commissions of Inquiry Act No. 11 of 1998
- Other enabling legislation of Local Government

External activities and other events relevant to budget decisions

The department is not affected by major external events except in cases where the department will be required to intervene by seconding Administrators in municipalities under section 139 of the constitution of the Republic of South Africa. This has financial implications and an impact on the budget of the department.

1.1. Aligning departmental budgets to achieve government's prescribed outcomes.

According to the government priorities as identified by Cabinet, the department has been assigned with outcome 9: A responsive, accountable, effective and efficient local government system,

Outcome 9 has since been reviewed to meet the service delivery expectations from our municipalities. The revised Outcome 9 MTSF Chapter outlines 5 sub-outcomes which spread across the different chapters of the National Development Plan that are particularly important to addressing the constraints detailed in the situational analysis, improving local government performance, ensuring quality service delivery and ultimately putting the local government sector on a positive path to achieving the vision are as follows:

- **Sub-outcome 1:** Members of society have sustainable and reliable access to basic services.
- **Sub-outcome 2:** Intergovernmental and democratic governance arrangements for a functional system of cooperative governance strengthened
- **Sub-outcome 3:** Democratic, effective, capable and well-governed municipal institutions
- **Sub-outcome 4:** Sound financial management
- **Sub-outcome 5:** Local public employment programmes expanded through the Community Work Programme (CWP)

The National Department of Co-operative Governance and the national Department of Traditional Affairs have developed standardised sector indicators, which responds to the revised Outcome 9 MTSF Chapter. The Department has reviewed its Strategic Plan and Annual Performance Plan to be in line with the revised Outcome 9 MTSF Chapter in order to realise the vision of the National Development Plan and will further include the standardised sector indicators once they have been finalised.

In executing outcome 9 and its outputs, the department has put strategies to realise the prioritises of government namely;

- All 20 Municipalities adopted and approved legally compliant IDPs and all 17 local municipalities monitored on the provision of basic services (water, sanitation, electricity and refuse removal)
- Enhancement of MIG expenditure patterns for 17 Municipalities,
- Enhancement of jobs creation through Community Works Programmes, Youth and Waste Management programme,
- Review 20 Municipal SDFs and land use schemes to be in line with SPLUMA,
- Improve the functionality of ward committees through the development and implementation of framework for ward committees,
- Assist all 20 municipalities in appointing suitably qualified senior managers and monitor the implementation of back to basics programme & integrated municipal support plan.
- Institutionalising the Operation Vuka Sisebente model and support all seventeen local municipalities to implement public participation programmes
- Strengthen support to institutions of Traditional Leaders and MPHTL.

2. Review of the current financial year (2017/18)

During the year under review, the Department made significant progress towards support to local municipalities and Traditional Councils towards delivering their mandates, amongst others the Department:

The Department obtained a clean audit outcome in the 2016/17 Financial Year and is anticipating a clean audit outcome for the year under review.

All seventeen (17) Local Municipalities were supported on the functionality of OVS War rooms; on early warning interventions to reduce protests and on the development of Ward Level Database with community concerns & remedial actions produced, as well as guiding all 17 local municipalities to implement public participation programmes.

In support of the governance, administration and financial management of municipalities the Department monitored sixteen (16) (Emakhazeni, Msukaligwa, Lekwa, Mkhondo, Govan Mbeki, Chief Albert Luthuli, Nkangala District, Dr JS Moroka, Victor Khanye, Emalahleni, City of Mbombela, Ehlazeni District Municipality, Gert Sibande District Municipality, Thaba Chweu, Dipaleseng and Nkomazi) on the effectiveness of Section 79&80 committees and Municipal TROIKA. Monitored thirteen (13) municipalities (Nkomazi, Msukaligwa, Thembisile, Ehlanzeni, Thaba Chweu, Dr JS Moroka, Lekwa, Steve Tshwete, Emalahleni, Victor Khanye, Emakhazeni, City of Mbombela and Bushbuckridge) in the implementation of systems and procedures for personnel administration and guided twelve (12) municipalities (Lekwa, Emalahleni, Dr JS Moroka, Nkomazi, Govan Mbeki, Mkhondo, Emakhazeni, Thembisile Hani, Msukaligwa, Dr Pixley Ka Isaka Seme, Chief Albert Luthuli and Dipaleseng) to comply with the Municipal Property Rates Act (MPRA).

The Department supported all 20 Municipalities with the development of 5 year (2017/18 – 2021/22) Draft legal compliant IDPs.

In support of integrated human settlements the Department rendered 241 Survey services in the Province and evaluated 43 development applications and supported 15 municipalities in the implementation of SPLUMA namely (Dipaleseng, City of Mbombela, Dr JS Moroka, Chief Albert Luthuli, Lekwa, Thaba Chweu, Thembisile Hani, Mkhondo, Victor Khanye, Emalahleni, Msukaligwa, Govan Mbeki, Emakhazeni, Nkomazi and Nkangala District).

In an effort to capacitate our Municipalities, the Department conduct one-on-one support to municipalities in the review of their work skills plan and co-ordinated the submission of the Work Skills Plans (WSPs) to LG-SETA.

Implemented the Expanded Public Works Program (EPWP) and in the process created 130 work opportunities in Dipaleseng, Nkomazi and Bushbuckridge local municipalities, as well as maintained 26 059 work opportunities through the Community Works Programme in all local municipalities.

In sustaining social cohesion in Traditional Communities, the Department resolved fourteen (14) Traditional Land cases, mobilized Fifteen (15) Traditional Councils (Mandlangempisi, Duma, Emfumbeni, Ndlela, Mandlamakhulu, Somcuba Bhevula, Mahlaphahlapha, Madabukela, Ebutsini, Enikwakuyengwa, Manala Makerane, Barolong Ba Lefifi, Bakgatla Ba Makau, Manala Mbongo and Ba Mocha Ba Moepi TCs) to participate in OVS War rooms, also mobilised twenty (20) Traditional Leaders (Manala Makerana, Duma, Mdluli, Mbuyane, Ndzundza Somphalali, Msogwaba, Hoxane, Ndzundza Fene, Lekgoetla, Umjindi, Embhuleni, Bakgatla Ba-Maloka, Luggedlane, Mawewe, Malele, Ogenyaneni, Moreipuso, Mpsikazi, Manala Mgibe and Ndzundza somphalali TCs) to participate in Municipal Councils and five (5) Traditional Leadership complaints finalised.

3. Outlook for the coming financial year (2018/19)

- The Department will Support Municipalities to accelerate provision of basic services (water, sanitation, electricity and refuse removal) to households.

- In support of integrated human settlements the Department will support 2 Settlements with tenure upgrading, and support 20 Municipalities with the implementation of SPLUMA as well as finalising the Provincial Spatial Development Framework (SDF)
- In order to strengthen public participation in municipalities the Department will guide 17 Local Municipalities to implement public participation programmes, Institutionalize Operation Vuka Sisebente model in all 17 local municipalities, mobilise 55 Traditional councils to participate in municipal IDP processes and 28 Traditional Leaders in 3 districts to participate in Municipal Councils.
- The Department will continue to support 20 Municipalities to comply with MSA Regulations on the appointment of senior managers, 15 Municipalities to review their Municipal By-laws, guide all 17 local Municipalities to comply with MPRA, conduct 4 Capacity building intervention in Municipalities to capacitate municipal officials and councillors and monitor the implementation of the IMSP and Back to Basics by all Local Municipalities.
- 17 Municipalities will be supported on readiness of 2019 National/ Provincial Elections by Co-ordination of basic infrastructure to be provided in voting stations in all local municipalities
- In promotion of local economic development and implementation of the Community works Programme the Department will support three (3) Municipalities in reviewing their LED strategies, monitor 6 Municipalities in the implementation of Local Economic Development projects in line with updated municipal LED strategies, monitor the implementation of the Community Works Programme (CWP) in all seventeen (17) local municipalities and create 93 Work opportunities through youth waste management project
- Promotion of culture and social cohesion in Traditional communities by supporting 55 Traditional/ Kings Councils on the holding of Cultural Ceremonies.
- In order to support the day to day smooth running of the Traditional Councils the Department will provide office furniture to 8 Traditional Councils and provide all Traditional Councils with administrative grant.
- In order to reduce the number of initiate deaths in initiation schools the Department will monitor 15 registered initiation schools to comply with the National Intervention plan and close reported illegal initiation schools.

4. Reprioritisation

The departmental is continuing with cost containment measures to reduce spending on its activities in order to stay within the allocated budget with the intention to have maximum impact on the achievement of departmental strategic goals. Funding has been channelled to areas of high priority and service delivery.

5. Procurement

There will be no major procurement that will be undertaken in the 2018/19 financial year. The department will continue with the contractual obligations in the areas of accommodation, catering, events management and supply of stationery.

6. Receipts and financing

The following sources of funding are used for the Vote:4

6.1. Summary of receipts

Table 4.1: Summary of receipts: Co-Operative Governance And Traditional Affairs

The main source of revenue is interest from bank account which is not consistent and is dependent upon spending on equitable share

6.3. Donor funding

The department does not receive donor funding

7. Payment summary

7.1. Key assumptions

The following assumptions underpin the basis for the compilation of the budget:

- Monitoring the implementation of the Integrated Municipal Support Plan.
- Operational and administrative support for the Traditional Councils
- Assist with tenure upgrading of selected municipalities

7.2. Programme summary

The budget of the department is increasing by 1.4 percent or R 7.216 million which is below the 6.4 CPI projections for 2018/19 compared to the 2017/18 financial year.

Compensation of Employees

The budget for this classification has increased from R372.932 million to R407.647 million, which translate an increase of R 34.715 million or 9.3 per cent. The 9.3 per cent growth is above the cost of living adjustment.

Goods and Services

The budget for Goods and Services amounts to R 70.502 million from R 66.722 million increased by R 3.780 million or 5.7 percent year on year.

Transfer and Subsidies

The classification is declining by R 0.439 million or 2.0 percent due to the non-increment of Amakhosi grant.

Payment for Capital Assets

The classification is declining by R 31.718 million or 59.2 percent due to the once-off allocation in 2017/18 for Tractors & Farming Implements and Executive Vehicles for the executive of the House of Traditional Leaders.

This programme carries the contractual obligations and centralised services of the department hence the biggest slice of the Goods and Services budget R 40.857 million or 58 percent .

8.1.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.2. Local Governance

8.2.1 Description and objectives

This programme aims at the strengthening the administrative and financial capacity of municipalities as well as deepening democracy at local level in order to ensure that municipalities perform their developmental responsibilities.

Objectives

- To strengthen the administrative oversight capacity and accountability of municipalities to perform their developmental responsibilities
- To promote good governance and participatory democracy at local level
- To facilitate Public access to government information to communities through Thusong Service Centres

Table 4.10: Summary of payments and estimates: Local Governance

The programme will continue to focus on implementing the Integrated Municipal Support Plan (IMSP) and Operation Vuka Sisebente for the financial year 2018/19.

8.2.2 Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.3 Development and Planning

8.3.1 Description and objectives

This programme aims to strengthening Municipalities on development and planning requirements as well as coordinating and enhancing the delivering of quality infrastructure to improve the provision of basic services in local government level.

Objective:

To facilitate and coordinate integrated planning for sustainable infrastructure development and service delivery.

A once off amount of R 21.000 million has been allocated to clear old outstanding debt for Delmas Water Project, a matter emanating from 20017/08 financial on the outbreak of cholera. This is the provincial contribution which remained unresolved in the books of account of COGTA and Rand Water. The programme will continue with tenure upgrading and spatial planning project within municipalities in the province.

8.3.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.4. Traditional Institutional Management

8.4.1 Description and objectives

To support strengthen the institution of Traditional Leadership in order to fulfil its mandate through sound financial and administrative management in Traditional Councils

Strengthen administrative and financial support through provision of cultural grants and administrative grants to Traditional Council will continue for 2018/19 financial year and also providing them with tools of trade. The department will support the Mpumalanga Provincial House on Traditional Leadership.

Total economic classification: Programme (numb	91 224	141 577	155 450	148 470	146 470	142 026	114 966	122 811	113 206

The programme has a decreased of 19 percent or R 27.060 million due to a decline on Payments for Capital Assets economic classification of 2018/19 as there was a once off allocation for the procurement of Executive Vehicles for the incoming executive of Traditional Leaders and procurement of Farming Implements and Tractors for Traditional Councils of the House

8.4.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.5. The House of Traditional Leaders

8.5.1 Description and objectives

The Mpumalanga House of Traditional Leaders performs an oversight function over Government Departments and Agencies pertaining service delivery projects and programmes in Traditional Communities.

To advise government on policy and legislative development affecting traditional leaders and communities, custom, heritage, and tradition.

Table 4.16: Summary of payments and estimates: The House of Traditional Leaders

Vote 05

Agriculture, Rural Development, Land and Environmental Affairs

To be appropriated by Vote in 2018/19	R 1 180 437 000
Direct Charge	R 0
Responsible MEC	MEC of Agriculture, Rural Development, Land and Environmental Affairs
Administering Department	Agriculture, Rural Development, Land and Environmental Affairs
Accounting Officer	Head: Agriculture, Rural Development, Land and Environmental Affairs

1. Overview

Vision

Vibrant, equitable, and sustainable urban and rural communities with a united and prosperous agricultural sector

Mission

To facilitate an integrated, comprehensive & sustainable social & Agricultural development in rural and urban communities through ensuring cohesion and collaboration by all sectors of society.

Values

Guided by the principles of Batho Pele, we will render services particularly based on the following values:

- Result orientated and professional staff
- Sensitivity to the needs of all citizens, particularly the poor, women, youth, the elderly and the disabled
- Driven by community based development
- A learning organization that is participatory in its approach and grows from its experiences and new knowledge
- Promote and improve effective, efficient and responsive Departmental systems and use of resources
- Act with honesty, impartiality and integrity

Core functions and responsibilities

The Department will continue with the implementation of the following priority policy initiatives in response to Outcome 7 and Outcome 10 in particular

- i. Accelerate the implementation of Mpumalanga Fortune 40 Young Farmer Incubator Programme
- ii. Provide Irrigation Infrastructure
- iii. Identify and capacitate farmers to increase food production
- iv. Increase Meat Production: (Red and White meat)
- v. Increase Grain Production: (Maize, Soya bean, Sorghum)
- vi. Increase Tropical Fruit and Vegetable Production
- vii. Development and refurbishment of the agro-processing facilities for meat, grains, fruit and vegetable
- viii. Improve Research Development Programme
- ix. Provide support to affected farmers through Disaster Relief Schemes
- x. Monitor climate change through Climate Change Response Tools
- xi. Ambient Air Quality Monitoring Stations Commissioned; Operated And Maintained

Overview of the main services that the department intends to deliver

- a) Strengthen and elevate farmer support programmes into a comprehensive and integrated approach where more emphasis will be directed towards commercial production.
- b) Accelerate the development and implementation of youth economic development in the agricultural sector.
- c) The Department will in the MTSF period implement the Fortune-40 programme. Through this programme, 20 farms will be developed comprehensively as youth development programme.
- d) Resuscitate the irrigation schemes by rejuvenating irrigation systems.
- e) To maintain the management of 47 controlled and notifiable animal diseases.
- f) Strengthen and enhance protection of environmental assets and natural resources.

External activities and other events related to budget decisions

None

1.2. Aligning departmental budgets to achieve government's prescribed outcomes

The Department will continue with the implementation of the following priority policy initiatives in response to Outcome 7 and Outcome 10 in particular:

- Accelerate the implementation of Mpumalanga Fortune 40 Young Farmer Incubator Programme
- Provide Irrigation Infrastructure
- Identify and capacitate farmers to increase food production
- Increase Meat Production: (Red and White meat)
- Increase Grain Production: (Maize, Soya bean, Sorghum)
- Increase Tropical Fruit and Vegetable Production
- Development and refurbishment of the agro-processing facilities for Meat, grains, fruit and vegetable
- Improve Research Development Programme
- Provide support to affected farmers through Disaster Relief Schemes
- Monitor climate change through Climate Change Response Tools
- Ambient Air Quality Monitoring Stations Commissioned; Operated and Maintained

2. Review of the current financial year (2017/18)

For the period under review, twelve (12) projects are developed for crop production, three for poultry houses, 2 for livestock and one for veld pasture. However one poultry project has been changed to crop due to the avian flu outbreak threat. These projects are already in production, producing different types of vegetables with four (4) supplying Government Nutrition Programme.

In order to increase the number of Fortune 40 Farms to 35, 19 farms have been identified, preliminary assessment has been conducted in all these farms and currently a team of

experts (Engineers, Agricultural Economists & Land Reform Advisors) is busy conducting full assessment.

The identified farms are in spread across 4 districts (Gert Sibande 12, Ehlanzeni North 3, Ehlanzeni South 7, and Nkangala 2)

During the first quarter of 2017/18, 22 projects have been completed. Food security is one of key priorities for the department. The department has currently ploughed and planted 16 916.66 ha for both communal areas and land reform projects, 9 833 households have benefitted from food security initiatives and 1 897 food gardens were established.

3. Outlook for the coming financial year (2018/19)

The Department has geared its self towards the realisation of Vision 2030 in terms of the National Development Framework, which seeks to achieve the following objectives;

- a) Creating more jobs through agricultural development, based on effective land reform and the growth of irrigated agriculture and land production.
- b) Providing basic services that enable people to develop capabilities to take advantage of opportunities around the country, enabling them to contribute to their communities.
- c) Developing industries such as Agro-processing, Conservation, Fisheries and Small Enterprises where potential exists.
- d) The department will put more focus on the following commodities, poultry, red meat, maize, soya bean fruits and vegetables

The Department has also put more emphasis on the following key approaches

- a) Strengthen and elevate farmer support programmes into a comprehensive and integrated approach where more emphasis will be directed towards commercial production.
- b) Accelerate the development and implementation of youth economic development in the agricultural sector.
- c) The Department will in the MTSF period implement the Fortune-40 programme. Through this programme, 35 farms will be developed comprehensively as a youth development programme.
- d) Resuscitate the irrigation schemes by rejuvenating irrigation systems.
- e) To maintain the management of 47 controlled and notifiable animal diseases.
- f) Strengthen and enhance protection of environmental assets and natural resources.

4. Reprioritisation

The department reprioritised funds to continue to support the youth through Fortune 40 Young Farmer Incubator Programme. Support will be provided in a form agricultural infrastructure, production inputs, mechanisation services, training as well as assistance to access to markets. Additional farms will be identified to be supported through the Fortune 40 programme.

The department will continue to implement an Agricultural Production as a Catalyst for Economic Development & Employment strategy for the following key commodities, grain,

poultry, red meat, soya bean, fruit and vegetables, and forestry. Infrastructure such as broiler houses, abattoirs for red meat and for white meat, irrigation systems etc. will be provided. With regard to the dairy production, the department will conduct a feasibility study to develop farms identified for dairy production as well as determine statutory requirements. The department will also complete the Agri-Hubs in Mkhuhlu and Mkhondo in order to provide a market for the farmers as well as collection point for the Mpumalanga International Fresh Produce Market.

The department will continue to upgrade the agricultural research for the sector i.e. Nooitgedacht Research Centre Gert Sibande district. This is to improve the agricultural sector by providing improved methods of production. The department will conclude on the renovations of the Marapyane and Elijah Mango Training Centres to train farmers in the province to improve their skills and knowledge on farming.

The department will also continue to provide services through Phezukomkhono Mlimi. This will be done by ploughing and planting 6 000 hectares and establishment of 200 food gardens to improve food production and increase access to food for the poor and vulnerable communities. This will also be augmented by providing support to 550 households with food security initiatives. In addition 20 sets of animals will be provided to farms/projects through Masibuyele Esibayeni.

5. Procurement

The Department will pursue to ensure that the procurement of goods and services is done in a fair, equitable, transparent, competitive cost effective and timely manner, to ensure that service delivery is not compromised. In addition, all contracts will be subject to market price analysis and the terms and conditions will be analysed to identify areas where the department can negotiate for better value for money without compromising the quality of services acquired.

Contracts related to the core services of the department are discussed below: The department will monitor the services rendered in line with the service level agreement in the current financial year.

As part of poverty alleviation the Department will supply seeds and fertilizer to farmers and assist in ploughing, tiling and planting arable land to poverty stricken communities as well as land reform farms through Masibuyele Emasimini Programme. The provision of bull and heifer will be rendered in the current financial year through Masibuyele Esibayeni programme. Through the awareness campaign the department will assist communities in veterinary services to alleviate disease which may impact negatively to society.

Total departmental receipts	3 607	17 821	7 974	3 641	3 641	3 641	3 674	3 880	4 093

The department relies on Veterinary Services and Environmental Affairs which is Boarding Private for revenue collection. However, the slight growth in revenue projection is represented by sales of goods and services for 2018/19 financial year.

Fines and penalties, has since decreased due to the fact that spot fine for mining and related activities is now regulated or administered by the Department of Mineral Resources. Financial transactions in assets is recovery of previous year's expenditure and debt written off, which is not projected at the beginning of the financial year, but will realise a certain amount by the end of the financial year.

6.3. Donor funding

The department does not have any donor funding

7. Payment summary

The Department overall budget has increased by 4.9 per cent which is below the CPI growth rate, and will have a minimum contribution to the Agricultural communities. Budgets are made available for the Departmental priority which is Food Security, agri-hubs and Fortune 40.

The Department did a complete calculation on the allocation of Compensation of Employees (COE) using the guide given by the Provincial Treasury. However, it should be noted that the department is not exempted from the Provincial moratorium. The Department has prioritized critical posts for delivery programmes especially Chief financial officer which was filled during 2017/18 financial and Vet Services in order to comply with the relevant related legislation.

The Department experienced a decrease on goods and services from R 477.777 to R 473.632 million. This is due to budget cut for CASP. Adequate budget was made available for all contractual obligations, the department has more offices since the move of Environmental Affairs. 1.5 per cent skills levy against the salary bill was made available for training of employees. Allocation was made available for audit fees and the procurement of veterinary medicine in order to curb the outbreaks of Rabbits and foot and mouth diseases, legal fees and laboratory fees..

Allocation for CASP for the following: Consultants, SAGAP, Training, Fortune 40 mentors, CASP mentors, Marketing, ERP, Female farmer has been affected hence the budget cut. The allocation has decreased.

There is decrease on capital payments from R 64.975 million to R 46.288 million. The decrease is due to the reclassification resolution taken during the 2017/18 financial year.

7.4. Infrastructure payments

7.4.1. Departmental infrastructure payments

Table 2.5 below provides a summary of infrastructure payments and estimates per category.

The programme has decreased on the budget allocation from R200.821 million to R 196.497 million, which is 2.2 per cent, this was due to an allocation of R13 million for the Mpumalanga Show which was made available during the adjustment budget period as for

2018/19 financial year only R2.5 million is made available, however the budget will be utilised to address the following, Audit Fees, Skills Levy for Training of Employees, Property Payments, Injury on Duties, Leave Gratuities.

8.1.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.2 Sustainable Resource Management

8.2.1. Description and objectives

To provide agricultural support services to farmers in order to ensure sustainable development and management of agricultural resources. The programme provides support in the form of agricultural infrastructure development services that ranges from planning and designing to physical construction of structures to enhance sustainable natural resource management. The programme plays a key role in promoting the expanded Public Works Programme (EPWP) in the rehabilitation of degraded land.

The budget for this programme has increase from R 55.210 million to R 81.890 million in 2018/19 financial year when compared to 2017/18 financial year, this is due to an allocation for disaster relief and Land Use made available and an increase on the Land Care conditional grant fund.

8.2.2 Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.3. Farmer Support and Development

8.3.1 Description and objectives

The programme renders district level services in support of the agrarian reform and rural development. The programme provides technical and infrastructure support to land reform beneficiaries including subsistence food producers, smallholder farmers and commercial farmers. It seeks to promote job creation, income generation and household food security through the implementation of commodity based projects funded through the Comprehensive Agricultural Support Programme (CASP) and the Masibuyele Emasimini Programme. Through its CRDP inter-department coordinating role it supports the development of integrated rural development plans and budgets in liaison with the Municipalities' IDP processes.

The budget for this programme has decreased from R 532.958 million to R 520.079 million, the decrease is as a result of prioritisation of funds. Furthermore this programme houses the priorities of the department, which is Fortune 40, Agri-hubs, Masibuyele Emasimini and Masibuyele Esibayeni.

8.3.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.4. Veterinary Services

8.4.1. Description and objectives

The program's purpose is to promote animal health, welfare and production in Mpumalanga and to promote the health and welfare of both humans and animals through veterinary public health programmes.

Table 5.13: Summary of payments and estimates: Veterinary Services

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

The budget for this programme has received an increase from R 128 060 million to R 146 008 million in 2018/19 financial year when compared to 2017/18 financial year this is due to the allocation of funds from CASP for the construction of dip-tanks and procurement of medicine to control diseases outbreaks etc. rabies, FMD.

8.4.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.5 Research and Technology Development Services

8.5.1 Description and objectives

The programme deals with agricultural research and the development and transfer of appropriate agricultural technologies. The programme conducts adaptive research to improve agricultural productivity. It is responsible for establishment and strengthening of partnerships in agriculture research. The key services of the programme include research in crop and animal production as well as range and forage research.

The programme has decreased. This is due to placement of official correctly. The programme will continue to support service delivery programmes and monitor the implementation of the Mpumalanga International Fresh Produce Market by MEGA.

8.6.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.7. Structured Agricultural Education and Training

8.7.1. Description and objectives

This programme is responsible for providing agricultural training at the Higher Education and Training and Further Education and Training levels. Training offered at the Lowveld College of Agriculture, focuses on Higher Education (HET) and Training programmes for students whilst Further Education and Training (FET) programmes are conducted throughout the province for farmers on commodity basis.

Table 5.19: Summary of payments and estimates: Structured Agricultural Education and Training

The programme has increased in growth which is due to maintenance for the Marapyane College, Funda-Mlimi Library and Elijah Mango College

8.7.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.8. Rural Development Coordination

8.8.1. Description and objectives

The objectives of the programme are as follows; to coordinate Comprehensive Rural Development Programme (CRDP) to improve the social and economic livelihoods of rural communities. To increase and support agrarian reform through provision of pre- and post-settlement support. To Profile all rural wards and mobilise poor households in the 8 most deprived municipalities

Table 5.21: Summary of payments and estimates: Rural Development Coordination

Responsible MEC	MEC for Finance, Economic Development and Tourism
Administering Department	Economic Development and Tourism
Accounting Officer	Head: Economic Development and Tourism

1. Overview

Vision

An Inclusive, Global Competitive Economy

Mission

Drive economic growth that creates decent employment and promote sustainable development through partnership.

Strategic Objectives

The department will implement its mandate based on the following strategic objectives:

- Facilitate support and development of business enterprises.
- Promote economic transformation.
- Provide strategic economic development support to municipalities
- Ensure growth in exports and direct investment in the province
- Facilitate the implementation of economic infrastructure projects in the Province
- Ensure the development of competitive growth sectors
- Implement Consumer protection and awareness programmes that creates an environment conducive to fair trade.
- Promote and maintain an effective and efficient regulatory system for the liquor, gambling and betting industry.
- Provide economic policy direction and strategies.
- Conduct/commission research on the provincial economy to inform economic policy analysis process and strategy development.
- Provide data, information and intelligence on the economy for effective decision-making.
- Determine the effectiveness and impact of provincial policy
- Create an enabling environment through policy and strategy development and improve intergovernmental coordination.

1.3. Aligning Departmental budgets to achieve government's prescribed outcomes

The Department is responsible for implementing outcome 4 (Employment through Inclusive Growth). Outcome 4 requires that the Department grow the economy in order to support the Cooperatives and SMMEs in the Province. Also to identify and support sectors which the Province has competitive advantage on and to support the youth and disadvantages groups. Therefore, the plans of the Department are aligned with this outcome.

The Mpumalanga economic growth rate is highly correlated with the country's growth rate and is expected to come in below 1 per cent in 2018. The anticipated growth rate, however, falls short of the provincial target of 5 per cent. It is not sufficient to reduce unemployment, poverty and inequality. Therefore it is important to strengthen our engagement with the private sector and trading partners as part of our growth and development strategy. The APP outlines the tough choices we have to make and challenges us to implement the National Development Plan (NDP) with vigour. Without stronger economic growth, the revenue trend will remain muted. If revenue does not grow, expenditure increases cannot be sustained.

The National and Mpumalanga economies continue to be confronted by high unemployment, poverty and an unequal society. The share of Mpumalanga's population below the lower bound poverty line improved during the last couple of years to 41.7 per cent in 2016 from 44.2 per cent in 2009. The number of people below the lower bound poverty line, however, increased from 1.710 million in 2009 to 1.795 million in 2016. Income inequality has improved slightly over the past few years, from 0.62 per cent in 2009 to 0.61 per cent in 2016 in terms of the Gini-coefficient (the measure of inequality). It is expected that this positive trend will continue over the medium term as government continues to prioritise infrastructure investment and social programmes that support citizens most in need.

2. Review of the current financial year (2017/18)

The Quarterly Performance Report (QPR) had 61 targets planned in the reporting period, and only 48 of these were achieved (i.e. 79 percent) and thus dropping by 5 per cent from the 84 per cent achievement in the second quarter. Therefore, there is a 21 per cent performance deviation due to the 13 targets not achieved.

