UNLEASH YOUR POTENTIAL

Qualify as a Chartered Accountant through the National Treasury's Chartered Accountants Academy (CAA)

The National Treasury is committed to youth and skills development in South Africa. It provides graduates an opportunity to gain meaningful workplace experience to complement their studies. The Graduate Development Programme is directed at those who have or are in the process of completing their studies. Graduate recruits will be part of a supportive environment allowing for continuous development.

CHARTERED ACCOUNTANTS ACADEMY

The CAA provides an avenue for prospective Chartered Accountants to receive training without going through an audit firm. This type of training has been a feature in the private sector for some time, but has been adopted by the public sector.

National Treasury was the first national government department to introduce such a programme. This programme will not only reinforce your academic education, but will also help develop business acumen, professional and ethical values.

The programme will contribute significantly to the National Treasury's ability to attract and retain key finance and accounting professionals within the department and the broader public sector as a whole. A maximum of 10 graduates a year get selected into the programme.

THE STRUCTURE OF THE CAA

The three (3) year professional training has been structured in a manner that offers the trainees exposure in key areas with specialisation in Financial Management and Management Decision-Making and Control. This experience is gained through rotation to the various divisions of the National Treasury to gain exposure in the relevant areas as highlighted below:

Office of the Accountant General seeks to achieve accountability to the general public by promoting transparency and effectiveness in the delivery of services. It sets new government accounting policies and practices, and improves on existing ones, to ensure compliance with the standards. It also focuses on the preparation of consolidated financial statements and an improvement in the timeliness, accuracy and efficiency of financial reporting.

- Accounting, Risk Management Support & Reporting
- Consolidation of National Accounts
- Technical Services & Support

Office of the Chief Financial Officer provides exposure to;

- Management Accounting and
- Financial Accounting

Accounting & External Reporting

Financial Management

Asset & Liability Management (ALM) manages government's asset and liability portfolio in order to ensure prudent cash management, asset restructuring, financial management and the optimal management of government's domestic and foreign debt portfolio. under ALM;

- Sectorial Oversight (focuses on the review of state owed entities strategic documents)
- Financial & Corporate Governance Analysis
- Strategic Risk Management: Credit Risk, Market Risk & Country Risk
- Liability Management (focuses on the management of local and foreign debt) and
- Cash Management (monitors the countries liquidity).

Taxation: Secondment and Simulations

Taxation, Management Decision-making and Control

Risk Management & Governance

Internal Audit provides all the internal audit function for the Treasury i.e. assessment of internal controls, statutory audits and compliance audits.

Enterprise Risk Management manages the risk assessment processes and reports to the Director General (DG) through the Risk Committee on its risk finding.

REMUNERATION

CAA trainees are offered competitive market-related salaries, which are structured according to the individual qualifications.

CRITERIA

To qualify for the CAA, candidates must have completed or be in their final year of completing the Certificate in the Theory of Accounting (CTA), Post Graduate Diploma in Accounting (PGDA) or BCom Accounting Honours, which will enable them to write the qualifying board examination.

RECRUITMENT

The National Treasury team will be embarking on recruitment drives at universities around the country. Look out for further information around campus or at your university's careers office.

FREQUENTLY ASKED QUESTIONS

Q. Which must I have studied to qualify for the National Treasury CAA?