To facilitate support and development of business enterprises, the department has developed the Draft SMME Strategy and reviewed the Township and Rural Economy Strategy, however a decision was taken to redo the SMME strategy and to incorporate aspects of Township and Rural economy. Terms of reference were developed and a call for proposals to develop the strategy was made. 9 Cooperatives from the 3 Districts were supported to participate in the annual International Cooperatives Day celebrations Awards.

Database for the social enterprise for the 7 prioritized municipalities was developed and collated. However the database is still incomplete as it does not incorporate all municipalities. Terms of reference were developed to call for proposals to develop a comprehensive database,

The department is mandated to promote economic transformation, so far we have completed the development of the Constitution and the Terms of Reference which will facilitate the appointment of the Provincial BBBEE Advisory Council members. Draft framework on the implementation of warehousing and township retail shops initiative was developed and profiling of entrepreneurs was done. Draft Programme of Action in collaboration with DTI for the roll out of the Black Industrial Programme has been developed.

We have provided strategic economic development support to municipalities by ensuring that stakeholders were consulted in 9 municipalities and strategies were analysed for review. LED Forum was established in Emalahleni Local municipality, nine municipalities supported in holding their LEDF meetings and presentation of the departmental APP in the 3 district municipalities for alignment was facilitated.

To ensure growth in exports and direct investment in the province, the department have compiled monitoring and evaluation reports; on the roll out of the Implementation Road Map (Ensure Trade & Investment Promotion Agency (TIPA) is mandated, formalise TIPA operational requirements, action plan for implementation cycle); report on the implementation of the Agreements on tractor manufacturing, dairy production and tourism promotion produced (Overall agreement between MPG and Sevrdoovsk Region developed. Agreements on Tractor Manufacturing and Tourism Promotion signed) and report on the roll out of the *Implementation Process Map* produced (Production partnerships on land reform farms, Commodities for export, Infrastructure and logistics, direct airline, exchange programs on animal health and biodiversity conservation).

The implementation of economic infrastructure projects in the Province has been facilitated as follows; Terms of Reference was approved and submitted for advertisement for the appointment of professional team to commence with statutory compliance process for Petro Chemical, Agriculture and Forestry and Mining and Metals Industrial Technology Park.

The department coordinated and facilitated the implementation of the following prioritised strategic projects and report produced on implementation of the infrastructure project for Mpumalanga International Fresh Produce Market (MIFPM) (Production, Logistics, Infrastructure, Markets) and report produced for Nkomazi Special Economic Zone (SEZ) on the *Post Designation Implementation Plan*. Land for the Fly Ash project (*Kusile Power Station*) was identified.

We have also facilitated and coordinated the “**Project Initiation Phase**” of the three (3) Industrial Technology Parks. Institutional Arrangements for the Petro Chemical, Agriculture and Forestry and Mining and Metals Industrial Technology Park were concluded. Draft Bill for the establishment of Creative Industry Commission, consolidated Provincial film, music and performing art Strategy developed and Call for proposals for participation in the programme has been developed.

Three Capacity building programmes facilitated and coordinated (MTI, MSI and Furntech). The Steve Tshwete Municipality has resolved to donate the land for the Mpumalanga Tooling Initiatives and Mpumalanga Stainless Steel Initiatives, MTI governance issues have been strengthened in that the board is properly constituted and sits on regular basis. Land

Availability Agreement not concluded for FurnTech, however an MOA on the land that has been made available for the expansion has been developed.

The department has implemented Consumer protection and awareness programmes that creates an environment conducive to fair trade. 100 per cent (354) resolved consumers cases received and advisory services provided. 124 consumer education and awareness programmes were conducted. 8 Consumer Court hearings conducted in terms of the Mpumalanga Consumer Affairs Act.

We have further promoted and maintained an effective and efficient regulatory system for the liquor, gambling and betting industry by ensuring that the Draft policies on Gambling and Liquor amendments was produced. 1 Capacity Building Workshops conducted to capacitate Local municipalities to review and implement business regulatory legislation. 6 Municipalities were visited and assisted in finalising street trading by-laws in respect of Mpumalanga Business Act.

One of the key priorities is to provide economic policy direction and strategies, the department has drafted report on stakeholder engagements with members of the energy cluster and initiated MTGS project (TOR inputs finalized and submitted to tender bulletin) for the Provincial integrated sector strategy. We have developed TOR/ project plan for the research study/project.

To ensure development, promotion and regulation of tourism in the province that will contribute to a sustainable tourism sector within the province, we have developed Terms of Reference approved and submitted for advertisement for Tourism Strategy, Policy Framework and New Tourism Bill). Furthermore we have implemented 3 regional and international Tourism programme namely, Cooperation agreement with the Russian Federation facilitated, East3ROUTE and Triland programme facilitated. We undertook both an Outbound (to Russia) and Inbound (Mpumalanga) Missions respectively, as part of the Tour Operators Exchange Programme between the two partners in the Cooperation Agreement. As part of the 2017 Tourism Month programme, we have drafted and finalised the Tourism Month MOU between DEDT, NDT and SAT as well as supported the MTPA during the launched of the Provincial build-up activities of the Tourism Month. The Programme has developed the hand-over reports of the projects that are taken to the MTPA as per the EXCO directive.

3. Outlook for the coming financial year (2018/19)

The Department will strive to be the thought leader in as far as economic development is concerned. As such, it will focus more on the monitoring of the implementation of developed strategies which seeks to support the economic growth in the Province. We will therefore coordinate the implementation of the SMME and Cooperatives, Township and Rural Economy Strategies. However, it should be noted that the Department will continue to support the participation of the 9 Cooperatives in the annual International Cooperative Day celebration Awards and maintain and update database of cooperatives and SMME's.

The department will continue to coordinate the implementation of the BBBEE plan. The Activities of the Provincial BBBEE Council will be supported, we will monitor the implementation of warehousing and township retail shops initiatives and facilitate access to support offered under the Black Industrialist Programme to potential beneficiaries.

We will further strengthen LED to drive the economic growth and development in municipalities by coordinating and facilitating the review of the LED strategies for 3 District Municipalities, implement LED initiatives in municipalities and coordinate the implementation of targeted economic interventions to increase employment and enterprise development

The department will continue to support and monitor the implementation of three (3) high impact economic infrastructure initiatives, and 3 prioritised growth sectors on beneficiation.

High Impact Economic Infrastructure projects are:

- Forestry and Agriculture in Thaba Chweu Local municipality
- Industrial Supplier Park in Govan Mbeki Local Municipality
- Mining and Metals in Steve Tshwete Local Municipality

Coordinate and facilitate the implementation of the following prioritised strategic projects:

- *MIFPM*
- *Nkomazi SEZ*
- *Fly Ash*

We will also facilitate and coordinate the implementation of the DEDT/MTI “**Joint Implementation Plan**”, prioritising:

- *The Centre of Excellence*
- *Skills Development*
- *Institutional Arrangement*

We will continue to implement the Mpumalanga Consumer Protection Act. We will resolve 80 percent consumers cases received and advisory services provided, conduct 400 consumer education and awareness programmes and conduct 20 Consumer hearings in terms of the Mpumalanga Consumer Affairs Act.

The department will review Mpumalanga Liquor and Gambling Acts in terms of National and Provincial Policies. Assist municipalities to develop business bye-laws which will favour the development of businesses within their respective municipalities.

The National Development Plan, Vision 2030, Nine Point Plan and the MEGDP will always be central in guiding the plans of the Department. Thus the department will continue to focus on implementing the identified projects in various sectors as articulated in the planning documents. 3 project plans on Green economy initiatives will be developed. 4 research reports will be produced to inform economic policy analysis process and strategy development. We will also develop and maintain a reliable system for economic information through the databases, GIS and statistics and collection of data on the jobs created in the Province will be done on a continuous basis in partnership with StatsSA.

Performance monitoring & evaluation on implementation of priority projects and public entity oversight will be produced. Improved provincial planning and budgeting through provision of quality and accurate socio-economic documents will be produced.

Tourism is one of the key sectors of economy that Mpumalanga Province has and will continue to prioritise. This sector has a huge potential of contributing to the GDP and job creation in the province. Furthermore, the tourism sector can drive the NDP implementation at the provincial level. However, there are few constraining factors that continue to affect the growth of the sector namely:

- Lack of access to capital which prohibits new entrants to the sector.
- Lack of transformation (on both the supply and demand sides).
- Lack of institutional arrangement within the sector.
- Poor coordination and integration of plans with other key role players of the sector.
- Lack of sector specific Research.

In addressing these challenges, the Department has prioritised **key interventions**, to mention but a few, namely:

- Monitor and evaluate the implementation of Tourism Policy framework
- Develop and publish State of Tourism Report
- Implement 2 regional and international Tourism programme, namely:
 - East3Route programme
 - Tri-Land programme

4. Reprioritisation

The Department has reduced the operational budget of Mpumalanga Economic Growth Agency (MEGA), and the Mpumalanga Tourism and Parks Agency (MTPA), with an associated increase in the own revenue generation targets of each of those entities. The operational budget to the Mpumalanga Economic Regulatory (MER) has been increased to fund initiatives to improve the revenue collection of that entity.

Funds have been reprioritised to assist with the implementation of strategic catalytic projects, particular in the Tourism sector. Funds have also been reprioritised to accumulate accurate information on SMMEs' in the various local municipalities.

The special allocation of R320.488 million for the implementation of the Mpumalanga International Fresh Produce Market (MIFPM) has been reclassified as capital expenditure from MEGA to the Department.

5. Procurement

The Department will limit procurement to a procurement plan which is linked to the strategic plan and to the Annual Performance Plan, including operational plans. The appointment of a transaction advisor to assist with the implementation of strategic catalytic projects, particular in the Tourism sector will commence with the finalisation of specifications during the first quarter, while specifications are already prepared for other key initiatives allowing for advertising of opportunities early in the first quarter of 2018/19.

6. Receipts and financing

The following sources of funding are used for the Vote:

6.1. Summary of receipts

Table 6.1: Summary of receipts: Economic Development And Tourism

Revenue projection throughout the MTEF is based on the current collection capacity of the Department and its Entity (MER). With effect from October 2017, the casino taxes, horse racing taxes and liquor licences are collected through the Mpumalanga Economic Regulator (MER) which is the successor in title to the Mpumalanga Gambling Board (MGB), and the Mpumalanga Liquor Authority (MLA).

6.3. Donor funding

The department does not have any donor funding

7. Payment summary

In the 2018/19 financial year, the Department is allocated a total budget of R1.198 billion. R636.700 million, 53 per cent of which will be transferred to the Entities of the Department.

7.1. Key assumptions

- The budgets as appropriated by the Provincial Treasury for the 2018/19 financial will not be changed;
- The Department will continue to have the necessary capacity to deliver on the planned programmes (both financial and human resource);
- The economy will be stable and make adequate provision for having seed capital to enable the Department to grow the economy through involving private sector.

7.2. Programme summary

Table 6.3: Summary of payments and estimates: Economic Development And Tourism

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

<i>Current infrastructure</i>	–	7 360	12 358	12 972	12 972	12 972	14 413	14 893	15 713

The Department does not traditionally have infrastructure projects, however, the development of the Mpumalanga International Fresh Produce Market (MIFPM) is within the Programme Integrated Economic Development. A special allocation of R320.488 million for the implementation of the MIFPM has been allocated to the Department. MEGA is appointed as the implementing agent for this project. A further R 385.562 million (2019/2020) and R357.183 million (2020/2021) is allocated in the outer years as a special allocation towards this project.

7.4.2. Maintenance

Annexure: Table B5

7.5. Departmental Public-Private Partnership (PPP) projects

The Department has not entered into any PPP agreements and there are no intentions of concluding any such agreement during the year 2018/19.

7.6. Transfers

7.6.1. Transfers to public entities

Table 6.6: Summary of departmental transfers to public entities

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

8. Programme description

8.1. Programme 1: Administration

8.1.1. Description and objectives

The purpose of Programme 1 is to provide administrative support for the implementation of the departmental mandate. The programme consists of the following sub- Programmes: Office of the MEC, Office of the Head of Department, Internal Audit, Financial Management, Risk Management, Strategic Planning Services and Corporate Services

Table 6.8: Summary of payments and estimates: Administration

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

The budget allocated within this programme for 2018/19 no longer includes the allocation to MEGA of amounts related to the Mpumalanga International Fresh Produce Market (MIFPM). MEGA is the implementing agent for most major projects in the province and one of the key projects is the Mpumalanga International Fresh Produce Market. That budget of R320.488 million for 2018/2019 is related to that project. An amount of R1.000 million is allocated to EPWP projects within the entity.

8.2.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.3. Programme 3: Trade and Sector Development

8.3.1. Description and objectives

The purpose of the programme is to support the development of industry within the key economic sectors of the province and create a conducive environment for trade and investment. This Programme is responsible for the facilitation of trade, promotion of investment, facilitation of strategic initiatives and development of industrial clusters in the prioritized sectors of the province. The programme drives sector development in the province.

An amount of R3.502 million to support the three capacity building initiatives targeting young people through the Mpumalanga Tooling Initiative (MTI), Mpumalanga Stainless Steel Initiative (MSI) and the Furniture Technology Centre (FURNTECH).

8.3.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.4. Programme 4: Business Regulation and Governance

8.4.1. Description and objectives

The purpose of Program is to regulate the Liquor and Gambling Industry and to create enabling legislative environment for Business to operate as well as the facilitation of fair trade and effective Consumer Protection. The programme consists of the following sub programme, namely Consumer Protection, and Business Regulation

Table 6.14: Summary of payments and estimates: Business Regulation and Governance

Provision has been made in the programme for facilitating consumer awareness campaign and the functioning of the consumer court. A budget of R96.310 million is allocated as an operational grant to the regulatory entity the Mpumalanga Economic Regulator (MER). MER is the successor in title to the Mpumalanga Gambling Board (MGB) and the Mpumalanga Liquor Authority (MLA) respectively. The allocation of the operational grant is to execute the mandate and collect revenue for the Department.

MGB and MLA have been merged to form the Mpumalanga Economic Regulator (MER).

8.4.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.5. Programme 5: Economic Planning

8.5.1. Description and objectives

The programme is responsible for provision of economic policy direction and strategies in addition to conducting research on the provincial economy to inform strategy development.

The programme aims at providing information on the economy in order to enable better decision making, and monitoring and evaluating the impact of provincial policy and departmental programmes designed for sustained economic development. It consists of the following sub-programmes: Policy & Planning, Research and Development, Knowledge Management and Monitoring and Evaluation

Table 6.16: Summary of payments and estimates: Economic Planning

The budget allocation is for compensation of employees and goods and services. However, the main focus will be conducting research on the informal economy and ensuring that there is adequate oversight on public entities.

8.5.2. Service Delivery Measure

Refer to Annual Performance Plan for 2018/19

8.6. Programme 6: Tourism

8.6.1. Description and objectives

The Purpose of the Programme is to ensure tourism sector policy development, regulation and compliance and promotion of sector transformation in the province

The role of the Department within the Tourism industry has been redefined and expanded to incorporate a comprehensive set of functions detailing the territory that must be covered in order for Provincial Government to successfully intervene in the tourism sector. The Functions Chart for Tourism, as outlined below, is a comprehensive set of functions which have been categorised along the three sub-programmes as per the National Tourism Programme Structure:

These translate into the work of the Chief Directorate's structure. Tourism Planning, Tourism Regulations & Compliance, Statistics, and Tourism Sector Transformation are the sub-directorates which fall under the programme Tourism. *The Tourism Growth and Development* is outsourced to a Provincial Public Entity (MTPA). The Agency has the responsibility for marketing, promotion and market intelligence of the destination branded as Mpumalanga.

In this programme, the Department will be focusing on various initiatives to promote sustainable tourism as a tool for development. R366.433 million is allocated to the Mpumalanga Tourism and Parks Agency (MTPA). The MTPA has been tasked to oversee major Tourism Projects and one of the key projects is the Development of Heritage Towns. An amount of R2.259 million is allocated to EPWP projects within the entity.

8.7.2. Service delivery measures

Refer to Departmental Annual Performance Plan for 2018/19

9. Other programme information

Vote 07

Education

To be appropriated by Vote in 2018/19	R 20 973 433 000
Direct Charge	R 0
Responsible MEC	MEC of Education
Administrating Department	Education
Accounting Officer	Head: Education

1. Overview

Vision

Advancing excellence in quality education provision

Mission

The Mpumalanga Department of Education (MDOE) commits to work with its stakeholders to promote effective teaching and learning through good governance, capable management and proficient leadership

Strategic Objectives

Access to quality education is a basic human right, entrenched not only in our Constitution, but also in Province adopted agendas such as the Millennium Development Goals (MDGs), Education for All (EFA) goals, PGDS, etc. The MDG commits Government to halving poverty and reducing unemployment strategies that upscale the commitment to education.

Core functions and responsibilities

Since 2001, the department has been shifting its focus from establishing broad policy and governance structures and stabilisation of the education system, to improving access, quality and equity. Recent policy pronouncements from the Presidential State of the Nation Address point to the centrality of Education in driving an accelerated and shared economic growth. 2015/2016 financial year was the beginning of a new 5 Year Cycle 2015 – 2020 whereby the focus will be on implementing the National Development Plan through the priorities as outlined Medium Term Strategic Framework 2014 -2019 of Government.

In order to achieve the outcome of improved quality of basic education, there will be a focus on improving the quality of teaching so that results improve, as measured by internationally benchmarked tests. Targets have been set for the improvements in results at various grades over time. In order to achieve this, we will be providing all schools with appropriate learner and teacher support materials such as lesson plans, workbooks and textbooks, to ensure proper coverage of the curriculum. Curriculum coverage and the

utilisation of these resources will be closely monitored as this is part of the non-negotiable for the sector.

The monitoring of the implementation of the Curriculum and Assessment Policy Statement (CAPS) in both General Education Training (GET) and Further Education Training (FET) phases of the system will be prioritised. Some children live far away from school. Others need special education and local schools may not offer this, and many are from poor homes. To achieve this we will continue to make the number of no-fee schools available and to increase feeding schemes to assist children from poor families.

Legislative mandate

- South African Schools Act No 84 of 1966 (SASA)
- Public Service Act of 1994 (PSA)
- Public Finance Management Act, Act 1 of 199 (PFMA)
- National Education Policy Framework Act No 5 of 2000 (PPPFA)
- South African Quality Authority Act No 58 of 1995 (SAQA)
- and all other related legislation

1.1 Aligning departmental budgets to achieve government's prescribed outcomes

The core mandate of the department is to provide quality basic education and training to all learners of school going age in Mpumalanga. The 1996 Constitution of the Republic of South Africa makes basic education a basic right. In the year 2010, as part of a major overhaul of government's planning systems, improving the quality of basic education was declared 'Outcome 1' of a total of 12 outcomes representing the top priorities for government. In the new MTSF 2014-2019 the number of outcomes has been increased to 14 and the department is still responsible for Outcome 1 and 5.

It is widely recognised that the country's schooling system performs well below its potential and that improving basic education outcomes is a prerequisite for the country's long-range development goals. The need is fairly straightforward as far as the basic education sector is concerned. Our children and youths need to be better prepared by their schools to read, write, think critically and solve numerical problems. These skills are the foundations on which further studies, job satisfaction, productivity and meaningful citizenship are based.

As a response to these challenges, the Education Sector has developed the Schooling 2030 and Action Plan to 2019, which clearly outlines the areas to be prioritised for the learners to attain quality learning outcomes. Improvement of Literacy and Numeracy in all exit grades, i.e. 3, 6, and 9 is critical for us to ensure that our pass rates increase at Grade 12 level and beyond.

All Provincial Education Departments in the country are responsible in the main for Outcome 1: Quality Basic Education. In 2010 the Executive Council in Mpumalanga Province centralised the HRD functions including the management of bursaries to the MDoE. As a result of this, the MDoE is obligated to play a role in the delivery of some sub-outcomes i.e. sub-outcome 3 and 7 of Outcome 5: "A skilled and capable workforce

to support an inclusive growth path". The challenge with this state of affairs is that the MDoE does not have a direct vehicle to implement the deliverables of Outcome 5 as it does no longer have a concurrent function with FET Colleges.

The only vehicle at the disposal of the department to deliver on some of the sub-outcomes is through formation of strategic partnerships with various stakeholders and the Mpumalanga Regional Training Trust.

2. Review of the current financial year (2017/18)

The department has a baseline allocation of R19.348 billion for the 2017/18 financial year, which decreased to R 19.322 billion. There was an increase of about 7.7 per cent on the baseline from the 2016/17 financial year. This increase catered for the carry-through effect of the occupational specific dispensation (OSD), the general salary adjustments and the payment of 1.5 per cent pay progression.

During this financial year the department also had to pay all accruals amounting to R326.274 million that could not be paid in the 2016/17 financial year as a result on the delay in the implementation of infrastructure projects and invoices that could not be paid at year end as the expenditure related to the end of March 2017. The department introduced austerity measures as interventions to curb over expenditure and realize savings to fund these budget shortfalls. The department received additional funding during budget adjustments process and the budget increased to R19.587 billion.

The Department continues to experience challenges with infrastructure delivery. The main reason for this challenge is that the scope of the current infrastructure backlog exceeds present and future budget allocations. Unpredictable migration patterns resulting in urban sprawl and the growth of informal settlements have had a net effect of under-utilisation of existing infrastructure in certain areas such as farming communities and overcrowding in other areas. This has forced the Department to utilise mobile classrooms to alleviate the challenge. The Department has operationalised 1 722 schools to date.

3. Outlook for the coming financial year (2018/19)

The Department has been allocated a budget of R20.973 billion for the 2018/19 financial year. Through an intense process of engagements, the following key strategic priorities have been identified:

- Improved quality of teaching and learning through development, supply and effective utilisation of teachers.
- Provision of quality infrastructure
- Provision of Stationery in schools
- Strengthening social support programmes for educators and learners

An increase in programme 1: Administration is meant to fund the operational budget which was not available in the 2017/18 financial year. Programme 3: Independent Schools Subsidies shows an increase to the allocation over the MTEF period however it is not adequate, basically because as a department we are not yet ready to fund the independent schools at the national norms and standards for school funding. Programme 4: Public Special Schools shows an increase as a result of the introduction of a new grant

(Learners with Profound Disability grant) and is subsequently maintaining the trend over the MTEF. Programme 5: Early Childhood Development has increased due to the increase in the allocation for learner, teacher support material (LTSM) and the translation of ECD practitioners for educators. Programme 7: Examinations and Related Services has decreased as a result of less provision to MRTT due to financial constraints faced by the department. It further decreased because of the reduction in provision for bursaries over the MTEF.

4. Reprioritisation

The department has not done any reprioritisation.

5. Procurement

The department will do the following major procurement:

- Supply of relevant MST equipment through the MST grant.
- Mobile classrooms and mobile kitchen
- Student accommodation for outside campus
- Learner teacher support material
- Foods supply to Shongwe boarding school
- Printing of annual reports and other departmental documents
- Food supply to Ezakheni and Izimbali boarding schools
- National School Nutrition Programme (NSNP) – none CRDP areas
- Cleaning services of Bohlabela district and ECD Institute.

6. Receipts and financing

Table 7.1 above gives the sources of funding used for Vote 07 over the seven-year period 2014/15 to 2020/21. The table also compares actual and budgeted receipts against actual and budgeted payments. As illustrated, the department will receive a budget allocation of

R20.973 billion in 2018/19. Included in this amount are conditional grants totalling to more than R1.579 billion. The allocation of own revenue has increased to R243 million for the 2018/19 financial year. The funding for conditional grants for the 2018/19, 2019/20 and 2020/21 are R1.579 million, R1.501 million and R1.636 million respectively. The department experienced an average annual nominal growth from 2014/15 until 2017/18 on average year on year of 7.2 per cent against an average annual nominal growth in budgets from 2017/18 until 2020/21 of only on average year on year of 6.3 per cent.

Table 7.2 above illustrate the revenue collected by the department over a seven-year period. Details of these receipts are presented in the Annexure to Vote 07 – Education. The department's scope of increasing own revenue is very limited. The major source of own revenue relates to the interest received on the bank account, commission claimed on administering of stop orders and the collection of debts owed to the department. The department has put in place a strategy to enhance the collection of own revenue and has been approved by the Provincial Treasury.

6.3. Donor funding

The department does not have donor funding.

7. Payment summary

This section summarises payments and budgeted estimates for the vote in terms of programmes and economic classification in the new economic reporting format. Details according to economic classification are presented in Annexure to Vote 07 – Education.

7.1. Key assumptions

- Monitoring of CAPS
- Teacher development
- Inclusive Education
- Funding of full service schools
- Funding of boarding schools
- Provision of bursaries to full time and part-time students.

7.2. Programme summary

Table 7.3: Summary of payments and estimates: Education

Table 7.3 above provides a summary of the vote's payments and budgeted estimates according to programmes. The programme structure was adjusted to conform as far as possible to the requirements of National Treasury and the Department of Basic Education.

Consistent with its responsibility for the core functions of the department, Programme 2: Public Ordinary School Education consumes by far the bulk of the department's budget which is 81 per cent for the 2018 Medium Term Expenditure Framework (MTEF) period. The allocation for compensation of employees also takes the biggest portion of the budget. The budget for professional support relating to Public Schools has been included under Programme 1, in line with the education sector delivery model. The expenditure for the payment of contractors managing capital projects has been capitalised and added to payment of capital assets. The infrastructure development programme for the department has also been located under Programme 6 in line with the education sector delivery model. In addition, Programme 7: Examination and Education Related Services consist of five sub-programmes, which are examination services, conditional grant HIV/AIDS (Life Skills), payment to Sector Education and Training Authority (SETA), Professional Service and special projects. Under special projects the province makes payments for provincial

bursary allocation for both internal and external. The province has MRTT project under special projects.

Table 7.4 above illustrates payments and budget trends for the department per economic classification. Compensation of employee's takes the biggest share of the total departmental budget, 81 per cent after the deduction of the conditional grants for the 2018 MTEF period. Transfers and subsidies to non-profit institutions cater mainly for payments of subsidies to Section 21- and no-fee-schools, independent schools, public special schools and ECD centres. However the department is unable to fund this at the correct level.

7.4. Infrastructure payments

7.4.1. Departmental infrastructure payments

Table 2.5 below provides a summary of infrastructure payments and estimates per category.

Table 7.5: Summary of departmental Infrastructure per category

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21
Existing infrastructure assets	233 676	378 310	738 722	423 854	507 565	507 565	525 102	372 635	2 500

Infrastructure: Leases	30 416	42 416	46 300	50 930	50 930	50 930	-	-	-
Non Infrastructure	-	-	-	2 204	2 204	2 204	44 126	43 460	36 888
Total Infrastructure (including non	909 971	1 089 388	1 008 411	1 202 491	1 072 278	1 072 278	1 257 793	753 137	902 876
<i>Capital infrastructure</i>	<i>871 325</i>	<i>967 097</i>	<i>871 370</i>	<i>1 108 057</i>	<i>906 783</i>	<i>906 783</i>	<i>1 092 138</i>	<i>633 839</i>	<i>865 988</i>
<i>Current infrastructure</i>	<i>38 646</i>	<i>122 291</i>	<i>137 041</i>	<i>94 434</i>	<i>165 495</i>	<i>165 495</i>	<i>165 655</i>	<i>119 299</i>	<i>36 888</i>

Detailed information on infrastructure is given in the Annexure B5. The infrastructure budget split will still provide a distinction between school category and school type e.g. Primary versus Secondary as well as Public Ordinary Schools, Special Schools or ECD facilities. The department intends to continue spending a huge amount of its budget to complete or close its existing projects in 2018/19 financial year. The DPWR&T which is the implementing agent of the department will ensure that the infrastructure plans are implemented as agreed.

7.5. Departmental Public-Private Partnership (PPP) projects

The department does not have Public-Private Partnership (PPP) projects.

7.6. Transfers

7.6.1. Transfers to public entities

Table 7.6: Summary of departmental transfers to public entities

8. Programme description

8.1. Programme 1: Administration

8.1.1 Description and objectives

The programme's objective is to provide for the overall management of and support to the education system in accordance with NEPA, the PFMA, and other policies.

Table 7.8: Summary of payments and estimates: Administration

Total economic classification: Programme (numb	1 171 649	1 247 123	1 234 104	1 282 005	1 262 509	1 284 422	1 515 355	1 573 526	1 669 367

The 2018 MTEF allocation for programme 1 is R1.515 billion, R1.574 billion and R1 669 billion. The budget reflects a projected increase of 18.2 per cent, increase of 3.8 per cent and increase of 6.1 per cent respectively over the 2018 MTEF. The programme renders administrative support in the provision of quality education that will in the long run try to minimise the impact of the triple challenges of poverty, unemployment and poverty.

8.1.2. Service delivery measure

Refer to departmental Annual Performance Plan for 2018/19

8.2. Programme 2: Public Ordinary Schools Education

8.2.1. Description and objectives

To provide ordinary education from Grades 1 to 12 in accordance with the SASA, and White Paper 6 on inclusive education.

Table 7.10: Summary of payments and estimates: Public Ordinary Schools Education

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

The financial tables above reflect payments and budgeted estimates relating to this programme for the period 2014/2015 to 2020/2021. The largest portion of the budget under this programme is allocated to the sub-programme: Public Primary Schools, because the number of institutions and learners in these schools exceeds those in Public Secondary Schools. This programme includes the budget for educators, their salaries, and development needs. The consistent growth in spending and estimates under Programme 2, particularly in the category of compensation of employees, can be attributed to costs relating to improvements in condition of service, the impact of various policy changes within the education sector, national priorities and the implementation of OSD 2.

Public Ordinary School Education spending increased substantially over the 2018 MTEF period and the payment of educator salaries continues to be the major cost driving item in this programme. It must be noted that the department has not created additional educators posts because of the financial pressure being experienced. Further increases in compensation of employees over the 2018 MTEF can be attributed to the additional funding received to compensate for the carry-through effect of the higher anticipated wage settlements and payment of notch progression. The department will concentrate in the 2018 MTEF on literacy and numeracy in Grades 3, 6 and 9, the matriculation improvement programme in dysfunctional schools and the maths and science improvement programme. The department is always striving to comply with the norms and standards through the transfers to Section 21 and No Fee Schools but could not continue with this trend because of the budget cut that was implemented during 2017 MTEF period.

Furthermore, the department endeavours linking all primary schools to the Maths and Science Academy in order to improve the learner performance in grade 3, 6 and 9; as well as paying attention to dysfunctional schools which brought down the provincial performance. Training and monitoring of School Management Teams in these schools

are critical to address content gaps. The issue of displaced educators will be addressed to ensure that they are adequately utilized. The strengthened co-operation of and improved communication with sister departments will pave the way for fighting crime and violence in schools. Implementation of the National Schools Nutrition Programme will be closely monitored. Measures will be put in place to ensure that the School Nutrition Programme complies fully with the grant framework in terms of coverage, cost, menu, targeted learners, etc.

The Department will not be able to fund all quintiles in accordance with the national norms, and this underfunding will be continued in the MTEF as a result of the budgetary constraints.

8.2.2. Service delivery measure

Refer to departmental Annual Performance Plan for 2018/19

8.3. Programme 3: Independent Schools Subsidies

8.3.1 Description and objectives

The objective of this programme to support Independent Schools in accordance with the SASA. From funds appropriated by the provincial legislature, a subsidy is granted to an independent school that is eligible for subsidy according to the National Norms and Standard for School Funding (NNSSF).

Subsidies are granted in relation to the socio-economic circumstances of an eligible school's clientele. Subsidy allocation, therefore, must show preference for independent schools that are well managed, provide good education, serve poor communities and individuals, and are not operated for profit. These schools are evaluated and monitored by the Department, according to objectives, transparent and verifiable criteria. Independent schools must be managed subject to SASA and any applicable provincial law. To ensure compliance with provincial department's requirement regarding registration, withdrawal of registration and subsidies to independent schools, provincial regulations were published for public comments, and after consideration of public comments, the final regulations were published.

Tables 7.12 and 7.13 above reflect payments and budgeted estimates relating to this programme for the period 2014/15 to 2020/21. The increase to baseline allocation over the 2018 MTEF period will affect the current subsidy expenditure per learner with the provincial average expenditure per learner as the growth is not sufficient.

8.3.2. Service delivery measure

Refer to departmental Annual Performance Plan for 2018/19

8.4. Programme 4: Public Special Schools Education

8.4.1. Description and objectives

The objective of the programme is to provide compulsory Public Education in special schools in accordance with SASA and the White Paper 6 on Inclusive Education and the Child Justice Act (CJA), No 38 of 2005.

Table 7.14: Summary of payments and estimates: Public Special Schools Education

The MDE supports 18 special schools in terms of curriculum and overall school management. Of these, 15 schools admit learners with intellectual disabilities who require moderate to high levels of support within a better controlled environment and 3 Child and Youth Care Centres (CYCC) admit learners who are in need of care and protection (in line with the Children's Act) and also those that are in conflict with the law (in line with the CJA). In addition, Vaalrivier had been converted to a special school for learners with moderate intellectual disabilities, as a mitigation strategy for space challenges in special schools. The schools follow the National Curriculum Statement (NCS), including technical subjects. The Grades offered range from Grades 1 - 9, Grades 1 - 10 and Grade 8 - 12. It has to be noted that all 3 schools have therapeutic intervention programmes conducted by child and youth care workers after school, during weekends and holidays.

Furthermore, of the 15 schools, 9 receiving high level support, there are 6 schools that accommodate learners who have disabilities but who, require moderate level of support. The schools adapted the NCS up to Grade 10 and also offer pre-vocational skills.

The other schools that cater for severe disabilities only offer adapted curriculum up to Grade 7. Tables 7.14 and 7.15 above reflect payments and budgeted estimates relating to this programme for the period 2014/15 to 2020/21.

8.4.2. Service delivery measure

Refer to departmental Annual Performance Plan for 2018/19

8.5. Programme 5: Early Childhood Development

8.5.1. Description and objectives

The objective of this programme is to provide ECD at the Grade R and earlier levels in accordance with White Paper 5.

Table 7.16: Summary of payments and estimates: Early Childhood Development

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Total economic classification: Programme (numb	176 901	225 233	251 567	228 373	275 373	281 253	328 596	374 563	398 271

The financial tables above reflect payments and budgeted estimates relating to this programme for the period 2014/15 to 2020/21. The budget growth reflects the focus of the sector towards universal access to Grade R. The decline in the payment of transfers and subsidies as from 2015/16 is as a result of payment of educators through the PERSAL system.

The emphasis in ECD should be on improving quality in ECD provisioning in order to professionalize the ECD sector. Grade R phase is being implemented and managed with varying qualifications and less favourable conditions of service. The concept document drafted by DBE, state qualifying practitioners outside the Public Sector may be considered for the Foundation Phase teaching posts. Creation of educator posts should be seen within the context of making Grade R compulsory in 2019.

Grade R teachers need to enjoy the same status as the teachers in the mainstream. There is a career path plan to encourage all under qualified and/or unqualified practitioners to upgrade their qualification (in accordance with the government gazette on minimum qualifications requirements) before they can be appointed and enjoy same benefits of a qualified REQV 13 educator. The department will therefore translate ECD practitioners in the 2018/19 financial year.

There are budget pressures pertaining to the effective implementation of the ECDI in the MTEF. The ECDI is meant to assist in professionalising the ECD sector by equipping 0-4 practitioners with skills and knowledge in Child Care. There are also budget pressures pertaining to the provision of indoor and outdoor play based resources to Pre-Grade R centres and schools. The implication of LTSM budget pressures impacts adversely on learners' school readiness and their social, physical and intellectual development is impaired contributing to poor performance in the Foundation Phase

8.5.2. Service delivery measure

Refer to departmental Annual Performance Plan for 2018/19

8.6. Programme 6: Infrastructure Development

8.6.1. Description and objectives

The objective of this programme is to provide and maintain infrastructure facilities in the department. The department has started with the building of some boarding schools which will go a long way to address the challenges of small and farm schools.

Table 7.18: Summary of payments and estimates: Infrastructure Development

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Total economic classification: Programme (numb	369 688	555 270	650 453	634 973	685 812	685 812	640 142	635 802	662 195

The tables above reflect payments and budgeted estimates relating to this programme for the period 2014/15 to 2020/21. The relatively high increase in compensation of employees in this program, Examinations and Education Related Services is due to the increased salaries of examination markers. This programme also shows an increase in the budget for goods and services over the 2018/19 MTEF for the exam support activities. Allocation for MRTT has been reduced as a result of budget cuts.

8.7.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

9. Other programme information

Vote 08

Public Works, Roads and Transport

To be appropriated by Vote in 2018/19	R 4 987 002 000
Direct Charge	R 0
Responsible MEC	MEC of Public Works, Roads and Transport
Administrating Department	Public Works, Roads and Transport
Accounting Officer	Head: Public Works, Roads and Transport

1. Overview

Vision

An integrated transport system and infrastructure that promotes socio-economic development.

Mission

- To provide an integrated, reliable and cost-effective transport system that meets the development needs of the province.
- To deliver infrastructure that promotes sustainable economic development and job creation.

Strategic Objectives

- Improve overall performance of the Department.
- Enhance good governance and accountability.
- Implementation of building infrastructure projects within the prescribed time and budget.
- Enhance property management.
- Improve the provincial road network.
- Efficient and effective management of transport services.
- Coordinate, monitor and evaluate implementation of EPWP III across the Province
- Provision of administrative, strategic, financial and corporate support services in order to ensure that it delivers on its mandate in an integrated, efficient, effective and sustainable manner.
- Delivery of a balanced and equitable provincial government building infrastructure by promoting accessibility that is sustainable, integrated and environmentally sensitive which supports economic development and social empowerment.
- To promote accessibility and the safe, affordable movement of people, goods and services through the delivery and maintenance of transport infrastructure that is sustainable, integrated and environmentally sensitive, and which supports and facilitates social empowerment and economic growth.
- Plan, regulate and facilitate the provision of integrated land transport services through co-ordination and co-operation with national planning authorities, CBOs, NGOs and the private sector in order to enhance the mobility of all communities particularly those currently without or with limited access.

- Manage the implementation of programmes and strategies that lead to the development and empowerment of communities and contractors. This includes the provincial management and co-ordination of the Expanded Public Works Programme.

Legislative mandate

The mandates of the Department of Public Works, Roads and Transport are derived from the Constitution of the Republic of South Africa, 1996 (Act 108 of 1996). In giving effect to these mandates, the Department is guided by the commitment to “improve the quality of life of all citizens and free the potential of each person”.

The Department’s key legislative mandates are embodied in the following pieces of legislation:

- Construction Industry Development Board Act. (Act 38 of 2000)
- Cross-Border Road Transport Act, (Act 4 of 1998)
- Expropriation Act, 1975 (Act 63 of 1975)
- Fencing Act, 1963 (Act 31 of 1963)
- Infrastructure Development Act, 2014 (Act 23 of 2014)
- Government Immovable Asset Management Act, (Act 19 of 2007)
- Mpumalanga Road Act, (Act 1 of 2008)
- Mpumalanga Road Traffic Act (Act 4 of 1998)
- National Archives and Records Services Act, (Act No. 43 of 1996)
- National Building Regulations and Building Standards Act, 1977 (Act 103, of 1997)
- National Environment Management Act, 1998 (Act 107 of 1998)
- National Land Transport Act, (Act 5 of 2009)
- National Road Traffic Act, 1996 (Act 93 of 1996)
- National Veld and Forest Fire Act, (Act 101 of 1998)
- Preferential Procurement Policy Framework Act, (Act 5 of 2000)
- Promotion of Access to Information Act, (Act No. 2 of 2000)
- Promotion of Administrative Justice Act, (Act No. 3 of 2000)
- Public Finance Management Act, (Act 1 of 1999)
- Public Service Act, (Act 103 of 1994)
- Road Safety Act, (Act 9 of 1972)

1.1 Aligning departmental budgets to achieve government’s prescribed outcomes

The mandate of the Department of Public Works, Roads and Transport derives from National Outcome 6: An efficient, competitive and responsive economic infrastructure network. Outcome 6 leverages on the role of infrastructure as a growth catalyst to achieve national development imperatives.

The responsibility of the Department is to oversee the implementation of outcome 6 and supports the implementation of other national outcomes. To this regard the Department acts as an implementing agent of infrastructure projects for the client departments:

- Department of Education
- Department of Health
- Department of Social Development
- Department of Culture, Sport and Recreation
- Mpumalanga Provincial Legislature

The Department of Education's mandate is to provide quality education and training towards a better life for all. Department of Public Works Roads and Transport will provide technical expertise to the Department of Education as it invests in school buildings and maintenance, to address backlogs, replace inappropriate buildings and meet minimum standards for sanitation and school facilities. This will improve learning opportunities within accessible radius to schooling facilities and in conformance to norms and standards.

The Department of Health continues with the endeavour to provide quality health care through its Hospital Improvement Plan. Most health facilities are located near populated areas and people living in outlying areas (rural and farm) have to make use of transport to access these facilities. Department of public works roads and transport will continue to support the Department of Health to implement infrastructure projects that will improve accessibility to health care services.

There is a constant increase of the volume of vehicles within the Mpumalanga road network as a result of distant location between residential areas and the place of work, historical migrant labour system. One of these roads is the notorious Moloto Road which carries large volumes of buses that are used to reach work in Pretoria and to return home at the end of each day. The Department has been tasked to ensure that the R573 is upgraded to accommodate the traffic volume.

Infrastructure investment amongst others focuses not only on maximizing the economic benefits derived from its construction but further achieving social objectives as a way to activate and support local economies. A large number of emerging enterprises will benefit from the Infrastructure sector for skills and business development. Furthermore, 63 246 job opportunities will be created in 2018/19 financial year through the Expanded Public Works Programme (EPWP).

The population increase has an impact on the social welfare. It has led to a need to improve and enhance social infrastructure across all spheres including Social Development; Culture, Sport and Recreation. In 2018/19 the Department will continue with planning, design and construction of strategic capital infrastructure projects of the client departments.

In order to ensure that the Provincial Legislature pursue its mandate of law making, oversight and public participation, the Department will continue with the construction of the Parliamentary Village in 2018/19.

The Department continues to enjoy political guidance under the political head, Honourable MEC, SJ Manzini.

2. Review of the current financial year (2017/18)

The Department has enrolled a total of 120 interns and 70 learners which will assist in job creation and skills development for the youth in the Province. 99.9% of officials in the Department have signed their performance agreements. Corrective action has taken place against the 2 non-complying officials. The Department has paid all invoices within

30 days of receipt during the 2nd and third quarter of the financial year. However, 6 invoices were not paid in the 1st quarter due to CSD banking details that did not match. Unavailability of the Logis system and implementation of BAS version 5 in April further delayed the processing of payments. A total of R19, 2 million in revenue was collected from April to December 2018. The Department is further aligning its procurement processes to be in line with the new PPPFA regulations to target designated groups when awarding contracts. The Department has awarded 78, 1 percent of contracts to historically disadvantaged individuals, 40 per cent to women owned enterprises and 16,8 per cent to Youth owned enterprises.

The Department completed a total of 57 infrastructure designs for the 9 months period. A further 120 building infrastructure projects were completed which include 95 projects for the Department of Education, 15 for Department of Health, 2 for the Department of Social Development and 8 for Culture, Sport and Recreation. However, only 67 of these projects were completed within the agreed time period due to community disruptions, late delivery of material, delayed payments by client departments, poor contractor performance etc. There are also still in year changes to plans, withdrawals and changes in the scope of work which does not align to the approved Infrastructure Delivery Management System (IDMS). The Department will continue to have frequent project management related meetings e.g. POMM, JOC and Consultants reviews to monitor progress on projects and payment of invoices.

The Department further continues to render day to day facility management services to 8 shared buildings in the Province. Under property management, the Department is on par to verified 605 immovable assets on the Asset Register which was set as an annual target. The condition assessment of 300 state owned buildings also commenced and is likely to be achieved by year end. The Department is achieving its quarterly planned targets to reduce energy usage. A total of 9 720 060 kilowatt hours have been saved with retrofitting since April 2017 which will ensure that money is saved and redirected to service delivery.

Several capital road infrastructure projects are in progress with 12km of gravel roads upgraded to surfaced roads. The Department further managed to rehabilitate 50 lane-km of surfaced roads and completed 174 782m² of patching. Reseal works has also commenced and the target of 1 495 000m² is likely to be achieved. Furthermore, 518km of gravel roads were regravelled and 19 644km were bladed in support of the Municipal Support Programme. The need for road maintenance cannot be over-emphasised.

The Public Transport Services is slightly under achieving their targets due the Industrial Strike in April 2017 but performance is around 99% against the planned targets of kilometres subsidised and trips operated. A further 1 023 scholar transport routes were monitored and 35 Provincial Regulatory Entity (PRE) hearings were held as planned. The Department over achieved its target for roadside checks due additional scholar transport operations that were held. A total of 2 684 roadside checks were conducted. The Department also completed 3 Integrated Rural Mobility and Access (IRMA) projects since April 2018 in line with the planned target for the 3 quarters.

The number of work opportunities created under the Expanded Public Works Programme (EPWP) is not doing well due to under reporting by public bodies and delays in the implementation of projects. Only 25 077 of the 54 200 or 46 per cent of the planned work opportunities were created to date. The Department has developed a data recovery plan for the last quarter of the financial year to try and increase the number of work opportunities reported.

3. Outlook for the coming financial year (2018/19)

In pursuant of the provincial SOPA pronouncements, the Department will continue with the coordination of the Social Facilitation Plan as a vehicle that will accompany project planning and roll out. Further, the upscaling of public scheme in collaboration with the Department of Human Settlement will continue by increasing the number of beneficiaries by 40 within the next MTEF period, in the built environment in order to develop the much needed construction and business management capacity of contractors within the province.

The Mpumalanga Provincial Government has established a programme to support and facilitate the growth of SMMEs in the construction sector through the Social Enterprise Model. This programme seeks to ensure involvement of the community in all aspects of the construction works, with the ultimate objective of capacitating, empowering and transferring skills which will improve the socio-economic wellbeing of the local members. A phased approach is proposed in building productive capacity for supplying and manufacturing of construction materials for built environmental projects. The responsibility to oversee this programme has been given to the Departments of Public Works, Roads and Transport (DPWRT) Human Settlements (DHS) and Economic Development, & Tourism (DEDT).

The NDP requires government to invest in a strong network of economic infrastructure designed to support the country's medium and long-term economic and social objectives. This economic infrastructure is a precondition for providing basic services such public transport hence the Department will continue to subsidise 154 routes and 838 252 trips in 2018/19. The Department has adopted the Infrastructure Delivery Management System (IDMS) which is aimed at improving planning, budgeting, procurement, delivery, maintenance, operation, monitoring and evaluation of built infrastructure projects. However, the submission of plans by client departments for the next financial year in terms of the (IDMS) timeframes remains a challenge.

The Department will continue to seek out opportunities to build the economy by investing in transport infrastructure. The Department will continue addressing the infrastructure backlog with the re-allocation of the coal-haulage funding in the 2018/19 financial year. Partnership opportunities will be pursued with the private sector to stimulate economic development through improved commercial access, involving mining houses in the delivery of roads infrastructure projects, and resolving overloading by cargo hauliers.

The Infrastructure Rural Mobility Access (IRMA) programme has continued to achieve the desired impact. The Department will construct 13 Integrated Rural Mobility and Access projects in order to ensure that rural communities have access to social and economic

amenities. The Department has developed a number of documents which include the Provincial Freight Plan, Provincial Land Transport Framework, Provincial Transport Policy and Scholar Transport Policy. These documents will assist the Department in providing an integrated transport system and infrastructure that promotes socio-economic development.

As a coordinating agent for Expanded Public Works Programme (EPWP), the Department is committed in ensuring that a total number of 63 246 work opportunities are created throughout the Province in 2018/19 financial year. The Expanded Public Works Programme will continue to be relevant in ensuring that work opportunities are created for the most disadvantaged communities.

4. Reprioritisation

The Department has reprioritized R8.4 million from compensation of employees. The reprioritized funds are as a result of anticipated saving during the computation of the compensation of employees budget for 2018/19 financial year. The funds has been diverted to critical arrears of service delivery being building maintenance under goods and services, augmentation of shortfall for rates and taxes under transfers to municipalities and procurement of critical machinery and equipment.

5. Procurement

The Department continues to ensure that there is always compliance monitoring and improving transparency and accountability in terms of supply chain management processes.

The delivery of an efficient, competitive and responsive economic infrastructure network remains the main outcome of the Department. In achieving that particular National outcome the Department implemented the following infrastructure projects in the 2018/19 financial year:

- Rehabilitation of sections of road P8/1 between Mashishing and Bambi phase 3 (13 km)
- Rehabilitation of on Road P95/1 between Verena and Gauteng boundary phase 2 (13.5 km)
- Design and construction of the Mpumalanga Parliamentary Village.
- Procurement of roads construction and maintenance equipment.
- Procurement of the new model on scholar transport services for Ehlanzeni and Nkangala districts.

The Department will continue to provide a balanced and equitable provincial government building infrastructure by promoting accessibility that is sustainable, integrated and environmentally sensitive which supports economic development and social empowerment.

6. Receipts and financing

6.1. Summary of receipts

Table 8.1: Summary of receipts: Public Works, Roads And Transport

The overall departmental baseline is R4.987 billion for the 2018/19 financial year. The budget has increased by R209.8 million from the Adjusted budget of R4.777 billion of the 2017/18 financial year. Equitable share has increased by R113.0 million from the adjusted budget of R2.429 billion in 2017/18 financial year to R2.542 billion in the 2018/19 financial year. Public Transport Operations Grants increased by R18.856 million, Provincial Roads Maintenance Grant increased by R62.4 million. The EPWP Integrated Grant allocation decreases by R5.7 million.

6.2. Departmental receipts collection

Table 8.2: Departmental receipts: Public Works, Roads And Transport

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Total revenue collection is projected to increase by R0.406 million from R24.7 million in the current financial year to R25.1 million in the 2018/19 financial year. Actual revenue collection varies from projection due to once-off performing items such as sale of capital assets. Interest earned on bank account is also a dependant variable on the value of bank account balance the Department is able to keep at any given time. Therefore revenue projection is based on the current collection capacity of the department. The Department is currently looking into ways and means to enhance its revenue collection, hence the projection may be subject to revision before tabling of the budget.

7. Payment summary

7.1. Key assumptions

- The construction and maintenance of provincial building and transport infrastructure
- Promote and improve safety on public transport system and to enforce compliance with public transport legislation and regulations.

The departmental budget baseline increases by R209.8 million from the adjusted budget of R4.777 billion in the 2017/18 financial year to R4.987 billion in the 2018/19 financial year. The increase is mainly on conditional grants which are allocated and administered in terms of the division of revenue act. An additional special allocation of R83 million has been made towards the construction of the Mpumalanga Parliamentary Village.

7.4. Infrastructure payments

7.4.1. Departmental infrastructure payments

Table 8.5: Summary of departmental Infrastructure per category

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Overall infrastructure estimates increases by R189.2 million from R1.752 billion to R1.951 billion in 2018/19 financial year. The increase is mainly attributed to the special allocations within the provincial coffers towards infrastructure delivery amongst others is the R211 million top-up funding towards the coal-haulage grid and the R68 million for the construction of the Mpumalanga Parliamentary Village

7.4.2. Maintenance

Details information has been presented on table B5

7.5. Departmental Public-Private Partnership (PPP) projects

There are no PPP arrangements that the department is currently involved in.

7.6. Transfers

7.6.1. Transfers to public entities

Department does not have transfer to public entities

7.6.2. Transfers to other entities

Department does not have transfer to other entities

7.6.3. Transfers to local government

The Department's support programme has increased by R21.2 million from the adjusted appropriation budget of R230.5 million in the 2017/18 financial year to R251 million in the 2018/19 financial year. The increase in the budget is mainly due to the cost of living adjustment.

The programme continues in strength to manage key offices such as the office of the MEC, HOD, Corporate Support, Financial Management and Integrated Planning services.

8.1.2. Service delivery measure

Refer to the Annual Performance Plan (APP) for 2018/19

8.2. Programme 2: Public Works Infrastructure

8.2.1. Description and Objective

The purpose of the programme is to provide a balanced and equitable provincial government building infrastructure by promoting accessibility that is sustainable, integrated and environmentally sensitive which supports economic development and social empowerment.

Table 8.9: Summary of payments and estimates: Public Works Infrastructure

Total economic classification: Programme (number and	590 618	669 205	755 720	799 428	810 816	810 816	875 429	1 053 074	899 993

The overall baseline of the programme has increased by R65 million from the adjusted budget of R810.8 million in 2017/18 financial year to R875.4 million in the 2018/19 financial year. The increase is mainly due to specific allocations directed toward the construction of the Mpumalanga Parliamentary Village.

The department will focus on addressing the backlog on building maintenance including Riverside Government Complex and other shared buildings, thereby fulfilling its mandate of improving the condition of the province's building infrastructure and settlement of property rates and taxes as set out in the 2018 MTSF.

8.2.2. Service delivery measure

Refer to Annual Performance Plan for 2018/19

8.3. Programme 3: Transport Infrastructure

8.3.1. Description and Objective

The purpose of the programme is to promote accessibility and the safe, affordable movement of people, goods and services through the delivery and maintenance of transport infrastructure that is sustainable, integrated and environmentally sensitive, and which supports and facilitates social empowerment and economic growth.

Table 8.11: Summary of payments and estimates: Transport Infrastructure

Transport Infrastructure's overall baseline has increased by R67.6 million. The increase is mainly on the provincial roads maintenance grant. A province has allocated over R211 million for the rehabilitation and maintenance of coal-haulage routes over the MTEF from the provincial own revenue coffers.

The programme continues to experience pressure due to high demand for equitable share funded projects such as upgrades of roads and bridges in rural communities. These equitable share funded projects are essential in providing for access to various public amenities, economic growth and development.

8.3.2 Service delivery measure

Refer to Annual Performance Plan for 2018/19

8.4. Programme 4: Transport Operations

8.4.1. Description and Objective

To plan, regulate and facilitate the provision of integrated land transport services through co-ordination and co-operation with national planning authorities, CBOs, NGOs and the private sector in order to enhance the mobility of all communities particularly those currently without or with limited access.

Table 8.13: Summary of payments and estimates: Transport Operations

Total economic classification: Programme (number and	993 908	1 106 710	1 136 587	1 199 816	1 236 808	1 236 808	1 290 712	1 376 702	1 460 034

The total budget allocation for the programme increases by R53.9 million to R1.290 billion from the adjusted appropriation of R1.236 808 billion in 2017/18 financial year.

The increase is mainly contributed by the relocation of the government motor transport services function from administration to this programme. Major contractual obligations such as scholar transport service under goods and services and the public transport subsidies under transfers and subsidies also contributed to the baseline increase.

The Public Transport Operations Grant is essential to subsidise bus commuters in the province. The grant funding is also supplemented by provincial equitable share subsidy. The programme also provides funding to the Mpumalanga provincial taxi council. The programme is also responsible for the provision of Scholar Transport Services, Public Transport Planning and Regulation, Provincial Regulatory Entity, Government Motor Transport and Non-motorised Transport amongst other essential services.

8.4.2 Service delivery measure

Refer to Annual Performance Plan for 2018/19

8.5. Community Based Programmes

8.5.1 Description and Objective

The purpose of the programme is to manage the implementation of programmes and strategies that lead to the development and empowerment of communities and contractors. This includes the provincial management and co-ordination of the Expanded Public Works Programme.

Table 8.15: Summary of payments and estimates: Community Based Programmes

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Total economic classification: Programme (number and	59 366	71 015	75 891	69 976	71 976	75 649	74 429	67 498	71 210

The total budget allocation of the programme has increased by R2.5 million from the adjusted appropriation of R71.9 million in 2017/18 financial year to R73.4 million in 2018/19 financial year. The programme's stagnant baseline growth is affected by the decline in the EPWP integrated grant from R16.7 million in 2017/18 financial year to R11.0 million in the 2018/19 financial year.

The programme's key deliverables is to ensure that contractor development is carried out through the Sakh'abakhi programme and the creation and coordination of job opportunities for the youth of our Province through implementation of the National Youth Service (NYS) programme. The programme is also responsible for co-ordination, monitoring and reporting on job opportunities created through-out the various sectors within the Province

Vote 09

Community Safety, Security and Liaison

To be appropriated by Vote in 2018/19	R 1 222 822 000
Direct Charge	R 0
Responsible MEC	MEC of Community Safety, Security and Liaison
Administrating Department	Community Safety, Security and Liaison
Accounting Officer	Head: Community Safety, Security and Liaison

1. Overview

Vision

A safe, secure, crime and road accident free Mpumalanga Province.

Mission

To improve community and road traffic safety through mass mobilization, oversee the performance of the police and provision of security services

Strategic objectives

The strategic goals and objectives of the department are derived from the mandates outlined in the constitution. These strategic goals and objectives are critical towards the achievement of the mission statement stated above and finally the vision. The annual performance plan covers very comprehensive and detailed strategic goals and objectives as follows:

- To provide corporate support services to the department
- To monitor and evaluate performance of police stations, conduct research on policing matters, facilitate and coordinate stakeholder programmes aimed at contributing towards reducing contact crime by 7 per cent per annum in the province.
- To implement programmes aimed at reducing road crashes and fatalities by 10 per cent per annum in the Province
- To ensure 100 per cent compliance to security standards

Core functions and responsibilities

- To provide corporate support services to the department.
- To coordinate and facilitate programmes aimed at reducing contact crime and establish and support institutional structures for community governance and participation.
- To improve service excellence through research on policing matters.
- To provide transport regulation and road safety in the province.
- To coordinate security services in the Province.

Legislative and other mandates

The mandate of the Department Community Safety, Security and Liaison applied on day to day basis in giving effect to improve quality of life of all citizen derived from the following:

- The Constitution of the Republic of South Africa Act, 1996
- South African Police Services Act No.68 of 1995
- White Paper on Safety & Security, 1998
- The National Crime Prevention Strategy (NCPS) (1996)
- Control to Public Premises and Vehicles Act No.53 of 1985
- Public Service Act 38 of 1999
- Promotion of Administrative Justice Act 3 of 2000
- Public Finance Management Act (as amended by Act 29 of 1999)
- South African Police Services Act, 1995 (Act68 of 1995)
- Mpumalanga Road Traffic Act, No.4 of 1998
- National Traffic Act No. 51 of 1977
- Road Traffic Act No.93 of 1996
- Traffic Control Management Corporation Act, No.20 of 1999

1.1. Aligning departmental budget to achieve government's prescribed outcomes

To strengthen service delivery the Government of South Africa has adopted 14 outcomes as a beacon for social and economic transformation and to realize the vision of the NDP. The Department of Community Safety, Security and Liaison is tasked with the responsibility of coordinating Outcome3: **All people are and feel safe**. This will be realized by working with the various members of the Criminal Justice Cluster in line with the tenant of cooperation governance as embodied in the Constitution of the Republic of South Africa. The MEC of Community Safety, Security and Liaison in the current term of governance will ensure that cluster members are accountable to the realization of the outcome thus leading to people feeling safe and the perception of the Criminal Justice System (CJS) improved. The Department will further contribute to other outcomes, which are led by sister departments by implementing programmes that are in line with those outcomes.

2. Review of the current financial year (2017/18)

The Department has been actively engaged in a process of supporting the Community Policing Forums (CPFs) in the Province to be able to execute their mandate. This has been done by financing CPF projects, reviving and restructuring of Community Police Forums (CPFs) to be more effective. This is in recognition of the fact that the police service and government agencies cannot fight crime alone, and that it requires the involvement and active participation of all communities and all sections of society to meet this challenge. Community policing is therefore a very key and effective method because it departs from an understanding that it is not police alone who combat and prevent crime, but communities has a very important role to play. Without their full cooperation, police cannot successful discharge their duties. This involves extensive consultations supported

by co-operative agreements between departments and other institutions to ensure that the mandates of the Department are implemented.

The Department will enhance its partnerships with municipalities to come up with a multi-disciplinary approach to fighting crime at local level through Community Safety Forums, which will develop local integrated safety plans. The alignment of Municipal Safety Plans into Integrated Development Plans of local government is the key instrument through which the Department will ensure that development at local level embodies safety and security principles.

The Department is also faced with a challenge to monitor SAPS activities and identify areas of improvement and shortcomings with them for improved services. The Department has been focusing on monitoring and evaluation of police stations on effectiveness and efficiency of police. It is however the aim of the Department to broaden the scope of civilian oversight and start focusing to the entire South African Police service instead of police stations only.

The transport regulation programme is faced with a huge challenge to reduce road carnages and number of fatalities on the roads. The Department will continue to strengthen the implementation of road safety initiatives and traffic law enforcement programmes in collaboration with other law enforcement agencies to arrest this challenge. The Department will also strengthen the monitoring of compliance of registering authorities to reduce corruption to ensure road worthy vehicles.

The department spent R 924 million or 78.4 per cent against R1 billion allocated budget and projects to overspend by over R15.4 million. Payments of all contractual including maintenance of Mpumalanga Traffic Training College which cause increase in all administrative items, insufficient funding and accruals that were outstanding at the beginning of the year it is the main reason that contributed to overspending projection. The accruals were financed from the current budget and were all settled before the end of the first quarter which had increased the cash flow requirements during that period.

Compensation of employees has spent R381 million or 77.5 per cent and projects to overspend by R116 million or 2.4 percent at the end of the year. Goods and services spent over R521 million for the period under review and it projects to over-spend by R10.1 million. Capital assets has spent over R20 million or 73 per cent for the period under review and projects to underspend at the end of the financial year.

3. Outlook for the coming financial year (2018/19)

The Department in the current financial is looking forward to strengthen the support to local municipalities to develop and implement Community Safety Plans as part of addressing environmental issues contributing to crime because Nationally, Black Africans and females feel unsafe at night. This will ensure that communities also get proactive to ensure that they do not predispose themselves to crime.

The department will contribute to achieving the Sustainable Development Goals, which aimed at improving the lives of people globally by presenting awareness campaigns against drugs and substance abuse, which are major contributors to committing crime and immature deaths because of road crashes.

In developing the 2018/19-2019/20 APP, the Department will continue to derive its mandate from among others the following: Medium Term Strategic Priorities 2 National Outcomes, Provincial Priorities, New Growth Path, State of the Nation and Province Addresses and Policy directives by the Executive Authority, the Sustainable Development Goals (SDGs), Decade of Action on Road Safety and the National Development Plan: Vision 2030-Our future let's make it work. The department can assure the communities and the province that the department is on course towards the implementing the National Development plan (NDP) and the National Youth Policy 2020.

4. Reprioritisation

Provision for personnel includes all transferred municipalities and all warm bodies in the department. Recurring of accruals for security payment ever since the budget for the function was centralised to the department has also caused some challenges in the management of the budget and cash-flow in the past years. The department has steadily reduced accruals over the past years through savings from cost curtailment measures and effective management of the functions. Only R443 million is allocated for security payments. MTTC is completed only cleaning and catering for learners will be provided. Other than the above basic administration operational costs is prioritised operating leases, communication, fleet services, electricity and water, audit costs and Medaco were taken into consideration for 2018/19 budget.

5. Procurement

The department will continue to develop and implement procurement plans for the financial year 2018/19 to ensure that the needs of the organisation are in line with the pillars underpinning the department's strategy as well as with its allocated budget. The department has contracted service providers for the major core services and will continue to procure the following goods and services:

- Operational funding of MTTC to ensure that they are ready for classes at all times.
- Security management to ensure the provision of security services for the safety and security of all provincial government assets and buildings.
- Junior Traffic Training Centre (JTTC) is only an aid to achieve a goal, namely familiarise learners with concepts, giving an opportunity to acquire knowledge, practice motor skills in a safe simulated traffic situation by driving pedalled go carts and develop positive attitudes towards road safety. It is a structure representing a town provided it is built within the school premises or municipal area aiming at promoting road safety awareness to drivers and pedestrians in disadvantaged communities.
- In an effort to provide a hygiene working environment, the Department will advertise a bid for cleaning materials to ensure the supply of this commodity at competitive, contracted prices.
- Stationery to ensure that officials and students at the traffic college have enough stock at all times.
- Some offices need new furniture to replace aging and broken furniture, thus the Department will advertise a bid for the supply and installation of furniture.
- Alco meters to use during drunken driving campaigns.

- Speed measuring equipment to ensure compliance to speed limits on the roads.

Security services is one of the most expensive items, and the Department is coming up with strategies to counter the excessive spending in this item. The integration of security technology provides increased security benefits at a lower cost.

The department will also ensure that local suppliers are supported through these projects as part of the province's initiative to support small, medium and micro enterprises (SMMEs).

6. Receipts and financing

6.1. Summary of receipts

Table 9.1: Summary of receipts: Community Safety, Security And Liaison

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates

Surplus/(deficit) after financing	15 626	3 213	6 522	–	–	(15 929)	–	–	–

The department budget for the current financial year is R 1.153 billion and the revised budget for 2017/18 is R1.178. The 2018/19 budget is going to increase by R69 million.

The increase of adjustment budget was directed to fund Traffic College operation mainly catering and cleaning services. The roll-over was also allocated to Retention of Traffic College and payment of CCTV for SAPS around Mpumalanga as way of assisting in combatting crime. An amount of R6.6 million was reprioritised within was taken to Programme 4 for payment Security management.

6.2. Departmental receipts collection

Total departmental receipts	470 683	535 683	562 776	826 391	826 391	904 000	949 932	954 078	958 849

The department main sources of revenue are motor vehicle licenses, traffic fines, sale of goods and services and interest. Motor vehicle licenses are a main large source of revenue followed by fine, penalties and forfeits. The department is projected to collect R 949 million for 2018/19 MTEF increase estimate of R 264 million or 46 percent compare to 2016/17. The department has already insourced some of municipality licenses and transport administration functions which was previously performed by different municipalities.

6.3. Donor funding

Donor funding is not applicable in the department.

7. Payment summary

7.1. Key assumptions

- Funding will be allocated for strengthening safety in our roads and communities.
- Provision of security services to all government properties.
- The department will channel funds towards policy development and research to cope with trends and developments in our operating environment.
- Monitoring and evaluation of police stations in the province is also provided for funds.
- Catering for learners in MTTC cleaning services will be funded.

7.2. Programme summary

Table 9.3: Summary of payments and estimates: Community Safety, Security And Liaison

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates

Total economic classification	1 003 379	1 245 917	1 175 237	1 153 099	1 178 722	1 194 121	1 222 822	1 278 410	1 347 192

The budget for goods and services will grow by R 30 million or 5 per cent from R 632 million in 2017/18 to R 662 million in 2018/19. The budget will be utilised to cater items for computer services for municipalities and partially funding security management, fleet services, other than that basic operating items administrative cost(bank charges), electricity, communication, operating leases for machines and buildings. Funding on security management remains insufficient.

The budget for goods and services will grow by R 30 million or 5 per cent from R 632 in 2017/18 to R 662 million in 2018/19. It will be utilised to cater items for computer services for municipalities and partially funding security management, fleet services, other than that basic operating items administrative cost(bank charges), electricity, communication, operating leases for machines and buildings. Funding on security management remain insufficient ever since treasury reduction was conducted.

Payment of capital asset is reduced from R19 million to R8.9 million, the reduction effected on fixed structure because construction is completed therefore only budget for retention is allocated for the current year.

7.4. Infrastructure payments

7.4.1. Departmental infrastructure payments

Table 9.5: Summary of departmental Infrastructure per category

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21
Existing infrastructure assets	-	-	-	-	-	-	-	-	-
Maintenance and repairs	-	-	-	-	-	-	-	-	-
Upgrades and additions	-	-	-	-	-	-	-	-	-
Rehabilitation and refurbishment	-	-	-	-	-	-	-	-	-
New infrastructure assets	92 912	256 395	78 444	10 000	10 000	10 000	-	-	-
Infrastructure transfers	-	-	-	-	-	-	-	-	-
Infrastructure transfers - Current	-	-	-	-	-	-	-	-	-
Infrastructure transfers - Capital	-	-	-	-	-	-	-	-	-
Infrastructure: Payments for financ	-	-	-	-	-	-	-	-	-
Infrastructure: Leases	7 866	9 684	11 511	12 500	12 500	12 500	14 204	15 000	18 666
Non Infrastructure	-	-	-	-	-	-	-	-	-
Total Infrastructure (including non	100 778	266 079	89 955	22 500	22 500	22 500	14 204	15 000	18 666
<i>Capital infrastructure</i>	92 912	256 395	78 444	10 000	10 000	10 000	-	-	-
<i>Current infrastructure</i>	7 866	9 684	11 511	12 500	12 500	12 500	14 204	15 000	18 666

Infrastructure is discontinuing for 2018/19 going forward. Budget will be channelled to the operation of MTTC and traffic law enforcement. Completion of Traffic College is the only reason for not having the budget.

7.5. Departmental Public-Private Partnership (PPP) projects

The department does not have PPP projects.

7.6. Transfers

7.6.1. Transfers to public entities

The department does not make transfers to public entities.

7.6.2. Transfers to other entities

The department does not make transfers to other public entities.

7.6.3. Transfers to local government

Table 9.6: Summary of departmental transfers to local government by category

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Budget for the programme has grown by R18 million. Actual growth is R10 million on compensation of employees. The increment on goods and services is boosted by an additional R5 million prioritised to all administrative items namely operating lease, communication, audit costs, bank charges and property payments (electricity and water).

8.1.2 Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.2 Programme 2: Civilian Oversight

8.2.1 Description and objectives

The Purpose of this programme is to exercise oversight on the South African Police Service on their effectiveness and efficiency to provide safety to communities. Conducting research on policing matters to ensure that the interventions to fight crime are informed by reality. Implement an integrated approach towards reducing crime and conditions making communities to be victims of crime. Strengthen community based and private partnership with the South African Police Service to fight crime.

The Budget shows a growth of 4.1 per cent over the MTEF period and the budget is earmark for the community events

8.2.2 Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.3 Programme 3: Transport Regulation

8.3.1 Description and objectives

The Purpose of this programme is to provide a safe road environment through the regulation of traffic flow on public roads, overload control, implementation of road safety campaigns as well as registration and licensing of vehicles and drivers.

Table 9.11: Summary of payments and estimates: Transport Regulation

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Total economic classification: Programme (numb	433 818	661 022	568 641	516 772	529 874	538 597	574 660	608 100	642 120

Estimated budget for 2018/19 allocated for this programme shows an increase of R 58 million or 10 percent, for funding of municipal officials that was transferred to the department. Compensation of employees is estimated to grow by R 36 million while goods and services grows by R33 million. The growth on goods and services will mostly cater transferred municipal services and MTTC. An amount of R 9 million decline on capital budget is due to the completion of Traffic College project.

8.3.2 Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.4 Programme 4: Security Management

8.4.1 Description and objectives

The Purpose of this programme is to coordinate the provision of security services in the province.

Table 9.13: Summary of payments and estimates: Security Management

The programme is allocated a budget baseline of R 453 million for 2018/19 which is less than R 462 million of 2017/18 fiscal year. Budget for payment of security is R443 million for 2018/19. The decrease of R9 million or 1 percent is due to budget reduction. An amount of R 6.6 million transferred to this programme is reprioritised within departmental programmes to address challenges faced ever since this function was centralised in the department.

8.4.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19

Direct Charge	R 0
Responsible MEC	MEC of Health
Administrating Department	Health
Accounting Officer	Head: Health

1. Overview

Vision

“A Healthy Developed Society”

Mission

The Mpumalanga Department of Health is committed to improve the quality of health, well-being of all people of Mpumalanga by providing needs based, people centered, equitable healthcare delivery system through, and integrated network of health care services provided by a cadre of dedicated and well skilled health workers.

Strategic objectives

The department's strategic goals, comprising of a number of strategic objectives and sub-outcomes have been aligned with the National Development Plan (NDP) 2030, Sustainable Development Goals 2030, MTSF 2014-2019 and the National Health sector priorities. The strategic objectives statements are:

- Expand access to health care services
- Improve health care outcomes
- Improve quality of health care
- Re-alignment of human resource to Departmental needs
- Strengthening Health Systems Effectiveness
- Improved health facility planning and accelerate infrastructure delivery

Core functions and responsibilities

The Department of Health is mandated to provide quality health services that are preventative, promotive, curative and rehabilitative to the people of Mpumalanga. The departmental budget vote has eight main divisions which consist of Administration, District Health Services, Emergency Medical Services, Provincial Hospital Services, Central Hospitals, Health sciences and training, Health Care Support and Health Facilities Management.

District Health Services is foundation of service delivery where comprehensive primary health care and district hospital services are directed towards the community using the district health system model. The Department provides primary health care package which includes amongst others IMCI. These services are rendered to communities through Clinics, Community Health Centers (CHCs), Home Based Cares, Mobile Services, Ward-Based Outreach Teams and Integrated School Health Services in partnership with Non Profit Organisations (NPOs)

Emergency Medical Services provides Pre-Hospital Medical Services, Inter-Hospital Transfers, Rescue and Planned Patient Transport to all inhabitants of Mpumalanga Province within the national norms of 15 minutes in urban areas and 40 minutes in rural areas.

Provincial Hospital Services renders Secondary Health Services in Regional Hospitals and provides TB services in Specialized Hospitals. Central Hospitals render Secondary and Tertiary Health Care Services and provides a platform for training of health care workers including research.

Health Care Support Service ensures the availability of pharmaceuticals and other ancillaries, rendering credible forensic health care which contributes meaningfully to the criminal justice system, the availability, use and upkeep of the appropriate health technologies and the provision of laundry services.

Overview of the main services that the Department intends to deliver mainly include the following;

- Provision of comprehensive Primary Health Care Services to the community using the District Health System Model.
- Pre-Hospital Medical Services, Inter-Hospital Transfers, Rescue and Planned Patient Transport to all inhabitants of Mpumalanga Province within the national norms of 15 minutes in urban and 40 minutes in rural areas.
- Render of level 1, 2 and 3 health services in District, TB specialized, Regional and Tertiary Hospitals.
- Render of Tertiary Health Care Services.

The Acts, rules and regulations the department considered;

- Constitution of the Republic of South Africa (Act No. 108 of 1996),
- National Health Act (Act No. 61 of 2003)
- Pharmacy Act (Act No 53 of 1974, as amended)
- Medicines and Related Substance Control Act, (Act No. 101 of 1965 as amended)
- Mental Health Care Act (Act No. 17 of 2002)
- Medical Schemes Act (Act No131 of 1998)
- Council for Medical Schemes Levy Act (Act 58 of 2000)
- Nursing Act (Act No 33 of 2005)
- Human Tissue Act (Act No 65 of 1983)
- Sterilization Act (Act No. 44 of 1998)
- Choice on Termination of Pregnancy Act (Act No. 92 of 1996 as amended)
- Tobacco Products Control Act (Act No. 83 of 1993 as amended)
- National Health Laboratory Service Act (Act No.37 of 2000)
- South African Medical Research Council Act (Act 58 of 1991)

- The Allied Health Professions Act (Act No.63 of 1982 as amended)
- Foodstuffs, Cosmetics and Disinfectants Act (Act No. 54 of 1972 as amended)
- Hazardous Substances Act (Act No. 15 of 1973)
- Dental Technicians Act (Act No. 19 of 1979)
- Health Professions Act (Act No. 56 of 1974)
- Allied Health Professions Act (Act No. 63 of 1982, as amended)
- Occupational Diseases in Mines and Works Act (Act No 78 of 1973 as amended)
- Academic Health Centers Act (Act No.86 of 1993)
- Child Care Act (Act 74 of 1983)
- Public Finance Management Act (Act No 1 of 1999 as amended)
- Division of Revenue Act
- Promotion of Access to Information Act (Act No 2 of 2000)
- Promotion of Administrative Justice Act (Act No 3 of 2000)
- Preferential Procurement Policy Framework Act, 2000
- Broad Based Black Empowerment Act (Act No. 53 of 2003)
- Public Service Act (Proclamation No. 103 of 1994)
- Labour Relations Act (Act No. 66 of 1995)
- Basic Conditions of Employment Act (Act No. 75 of 1997)
- Employment Equity Act (No 55 of 1998)
- Skills Development Act (Act 97 of 1998)
- Occupational Health and Safety Act (Act No. 85 of 1993 as amended)
- Compensation for Occupational Injuries and Diseases Act (No. 130 of 1993 as amended)

External activities and other events relevant to budget decisions

The following incidences have had influence budget considerations:

- Slow growth of the South African economy has an influence in the availability of adequate revenue for distribution among the spheres of government. Therefore, the Department may not be able to address human resource for health challenges, infrastructure backlog and others resources required for service delivery purpose.
- The Province is predominantly rural which influences the ability of the Department to collect more revenue as more patients are fully subsidized.
- The increase in pricing for fuel has a direct financial impact to the Department of Health especially EMS and Planned Patient Transport services which rely on availability of efficient fuel.

1.1. Aligning Departmental budgets to achieve government's prescribed outcomes

The Department takes a lead in Outcome 2: 'A long and Healthy for All South Africans' which overarches the 10 sub-outcomes outlined below.

Universal Health Coverage progressively achieved through implementation of National Health Insurance.

The Department has prioritized the first phase of the National Health Insurance by ensuring that a number of clinics reach Ideal Clinic Status. Irrespective of the reduction to the baseline the Department will allocate resources to ensure procurement of resources in order to reach Ideal Clinic Status.

Improved quality of health care

The Department will continue to improve compliance to National Core Standard in health facilities, which will improve quality of health service by improving access and patient experience. Allocation of budget is biased towards non-negotiables and service delivery programmes.

Implement the re-engineering of Primary Health Care.

School health teams have been prioritized for 2017/18 financial year. Thirty two (32) teams will be appointed in order to achieve sub-outcome 3 of health priorities.

Reduced health care costs.

The Department will continue to implement austerity measures to ensure efficient provision of health services. Internal control measures will be improved in order to ensure value for money in all areas of expenditure.

Improved human resources for health.

The Department will continue to appoint health professionals within the allocated resources. This includes improving of quality of health care by ensuring that personnel driven health services are accessible. The Department has adopted the implementation of the WISN model in order to rationalize staffing in the health facilities.

Improved health management and leadership.

The Department has appointed a number of managers in the provincial office, districts and hospitals in order to improve management and leadership. The Department is participating in Albertina Sisulu Executive Leadership Programme in Health (ASELPH) offered by the University Pretoria (UP) which focuses on leadership capacity building. Leadership and management programmes will be enhanced in order to have more coverage. The Department will also use School of Governance through UP to capacitate the newly appointed Chief Executive Officers (CEOs) and Senior Managers.

Improved health facility planning and infrastructure delivery

The Department will continue to invest in infrastructure in order to improve access to health services through physical infrastructure. A number of facilities are maintained in order to improve access to health care services. Implementation of high-tech hospitals such Bethal, Mmamethlake, Mapulaneng, Tintswalo, Middelburg, Tertiary and Psychiatric, is at advanced stage. Bethal, and Mmamethlake hospitals will be finished in the 2018/19 financial year. The delivery of the other hospitals will be realised in a couple of years to come.

HIV & AIDS and Tuberculosis prevented and successfully managed

The Department has a total of 373 838 of clients on Antiretroviral Treatment (ART) during the 1st quarter 2017/18 financial year. This will result in these clients living longer and also reduce their chances/probability of infecting others, thus contributing in reducing new HIV infections.

The following policy directives are currently being implemented:

90 90 90 Policy requires that 90 per cent living with HIV know their status; 90 per cent of those who tested positive are put on treatment; and 90 per cent of those on treatment are virally suppressed.

Universal Test and Treat (UTT) requires that all people tested HIV positive should be put on treatment. The plan is to align required resources to meet the demand related to the implementation of UTT policy.

Maternal, infant and child mortality reduced

The District Clinical Specialist Teams (DCST) were established in 2012, in line with the resolution of the National Health Council as an intervention to fast track the reduction of Maternal and Child mortalities. Currently, the Department has established teams in all three districts, though only Ehlanzeni District has a fully-fledged complement team which does outreach in the other two districts. The incomplete teams are as a result of the inability to attract and retain specialists in the province. The plan is to head hunt specialists and increase the number of registrars to be trained in the Mpumalanga registrar programme.

Efficient Health Management Information System developed and implemented for improved decision making

The Department has rolled out e-Health Project under the auspices of National Department of Health. The project is being implemented in the NHI piloting districts nationwide. The electronic Health Patient Registration System (HPRS) is fully functional in 75/76 facilities in Gert Sibande District and patients are linked to PHC Facility for identification (Langverwacht Clinic because of infrastructural challenge – facility small).

The Department is also utilizing electronic booking system which was installed in October 2016. HPRS generates unique patient identification number, maintains patient demographic details. The Department has rolled out the HPRS to the two remaining districts, namely Ehlanzeni and Nkangala.

All (287/287) PHC facilities will be connected to broadband by end of 2017/18 financial year. The 230/287 (80 per cent) PHC facilities were connected to broadband by 1st quarter 2017/18 financial year.

Linking budgets to prescribed outcomes

The Department has allocated MTEF budget in line with the MTSF priorities which include the following;

- Partner with the private sector in order to accelerate the implementation of the MMC programme and expand access to ART for all citizens living with HIV – consider and plan for HR implications for increased access by contracting Service Providers in each municipality to offer voluntary medical male circumcision.
- Intensify the implementation of the ***Integrated School Health Programme*** to heighten awareness of the negative effects of risky sexual behaviour among young people by appointing maintaining 112 Primary Health Care Outreach Teams and 33 School Health Service Team
- Continue with the implementation of Centralized Chronic Medicine Dispensing and Distribution (CCMDD) with ART clients as priority to reduce the health burden in facilities, and also enable them to initiate more clients on ART. Through this model, private pharmacies and General Practitioners (GPs) are utilised as Pick-Up-Points of medication for stable ART patients. Increase the number of clients on ART from 318 228 to 534 094 by 2019.
- Implementation of the Stock Visibility System (SVS) to manage stock availability at primary health care facilities as effected in June 2016. These systems are able to indicate stock availability and monitor expiry dates.
- Reduction of health costs by Integrating Planned Patient Transport System (PPTS) with Emergency Medical Services (EMS) to reduce the number on non-emergency patients to

utilise emergency transport to go to hospitals. The Department will embark on a project to rationalize staffing in order to improve efficiency. Provincial Teams will be appointed to implement Ermelo overtime model in all hospitals. Various Standard operating procedures will be developed and implemented to control expenditure on accounts such as waste management, food and utilities.

- Create awareness of services available (Reproductive Health Services, Pre and Post natal care) to all women of child bearing age in order to encourage early antenatal attendance.
- Develop and implement a comprehensive communication strategy to address both Communicable and Non Communicable diseases.
- Ensure compliance to the NSC of the following hospitals: District 10/23 (Tintswalo, Evander, Shongwe, Barberton, Carolina, Bernice Samuel, KwaMhlanga, Matikwane, Middelburg and Mammethlake).
- The Department will install the tracking system in all ambulances, EMS response vehicles and PPTS vehicles to monitor usage and location of vehicles.
- Improvement of clinics and community health centres to achieve the Ideal Clinic status and strengthen the community based mental health services in the 3 districts.
- Construction of Bethal Hospital will be finalized and Phase 1 and 2 of Mmamethlake hospital will be completed in 2018/19 financial year.

The above priorities were provided for in the 2018 MTEF budget within various programmes of the Vote.

2. Review of the current financial year performance (2017/18)

Mpumalanga Province is located in the north-eastern part of South Africa, bordered by Mozambique in the east and Swaziland in the south-east. The Province is also surrounded by the following provinces: Limpopo in the north, Gauteng in the west, Free State in the south-west and KwaZulu-Natal in the south-east. The migration from these shared borders poses a challenge in rendering of healthcare services since demands can never be projected accurately in terms of planning and resource allocation.

The Department of Health provides health services to the citizens of the Mpumalanga Province and surrounding areas of a population of 4.4 million of which 88 per cent (3,9 million) are uninsured (*Stats SA mid-year estimates 2016*). A comprehensive package of healthcare services provided includes:

- District health services
- Regional, specialized and tertiary hospital services
- Health care support services

The provision of primary health care (PHC) through district health services remains a cornerstone for a better health for all residents of Mpumalanga. In line with this goal, the Department, through 287 primary health care facilities, could provide services to more than 7,602,668 adults and 1,846,366 children. The growing investment in the implementation of national health insurance and PHC outreach programmes further attests to the commitment of universal coverage and ensuring that health services are received at community or ward level to address community needs and expectations.

The Department is rolling NHI components across all districts in the Province. To date there are 235 ward-based PHC outreach teams established and 451 schools are certified as health-

promoting schools to provide primary prevention-related services to wards and schools, respectively. Patients that need further care are referred to nearby health care facilities.

In addition to the 287 Primary Health Care (PHC) facilities and 23 district hospitals which provide district health services, the Department is also rendering quality curative services through 3 Regional, 5 TB Specialised and 2 tertiary hospitals to out-patients and inpatients across 33 hospitals.

The Department renders health services through a dedicated team of 10178 health professionals (1074 medical practitioners, 79 medical specialists and 5 395 professional nurses, 1796 enrolled nurses, 1403 enrolled nursing assistants, 300 pharmacists, 131 dental specialists and practitioners). To address the shortage of suitable and qualified health professionals, the Department awarded bursaries to 109 medical students in the Cuban programme and 551 nursing students (310 in 2015/16 and 90 in 2016/17 on the Mpumalanga/KwaZulu-Natal collaboration and 151 in 2016/17 Mpumalanga College of Nursing).

To improve patient experience of care, the Department is conducting annual assessments on the National Core Standards in hospitals. Status determination for ideal clinic realization and maintenance programme is implemented to strengthen quality of health care services in PHC facilities. As a result, the Department continued to cooperate with the office of health standard compliance and through district assessor teams to execute its functions of monitoring compliance of health institutions and regularly conducting audits to monitor compliance against the six ministerial quality core standards: availability of medicine and supply, cleanliness, values and attitudes patient safety, infection prevention and control and reducing waiting time.

In addition, the plights of communities regarding their experiences in health facilities are addressed directly through a complaints management system. The Department received a total of 4 524 complaints through the presidential hotline and/or submitted through health facilities' complaints mechanisms. Of the 69.6 per cent (3 149) complaints resolved, 94.1 per cent (2 964) were resolved within 25 working days.

The successes made in the antenatal care (ANC) the Prevention of Mother-to-Child Transmission (PMTCT) programme attest to the Department's commitments to ensuring zero infections. There has been a significant stride in reducing transmission rates and more than 98 per cent of babies are now testing HIV-negative when tested at 10 weeks. The Department provides pregnant women with an opportunity to receive early critical interventions to improve health of a mother and a baby. About 71 per cent of mothers received antenatal care services within 20 weeks after gestation and 94.9 per cent tested HIV-positive women were enrolled to the antiretroviral treatment (ART) programme to prevent transmission from mother to infant.

The Province is a malaria endemic area as declared by the WHO and the Department is implementing MOSASWA agreement, which is aimed at the elimination of malaria in the Province. During the year under review the Department recorded a malaria case fatality of 0.14/1000 population in 2016/17 as compared to the 0.5/1000 reported during 2015/16.

The Department is striving to improve Emergency Medical Services to provide services in an efficient and effective manner. There has been a significant improvement on the response time against the national norm of 15 minutes in urban and 40 minutes in rural areas.

Considering the rural nature of the Province, the Department is improving its EMS response time against the standard. During 2016/17, 72.3 per cent of P1 calls at urban areas where

responded to within 15 minutes, while 69.5 per cent of P1 calls from rural areas were responded to within 40 minutes. There is an improvement compared to the 66 per cent reported in 2014/15 for response time in rural areas within 40 minutes.

This has been achieved through 845 emergency medical staff of which 43 are managers, 60 are for Planned Patient Transport Services and 742 are emergency personnel. Furthermore, a total of 119 ambulances (24 obstetric and 95 operational ambulances) and 26 all-terrain response vehicles was utilized to provide services to the community of Mpumalanga.

The year under review has seen improvement in the achievement of all planned infrastructure projects which expand and replace old infrastructure with modern high- technology structures. This will enable the Department to improve on service delivery and ensure that public perception and experience is improved as the province prepares its self for the universal health coverage through National Health Insurance (NHI).

The overall performance of the Department for the first quarter is at 49.4 per cent (41/83) as compared to 45.9 per cent of the last quarter of 2016/17. The Department developed and implemented an audit action plan to mitigate against findings raised by the Auditor General of South Africa (AGSA).

3. Outlook for the coming financial year (2018/19)

Universal Health coverage progressively achieved through implementation of National Health Insurance.

Taking our mandate from the National Development Plan 2030, Mpumalanga Province will focus on the World Health Organisation's six building blocks of a health system, in order to improve the health system adequately to provide universal coverage. Affordability and sustainability of universal health coverage is dependent on provision of most services at the Primary Health Care level which has an adequate referral system to other levels of care when need arises. The referral system will further be improved through ensuring that the Emergency Medical Services response times are within expected standard. It is believed that this strategy will benefit all health care.

Improved quality of health care

All health care facilities will ensure that patients are afforded an opportunity to express their views with regard to the quality of health care through a functional Complaints mechanism whereby complaint resolution will be within 25 days. Client Satisfaction Surveys will be conducted annually in all health facilities to measure patient experience of care. Gaps identified through the Client Satisfaction survey will be addressed through monitored quality improvement plans. The quality of care will further be improved by increasing availability of medicines and surgical sundries at the Medical Depot.

Implement the Re-engineering of PHC

Implementation of the five (5) streams of PHC reengineering will ensure improved access to quality health care. These WBPHCOT reach out to the communities at household level. The number of Districts with fully fledged District Clinical Specialist Teams (DCSTs) will be increased from one (1) to two (2). These teams play a pivotal role in improving governance and practices of Maternal and Child Health Services. Thirty three (33) and Thirteen (13) School Health Teams will be established in 2018/19 and 2019/20 financial years, respectively. Cumulatively the Department will have established 108 School Health Teams in 2018/19 financial year and 121 School Health Teams in 2019/20 financial year. Ideal Clinic Realisation

and Maintenance shall be implemented according to the guidelines to benefit all health care users at all levels of service.

Maternal, infant and child mortality reduced

Screening services will be provided for early detection and management of diseases, thereby preventing complications. All the above interventions are implemented with aim of reducing Maternal Mortality in facility Ratio, improving Immunization coverage under 1 year, reducing Child under 5 years diarrhea case fatality rate and improving Antenatal 1st visit before 20 weeks rate.

HIV and AIDS successfully managed

Management of HIV and AIDS and TB will be strengthened by implementing the 90 90 90 strategy. Awareness campaigns, screening services and VMMC will be conducted in addition to the treatment that is provided to the clients that are living with HIV and AIDS and infected with TB. This initiative will benefit all affected and none affected individuals. The effectiveness of planned activities will be monitored regularly.

4. Reprioritisation

Provision for personnel includes all transferred municipalities and all warm bodies in the department. Recurring of accruals for security payment ever since the budget for the function was centralised to the department has also caused some challenges in the management of the budget and cash-flow in the past years. The department has steadily reduced accruals over the past years through savings from cost curtailment measures and effective management of the functions. Only R443 million is allocated for security payments. MTTC is completed only cleaning and catering for learners will be provided. Other than the above basic administration operational costs is prioritised operating leases, communication, fleet services, electricity and water, audit costs and Medaco were taken into consideration when developing the 2018/19 budget.

5. Procurement

The Department will confine procurement to procurement and demand plan which is linked to strategic plan, Annual Performance Plan (APP) and operational plans. The Department participates in most of the National Treasury contracts which are aimed at yielding efficiency gain through economies of scale.

The Department plans to award the following contracts which are part of the procurement plan will have impact in the 2018 MTEF budgets;

- Supply and delivery of washing chemicals / laundry detergent
- Appointment of Debt Collector
- Appointment of a service provider to deal with RAF claims
- Supply and delivery of uniform to hospitals and PHC
- Supply and delivery of protective clothing to hospitals and PHC
- Catering Service for RTC Evander
- Talk Shows and Jingles (SABC and Community Radio's)
- Printing and publications (Newsletter; Folders; Business Cards; Complimentary Slips; Letterheads; Calendars)
- Installation, maintenance and commissioning of hygiene equipment
- Medicines and Surgical Sundries (Items not available on national contract)

- Orthopedic and spinal implants and materials (bone products / bone chips)
- Media buying and advertising

The Department intends to appoint financial managers in various hospitals in order to strengthen SCM compliance and financial management prudence.

6. Receipts and financing

6.1. Summary of receipts

Table 10.1 gives the source of funding for Vote 10 over the seven-year period 2014/15 to 2020/21. The table also compares the actual and budgeted receipts against actual and budgeted payments.

Table 10.1: Summary of receipts: Health

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Surplus/(deficit) after financing	174 021	83 510	26 448	–	–	(400 640)	–	–	–

The Department is allocated a budget of R42.126 billion over the MTEF period. The budget has increased by an average 6.1 per cent on the revised baseline. The equitable share of the Department shows a low growth for 2018/19 financial year when compared to the CPI. The Department will have challenges to fund non-negotiables in the MTEF period including the projected accruals for 2018/19 financial year.

Conditional grants

R7.688 billion of the allocated in the 2018 MTEF budget comprises of Conditional grants that has recorded 30 per cent increase in 2017/18 financial year due to a baseline revision for Comprehensive HIV/AIDS conditional grant.

Health Professional Training and Development Grant - This conditional grant supports the departmental Health Sciences and Training Programme in funding services relating to training and development of health professions.

Hospital Facility Revitalisation Grant - To help accelerate construction, maintenance, upgrading and rehabilitation of new and existing infrastructure in health including, health technology, organisational development and quality assurance; to enhance capacity to deliver health infrastructure.

National Tertiary Services Grant - The grant is used to enable the Department to transform and introduce the tertiary hospital service delivery platform in line with national policies for the improvement of quality of health services.

Comprehensive HIV, AIDS and TB Grant - This is aimed at ensure integrated management of the HIV/AIDS pandemic in the Mpumalanga province and to support the implementation of the HIV/AIDS and STI Strategic plan of the country.

Human Papillomavirus Vaccine Grant - To enable the health sector to prevent cervical cancer by making available HPV vaccination for grade four school girls in all public and special schools.

Social Sector Expanded Public Works Programme Incentive Grant for Provinces - To incentivize provincial departments to expand work creation efforts through the use of labour intensive delivery methods in the following identified focus areas, in compliance with the Expanded Public Works Programme guidelines: road maintenance and the maintenance of buildings; low traffic volume roads and rural roads; other economic and social infrastructure; tourism and cultural industries; sustainable land based livelihoods; waste management.

Expanded Public Works Programme Integrated Grant for Provinces- To incentivise provincial social sector departments, identified in the 2016 social sector Expanded Public Works Programme log-frame to increase job creation by focusing on the strengthening and expansion of social sector programmes that have employment potential.

6.2. Departmental receipts collection

Table 10.2: Departmental receipts: Health

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21
Tax receipts	-	-	-	-	-	-	-	-	-
Casino taxes	-	-	-	-	-	-	-	-	-
Horse racing taxes	-	-	-	-	-	-	-	-	-
Liquor licences	-	-	-	-	-	-	-	-	-
Motor vehicle licences	-	-	-	-	-	-	-	-	-
Sales of goods and services other than capital assets	60 254	56 176	65 696	69 207	69 207	69 207	73 152	77 250	81 498
Transfers received from:	-	-	-	-	-	-	-	-	-
Fines, penalties and forfeits	-	-	-	-	-	-	-	-	-
Interest, dividends and rent on land	6 064	3 523	3 871	3 713	3 713	3 713	3 925	4 144	4 372
Sales of capital assets	1 805	1 564	3 186	1 000	1 000	1 000	1 057	1 116	1 177
Financial transactions in assets and liabilities	2 539	1 952	3 355	708	708	3 008	1 289	1 360	1 435
Total departmental receipts	70 662	63 215	76 108	74 628	74 628	76 928	79 423	83 870	88 482

The table above matches actual and budgeted receipts against actual and budgeted payments. Revenue collection of the Department will be increased by over 5 per cent in 2018/19 based on the 2017/18 projected revenue collection. The Department is currently collecting revenue higher than the projected collection; this is due to efforts put in place to improve collection of monies owed to the state. No substantial increase is expected over the MTEF period due to slow growth of the economy, high poverty and high rate of unemployment in the province.

Given that most of the parts of the province are rural, majority of the people of the province depend on public health services. This has a negative impact on the opportunities of the Department to collect revenue; however, there are still a number of challenges to be addressed within the Department that have a potential to increase revenue collection.

7. Payment summary

7.1. Key assumptions

The Department has applied the following broad assumptions when compiling the budget:

- All community service nurses and doctors will be absorbed in the last three months of 2017/18 financial year and a full year cost for the community service will be adopted for all community service personnel.
- Final year nursing students that will complete in 2017/18 financial year and will be translated in their rank in 2018/19.
- All employees who have left the Department due to resignations, retirements and deaths as from July 2017 will be replaced.
- An increase in compensation of employees will be effected with CPI plus 1 per cent.
- Electricity price will increase by approximately 10 per cent in the new financial year.
- The accruals and payables for 2017/18 financial year will amount to an estimated R1 billion which will have an impact in the 2018 MTEF budget.

The Department has applied the following principles when compiling the budget:

- Key cost drivers were prioritised in the MTEF period in order to ensure sustainability of the provision of basic services.
- Projected accruals were included in the provision for cost drivers MTEF budget.
- A cost per employee was done in determining overall Compensation of Employees of the Department. The needs for additional staff were considered in the preparation of the MTEF budget especially health key staff.
- Mpumalanga Department of Health will be exempted on the provincial moratorium on appointment of new staff.
- A mix of incremental and performance based costing has been applied in preparation for the MTEF budget.
- Priorities were identified in the 2017 MTSF and funding allocated per priority.
- 2017 MTEF technical guidelines were used in compiling the budget.

Key Departmental challenges when compiling the budget:

- Funding of IDEAL clinic projects.
- Funding of unauthorized expenditure approved without funding.
- Funding of the MTEF impact of the appointment of community service doctors.
- Funding of infrastructure projects in the 2018 MTEF period.
- Funding of critical vacancies especially support staff for clinics and hospitals (Finance, SCM and revenue).
- Increasing APP targets on a declining budget baseline in real terms.
- Funding of increasing accruals which also influence ability to pay supplies.
- Inadequate Cash Flow to pay accruals

On average, cost of living adjustments (COLA) for public servants is projected to grow by 8.2 per cent for 2018/19 financial year.

General Inflation Projections for the MTEF period.

- 2018/19 financial year: 5.4 per cent
- 2019/20 financial year: 5.6 per cent
- 2020/21 financial year: 5.5 per cent.

7.2. Programme summary

The Department has eight budget programmes, of which four are services delivery programmes and four support programmes. Table 10.3 and 10.4 below provide a summary of payments and estimates according to these eight programmes, as well as per economic classification.

Table 10.3: Summary of payments and estimates: Health

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21
1. Administration	196 542	297 298	282 001	300 668	311 458	410 294	265 526	279 429	281 388
2. District Health Services	5 475 431	6 175 406	6 524 844	6 933 514	7 172 984	7 389 393	8 048 071	8 644 913	9 218 854
3. Emergency Medical Services	319 347	309 596	328 189	352 046	366 800	379 810	388 002	419 614	447 449
4. Provincial Hospital Services	1 047 266	1 174 385	1 221 480	1 304 905	1 301 264	1 347 606	1 393 406	1 500 741	1 594 897
5. Central Hospital Services	943 975	991 759	1 026 751	1 101 054	1 112 100	1 177 393	1 218 481	1 314 584	1 393 989
6. Health Sciences and Training	305 208	369 233	372 901	433 635	419 376	367 640	388 773	410 272	424 780
7. Health Care Support Services	101 707	123 451	140 693	157 775	200 452	212 276	182 640	192 620	203 634
8. Health Facilities Management	469 050	639 264	683 021	1 436 440	1 160 619	1 161 281	1 393 275	1 228 854	1 292 221
Total payments and estimates:	8 858 526	10 080 392	10 579 880	12 020 037	12 045 053	12 445 693	13 278 174	13 991 027	14 857 212

The Department shows an increase of 10.2 per cent as compared with the 2017/18 financial year adjusted budget. Services delivery programmes show an average increase of 7.6 per cent, which include District Health Services, Emergency Medical Services, Provincial Hospital Services and Central Hospitals.

Programme 1: Administration has reduced by 14.7 per cent, which due to once off projects funded during the budget adjustment that include litigations and back up for ICT. The programme is allocated 1.9 per cent of the main appropriation.

Programme 2: District Health Services shows a growth of 12.2 per cent on the adjusted budget for the first year of the Medium Term Expenditure Framework Period. The increase is due to increase of the HIV/AIDS Grant of R394 million in 2018/19 financial year, funding of ideal clinics, increase of budget for the insecticides for Malaria, HPV (Human Papilloma Virus) Grant and Reprioritised funds from non-essentials items from non-service delivery programmes. The programme is receives 62 per cent of the main appropriation.

Programme 3: Emergency Medical Services shows an increase of 5.8 per cent in the 2018/19 financial year. The growth is closer to the customer price index which means there is no growth in real terms. The division is allocated 3.0 per cent of the main appropriation.

Programme 4: The Provincial Hospital Services shows a growth of 7.1 per cent the growth is prompted by the need to strengthening General (Regional) hospitals in the Province. The purpose of this programme is to render level 1 and 2 health services in regional hospitals and to render TB specialised hospital services. This programme received 10.5 per cent of the allocated budget for 2018/19 financial year.

Programme 5: Central Hospital Services consists of Rob Ferreira Hospital and Witbank Hospital budget increase of 9.6 per cent in 2018/19 financial year, the increase mainly went to key cost drivers. The programme provides tertiary services to patients and includes the National Tertiary Services Grant provided to scale up tertiary services in the two tertiary facilities. This programme receives 9.2 per cent of the allocated budget for 2018/19 financial year.

Programme 6: Health Science & Training will decrease by 7.3 per cent from the 2017/18 financial year budget due as a result of efficiency gains from change of funding methodology for the nursing college. The programme receives 2.9 per cent of the allocated budget for the Vote.

Programme 7: Health Care Support Services will decrease by 8.9 per cent during the 2018/19 financial year due once off projects funded during the budget adjustment. The programme is allocated 1.4 per cent of the main appropriation.

Programme 8: Health Facilities Management shows an increase of 20 per cent on the budget due additional allocation of R183 million received to finalise the Mmamethlake infrastructure project. The programme is allocated 10.5 per cent of the main appropriation.

7.3. Summary of economic classification

Table 10.4: Summary of provincial payments and estimates by economic classification: Health

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

Compensation of Employees - shows an increase of 8.1 per cent on the revised estimate that is slightly more than the CPI provision. The Department has provided for physical staff available on PERSAL in 2017/18 financial year. An additional budget was set aside to provide for the cost of living adjustments. Although there are still challenges with the mix of skills in the Department, rationalization of staff will commence in order to ensure proper distribution of personnel in appropriate facilities where there is a need. The Department has allocated an amount of R7.877 billion for the payment of salaries of warm bodies to be carried from the 2017/18 financial year. This classification received 59.3 per cent of the main appropriation.

Goods and Services – This item has increased by 8.1 per cent which shall cater for the key cost drivers. The Department will continue to intensify measures and internal controls in the attempt to reduce health costs and provide sustainable health essential services to the community. Goods and services accounts for 27.7 per cent of the main appropriation.

Transfers and Subsidies – shows an increase of 9.5 per cent on the revised estimate, which is due to additional funding received for community health services within the Comprehensive HIV/AIDS grant. The Budget provides for funding for the Non-Profit Organizations that provide households.

Payments of Capital Assets – The classification will increase by 31.7 per cent due to increase in infrastructure.

7.4. Infrastructure payments

7.4.1. Departmental infrastructure payments

Departmental infrastructure payments

Refer to above table and See Table B.5 Annexure to Estimates of Provincial Expenditure and Revenue for project details. The Departmental infrastructure budget has improved over the years and this shows clear focus of the Department to improve infrastructure condition of Health Facilities. The Department has invested in the construction and upgrade of new hospitals that will improve access to health services. A number of health facilities require maintenance however; this cannot be achieved due to financial constraints.

New and Replacement assets

The Department has a budget for new facilities in communities that have no access to health care services or have to travel long distances to access quality health care services and

replacement of assets where the current assets are old, out-dated or inefficient to ensure the best possible services to all our communities.

Upgrades and Additions

The Department has a budget for upgrades and additions to facilities as a result of an increase in the catchment population or a change in departmental priority to meet a specific goal. However, the merging of the Health Infrastructure Grant and Hospital Revitalisation Grant has led to a reduction of the budget in the 2018/19 financial year and MTEF period.

Rehabilitation and Renovations

The Department has budgeted for rehabilitation and renovations as a provision for facilities that have the need in order for patients to be safe and served without fear of dilapidating structures.

7.4.2. Maintenance (Table B5)

The Departmental maintenance budget of the Department has improved over the years. This indicates a clear focus to improve the quality of health of the Department. Additional funds have been allocated to assist in maintaining facilities with minor maintenance.

Refer to above table. See Table B.5 Annexure to Estimates of Provincial Expenditure and Revenue for project details.

7.5. Departmental Public-Private Partnership (PPP) projects

This department does not have any PPP projects.

7.6. Transfers

7.6.1. Transfers to public entities

This department does not have transfers to public entities.

7.6.2. Transfers to other entities

Table 10.6: Summary of departmental transfers to other entities (for example NGOs)

8. Programme description

8.1. Administration

8.1.1. Description and objectives

The purpose of this programme is to provide the overall management of the Department, and provide strategic planning, legislative, communication services and centralised administrative support through the MEC's office and administration.

The strategic priorities of this programme are as follows:

- Overhauling the health care system by improving quality of care including the implementation of National Health Insurance.
- Rationalization of human resources for all health facilities of the Department.
- The Department will embark on a project to rationalize staffing in order to improve efficiency. Provincial Teams will be appointed to implement Ermelo overtime model in all hospitals. Various Standard operating procedures will be developed and implemented to control expenditure on accounts such as waste management, food and utilities.
- Develop and implement standard operating procedures for the management of key health accounts.
- Develop and implement a comprehensive communication strategy to address both Communicable and Non Communicable diseases.

Programme 1: Administration has reduced by 14.7 per cent, which due to once off projects funded during the budget adjustment that include litigations and back up for ICT. The programme plans the following key performance areas in the MTEF period to ensure sustained support and leadership for Health include:

- Strengthen the implementation of Financial Delegations and HR Delegations to create autonomy in preferred facilities as part of the NHI implementation.
- Filling of posts to be finalized within 3 months as when they are vacant and funded
- Retention of Health Professionals and other skilled Personnel and the finalization of all outstanding HR matter.

8.1.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.2. Programme 2: District Health Services

8.2.1. Description and objectives

The purpose of the programme is to render comprehensive Primary Health Care Services to the community using District Health System as a model

The high level strategic priorities of the programme are as follows:

- Mass mobilization for better health outcomes by implementing interventions to increase life expectancy and decrease maternal and child morbidity and mortality.
- Accelerated implementation of HIV and AIDS and STIs Strategic Plan and reduction of mortality due to TB and associated diseases.

- Overhauling the health care system by improving quality of care including the implementation of National Health Insurance.

Programme 2: District Health Services shows a growth of 12.2 per cent on the adjusted budget for the first year of the Medium Term Expenditure Framework Period. The increase is due to increase of the HIV/AIDS Grant of R394 million in 2018/19 financial year.

The appropriated funding will be directed to the following services delivery priorities:

- Improve clinic and community health centres to achieve the IDEAL clinic status.
- Primary Health care services are provided within the District Health system (DHS).
- Reduction of maternal, infant and child mortality.
- Operation Vuka Sisebente (OVS) Partner with the private sector in order to accelerate the implementation of the MMC programme and expand access to ART for all citizens living with

HIV – consider and plan for HR implications for increased access by contracting Service Providers in each municipality to offer voluntary medical male circumcision.

- Intensify the implementation of the **Integrated School Health Programme** to heighten awareness of the negative effects of risky sexual behaviour among young people by appointing maintaining 112 Primary Health Care Outreach Teams and 33 School Health Service Team
- Continue with the implementation of Centralized Chronic Medicine Dispensing and Create awareness of services available (Reproductive Health Services, Pre and Post natal care) to all women of child bearing age in order to encourage early antenatal attendance.
- Ensure compliance to the NSC of the following hospitals: District 10/23 (Tintswalo, Evander, Shongwe, Barberton, Carolina, Bernice Samuel, KwaMhlanga, Matikwane, Middelburg and Mmametlhake).
- The Department will install the tracking system in all ambulances, EMS response vehicles and PPTS vehicles to monitor usage and location of vehicles.
- Improvement of clinics and community health centres to achieve the Ideal Clinic status and strengthen the community based mental health services in the 3 districts.
- Contruction of Bethal Hospital will be finalized and Phase 1 and 2 of Mmametlhake hospital will be completed in 2018/19 financial year.

8.2.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.3. Programme 3: Emergency Medical Services

8.3.1. Description and objectives

The purpose of Emergency Medical Services is to provide Pre- hospital medical services, Inter-hospital transfers, Rescue and Planned Patient Transport to all inhabitants of Mpumalanga Province within the national norms of 15 minutes in urban areas and 40 minutes in rural areas. The strategic priority for this programme is to strengthen Health System Effectiveness and increasing life expectancy.

Programme 3: Emergency Medical Services shows an increase of 5.8 per cent in the 2018/19 financial year. The programme will prioritize the strengthening of PPT by ensuring the procurement of vehicles for District Hospitals, Provincial Hospitals and Tertiary Hospitals.

The Programme aims to achieve the following targets:

- Improve response time of P1 calls to less than 15 minutes in urban areas, from 80 per cent to 85 per cent of calls received.
- Improve the response time of P1 calls to less than 40 minutes in rural areas, from 65 per cent to 70 per cent of calls received.
- Increase from 4 to 10 (6 new) number of dedicated obstetric ambulances.

8.3.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.4. Programme 4: Provincial Hospital services

8.4.1. Description and objectives

The purpose of the programme is to render secondary health services in regional hospitals and to render TB specialized hospital services.

The strategic priority of the programme is to overhaul the health care system by improving quality of care including the implementation of National Health Insurance.

In addition to the above, the priorities for TB Hospitals are as follows:

- Procurement and revitalization of the two SANTA hospitals
- Implement the community management of MDR TB patients.

Programme 4: The Provincial Hospital Services shows a growth of 7.1 per cent the growth is prompted by the need to strengthening General (Regional) hospitals in the Province. The purpose of this programme is to render level 1 and 2 health services in regional hospitals and to render TB specialized hospital services. This programme received 10.8 per cent of the allocated budget for 2018/19 financial year.

The Programme will focus on the following areas in the MTEF period:

- Establishment of blood banks in a regional hospitals
- Increase number of neonatal ICU beds in level 2 & 3 hospitals according to norms and standards (1:1000 live birth)
- Establish more clinical domains according to the level of care (by appointing specialist)
- Continuous implementation and monitoring of core standards
- Revitalize the existing Psychiatric unit in Ermelo in line with mental health norms and standards

8.4.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.5. Programme 5: Central Hospital services

8.5.1. Description and objectives

The purpose of the programme is to render secondary and tertiary health care services and to provide a platform for training of health care workers including research.

The strategic priority of the programme is to overhaul the health care system by improving quality of care including the implementation of National Health Insurance.

Programme 5: Central Hospital Services consists of Rob Ferreira Hospital and Witbank Hospital budget increase of 9.6 per cent in 2018/19 financial year, the increase mainly went to key cost drivers. The programme provides tertiary services to patients and includes the National Tertiary Services Grant provided to scale up tertiary services in the two tertiary facilities.

The Programme will prioritise the following performance areas:

- Recruitment, retention, development, supervision and mentoring of staff
- Develop more clinical domains
- Improve clinical support services

- Availability of governance structures in Rob Ferreira and Witbank Hospital
- Accreditation of hospitals on the six priorities areas and core standards
- Enforcement of referral system
- Management of communicable diseases

8.5.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.6. Programme 6: Health Science and Training

8.6.1. Description and objectives

The purpose of the Health Sciences and Training programme is to ensure the provision of skills development programmes in support of the attainment of the identified strategic objectives of the Department.

The strategic priority of the programme is to improve Human Resources, Planning and Development.

Nursing Training College – has shown high growth over the past seven years which include the development of professional nurses in the nursing college. The expenditure of the sub-programme includes payment of accommodation for students and providing of catering at the college. Funds allocated to the college are increased due to a need to address challenges at the nursing college.

EMS Training College – the baselines for this programme has been increase due to capacity to implement programmes.

PHC Training – has shown a slight decline in 2018/19. It includes the development of Health professionals.

Bursaries – bursary payments were transferred to Department of Education as from 2012/13 financial year throughout the MTEF period. Only funding CUBAN program has remained with the Department.

Training Other – the sub programme includes HPTD conditional grant which supports the departmental Health Sciences and Training Programme in funding services relating to training and development of health professions.

8.6.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.7. Programme 7: Health Care Support Services

8.7.1. Description and objectives

The Health Care Support Service programmes aim to improve the quality and access of health care provided through:

- The availability of pharmaceuticals and other ancillaries.
- Rendering of credible forensic health care which contributes meaningfully to the criminal justice system.
- The availability and maintenance of appropriate health technologies Improvement of quality of life by providing needed assistive devices.
- Coordination and stakeholder management involved in specialized care.
- Rendering in-house services within the health care value chain.

The strategic priority of the programme is to overhaul the health care system by improving quality of care including implementation of the National Health Insurance through:

- Provision of quality pharmaceutical services in all the facilities
- Provision of quality Clinical Forensic Medicine Services
- Provision of guidelines on the use of Laboratory, Blood, Tissue and Organ Transplant available in hospitals.
- Provision of imaging services compliant to Radiation Control prescripts;
- Provision of comprehensive medical orthotic and prosthetic care;

- Appropriate management structure in place;

Programme 7: Health Care Support Services will decrease by 8.9 per cent during the 2018/19 financial year due to funds received during adjustment for maintenance of medical and equipment and capital medical equipment not maintained throughout the MTEF and reprioritization to service delivery programme. The Department has still centralised procurement of medical equipment in order to improve compliance on National Core Standards.

This programme includes a number of programmes which are aimed at achieving output 4: Strengthening Health System effectiveness. Though programme 7 is mainly supportive, highly skilled personnel and high tech equipment have to be managed

8.7.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.8. Programme 8: Health Care Support Services

8.8.1. Description and objectives

The purpose of the programme is to build, upgrade, renovate, rehabilitate and maintain facilities. The high level strategic priority of the programme is to strengthen the revitalization and maintenance of health infrastructure.

Programme 8: Health Facilities Management shows an increase of 20 per cent on the budget due additional allocation of R183.0 million received to finalise the Mmamethlake infrastructure project. The Department has prioritized the rehabilitation and maintenance of our dilapidated facilities. This programme includes Hospital revitalisation conditional Grant.

8.8.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

Compensation of Employee shows an increase of 8.7 per cent on the revised estimate, which is equal to the CPI provision. The Department has continuously operated with high vacancy rate and staff turnover has increased which hampered the ability to achieve predetermined targets in the Annual Performance Plan (APP).

The Department will not be able to appoint additional staff in the 2018 MTEF period, which includes absorption of community service doctors and bursary holders due to budget constraints. The Department will also not be able to increase services as well as appoint additional staff for new and upgraded facilities.

Culture, Sport and Recreation

To be appropriated by Vote in 2018/19	R 468 461 000
Direct Charge	R 0
Responsible MEC	MEC of Culture, Sport and Recreation
Administrating Department	Culture, Sport and Recreation
Accounting Officer	Head: Culture, Sport and Recreation

1. Overview

Vision

A patriotic socially cohesive society

Mission

- To promote social cohesion and nation building through culture, sport and information service to people of Mpumalanga.

Strategic Objectives

- Fostering constitutional values
- Improving equal opportunities, inclusion and redress
- Promoting social cohesion across society through increased interaction across race and class
- Improving active citizenry and broad-based leadership
- Promote good corporate governance practices and management

Core functions and responsibilities

Administration

- Departmental Management: To provide executive support, strategic leadership and management of the department.
- Corporate and Financial services: To provide effective and efficient human resources, financial and supply chain management and general administrative support service to the Department
- Enterprise Risk Management: To provide Enterprise Risk Management services to the Department.
- Information Technology Support: To provide ICT and knowledge management services to the Department.

Cultural Affairs

- Promotion of human rights, reconciliation, cultural diversity and nation building
- Develop and promote Arts and Culture in the Province
- Promote all official languages
- Protect, conserve and promote Heritage and Museums in the Province

- Sustain Cultural Institutions supported to deliver on departmental programmes

Library and Archives Services

- Increase access to library service in the Province
- Preserve and provide access to valuable information from public institutions

Sports and Recreation

- Increased access to Sport Infrastructure
- Increased athletes participating in community sport in the Province
- Improved competitiveness of learners in school sport
- Sustain and support Sport and Recreation Structures
- Improved number of athletes participating at National and International championships

Overview of the main services that the department intends to deliver

- To accelerate service delivery and implement of Batho Pele principles by ensuring that there is efficiency and effective performance by all employees of the department through skill development.
- Provision of heritage service, to preserve, conserve and transform heritage in the Province
- Implementation of the transformation charter in sport and recreation.
- Development and promotion of Sport and Recreation through School Sport, Sport Advancement, Community Sport and Recreation and club development.
- Facilitate implementation of the Provincial Language Act 2014 that emphasize the promotion and development of 4 disadvantaged languages.
- Provision of support and resources for effective, efficient library services that also contributes to quality basic education and integrated human settlement.
- Promotion of good records management practice that contributes to well-resourced archives.
- Promotion of economic empowerment by properly utilizing our cultural industries namely, performing arts, visual arts and crafts as well as sustenance of arts and culture forums in all municipalities.
- Contribute towards attainment of social cohesion and nation building of our citizens through National days commemorated, cultural and sporting events hosted.

Legislative mandate

The Department derives its legislative mandates from the Constitution of South Africa, Act 108 of 1996 and other National and Provincial Legislations. The sector specific legislations are as follows:

- Mpumalanga Provincial languages Act 2014
- Library Ordinance no 20 of 1992
- Mpumalanga Arts and Culture Council Act of 1999
- White Paper on Sport and Recreation 1996
- White Paper on Arts, Culture and Heritage 1996
- National Arts Council Act, 56 (Act No. 56 of 1997)
- Mpumalanga Archives Act, 394 (Act No. 394 of 1998)
- National Heritage Resources Act, 25 (Act No. 25 of 1999)
- National Heritage Council Act, 11 (Act No. 11 of 1999)

- Cultural Institutions Act, 119 (Act No. 119 of 1998), as amended
- Culture Promotion Act, 35 (Act No. 35 of 1983)
- South African Geographical Names Council Act, 118 (Act No. 118 of 1998)
- Heraldry Act, 18 (Act No. 18 of 1962)
- Legal Deposit Act, 54 (Act No. 54 of 1997)
- National Film and Video Foundation Act, 73 (Act No. 73 of 1997)
- PAN South African Language Board Act, 59 (Act No. 59 of 1995)
- National Library of South Africa Act, 92 (Act No. 92 of 1998)
- South African Library for the Blind Act, 91 (Act No. 91 of 1998)
- The National Sport and Recreation Act, 1998 (Act No. 110 of 1998)
- SA Institute for Drug Free Sport Act, 1997
- Lotteries Act No. 57 of 1997
- Non Profit Organizations Act No. 71 1997
- Safety of Sport and Recreational Events Bill 2006
- SA Boxing Act No. 11 of 2001.
- Tobacco Products Control Amendment No. 12 of 1999

External activities and other events relevant to budget decisions

Political Factors

The Department is confident that it operates within a stable political environment. The new political administration has mandated the sector to lead MTSF Outcome 14: Nation building and social cohesion that is linked to the National Development Plan vision 2030. That on its own, demonstrates the confidence that is vested by the political leadership to this Department.

The 2016 local government elections has gone and past with reduction of local municipalities from 18 to 17 in which two municipalities were merged into one big metropolitan town. This arrangement will not really affect the services rendered by this Department within the municipal space. This is because the Department has rooted systems such as structures in all municipalities that represent both culture and sport and it is believed services will still continue unhindered during that political transition.

Economic Factors

The economic downturn continues to impact negatively on the global and national growth outlook, which results into lower tax revenue envisaged to be collected. Ultimately resources that are allocated to the Department are also gradually declining. This has impacted negatively on the number of support that is given to arts and culture community based structures.

Despite the lacklustre global economic growth and the decline in disposable income, foreign and domestic tourists have been steadily visiting our shores. Over 1.3 million international tourists visited Mpumalanga in 2015 with international tourists spending R3 billion in our province. The Department will invest in tourism infrastructure to improve the tourism experience in the facilities such as Pilgrim Rest, Barberton, Nomoya Masilela and Kghodwana museums.

According to the State of the Province address 2017 as part of promoting Mpumalanga as a destination of choice, the Province have launched a Convention Bureau to attract and host major international events, conferences and exhibitions. The Convention Bureau will also provide support to the industry to host signature events in the Province.

It is believed that Culture and Sport tourism contribute to the above mentioned statistics. Events such as National Gold Panning Championship in Pilgrim Rest, the Loskop Marathon in Steve Tshwete, 32nd Commemoration of Mbuzini tragedy and the Cycling tournament as well high profile soccer and rugby games do positively contribute to the statistics. In 2018/19 financial year those events will continue to be implemented. In addition the Department will continue to coordinate the marketing of craft in different platform as part of souvenirs for tourism including not limited to the shop opened at one of Kruger National Gates. Therefore the sector has a huge responsibility to capitalize on these opportunities through cultural and sport packages to enhance tourism that have spin offs in job creation.

According to the MEGDP (Mpumalanga Economic Growth Development Plan) there is a further potential to grow the economy of the Province through heritage projects that has since been prepared and transferred to Department of Economic Development and Tourism such as Heritage and Struggle / Liberation Route; connecting the KZN Battle-Fields in Volksrust and stretching through to Moholoholo as well as nomination dossier submitted to UNESCO to declare Barberton Makhonjwa Mountain as World Heritage Site that has been finalized. The entire projects will provide much needed tourism attraction in the Province that will also benefit the established cultural industry with a viable market.

Technological Factors

The Department is currently servicing (115) public libraries. Unfortunately the number will not be increased since the 3 new libraries under construction are the replacement of existing which did not meet required norms and standards. In order for the libraries to remain relevant to the changing times it would be prudent for the Department to invest more on ICT as has already started. The trends on public library usage strongly reveal a paradigm shift towards a digital age.

Most of the users prefer to search information online than using a traditional book and the Department is gradually adapting itself to these changing times in order to remain relevant to the needs of our people.

There is a remarkable success that has been recorded through provision of free WI FI to all public libraries. That is to say users can use their own gadgets to log inn into internet without making long queues on the available computers per library.

In consideration of negative audit report of 2016/17 financial year due to inability to fully account of minor assets which are library books. The unavailability of Library Managing System has been cited as the major contributing factor. It is envisaged that the system that is under construction will be functional in 2018/19 in the regional and main libraries. This technological intervention will bring much needed relief in relation to the accountability of books and other related functions.

Environmental Factors

The risk of natural disasters or extreme weather events could result in damage to library infrastructure, library materials and museum collections. Therefore, disaster preparedness and regular maintenance of libraries and museums is critical.

Legal Factors

The outlook of the Department in terms of its size will significantly change as it gives support to public libraries as per the Republic of South Africa Constitution (Act No. 108 of 1996) Section 104 (1) (b) (ii) schedule 5 part A, that stipulates that libraries other than national libraries are exclusive legislative competence of the Province. The Province is currently giving support to all the public libraries in the Province with relevant resources while they are still attached to the municipalities.

In addition the Department as the custodian of Culture was implicated on the judgment against National Department of Arts and Culture and all Provinces were ordered to pass Provincial Language Acts as stipulated in the RSA constitution Chapter 1 (6). The Mpumalanga Provincial Language Act of 2014 has since been enacted and serves as bedrock for the development of languages dedicated to the province. However, the resources allocated to this function will need to be reviewed by the Executive Council going forward.

The department is legally bound to observe and comply with legislative prescripts applicable to its operations. Those acts and other relevant prescripts provide legal framework for the implementation of policy processes approved by the legislature. The legal prescripts apply to administrative function, implementing programmes and key operating cycles. The Strategic Planning of the department is carried according to prescribed format and time frames. The same apply to budget, procurement, expenditure and reporting processes.

1.1. Aligning departmental budgets to achieve government's prescribed outcomes

The Department has been mandated to lead Outcome 14: Nation Building and Social Cohesion as part of MTSF facilitation and implementation. Therefore, the Department has adopted the five long-term nation-building goals for South Africa as advocated by the Nation Development Plan for the next five years. These goals are as follows:

- Improved knowledge and upheld values enshrined in RSA Constitutional values by citizens
- Equalize opportunities, inclusion and redress
- Social Cohesion across society through increased interaction across race and class
- Active citizenry and broad based leadership in society
- Social compact

The above-mentioned goals were further broken into strategic objectives to enable the achievement of both national and provincial goals, informed by the Medium Term Strategic Framework.

The departmental policy strategic objectives for the next five years are:

- Coordinate the promotion of cultural diversity, multi-faith and multilingualism, the charter of good values, conduct national symbol workshops and host national commemorative days to foster constitutional values
- Coordinate the establishment of cultural, library and sporting facilities as well as the promotion of linguistic rights and the standardization of geographical names.
- Coordinate community sports and recreation, school sport and club development to promote social cohesion and nation building
- Support of culture, sport institutions and development, to promote active citizenry and broad-based leadership
- Ensuring compliant, effective and efficient management of resources and systems to render quality support services.

2. Review of the current financial year (2017/18)

The overall budget allocation for the current fiscal year is R511.232 million represented by equitable share R297.020 million and conditional grants amounting to R214.212 million.

The programme Administration was able to render support to the core programmes from Strategic planning, financial management support, procurement, financial support and reporting.

The Department managed to drive social cohesion and nation-building programmes through 3 social cohesion dialogues and conversations, 45 national symbols and campaigns rolled out in 17 municipalities and 410 schools provided with the preamble of the RSA Constitution. In addition, through support of events such as Innibos Festival, Mpumalanga Cultural Experience, Cycling tournament and Loskop marathon and Commemorative days, the department has managed to contribute to social integration.

Community-based structures in both Culture and Sport were supported in order to cover broader space of service delivery within the sector. The structures supported includes 14 in Cultural Affairs and 4 in Sport and Recreation.

Investment in infrastructure development was also key wherein; 3 new projects were 100 percent completed (Verena, Boekenhouthoek and Balfour); 4 new projects are under construction and to be completed in 2018/19 namely; MP Stream, Thubelihle, Masobye and Kanyamazane. The construction phase1 of two anchor projects, the High Altitude and Cultural Hub is still in progress with PPP procurement processes for both projects.

Lastly, the Department managed to promote social integration through sport programmes that cover both schools and communities. The Department collaborated with Department of Basic Education that coordinated learners and school and circuit level. The Department of Culture, Sport and Recreation took over at district, provincial and national tournaments. Some of these tournaments were divided into winter, autumn and summer games, which

proved to be an expensive model to coordinate especially on transport, and accommodation cost drivers.

Community sport was also coordinated wherein more than 117 386 people actively participating in recreation events such as the Indigenous Games, Big walk, Recreation Day, Golden and other 15 priority codes in the Province. The dispatch of equipment and attire to 120 Schools, 60 clubs and 17 sport municipal hubs was finalised in 2017/18 and will be continued in 2018/19.

3. Outlook for the coming financial year (2018/19)

The 2018/19 financial year is closer to the finalization of 5-year MTSF outcomes and therefore systems are geared towards ensuring that the targets of 2015 – 2020 targets are achieved. Since there are remedial actions that need to be undertaken to finalize PPP procurement of Cultural Hub and High Altitude Training Center projects the process of securing an investor has been prioritized for 2018/19.

The budget that has been allocated for bulk services on both projects will be put on hold until the PPP procurement is finalized and only limited allocation will be made available for the service of the Transactional Advisor.

The existing celebrated days, events and festivals (Innibos and Mpumalanga Cultural Festival) will be supported as a vehicle to cross this perceived racial barriers. In addition Mpumalanga Cultural festival will be on its third year to continue with the promotion of cultural diversity and national unity.

Gradually, the backlog of library facilities is being narrowed each and every year, The focus in on the completion of new libraries including MP Stream, Thubelihle, Masobye and Kanyamazane. Five new libraries will be planned and added in the main to be constructed in 2019/20. The support of existing ones with maintenance will go a long way to complement formal education. 5 existing libraries will be provided with maintenance. It is estimated that number of libraries will sit at 117 by year-end 2018/19.

The repatriation of documents into the Archive repository has started gradually with 39 client offices being taken on board. There is a due processes that needs to be followed be documents can be moved and that makes the process to move at a slow pace. It is envisaged that more client office institutions would comply in the current and outer years and that will enable the repository to be functional so that it can start to open its doors for the public to access of valuable information stored.

In Sport and Recreation, The Rural Sport Development Programme will reach its full rollout stage in the upcoming financial year with 68 clubs participating in 2018/19. This initiative emanates from the department's National Sport and Recreation Plan, which highlights the need to develop and invest in previously disadvantaged communities. Most disadvantaged communities, particularly in the rural areas and areas under Traditional Leadership still require a structured focused sport development programme

It is envisaged that these tournament will eventually grow in 2017/18 into the Provincial league with four codes namely; Netball, Athletics, Football and Rugby.

The decentralisation of national school sport tournament into three categories namely; winter, summer and autumn games that started in 2016/17 proved to be a step in a right direction to structurally manage the tournament. In 2018/19, 800 Learners are expected to take part in the tournaments in all the levels of district, Provincial and National and while the Province is doing well on the codes that it participate in. The challenge is still with non-participation in all codes that are included when overall scores are aggregated.

On community sport the Province is gradually gaining its momentum in term of covering wide scope with 118 000 participants anticipated for 2018/19. The continuation of Indigenous Games, Loskop Marathon, Sport Councils and federations and newly established rural sport will play a bigger part in attaining the targeted number.

The Province have 883 registered sport facilities (schools, community and privately owned) on the national database. It is noted with concern that the closing of the backlog for sport facilities is moving very slow.

4. Reprioritisation

Overall, reprioritization was done to cater for compensation of employees and infrastructure spending. Under programme 2: Cultural Affairs funds were reprioritized to cater for the Mpumalanga Cultural Experience event and National commemorated days as part of the nation building initiatives.

Under programme 3: Library and Archive Services reprioritisation had been done to fund compensation of employees for the appointment of additional personnel required to operationalise libraries and for library infrastructure development. The economic classification most affected by reprioritization is goods and services. Cost curtailment measures will be implemented to mitigate the impact on this classification.

5. Procurement

The Supply Chain function will continue to serve as an integral service delivery vehicle of the department. The Supply Chain function of the department forms part of the Administration Programme which render strategic administrative support to the core programmes. The department is looking forward to strengthening the Supply Chain function particularly procurement and asset management.

On a yearly basis, the department procures library books, library material, library ICT services and library furniture and equipment as part of its library services function. The department also procures sports attire and equipment as part of the sport development mandate and office furniture, equipment and consumables for office functions.

6. Receipts and financing

6.1. Summary of receipts

Table 11.1: Summary of receipts: Culture, Sport And Recreation

Provincial CG roll-overs	1 116	13 431	25 593						
Surplus/(deficit) after financing	32 473	34 238	29 810	–	–	(19 089)	–	–	–

The department received a budget allocation of R 468.4 million in 2018/19, increasing to R545.1 million in 2019/20, R 574.9 million in 2020/21. The conditional grant funding reflected is for the four conditional grants that the Department is receiving. The EPWP Integrated and social sector grants were introduced in the 2012/13 financial year. MTEF funding is only allocated for the 2018/18 financial year.

6.2. Departmental receipts collection

Table 11.2: Departmental receipts: Culture, Sport And Recreation

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21
Tax receipts	–	–	–	–	–	–	–	–	–
Casino taxes	–	–	–	–	–	–	–	–	–
Horse racing taxes	–	–	–	–	–	–	–	–	–
Liquor licences	–	–	–	–	–	–	–	–	–
Motor vehicle licences	–	–	–	–	–	–	–	–	–
Sales of goods and services other	547	547	628	725	725	725	767	810	855
Transfers received from:	–	–	–	–	–	–	–	–	–
Fines, penalties and forfeits	53	17	63	66	66	66	70	74	78
Interest, dividends and rent on land	434	989	1 055	553	553	553	585	618	652
Sales of capital assets	81	1 164	83	94	94	94	99	105	111
Financial transactions in assets an	–	–	13	–	–	–	–	–	–
Total departmental receipts	1 115	2 717	1 842	1 438	1 438	1 438	1 522	1 607	1 696

The departmental receipts are expected to increase to R1.522 million, and revenue is generated mainly from penalties on lost books at libraries, entrance fees, interest on bank account and other sales from the departmental revenue centres which are mainly Kghodwana Cultural Village, Pilgrim's Rest Museum, Barberton Museum and the Regional Libraries.

6.3. Donor funding

The department does not receive donor funding

7. Payment summary

7.1. Key assumptions

- The compensation of employees will be affected by the increase on CPI throughout the MTEF, 5.4 in 2018/19, 5.6 percent in 2019/20 and 5.5 in 2020/21 plus 2.5 percentage for progression.
- Funding for the Cultural Festival and National day's events throughout the MTEF
- Funding for the upgrade of Museums and Cultural Villages

7.2. Programme summary

Table 11.3: Summary of payments and estimates: Culture, Sport And Recreation

This section gives details of department infrastructure payments and estimates for the construction, upgrade and maintenance of infrastructure assets. The bulk of the allocation for 2018/19 is for library infrastructure projects which are funded by the Community Library Services grant. The estimates for infrastructure lease is for rented office buildings.

The budget for capital infrastructure has decreased from R132.7 million in 2017/18 to R79 million in 2018/19, due to the reduction in funding for the Cultural Hub and High Altitude projects in the 2018/19 financial year. Refer to table B.5 Annexure to estimates of Provincial Expenditure and Revenue for detailed project information.

7.5. Departmental Public-Private Partnership (PPP) projects

The department does not have registered PPP Projects

7.6. Transfers

7.6.1. Transfers to public entities

The department does not transfer to any Public Entities

7.6.2. Transfers to other entities

Table 11.6: Summary of departmental transfers to other entities (for example NGOs)

Vote 12

Social Development

To be appropriated by Vote in 2018/19	R R1 551 584 000
Direct Charge	R 0
Responsible MEC	MEC of Social Development
Administrating Department	Social Development
Accounting Officer	Head: Social Development

1. Overview

Vision

A caring, humane and developed society

Mission

To provide, equitable, integrated and quality sustainable social development services in partnership with all stakeholders to eradicate poverty and protect vulnerable groups in all communities of Mpumalanga

Strategic objectives

- To facilitate the development, implementation, reporting and Monitoring & Evaluation (M&E) of departmental plans
- To render effective and efficient risk management services
- To render efficient and effective management and support services
- To provide financial management support
- To provide strategic leadership for effective delivery of integrated developmental social services
- To provide substance abuse prevention and treatment programmes
- To render care and services to older persons
- To render social crime prevention and support programmes
- To provide care, support and protection programmes for persons with disabilities
- To provide development, care and protection of children
- To provide victim empowerment programmes
- To provide integrated HIV and AIDS programmes
- To provide integrated social relief programmes
- To provide care and support services to families
- To provide community based care services to orphaned and vulnerable children
- To provide child and youth care services
- Facilitate and monitor the implementation of policies, legislations and programmes to empower and support the youth
- Facilitate the implementation of policies, strategies and programmes that will impact on poverty and underdevelopment in order to reduce the dependency of the poor and vulnerable communities

- Implement and monitor policies and programmes geared towards creating an enabling environment within which Non Profit Organisations (NPOs) and other projects can be empowered and contribute towards development
- Research and demographic analysis undertaken to support the integration of population and development factors into planning
- Population Capacity Development and Advocacy undertaken to support the integration of population and development factors into planning
- To ensure provision of infrastructure

Brief description of the core functions and responsibilities

Social Welfare Services

- Integrated social welfare services to older persons, persons with disabilities and other vulnerable groups,
- Integrated services to people infected and affected by HIV and AIDS,
- Social Welfare safety net, through provision of emergency material supplies to individuals and families affected by disasters.

Children and Families

The programme aims to provide comprehensive child and family care, and support services to communities in partnership with stakeholders and civil society organisations. The following services are provided within the programme:

- Programmes and services to promote functional families and to prevent vulnerability in families
- Integrated programmes and services that provide for the development, care and protection of the rights of children
- Comprehensive early childhood development services and Partial care
- Alternative care and support to vulnerable children through Child and Youth care centres
- Protection, care and support to vulnerable children in communities through community based care services

Restorative Services

- Development and implementation of social crime prevention programmes and probation services targeting children, youth and adult offenders and victims within the justice system
- Integrated programmes and services to support, care and empower victims of crime
- Integrated services for anti-substance abuse, prevention, treatment and rehabilitation

Development and Research

- Provision of integrated poverty alleviation services through sustainable development programmes in partnership with community based organisations.
- Creation of an environment to help young people to develop constructive, affirmative and sustainable relationships while concurrently providing opportunities for them to build their

competencies and needed skills to engage as partners in their own development and that of their communities.

Overview of the main services that the department intends to do deliver

Provided below are the main services that the department intends to deliver in 2018/19 financial year.

Expand and accelerate quality services to children including ECD

- Services provided under this sub-programme are Early Childhood Development (ECD) and partial care services. The Department provides these services in partnership with NPOs.
- Under this sub-programme the main focus area is the following services which are provided, foster care services, adoption services, protection of children, management of reported cases of child abuse and neglect, and exploitation, care and support services to children in child-headed household.

Enhance capacity, capability and partnership with all stakeholders and civil society

- Services provided include the following: support to households, NPOs, Cooperatives and Communities through funding, capacity building and training. To develop and implement programmes to protect and prevent elder and persons with disabilities abuse and also implementation of community based programmes that promote prevention to vulnerable groups.

Care and support services to families

- Services under this focus area relate to services aimed at promotion of Healthy Family Life, Family Strengthening and Family Preservation

Substance abuse, prevention and rehabilitation

- Services provided include the following: implementation of minimum norms and standards for inpatient treatment, outpatient treatment and community based centres, establishment and support of provincial substance abuse forums and local drug action committees, and treatment of substance abuse.

Coordinate and monitor development interventions including food security through household profiles.

The following services will be delivered and coordinated under this focus area:

- access to food, including cooked meals through DSD centre based programmes
- provision of support to vulnerable groups
- promoting local food production and consumption of nutritious food

Youth Development

The services will include; financial support to service providers delivering youth development services, establishment and support of youth centres as well as provincial and districts youth forums. Construction of infrastructure projects of two youth development centres will be completed in 2018/19 financial year. According to the revised delivery schedule from the

Implementing Agent, the Department of Public Works, Roads and Transport (DPWR&T), construction will be completed in September 2018/19 financial year.

Strengthening Victim Empowerment Services

This priority focuses on among others, to enhance and strengthen the regional forums by providing capacity building, technical support and monitor implementation of services and compliance with policy guidelines. The khuseleka one stop model advocated through this priority area as well as research on domestic violence and other areas of the VEP sector will be implemented.

Brief analysis of the demands for and expected changes in the services and the resources (financial, personnel, infrastructure) available to match these

- Demands for services by the population of the Province range from treatment and rehabilitation of substance abuse, care and services for older persons, services for persons with disabilities, crime prevention and support, children services, support to persons affected by HIV and AIDS, care and services to families, youth development services and victim empowerment which are provided under the five sector agreed programmes.
- The Department will in 2018/19 financial year provide Early Childhood Development (ECD) services at a unit cost of R15.00 per day per child reaching 45 970 children. Funding amounting to R217.0 million is provided in 2018/19 for this deliverable. Expansion of additional 3 330 children will also be reached through the conditional grant funding of Early Childhood Development.
- In 2018/19 financial year the Department will expand services and interventions to households and co-operatives through sustainable livelihoods initiatives.
- Services are delivered to communities at sub-districts offices, branch offices and welfare facilities. A budget of R94.0 million is allocated for infrastructure delivery in 2018/19 financial year. Detail information on infrastructure projects is provided under section 5.4.1 of this document.

Legislative and other mandates

The core functions of the Department are determined by the following legislation and policies:

- White Paper for Social Welfare, 1997
- White Paper on Population Policy for South Africa, 1998
- Older Person's Act, 2006 (Act 13 of 2006)
- Children's Act No 38 of 2005 as amended
- Older Persons Amendment Act, 1998 (Act No. 1998)
- National Welfare Act, 1978 (Act 100 of 1978)
- Child Justice Act 5 of 2008
- Social Service Professions Act, 1978 (Act No. 110 of 1978)
- Probation Services Amendment Act, 2002 (Act No 30. of 2002)
- The Prevention of and Treatment for Substance Abuse Act (Act 70 of 2008)
- Social Assistance Act, 2004 (Act 13 of 2004)
- Non-Profit Organisations Act, 1997 (Act 71 of 1997)

- National Development Agency Act, 1998 (Act No 108 of 1998)
- Advisory Boards on Social Development Act, 2001 (Act No 3 of 2001)
- Domestic Violence Act, 1998 (Act 116 of 1998)
- Prevention and Combating of Trafficking in Person's Act, 2013 (Act No. 07 of 2013)
- National Youth Development Agency (Act no. 54 of 2008)
- Provincial Growth and Development Strategy
- National Disability policy
- Public Finance Management Act 1 of 1999 as amended
- Community Development Policy Framework

Brief information on external activities and events relevant to budget decisions

Natural disasters

- The Department is expected to provide provisional relief to affected communities and or households with basic household supplies such as food, clothing, blankets et cetera. Due to the nature of disasters, with regard to its extent, thus budgeting for disasters is always not definite. The extent of the natural disasters vary every financial year, thus budgeting for social relief is not solely based on the historical information but on the relevant available information such as climate predictions and others.

Global economic factors

- Changes in consumer price index and other global economic factors such as low commodity prices, American economic prospects and the economic prospects in fast growing economies which result in increase on market prices have an impact on the budget of the department largely on goods and services and infrastructure delivery.

Europe is one of the major trading partners of South Africa, thus the decision by the British public to vote in favour of leaving the European Union in June 2016 has consequences for South Africa considering the leadership of the negotiating teams from United Kingdom (UK) and European Commission.

The leaders of the teams are likely to hold firm to their demands, from the European Commission that the UK make a financial settlement before substantive trade negotiations could proceed, whilst the UK team on the other hand is expected to push for assurances on retaining the City of London status as a financial centre and for safeguarding access for UK products such as automobiles, aviation systems and pharmaceuticals. The "Brexit" is potentially damaging for South Africa, because there are strong economic and investment ties between South Africa and Britain.

The latest political developments which resulted in change of leadership in the Government of Zimbabwe also have an impact on the South Africa economy.

Local socio-economic factors

Since the economic downturn in 2008/09, the local economy has struggled to achieve even the modest world growth levels. South Africa's forecasted growth rate up to 2020 is expected to continue lagging average world growth prospects and rather labour along for most of the period in line with the low forecast for advanced economy. The International Monetary Fund (IMF) forecast economic growth for South Africa of between 0.8 and 1.0 per cent in 2017. In 2018, economic growth is anticipated to recover to a modest 1.6 per cent in 2018. The South

African Economy was in technical recession following negative growth of the first and second quarters consecutively of 2017.

- According to the 2016 Community Survey, the population of the Province is 4 335 964 which represents 7.8 per cent of the national population of 55 635 655. This is an increase of 1.6 per cent per annum between 2011 and 2016.
- The Province registered an increase of 61 742 jobs in the second quarter of 2017
- Mpumalanga Province's unemployment rate is the 3rd highest among the nine provinces, whilst the expanded unemployment rate was at 36.4 per cent at the end of the first quarter of 2017. This clearly demonstrates a situation in which the number of families under distress in the Province has increased which requires provisional assistance and support from government.
- In 2018/19 financial year the Department will profile 155 communities and 3 600 households to support integrated services to communities and households. A total number of 250 households and 15 co-operatives will be supported through sustainable livelihoods initiatives benefiting 1000 individual members
- Furthermore, closure of Highveld Steel plant in Nkangala District and other mines as well as the disaster at the Lily Gold Mine which threatens its continued existence, also adds to the levels of poverty and unemployment in the Province.
- In 2015, 40.3 per cent or 1.7 million of Mpumalanga population lived below the lower bound poverty line of R992 per person in 2015 per month in 2015 prices. Similarly, this indicator shows the extent to which the budget of Social Development must cover to appropriately intervene with an aim to reduce poverty levels in households and communities of the Province.
- Fuel price escalations also affect the provision of services considering that the business operations of Social Development require frequent mobility of social service professionals to communities and households.

1.1. Aligning Departmental budgets to achieve government's prescribed outcomes

The Department drives outcome 13 of social protection:

Outcome 13: An inclusive and responsive social protection system

The Department has over the years been implementing an advanced and comprehensive social welfare system with wide coverage. It remains a prerequisite of Social Development to ensure that, those people who are at risk or vulnerable, such as people with disabilities, the elderly, children and women are provided with assistance to access social protection services. These groups bear the brunt of poverty and inequality. Special attention is to be given to the needs of women, youth and children due to their socio-economic and cultural status, and the high concentration of poverty amongst them.

The Social Development Sector continues with the responsibility to coordinate and lead Outcome 13 towards vision 2030. In achieving Outcome 13, emphasis is on the following key areas:

- Improving efficiency in the delivery of services
- Addressing exclusions by identifying and reaching those who are entitled to the existing benefits of social protection using the available information on households.
- Reducing the administrative bottlenecks that prevent people from accessing benefits.

The MTSF priorities for outcome 13

The key priorities for this MTSF (2014-2019) are:

- a) Reforming the social welfare sector.
- b) Early childhood development provision.
- c) Deepening social assistance and extending the scope for social security.
- d) Enhancing the capabilities of the identified groups and communities to achieve sustainable livelihoods and household food and nutrition security.
- e) Establishing social protection systems and strengthen monitoring and evaluation of services

The Department continues to contribute to the following:

Outcome 1: Improved quality basic education

The Department contributes to this key outcome by facilitating the registration of ECD programmes as well as the funding of Early Childhood Development (ECD) centres for children of 0- 5 years' cohort. The Department reached fifty thousand two hundred and seventy-five (50 275) children in terms of Early Childhood Development (ECD) services.

Outcome 2: A long and healthy life for all South Africans

The Department contributes to this key outcome through the provision of care and psychosocial support through child and youth care workers (focus specifically to vulnerable children, in particular those heading households) as well as dialogues with communities on prevention strategies. The Department financially supported thirty-three (33) NPOs, who provided services to nine thousand six hundred and twenty-nine (9 629) orphans and vulnerable children.

Outcome 3: All people in South Africa are and feel safe

Under this key outcome, the Department conducts prevention strategies (in line with the Anti-drug Master Plan) targeting children, youth in and out of school, and adults in communities. Treatment is also provided to individuals that are already abusing substances with emphasis on schools that are reported to be faced with a drug problem. A total of sixty three (63) service users have accessed public and private inpatient substance abuse treatment centres funded and run by government. Through Ke-Moja drug prevention programme four thousands six hundred and ninety three (4 693) children between the ages 4-18 years were reached and three thousand and fourteen (3014) youth were reached.

A total of two hundred and ten (210) service users will access public inpatient treatment service and sixty eight (68) service users will have accessed private inpatient treatment services at funded by government in 2018/19 financial year.

A total number of eleven thousands two hundred and thirty (11 230) youth between 19 and 35 years old will be reached through the Ke-Moja drug prevention programme.

Outcome 7: Vibrant, equitable, sustainable rural communities contributing towards food security for all

The Department contributes to this key outcome through conducting community and household profiling for the purpose of multi-disciplinary intervention by all the stakeholders.

To intensify and expand food security programmes, sixty four thousand, eight hundred and eight (64 808) people will be supported to access food through DSD feeding programmes.

A total of two hundred (250) households and fifteen (15) cooperatives will be supported through sustainable livelihoods initiatives benefiting one thousand, one hundred and fifty (1 150) household members to sustain their livelihoods.

Outcome 12: An effective, efficient and developed oriented Public Service and an Empowered, Fair and Inclusive citizenship

Contribution to this outcome by the Department is through corporate governance issues namely; risk management, fraud awareness, performance management, development of policies and systems, human resource development, service delivery improvement plans and monitoring and evaluation.

2. Review of the current financial year 2017/18

Programme 2: Social Welfare Services

Care and Services to Older Persons

The Department funded twenty three (23) Residential Care Facilities for older persons. A total of six thousand one hundred and thirty eight (6 138) older persons accessed community based care services managed by NPOs. There are one thousand two hundred and fifty four (1 254) older persons in funded residential facilities managed by NPOs. A total of four thousand one hundred and sixty one (4 161) older persons participated in active ageing programme. A total of three thousand seven hundred and ninety four (3794) people were reached through preventative services. Two hundred and sixty two (262) older persons reached through Social Work services.

Services to Persons with Disabilities

A total of two thousand, six hundred and thirty three (2 633) persons with disabilities accessed services provided by sixty seven (67) protective workshops for adults with disabilities which are financially supported by the Department. There are seven (7) funded residential care facilities for persons with disabilities managed by NPOs and six hundred and thirty seven (637) people accessed services at these facilities.

The Department funded fifty five (55) stimulation centres for children with disabilities and there were one thousand, six hundred and forty five (1 654) children with disabilities who accessed the service. There are six (6) protective workshops which are in the process of being transformed into economically viable business entities. There are eleven (11) social welfare organizations managed by NPOs receiving financial support from the department in order to service areas where the department cannot be able to reach. There were eighty three (83) support group sessions for parents of children with disabilities facilitated. Four thousand and forty two (4 042) people were reached through prevention services

HIV and AIDS

Eighty Seven (87) organizations were approved for funding in 2017/18 financial year to provide HIV prevention, care and support services. Eighty five thousand five hundred and fifty two (9 552) beneficiaries have been reached through psychosocial support services in the funded organizations. A total of ten thousand four hundred and eighty one (10 481)

people have been reached through social behaviour change services focusing on key population and vulnerable individuals who are mostly at risk of being affected by HIV and AIDS.

Ten (10) organizations were trained on social behaviour change communication which aims at influencing positive behaviour targeting vulnerable groups to avoid engaging in risky behaviour which expose them at risk of being infected by HIV. Nine (9) community conversations were conducted in order to strengthen community systems in response to the epidemic and further provide support to ensure implementation of community based plans.

Social Relief

The Department provided support to two thousand four hundred and forty-two (2 442) individuals and families in need to ensure stability to families in distress. These assist in building cohesive, caring and sustainable communities. The social relief services are not provided in isolation, but are supported by other programmes such as sustainable livelihood, family preservation; and foster care and support. The Department uses this service as a provisional measure to assist individuals and households in emergency situations largely caused by disasters that are often seasonal.

Programme 3: Children and Families

Care and Support Services to Families

A total of three thousand eight hundred and forty (3 840) families were reached through family preservation programmes and services. One Hundred and forty nine (149) family members were reunited with their families. One thousand two hundred and thirty eight (1 238) family members were reached through parenting programmes.

Child Care and Protection Services

A total number of two thousand three hundred and four (2 304) orphaned and vulnerable children received psychosocial services. A total number of one hundred and eighty-six (186) children await placement in foster care. A total of eight hundred (800) children were placed in foster care. A total of one hundred and thirty-three (133) children exiting foster care were linked to sustainable social protection programmes.

Early Childhood Development (ECD) and Partial Care

Services to children in the 0-5 age cohort continue to be one of the key priorities for the department. A total number of twenty-four thousand two hundred and thirty-five (24 235) children were reached through the registered ECD programmes both within ECD centres and non-centre based programmes. Four thousand one hundred and fifty-two (4152) children were reached through non-centre based ECD programme. A total of fifty-one thousand nine hundred and eleven (51 911) children were subsidised. Three thousand eight hundred and fifty-two (3 852) practitioners provided ECD services to the ECD centres during this period.

Child and Youth Care Centres

The Department has funded twenty-five (25) Child and Youth Care Centres (CYCCs) which include those managed by Government and by NPOs. Nine hundred and forty two (942) children in need of care and protection received services in CYCCs.

Community-Based Care Services for children

Prevention and early intervention services play a critical role in ensuring that children in need of care and protection are identified early and that there is a safety net in terms of the services provided. A total of ten thousand one hundred and sixty two (10 162) children were reached through Isibindi model in the first quarter. One hundred and sixty two (162) child and youth care workers received training during this period.

Programme 4: Restorative services

Social Crime Prevention and Support

A total of four hundred and fifty one children (451) who are in conflict with the law were assessed. Fifty six (56) children awaiting trial were placed at Hendrina Child and Youth Care Centres (CYCC). Two hundred and thirty six (236) children were referred to diversion programme and one hundred and fifty eight (158) completed the diversion programme. The programme has reached five thousand one hundred and fifty seven (5 157) youth through prevention services. Twenty five (25) children in conflict with the law were sentenced to compulsory residence and admitted at Ethokomala Child and Youth Care Centre. The Department is funding eight (09) NPOs delivering crime prevention and support services.

Victim Empowerment

One thousand four hundred and four (1 404) victims of crime and violence received services in VEP funded sites. Three (03) Human Trafficking Victims accessed social work services. Eleven thousand and thirty three (11 033) persons were reached through prevention services. The department is funding twenty two (22) victim empowerment facilities managed by NPOs and (2) government owned shelters .

Substance Abuse, Prevention, Treatment and Rehabilitation

A total of forty one thousand six hundred and seventy three (41 673) children of eighteen years and below were reached. Eighteen thousand five hundred and four (18 504) adults were reached through the Ke-Moja prevention programme. One hundred and sixty seven (167) service users accessed inpatient treatment services and eight hundred and ninety two (892) were reached through outpatient treatment services. A total of two hundred and fifty two (252) received aftercare services from social workers. Eight hundred and ninety four (894) service users and their families accessed social work services. The department is funding eight (09) NPOs rendering prevention and treatment of substance services.

Programme 5: Development and Research

Community Mobilization

A total of ninety three (93) community dialogues and forty seven (47) community awareness campaigns were conducted for the empowerment of local people wherein nine thousand and fifty six (9056) people were reached.

Institutional Capacity Building and Support

The Department continues to provide services to communities in partnership with civil society organisations. The Department facilitated the registration of two hundred and forty one (241) NPOs in accordance with the NPO Act.

One thousand and thirty-eight (1 038) NPOs received on-site capacity building on governance, management and basic financial management skills to improve accountability improve management of the organisations and their finances. One thousand one hundred and three (1 103) NPOs have been monitored for compliance with the NPO Act to ensure that they comply and remain registered as prescribed by the NPO act. Forty-six (46) Community Development Practitioners received capacity building training.

Sustainable livelihoods/Poverty alleviation

One food distribution centre (PFDC) and nine (09) Community Nutrition and Development centres (CNDs) are supported across the Province. Other centres including ECDs, drop in centres, Stimulation centres and Protective workshops are also supported to provide food to vulnerable people. Over (56 942) fifty six thousand nine hundred and forty two people have accessed food during this reporting period from functional centres.

A total number of one hundred and twelve (112) poverty reduction initiatives were supported wherein (554) five hundred and fifty four people in the households benefited from the support.

Fifteen Cooperatives (15) were supported through funding of equipment to enhance and improve their production and functionality. Six hundred and eighteen (618) NPOs were registered in the Expanded Public Works Programme (EPWP) with (4 434) four thousand four hundred and thirty four work opportunities created through EPWP.

Community Based Research and Planning

A total of ninety five (95) communities and (4 379) four thousand three hundred and seventy nine households have been profiled in the local municipalities and seventy one (71) Community Based Plans developed to inform development of interventions in the prioritized communities.

Youth Development

A total of Ninety (90) Youth Development Centres were funded delivering youth development services to young people. Work opportunities were created for four hundred and fifty (450) youth receiving a stipend on a monthly basis while rendering the youth development services. Sixty one thousand, two hundred and eighty four (61 284) youth were reached through services delivered by the Youth Development Centres. A total of one hundred and eighty two (182) life skills workshops were conducted. A total of five thousand, eight hundred and forty eight (5 848) youth were reached through the youth mobilisation programmes. The youth were mobilised to volunteer their services in communities and three thousand, one hundred and six (3 106) youth participated in the National Youth Service programme.

Women development

The Department has funded three (03) Women NPOs rendering women development services in communities. A total of forty-five (1 778) women were capacitated through life skills programmes for young women and two thousand and ninety eight (2 098) were reached through empowerment programmes. The women in cooperatives are prioritised for capacity building and incubation in co-operative management and to date two hundred and sixty nine (269) women have been trained and are in incubation.

Population Policy Promotion

The Population Capacity Development and Advocacy unit has facilitated seven (08) population capacity development sessions with two hundred and sixty-four (264) participants and conducted nineteen (19) support sessions with government institutions to promote the integration of population factors into planning processes. A total of thirty-eight (38) population advocacy activities have been implemented.

The Research and Demography Division completed one (01) demographic profile. A total of three (03) research projects have been implemented of which one (01) project has been completed. One (01) project to monitor the implementation of the Population Policy is in progress and three (03) demographic profiles have been done.

3. Outlook for the coming financial year 2018/19

Programme 2: Social Welfare Services

Care and Services to Older Persons

The Department is targeting twenty three (23) Residential Care Facilities for older persons. A total of one thousand two hundred and fifty eight (1258) older persons will access residential care facilities. Five thousand one hundred and fifty four (5154) older persons are targeted to access community based care and support centres. A total of eight hundred and nineteen (819) older persons will be reached through social work services. Ten thousand two hundred and eighty (10 280) people will be reached through prevention services and three thousand seven hundred and seventy-five (3775) older persons will participate in the active ageing programme.

Services to Persons with Disabilities

A total of two thousand two hundred and thirty eight (2 238) persons with disabilities are targeted to access services in sixty seven (67) government funded protective workshops managed by NPOs. To improve the quality of life of people with disabilities and encourage their independence, the department will continue to transform six (6) protective workshops which will be in the process of being transformed into business entities. Six hundred and thirty one (631) Persons with Disabilities are targeted to access services in seven (7) government funded residential care facilities for persons with disabilities managed by NPOs.

Eight thousand, seven hundred and ninety two (8 792) persons will be reached through prevention services. Three hundred and forty two (342) support group sessions for parents of children with disabilities to be facilitated. One thousand six hundred and thirty six (1 636) children with disabilities will be reached through stimulation centres.

There are eleven (11) social welfare organizations managed by NPOs who will receive financial support from the department in order to service areas where the department cannot be able to reach.

HIV and AIDS

The Department will fund eighty seven (87) organizations to provide prevention, care and support services to vulnerable individuals. Seven thousand four hundred and twenty six (7 426) beneficiaries will be reached through psychosocial support services to enhance their

ability to cope with any life challenges related to HIV and AIDS in their own context and be in a position to enjoy healthy quality life. Twelve thousand two hundred and fifty two (12 252) beneficiaries will be reached through social and behaviour change services to upscale on HIV prevention services.

To strengthen community based response, nineteen (19) community conversations will be held to mobilise community to address developmental issues which contribute to the high prevalence of HIV. Fifteen (15) organizations will be trained on social behaviour change programme to ensure involvement of community members as change agents towards contributing to the prevention of new HIV infections.

Social Relief

The Department will continue to provide support to five thousands (5 000) individuals and families in distress to ensure stability in those families. This will build cohesive, caring and sustainable communities by supporting and strengthening family and community interventions that foster social cohesion. Individuals who benefit in the social relief programme are linked with other programmes such as sustainable livelihood, family preservation and foster care and support. The overall benefit is to increase interventions for families in distress in the province. This programme is further provided in partnership with Local Municipalities.

Programme 3: Children and Families

Care and Services to Families

Eleven thousand six hundred and seventy six (11 676) family members will participate in family preservation services. Four hundred and sixty three (463) family members will be reunited with their families through services provided by government. Five thousand seven hundred and ninety four (5 794) families will be participating in the parenting programme.

Child Care and Protection Services

A total number of seven thousand four hundred and seventy three (7 473) orphaned and vulnerable children will be receiving psychosocial services to enhance their social functioning. Two thousand one hundred and one (2 101) children will be placed in foster care. Nine hundred and thirty eight (938) children will await foster care placement. Three hundred and ninety one (391) children exiting foster care will be linked for sustainable development.

Early Childhood Development (ECD) and Partial Care

A total number of seventy five thousand five hundred and thirty (75 530) children will be reached through registered ECD programmes.

In order to ensure that there is increase of access to ECD services three thousand four hundred and twenty-nine (3429) children will be reached through non-centre based programmes. The department will continue to renew and register ECD sites of which seven hundred and sixty-one (761) will be fully registered while one thousand and sixty-nine (1069) sites will be conditionally registered. The department will ensure that children from poor family financial background have access to ECD services through provision of subsidy to sixty-one thousand and ninety-six (61 096) children.

Child and Youth Care Centres

The Department will provide funding and monitoring to twenty-three (23) child and youth care centres (CYCCs) which are managed by NPOs. These centres admit a total of one thousand one hundred and eight (1 108) children.

Community-Based Care Services for children

A total of two hundred and fifty (250) Child and Youth Care Workers (CYCWs) will undergo training to deliver prevention and early intervention programme through Isibindi. A total number of eleven thousand nine hundred and forty (11 940) orphaned and vulnerable children will be reached Isibindi.

Programme 4: Restorative Services

Social Crime Prevention and Support

A total of one thousand and twenty children (1 020) who are in conflict with the law and at risk of committing a crime will be assessed. Hundred and fifteen (115) children awaiting trial will be placed at Hendrina Secure Care Centre. Four hundred and thirty two (432) will be referred to a diversion programme and two hundred and sixty five (265) will complete the programme. Twenty five (25) children in conflict with the law sentenced to compulsory residence will be receiving services at Ethokomala Child and Youth Care Centre. Ten thousand (10 000) children and youth will be reached through prevention services. The Department will fund nine (09) NPOs delivering crime prevention and support services.

Victim Empowerment

A total of three thousand and hundred and fifty (3 150) victims of crime and violence will receive services in victim empowerment funded sites. Twenty two (22) human trafficking victims will access social work services. Twenty six thousand seven hundred and seventeen (26 717) persons will be reached through prevention services. One thousand (1 000) victims of crime and violence will be receive psychosocial services. The department will fund twenty two (22) victim empowerment facilities managed by NPOs and two (2) shelters government monitored.

Substance Abuse, Prevention, Treatment and Rehabilitation

A total of eighty eight thousand nine hundred and sixty five (88 965) children aging eighteen (18yrs) and below will be reached. Thirty three thousand (33 000) adults of nineteen (19) years and above will be reached. Two hundred and forty six (246) service users will access in-patient treatment services and one thousand and six hundred (1 600) will also be reached through outpatient treatment services. A total of six hundred and twelve (612) services users will receive aftercare services from social workers. A total of one thousand four hundred and ten (1 410) service users and their families will access social work services. The Department will fund nine (09) NPOs rendering prevention and treatment of substance abuse services.

Programme 5: Development and Research

Community Mobilisation

A total of eighty-four (84) community dialogues, seventy-two (72) community awareness campaigns and seventy-nine (79) community based plans will be conducted to facilitate engagements and social interaction in communities and one thousand, four hundred and

forty (9 400) people will be reached through these community mobilization (dialogues) programmes.

Institutional Capacity Building and Support for NPOs

The Department will continue to improve food security programmes and nine (09) CNDCs will be supported in the province. A total of sixty-four thousand, eight hundred and eight (64 808) people will access food from DSD programmes in communities. A total of two hundred and fifty (250) households benefiting one thousand (1 000) household members; to sustain their livelihoods will be supported.

A total number of seven thousand, five hundred and thirty one (7 531) job opportunities will be created and one thousand one hundred and seventy-five (1 175) NPOs will be supported through the Expanded Public Works Programme (EPWP).

Community Based Research and Planning

A target of one hundred and fifty five (155) communities and three thousand, six hundred (3 600) households will be profiled and linked to integrated sustainable livelihoods interventions. The Department will develop seventy-nine (79) Community Based Plans informed by the profiles and other existing information in the Municipalities.

Youth Development

The Department will fund a total of ninety (90) youth development structures, which will create work opportunities for four hundred and fifty (450) youth. A total of one hundred and eight thousand (108 000) youth will be reached through youth development services delivered by Youth Development Centres across the Province.

One hundred and eighty (180) life skills workshops will be facilitated through the youth development centres. A total of eight thousand four hundred (8 400) youth will be reached through the mobilisation programmes of the Department and two thousand (2 000) youth will participate in the National Youth Service Programme.

A Provincial Youth Camp for one hundred and sixty-two (162) youth will be hosted, followed by the National Youth Camp for one hundred and twenty (120) provincial youth representatives.

Women development

A total of two thousand, one hundred and sixty (2 160) women will be reached through Life-skills programmes, aimed at empowerment of young women. Two hundred (200) women in cooperatives will be supported in collaboration with relevant stakeholders. A total of three (03) NPOs, implementing women development and empowerment programmes. A further reach two thousand one hundred and ten (2 110) women will be reached through Empowerment programmes implemented by the Department.

Population Policy Promotion

The programme will facilitate ten (10) population capacity development sessions targeting two hundred and forty (240) participants as well as conduct thirty-five (35) support sessions with government institutions to promote the integration of population factors into planning processes. A total of sixty (60) population advocacy activities will be implemented.

Two (02) research projects, as well as three (03) demographic profiles and one (01) report to monitor the implementation of the Population Policy will be completed.

4. Reprioritisation

Reprioritisation was done largely to align budget allocation to the new budget and programmes structure which was implemented with effect from 1 April 2014. This largely affects the three programmes which are the product of the split of the old Programme (2) Social Welfare Services into three distinct Programmes namely; Social Welfare Services, Children and Families, and Restorative Services. The process of allocating compensation of employees and, goods and services for social service professionals in line with the new budget and programme structure is continuous and on-going. This is largely attributed to the moratorium on filling of both vacant posts whereby areas of personnel shortages have to be addressed, thus movement of employees from one sub-programme to the other.

This will ensure that the three programmes are appropriately funded in order to achieve its set objectives. This will further ensure that costs are allocated to the appropriate programme and sub-programme. Furthermore, budget reprioritisation was done between items and programmes to support targets planned for in the Annual Performance Plan (APP) as follows:

- An amount of R4.893 million was reprioritised from compensation of employees to goods and services to fund contractual obligations of Microsoft licence and fleet management costs, and an amount of R2.360 million to machinery and equipment to procure computers and office furniture.
- An amount of R20.859 million is reprioritised from buildings and other fixed structures to Programme 1 from Programme 4 Restorative Services due re- schedule of commencement of phase 2 of Nkangala Treatment Centre.
- An amount of R10.769 million was re-prioritised from of Programme 1 to fund cost pressure on key cost drivers of communication, fleet management and information technology.
- An amount of R8.039 million in 2018/19 for Social Relief sub-programme under Programme 2 Social Welfare Services was shifted from goods and services to transfers and subsidies item under households to align to the Standard Chart of Accounts (SCOA) item classification. This has also been done over the MTEF period which does not change the activity funded but only the item classification.
- Following the revision of the departmental infrastructure plan, an amount of R59.940 million was reprioritised from Programme 4 to Programme 1, Programme 3, Programme 2 and Programme 5 for the purpose of completion of social infrastructure projects under implementation.

5. Procurement

The Department will continue to ensure that the procurement of goods and services is done timely, according to the departmental procurement plans developed in line with reforms and changes introduced by the National Treasury on supply chain management. In procuring goods and services through competitive bidding, new contracts entered into will be subjected to market price analysis and the terms and conditions will be analysed to identify areas where the Department can negotiate for better value for money without compromising the quality of services or goods acquired.

There are no major items in the departmental procurement plan other than those of provision of meals at the departmental welfare facilities at Ethokomala and George Hofmeyer Child and Youth Care Centre and Centres. The contract period of these services on procurement is a continuous period of three years. Procurement of infrastructure projects is co-ordinated and managed by the Implementing Agent, the Department of Public Works, Roads and Transport on behalf of the Department, however, the budget of those infrastructure projects is allocated to the Department. An amount of R288.887 million is allocated for social infrastructure delivery over the MTEF period.

There is also departmental procurement sub-committees to evaluate procurement of goods and services through quotations for amount of R30 000 and R499 999

6. Receipts and financing

6.1. Summary of receipts

Table 12.1: Summary of receipts: Social Development

There are two new conditional grants allocation which were introduced in 2017/18 financial year namely; Early Childhood Development (ECD) grant and Social Workers employment grant. The ECD grant consists of three components, subsidy expansion, maintenance and administration components. The subsidy component is for expansion of services with regard to provision of financial support to additional poor children in partnership with the Non-Governmental Organisation sector.

The maintenance component is to fund renovations and repairs of Early Childhood Development centres managed by Non Profit Organisations (NPOs) which are conditionally registered. These NPOs are conditionally registered due to the fact that they do not meet the norms and standards. The main purpose of this grant funding component is to improve health and safe environment for children at ECD centres so that they can be fully registered. For the purpose of effectively administering and monitoring the conditional grant, the administration component was also created.

Furthermore, over the MTEF period an additional amount of R100.755 million has been allocated to the Department for violence against women and NAWANGO Court case

judgement. Funding for violence against women from the additional funding will begin in 2018/19 financial year and 2019/20 for NAWANGO Court Case Judgement.

Additional funding amounting to R60.232 million over the MTEF has been allocated for sanitary towels program to girl child

6.2. Departmental receipts collection

Table 12.2: Departmental receipts: Social Development

Total departmental receipts	2 775	2 973	2 203	2 313	2 313	2 313	2 447	2 584	2 726

Due to the nature of the service delivery operations of the Social Development sector, the scope of revenue generation and collection is limited. The year on year receipts growth rate is moderate at 4.0 per cent which is due to projected increase in collection on the receipts of sales of goods and services other.

There are no significant changes on the other departmental receipts in 2018/19 financial year and over the MTEF. A tariff schedule which is reviewed annually is maintained by the Department. Consequently, the own revenue estimations for the MTEF are based on the tariff schedule per receipt item.

7. Payment summary

7.1. Key assumptions

The below listed key assumptions form the basis of the 2018/19 budget:

- The compensation of employees' allocation will fund the following:
 - improvement in conditions of service (ICS) 5.7 per cent,
 - pay progression for OSD and non OSD employees at an average of 2.25 per cent and,
 - performance bonus at 1.5 per cent of the remuneration budget.
- The day to day operations of the Department are funded from goods and services. Consequently, the allocation of goods and services provides for the payment of key cost drivers namely, rental of office accommodation and office equipment, running costs of government fleet, communication, observation of sector calendar events, provision of provisional social relief of distress to households, travel and subsistence costs for social workers, community development practitioners and other related professionals, and provision of catering services at welfare facilities.

- Services to communities are provided in partnership with the Non-Governmental Sector thus, transfers to Non Profit Organisations shares the second highest budget allocation of the total budget after remuneration costs.
- Construction of new social infrastructure namely; sub districts offices, local offices, secure care centre, treatment centre, early childhood development centres and youth development centre is funded under buildings and other fixed structures,
- Assumptions are also based on the Consumer Price Index (CPI) projections as provided in the Treasury guidelines.

Compensation of employees

Compensation of employees item shares 48.4 per cent of the total budget to fund filled posts and carry through cost of forty six (46) social workers absorbed using the conditional grant funding which was made available from 2017/18 financial year. The budget growth over the MTEF only provides for filled posts and not for additional vacant posts.

Goods and services

This item shares 10.7 of the total budget to fund the operations of the Department. The day to day operations of the Department are funded from this item namely traveling, communication, provision of meals at departmental centres and others.

Transfers and subsidies

This item shares a budget allocation which represents 34.0 per cent of the total budget. The funds provided under this item will fund sector priorities of ECD, Isibindi, and Youth Development among others. The allocated funds under this item are inclusive of an amount of R39.989 million of ECD Conditional Grant for carry through costs and expansion of ECD services and maintenance of ECD centres. In 2018/19 financial year additional 3 330 children will be funded from the additional grant funding.

Payment for capital assets

This item shares 6.9 per cent of the total budget to fund the procurement of machinery and equipment and infrastructure. A detail list of projects to be implemented is provided in Table B.5 under Annexure to the Estimates of Provincial Revenue and Expenditure.

7.4. Infrastructure payments

7.4.1 Departmental infrastructure payments

Table 12.5: Summary of departmental Infrastructure per category

7.4.2. Maintenance

The funds allocated under this item will be used to fund the maintenance projects of infrastructure within the department. Refer to table B5(c) for detail maintenance plan.

7.5. Departmental Public Private Partnership (PPP) projects

The Department does not have any PPP projects.

7.6. Transfers

7.6.1. Transfers to public entities

Although the department does not have an entity that directly falls within its governing framework, transfers will be made to National Development Agency for the following:

- Capacity building and support to NPOs

7.6.2. Transfers to other entities

Table 12.6: Summary of departmental transfers to other entities (for example NGOs)

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

Transfers are made to Non Profit Organisations (NPOs) which work with the Department as partners in the delivery of services. The table above shows the summary of transfers to Non Profit Institutions (NPIs) per programme. Refer to Table B.7.1 in the Annexure to Estimates of Provincial Revenue and Expenditure for details.

7.6.3 Transfers to local government

The Department does not transfer funds to Local Government.

8. Programme description

8.1 Programme 1: Administration

8.1.1 Description and objectives

This programme captures the strategic management and support services at all levels of the Department i.e. Provincial, District, and Sub-District. This programme comprises of three (3) sub-programmes as listed on the table below:

Table 12.8: Summary of payments and estimates: Administration

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates

This programme shares 20.0 per cent of the total departmental allocation to fund the following:

- remuneration costs of employees at Head Office level and District level,
- operational costs under goods and services largely for communication costs, running costs of government fleet, maintenance and repair of buildings and related social infrastructure, consumable costs (stationery, cleaning material and other stores items,
- payment of leave gratuities and injury on duty,
- procurement of machinery and equipment of motor vehicles, computers, office furniture and equipment and delivery of infrastructure projects of office accommodation. A detail list of projects to be implemented is provided in Table B.5 under Annexure to the Estimates of Provincial Revenue and Expenditure.

8.1.2. Service Delivery measures

Refer to the Annual Performance Plan (APP) for 2018/19 financial year.

8.2. Programme 2: Social Welfare Services

8.2.1. Description and objectives

This programme provides for integrated developmental social welfare services to the poor and vulnerable in partnership with stakeholders and civil society organisations.

Table 12.10: Summary of payments and estimates: Social Welfare Services

Under this programme, funds are allocated to fund sector and provincial priorities of older persons persons with disabilities and provision of social relief of distress to affected communities and households. This programme shares an allocation of 16 percent of the total departmental budget to fund the priorities summarized as follows:

- compensation costs of social service professionals including benefits,
- operational costs largely of traveling and accommodation, insurance for subsidized vehicles, costs associated with departmental events with communities to market services and other related operational costs,
- procurement of tools of trade of computers, office furniture and office equipment,
- provide financial support to Non Profit Organisations, and provision of temporary relief to households under distress,
- provide sanitary towels for girl child funded from additional allocation of R19.000 million.

8.2.2. Service Delivery Measures

Refer to Annual Performance Plan (APP) for 2018/19.

8.3. Programme 3: Children and Families

8.3.1. Description and objectives

Provide comprehensive child and family care and support services to communities in partnership with civil society organisations.

Vote 13

Human Settlements

To be appropriated by Vote in 2018/19	R 1 774 080 000
Direct Charge	R0
Responsible MEC	MEC of Human Settlements
Administrating Department	Human Settlements
Accounting Officer	Head: Human settlements

1. Overview

Vision

Integrated sustainable human settlements and improved quality livelihoods

Mission

To coordinate and facilitate the creation of integrated sustainable human settlements through:

- Servicing of sites, construction of houses, issuing of title deeds, resolution of rental dispute and other socio-economic facilities for poor communities;
- Collaboration with other state department in delivery public facilities
- Collaboration with the private sector and other government agencies

Strategic objectives and strategic policy directions

Strategic Objective 1: To achieve clean audit outcome through good governance, leadership and management by 2020

Objective Statement: To improve governance, administration and financial performance of the department through compliance to legislations, acts and prescripts that governs operations of the department

Baseline: Unqualified audit outcome

Justification: Administration exists to provide support to the service delivery components

Links: This objective will contribute towards improved performance or service delivery and clean governance and administration of the Department

Strategic Objective 2: To deliver quality human settlements projects that fully comply with South African National Standard (SANS).

Objective Statement: To deliver human settlements projects that are quality assured through the association with NHBC and Municipality inspections, monitoring and evaluation.

Baseline: 99 percent of human settlements fully meet the SANS

Justification: This objective will contribute towards elimination of poor quality houses

Links: This objective will contribute towards improved household livelihood.

Strategic Objectives 3: To increase access to adequate housing opportunities in 22 new integrated human settlements by 2020.

Objective Statement: To ensure that poor people without shelter have access to housing and basic services

Baseline: Housing backlog is 197 196; and 91 per cent and 53 per cent for water and sanitation respectively; 41 per cent on Refuse removal and 81 percent on electricity

Justification: This objective will contribute towards eradication of informal settlements and bucket system

Links: The objective will contribute towards sustainable livelihoods and restore the dignity of citizens

Strategic Objective 4: Upgrading of 40 000 households in well located suitable land with secure tenure in informal settlements by 2020.

Objective Statement: To ensure that poor people without shelter have access to housing, basic services and security of tenure.

Baseline: The estimated figure of informal settlements is at 108 and a backlog of 91 per cent and 53 per cent for water and sanitation; 41 per cent on Refuse removal and 81 per cent on electricity

Justification: This objective will contribute towards eradication of informal settlements and bucket system

Links: The objective will contribute towards sustainable livelihoods and restore the dignity of citizens

Strategic Objective 5: To create 10 000 jobs opportunities through Human Settlements programmes by 2020

Objective Statement: To create 10 000 job opportunities through the creation of integrated sustainable human settlements by 2020

Baseline: No audited number of jobs opportunities created integrated sustainable human settlements projects

Justification: Human settlements projects are a contributor of government objective of job creation

Links: The objective is linked to the national and provincial priorities

Strategic Objective 6: To increase households access to tenure security and land rights by 80 000 by 2020

Objective Statement: To increase the number of people with tenure security and communal land rights

Baseline: 18 650 title deeds were transferred

Justification: The deeds transfer are necessary for economic empowerment of people

Links: The objective will contribute towards the sustainable livelihoods of households

Policy Mandates

Habitat Agenda

In 1996, at the United Nations Habitat II Conference on Sustainable Human Settlements in Istanbul, the South African government, along with other United Nation members, committed itself to the Habitat Agenda for sustainable human settlement. The Habitat Agenda is a global call to action at all levels. It offers, within a framework of goals,

principles and commitments, a positive vision of sustainable human settlements – where all on a progressive basis have adequate shelter, a healthy and safe environment, basic services, and productive and freely chosen employment. The goals of the Habitat Agenda, as adopted at Istanbul are “adequate shelter for all” and “the development of sustainable human settlements”.

In the Habitat Agenda adequate shelter for all is to be achieved through an enabling approach to the development and improvement of shelter that is environmentally sound by committing to the following objectives:

- Ensuring consistency and co-ordination of national and provincial development programmes and urban policies to support resource mobilisation and employment generation;
- Providing legal security of tenure and equal access to land for all people;
- Promoting access for all people to safe drinking water, sanitation and other basic services, facilities and amenities.
- Promoting locally available, appropriate, affordable, safe, efficient and environmentally sound construction methods and technologies;
- Providing access to housing finance;
- Increasing the supply of affordable housing;
- Promoting and upgrading existing housing stock where possible;
- Eradicating and ensuring legal protection from discrimination in access to shelter and basic services;
- Helping the family through shelter in its supporting, educating and nurturing roles in recognising the role the family plays in contributing towards social integration;
- Promoting shelter and supporting basic services for the vulnerable and disadvantaged groups.

National Development Plan

The NDP 2030 vision is rural areas which are spatially, socially and economically well integrated—across municipal, district and provincial and regional boundaries—where residents have economic growth, housing, food security and jobs as a result of integrated human settlements and infrastructure development programmes, and have improved access to basic services, housing, health care and quality education. In order to advance the vision, the Mpumalanga Department of Human Settlements will execute the following objectives in the next five years:

The Plan espouses a society where by 2030 the country should have achieved measurable progress towards breaking apartheid human settlements spatial patterns, with significant advances made towards retrofitting existing settlements offering the majority of South Africans access to adequate housing in better living environments, within a more equitable and functional residential property market.

Mpumalanga Vision 2030

Government adopted the New Growth Path (NGP) as the framework for economic policy and the driver of the country’s jobs strategy. It is against this backdrop that housing initiatives in the Province should ensure the creation of decent job opportunities. Hence,

the Department is in full swing to support undertaking to have 30% of contract jobs need to be allocated to women contractors.

Mpumalanga Infrastructure Plan

The South African Government adopted a National Infrastructure Plan in 2012. The aim of the plan is to transform the economic landscape while simultaneously creating significant numbers of new jobs, and strengthen the delivery of basic services. The plan also supports the integration of African economies.

These investments are meant to improve access by South Africans to healthcare facilities, schools, water, sanitation, housing and electrification. The plan developed 18 Strategic Integrated Projects (SIPs) and in particular SIP 18 (Water and Sanitation Infrastructure) which has seen a lot of water projects taking place in Mpumalanga complementing housing plans in the Province. Such investment in the construction of housing, ports, roads, railway systems, electricity plants, hospitals, schools and dams will contribute to faster economic growth.

The National Spatial Development Perspective (NSDP)

The ultimate purpose of the NSDP in the South African setting is to fundamentally reconfigure apartheid spatial relations and to implement spatial priorities that meet the constitutional imperative of providing basic services to all and alleviating poverty and inequality. The NSDP is a critical instrument for policy coordination, with regard to the spatial implications of infrastructure programmes in national, provincial and local spheres of government. The implication for Human Settlement is that all planning should take into account the elements of this policy, especially the reconfiguration of apartheid planning.

The Provincial Growth and Development Strategy (PGDS)

The Mpumalanga Provincial Spatial Framework is based on the principles and objectives of the NSDP and the aim of government to provide sustainable livelihoods. A PGDS is a strategic and integrated provincial development plan, providing direction and scope for province-wide development programmes and projects, within the context of a long-term perspective and taking into consideration the resources and constraints. The PGDS provides a spatially referenced framework for both public and private sector investment, indicating areas of opportunities and development priorities, and enabling intergovernmental alignment. It guides the activities of all agencies and role-players by linking to and deepening the application of the NSDP and MTSF in areas of shared impact.

The Mpumalanga PGDS has identified six priority areas of intervention. These priority areas have been identified primarily based on the social, economic and developmental needs of the province, namely;

- Economic Development
- Development Infrastructure
- Social Development
- Sustainable Environmental Development
- Good Governance
- Human Resource Development

All the six elements of the PGDS impact directly on Human Settlement:

Reconstruction and Development Programme (RDP) of 1994

It identified Housing as a human right and sets out framework for sustainable development

Millennium Development Goals: Eradication of informal settlement by 2014

It sets several goals to be achieved by a certain period. One of them is the halving of poverty by 2015. Housing is seen as a basic need and can therefore contribute towards poverty alleviation.

The Freedom Charter of 1955

It identified housing as a right and indicates that all shall be decently housed.

The Ruling Party Manifesto

The manifesto puts emphasis upon working together in order to push the back the frontiers of poverty.

Main services the department intends to deliver

The Department of Human Settlements is mandated to deliver integrated sustainable human settlements in the province through the collaboration and involvement of relevant stakeholders.

Overview of the details of the quantity and the quality of service

The department intends to develop 15 integrated human settlements, which will yield to about 22 000 housing opportunities (i.e. a total number of 10 000 serviced sites and 12 000 top structures).

The department will deliver 28 000 title deeds during the 2018/19 financial year to address the backlog including pre 1994 transfers.

Core functions and responsibilities

Servicing of sites and construction of houses and other socio-economic facilities;
Collaboration with other state departments in the delivery of public facilities;
Collaboration with the private sector and other government agencies in the creation of integrated sustainable human settlements.

Demands for and expected changes in the services and the resources (financial, personnel, infrastructure, etc.) available to match these.

The Department has prepared and finalized a new organogram and cabinet approval has been granted, this to improve the capacity of the department to deliver quality of human settlements that are produced.

Constitutional mandates

The mandate of the Department of Human Settlement is derived from the constitution section 26 which states as follows:

- Everyone has the right to have access to adequate housing
- The state must take reasonable legislative and other measures, within its available resources, to achieve the progressive realisation of this right.
- No one may be evicted from their home, or have their home demolished, without an order of court made after considering all the relevant circumstances. No legislation may permit arbitrary eviction.
- Schedule 4: Housing as a concurrent competence shared by all three spheres of government

Other legislative mandates

There are various legislations that govern Human settlements. In this section, we have identified key policies that have a direct impact on the Department of Human Settlements. These are:

- Rental Housing Act No 50 of 1999
- National Housing Act No 107 of 1997
- Housing Consumers Protection Measures Act No 95 of 1998
- Intergovernmental Relations Act No 13 of 2005
- Local Government: Municipal Systems Act No 32 of 2000
- The Public Service Act, 1994 (Proclamation No. 103 of 1994);
- The Public Finance Management Act, 1999 (Act No. 1 of 1999);
- The Promotion of Access to Information Act, 2000 (Act No. 2 of 2000);
- The Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000);
- The Promotion of Equality and Prevention of Unfair Discrimination Act, 2000 (Act No. 4 of 2000);
- The Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000);
- The Labour Relations Act, 1995 (Act No. 66 of 1995);
- The Skills Development Act, 1998 (Act No. 97 of 1998);
- The Employment Equity Act, 1998 (Act No. 55 of 1998);
- The Property rates Act (Act No. 6 of 2004)
- The Social Housing Act (Act No.16 of 2008)
- The National Water Act (Act No. 36 of 1998)
- The National Credit Act (Act No. 34 of 2005)
- The Basic Conditions of Employment Act (Act No. 75 of 1997)
- The Deeds Registry Act(Act No. 47 of 1937)
- The Upgrading of Land Tenure Act (Act No.34 of 1996)

Policy mandates

- The National Housing Code
- National Norms and Standards for Permanent Residential Structures
- Habitat Agenda

1.1. Aligning departmental budgets to achieve government's prescribed outcomes

In line with outcome 8, which seeks to upgrade 19 informal settlements; improving access to basic services, providing 7 638 top structures and 9 950 serviced sites and acquire well located public land for low income and affordable housing for the establishment of Integrated Sustainable Human Settlements, the Department has made remarkable strides towards achieving these strategic goals.

The Department also made immense contribution towards the achievement of outcome 7, creating vibrant rural communities and sustainable livelihoods, through its instruments, the Peoples' Housing Process and Rural housing programme. Since 2009, through this instrument, the Department has delivered 17 444 units to poor rural households. These units are built 'In situ', meaning on site where the household lives.

In order to get close to the targets set in the current Medium Term Strategic Framework and priorities, the Department will focus on increasing access to basic services, upgrading of informal settlements, and finalisation of plans and designs for integrated and sustainable human settlements, and lastly making a contribution towards creation of vibrant rural communities and sustainable livelihoods.

2. Review of the current financial year (2017/18)

There is significant progress at the Klarinet and Siyathuthuka Integrated Sustainable Human Settlements at eMalahleni and Emakhazeni Local Municipalities respectively. Out of the 26 480 units targeted for upgrading of informal settlements, a total of 11 623 units were delivered. To date a total of 2 026 units for affordable rental were constructed. Portions of land were purchased for the development of Integrated Sustainable Human Settlements in various municipalities, particularly those with a high population growth rate, such as Mbombela, Nkomazi, Msukaligwa, Govan Mbeki, Steve Tshwete and eMalahleni.

The plan to upgrade the accreditation level of four local municipalities, namely Steve Tshwete from level 2 to 3, Emalahleni, City of Mbombela and Govan Mbeki from level 1 to 2. However, the plan could not materialise due to the fact that municipalities could not meet the upgrading requirements as setup the National Department of Human Settlements.

The Mpumalanga integrated Human Settlement Master Plan which is in line with vision 2030 of the National Development Plan has been approved by the Mpumalanga Executive Council. Planning of the Integrated Human Settlements will be informed by aspects of the master plan.

3. Outlook for the coming financial year (2018/19)

The Department will focus on Integrated Human Settlements development in mining towns to eradicate informal settlements. Also of critical focus is property ownership to improve value of the investment through issuing of 48 000 title deeds. The Department

plan to engage municipalities to ensure synergy in the development of Integrated Human Settlements in order to ensure readiness of projects prior to implementation.

The three mining towns where implementation is focussed are Emalahleni, Steve Tshwete and Thaba Chweu. The following projects are meant for informal settlement upgrades:

Nkangala District

In Emalahleni Local Municipality, the Department project to provide finance linked assistance to 20 individuals, purchase land parcels, construct 1800 housing units in Siyanqoba, construct 584 housing units in Empumelelweni and construct 220 housing units in Duvha Park.

In Steve Tshwete Local Municipality, the Department aims to subsidise 20 individuals with finance linked, install municipal services to 245 sites in Rockdale and construct 155 top structures, construct 344 top structures Siyathuthuka, construct 100 housing units in Doornkop as well as construct 100 housing units in Newtown.

The Department further intends to construct 250 housing units in Siyabuswa, DR JS Moroka Local Municipality construct 350 top structures as well as a community hall and a child care centre in Botleng while at Victor Khanye Local Municipality. The Department will also construct 25 housing units in KwaMhlanga, Thembisile Hani Local Municipality.

Gert Sibande District

The Department plans to install municipal services to 501 sites in Vukuzakhe, construct 300 housing units Wakkerstroom and construct 100 housing units in Ezamokuhle (all in Dr Pixley Ka Seme Local Municipality). In Chief Albert Luthuli Local Municipality, the Department plans to construct 100 top structures in Carolina and construct 50 top structures in Emanzana (Badplaas).

Further 626 housing units were planned for construction in Msukaligwa Local Municipality, broken down to 516 top structures in Wesselton Extension 6 and construct 110 top structures in Grey's Farm. The Mkhondo Local Municipality will benefit the installation of municipal services in 300 sites at Dinkiesdorp (Mabola) as well as construction of 50 top structures in Driefontein.

In Govan Mbeki Local Municipality, Embalenhle Extension 25, servicing of 807 sites are planned as well as servicing of 500 sites in Mzinoni Extension 11. 400 top structures are planned for construction in Embalenhle Extension 22 as well as construction of 100 top structures in Embalenhle Extension 18. The Department further intends to provide finance linked subsidies to 30 individuals in Embalenhle Extension 10 as well as construction of 100 Community Residential Units in Tsalanang.

In Dipaliseng Local Municipality, the Department plans to construct 500 top structures in Siyathemba (Balfour) and 100 top structures in Grootvlei (Balfour). The Lekwa Local Municipality will benefit the construction of 350 top structures in Standerton Extension 8 and 60 Community Residential Units in Standerton Extension 8 as well.

Ehlanzeni District

Construction of 760 Top structures are planned for Thaba Chweu Local Municipality, wherein 80 housing units will be constructed in Sabie, 600 top structures in Mashishing

Extension 6&8, 80 top structures in Matibidi and Moremela as well as provision of finance linked subsidies to 50 individuals in Mashishing.

Under Nkomazi Local Municipality, 50 individuals from Malelane Extension 21 will receive support for finance linked individual subsidies and a construction of a community as well as construction of 50 top structures in Schoemansdal, construction of 70 top structures in Mjejane Extension 1. 8 communities in Nkomazi Municipality will further share 545 housing units to be constructed in the municipality.

The Department intends to provide 50 individuals with finance linked individual subsidies in Tekwane South of Mbombela Local Municipality. 300 top structures are planned to be constructed in Tekwane South and a further construction of 557 top structures planned in Emjindini Extension 11, 17, 18 & 19. A construction of 200 top structures is anticipated in Shabalala, Nyongane, Gutshwa and Manyeveni under Mbombela Local Municipality.

Installation of municipal services is projected in Mkhuhlu (Malubane) under the Bushbuckridge Local Municipality with a construction of 57 top structures in Lillydale A as well as construction of 220 top structures in Mashonamini, Casteel, and Ward 7, 14, 17 & 37.

Military Veterans Houses

The Department plans to construct 57 top structures of Military Veterans in Ehlanzeni District (All municipalities in the district), 14 top structure of Military Veterans in Gert Sibande District (Msukaligwa Local Municipality - Ermelo), and 16 top structures of Military Veterans in Nkangala District, Emalahleni Local Municipality (Siyanqoba).

The following projects will be at planning phase during 2018/19 financial year:

- Dr Pixley ka Seme Local Municipality, Siyazenzela (Perdekop), layout plans and designs for servicing of sites at R1.5 million
- Nkomazi Local Municipality, Mjejane Extension 1, layout plans and designs for servicing of sites at R1.1 million
- Nkomazi Local Municipality, Kamhlushwa, layout plans and designs for servicing of sites at R0.5 million
- Nkomazi Local Municipality, layout plans and designs for Malelane CRU at R0.5 million
- Thaba Chweu Local Municipality, layout plans and designs for Sabie CRU at R0.5 million
- Mbombela Local Municipality, layout plans and designs for Sonheuwel CRU and Umjindi Ext 3 CRU at R2 million
- Mbombela Local Municipality, layout plans and designs for Digwele/Matsafeni Precinct at R1 million

4. Reprioritisation

The Department has realised pressures on Compensation of Employees. The Cuban professionals were previously compensated from the Human Settlements Development Grant which has changed with effect from April 2018 to be compensated from current payments of the operational budget. This has effectively increased the compensation of employees by R9 million. Furthermore, the Rental Tribunal will be receiving stipends from the current payments which was previously funded by the Human Settlements

Development Grant. These movements were not anticipated from the budget thus put the Department on Budgetary pressures.

The department has reprioritised the 2018 MTEF budget to align with the national and provincial specific integrated human settlements, this in line with the approved Mpumalanga Integrated Human Settlements Master Plan. The following are the prioritised areas of integrated human settlements as per the master plan: Mbombela, eMalahleni, Steve Tshwete, Govan Mbeki, Victor Khanye, Umjindi and Lekwa local municipalities. However, the budget is aligned with the priority of the three mining towns (Emalahleni, Steve Tshwete and Thaba Chweu) where the budget is primarily focussed.

5. Procurement

The Department of Human Settlements shall continue with the database sourcing strategy in procurement of service providers for both top structures and the servicing of site or engineering services. The department intend to procure both credible individual contractors and implementing agents to plan and manage projects of integrated human settlements. The planning and procurement process will be integrated and inclusive of all key stakeholders.

The department is also in a process of appointing suitably qualified town planning and engineering professionals in order to build its capacity to plan and implement better and quality integrated human settlements efficiently. The long term Plan and procurement will be broken down into three-year procurement plan.

6. Receipts and financing

6.1. Summary of receipts

Interest, dividends and rent on land	1 906	1 800	5 481	2 180	2 180	2 255	2 450	2 680	2 827
Sales of capital assets	-	-	57	-	-	-	-	-	-
Financial transactions in assets and liabilities	164	198	73	29	29	364	37	27	28
Total departmental receipts	2 178	2 112	5 739	2 335	2 335	2 748	2 613	2 833	2 988

The main source of income is interest on bank account which is not consistently generated as it is dependent on monthly spending on the equitable share and the conditional grant. Therefore, the department does not provide services that result in levies being charged.

6.3. Donor funding

The department does not have donor funding.

7. Payment summary

7.1. Key assumptions

The following assumptions underpins the budget:

- Provision of housing opportunities primarily in mining towns and developing cities in the province
- Restoring human dignity through provision of title deeds to beneficiaries of housing opportunities
- Provision of Finance-Linked subsidy to applicants within the gap-market
- Construction of socio-economic amenities to communities in support of social cohesion
- Re-engineering of the structure increases will change the cost of compensation of employees

7.2. Programme summary

Table 13.3: Summary of payments and estimates: Human Settlements

7.3. Summary of economic classification

The overall budget has shown an increase of 7.8 per cent when compared to the budget of the previous financial year from R1.646 billion to R1.774 billion. Compensation of employees has shown an overall increase of 22.4 per cent from R184.8 million from previous financial year to R226.2 million for the 2018/19 financial year. This increase relates to the policy shift discarding payment of compensation of professionals and tribunal from HSDG to Equitable share.

Table 13.4: Summary of provincial payments and estimates by economic classification: Human Settlements

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

Software and other intangible assets	–	–	–	2 500	–	–	–	–	–
Payments for financial assets	–	168	–	–	24	24	–	–	–
Total economic classification	1 757 403	1 702 629	1 964 923	1 646 082	1 739 988	1 739 988	1 774 080	1 667 471	1 771 004

This increase will stand at 8.1 per cent from R226.2 million (2018/19) to R244.5 million (2019/20), registering a 6.5 per cent increase across the MTEF for the 2019/20 financial year from R244.5 million to R260.4 million for the 2020/21 financial year.

The goods and services expenditure has shown a decrease from R54.4 million to R47.4 million from previous financial year to 2018/19 financial year. This decrease is informed by reprioritization of current payments to compensation of employees to accommodate Cuban professionals. A decrease of 9.3 per cent from the appropriated budget of R47.4 million 2018/19 to R43 million for the 2019/20 financial year and an increase of 3.1 per cent from R 43.0 million to R43.6 million for the 2020/21 financial year.

Transfers and subsidies had shown an increase of 6.9 per cent from R1.400 billion to R 1.497 billion during the 2018/19 financial year. This slightly increase in the appropriation mainly caters for inflation in material prices for the provision of housing opportunities. Hence, the estimated increase of 6.5 per cent per financial year until 2020/21 financial year.

Payments for capital asset have decreased by 64 per cent from R7.0 million to R2.5 million during the 2018/19 financial year. The Department has procured tools of trade for all employees. These capital assets will be in good condition for the next three financial years. The budget will be adequate to replace the office equipment which may require

replacements during the MTEF period. An increase of .04 per cent from R2.5 million to R 2.6 million during the 2019/20 financial year shows a decrease from R2.6 million to R 1.7 million during the 2020/21 financial year.

7.4. Infrastructure payments

7.4.1. Departmental infrastructure payments

Table 2.5 below provides a summary of infrastructure payments and estimates per category.

Table 13.5: Summary of departmental Infrastructure per category

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

<i>Current infrastructure</i>	7 002	6 583	6 070	8 654	8 654	8 654	8 200	4 911	5 179

The department has leased two office buildings in Gert Sibande and Ehlanzeni regional offices which in terms of the Standard Chart of Accounts are classified as Infrastructure leases.

7.5. Departmental Public-Private Partnership (PPP) projects

The department does not have PPP projects.

7.6. Transfers

7.6.1. Transfers to public entities

The department does not transfer to public entities.

7.6.2. Transfers to other entities

The department does not have transfers to other entities.

7.6.3. Transfers to local government

Table 13.6: Summary of departmental transfers to local government by category

R thousand	Outcome			Main appropriation	Adjusted appropriation 2017/18	Revised estimate	Medium-term estimates		
	2014/15	2015/16	2016/17				2018/19	2019/20	2020/21

Total economic classification: Programme (numb	123 717	124 886	136 914	144 254	146 280	146 280	149 590	150 686	160 374

Compensation of employees has shown an overall increase of 13.4 per cent from R93.6 million from previous financial year to R106.1 million for the 2018/19 financial year, 8 percent to R114 million and 7 per cent across the MTEF for the 2019/20 financial year to R122 million for the 2020/21 financial year.

The goods and services expenditure has shown a decrease of 11 per cent from R45.9 million to R40.8 million from previous financial year to 2018/19 financial year. The realized decrease is due to the re-engineering of the organizational structure. A decrease of 17.6 per cent from the appropriated budget of R40.8 million 2018/19 to R33.6 million and the 2019/20 financial year and a decrease of 8 per cent from R33.6 million to R36.3 million for the 2020/21 financial year.

Transfers and subsidies had shown an increase of 63.4 percent from R0.052 million to R 0.085 million during the 2018/19 financial year due to an anticipated increase in the number of vehicles bought and the increase in the cost of licensing fees for the vehicles. An increase of 7 percent from R0.085 million to R0.091 million during the 2019/20 financial year and an increase of 5.5 percent from R0.091 million to R0.096 million during the 2020/21 financial year.

Payments for capital asset have decreased by 80 per cent from R4.5 million to R2.5 million during the 2018/19 financial year. The Department has procured tools of trade for all employees. These capital assets will be in good condition for the next three financial years. The budget will be adequate to replace the office equipment which may require replacements during the MTEF period. An increase of 0.04 per cent from R2.5 million to R 2.6 million during the 2019/20 financial year shows a decrease from R2.6 million to R 1.7 million during the 2020/21 financial year.

8.1.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.2. Programme 2: Housing Needs, Research and Planning

8.2.1 Description and objectives

To facilitate and undertake housing delivery planning.

Table 13.9: Summary of payments and estimates: Housing Needs, Research and Planning

Total economic classification: Programme (numb	319 432	34 974	38 854	40 015	41 680	41 680	221 306	61 510	65 282

Compensation of employees has shown an overall increase of 50.4 percent from R35.9 million from previous financial year to R54 million for the 2018/19 financial year. Most officials in the programme are engineers and town planners who qualify for travelling. The major increase in the Compensation of Employees is informed by the increase in number of employees qualifying for subsidized vehicles which constitute capital remuneration. An increase of 8.1 percent R54 million to R58.4 million and 6.5 percent increase across the MTEF for the 2019/20 financial year R58.4 million to R62.2 million for the 2020/21 financial year.

The goods and services expenditure has shown a decrease of 43.6 percent from R3.9 million to R2.2 million from previous financial year for 2018/19 financial year. The increase relates to the envisaged decrease in costs of travelling and subsistence. Most officials will be using subsidized vehicles which costs less than privately used vehicles for official trips. An increase of 26.2 percent from the appropriated budget of R2.2 million to R3 million in 2019/20 financial year and an increase of 4.7 percent for the 2020/21 financial year.

8.2.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.3. Programme 3: Housing Development

8.3.1 Description and objectives

To provide individual subsidies and housing opportunities to beneficiaries in accordance with the housing policy.

Table 13.11: Summary of payments and estimates: Housing Development

Compensation of employees has shown a decrease of 10.8 per cent from R55.2 million from previous financial year to R49.8 million for the 2018/19 financial year. An increase of 8 per cent R49.8 million to R53.8 million and 6.5 per cent increase across the MTEF for the 2019/20 financial year R53.8 million to R57.3 million for the 2020/21 financial year.

The goods and services expenditure has shown a decrease of 35.5 per cent from R4.5 million to R2.9 million from previous financial year for 2018/19 financial year. A further increase of 65.5 per cent from the appropriated budget of R2.9 million to R4.8 million for the 2019/20 financial year and a decrease of 84.6 per cent from R 4.8 million to R2.6 million for the 2020/21 financial year.

Transfers and subsidies had shown a decrease of 8.2 per cent from R1.396 billion to R 1.281 billion during the 2018/19 financial year. A decrease of 3.2 per cent from R1.281 billion to R 1.322 billion during the 2019/20 financial year and an increase of 6.4 per cent from R1.322 billion to R 1.407 billion during the 2020/21 financial year is meant to cover an estimated inflation rate over the MTEF period.

8.3.2. Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.

8.4. Programme 4: Housing Assets Management

8.4.1 Description and objectives

Effective management of housing

Table 13.13: Summary of payments and estimates: Housing Asset Management

A reprioritisation for compensation of employees was made to cater for officials transferred from programme 3 (Housing Development) to programme 4 (Housing Assets Management).

Transfers and subsidies had shown an increase of 1336 per cent from R3.6 million to R 51.7 million during the 2018/19 financial year. An increase of 5.6 per cent from R51.7 million to R54.6 million during the 2019/20 financial year and an increase of 5.4 per cent from R54.6 million to R57.6 million during the 2020/21 financial year. This budget is meant to assist housing associations on operational expenditure to manage the rental and social housing stock on behalf of less capable municipalities.

8.4.2 Service delivery measures

Refer to departmental Annual Performance Plan for 2018/19.
