Re-allocation of funds

19. (1) (a) The National Treasury may, when it stops a Schedule 4, 5 or 6 allocation in terms of section 18, after consultation with the transferring national officer and the relevant provincial treasury, determine that a portion of the allocation that will not be spent be reallocated, as the same type of allocation as it was allocated originally, to one or more provinces or municipalities, on condition that the allocation will be spent in the financial year or the next financial year. 5

(b) The reallocation of a portion of an allocation or the full allocation on condition that the allocation will be spent in the next financial year, in terms of paragraph (a), must be deemed to be a roll-over approved by the National Treasury in terms of section 21(2)(a), and the roll-over process set out in Treasury Regulation 6.4.2, made in terms of section 76 of the Public Finance Management Act, does not need to be followed. 10

(2) (a) Despite subsection (1), the National Treasury may, when an intervention in terms of the Constitution or section 137, 139 or 150 of the Municipal Finance Management Act is taking place, on such conditions as it may determine, authorise— 15

- (i) in relation to section 100 of the Constitution, the transferring national officer to spend an allocation stopped in terms of section 18 on behalf of the relevant province;
- (ii) in relation to section 139 of the Constitution and sections 137 and 139 of the Municipal Finance Management Act, the intervening province to spend an allocation stopped in terms of section 18 on behalf of the relevant municipality; or
- (iii) in relation to section 150 of the Municipal Finance Management Act, the relevant transferring national officer to spend an allocation stopped in terms of section 18 on behalf of the relevant municipality. 20

(b) An allocation that is spent by the transferring national officer or intervening province referred to in paragraph (a) must, for the purposes of this Act, be regarded as a Schedule 7 allocation from the date on which the authorisation is given. 25

(3) The National Treasury may, after consultation with the transferring national officer, determine a portion of the allocation that will be reallocated in the event of the reassignment of a function from a province to a municipality. 30

Conversion of allocations

20. (1) The National Treasury may, in its discretion or at the request of the transferring national officer, convert an allocation listed in Schedule 6 to become an allocation listed in Schedule 7, or convert an allocation listed in Schedule 7 to become an allocation listed in Schedule 6, if the National Treasury is satisfied that the conversion will prevent under-spending on the allocation. 35

(2) In respect of the School Infrastructure Backlogs Grant, the National Treasury may, at the request of the transferring national officer and a receiving province, convert the allocation to the province to become an allocation to the Education Infrastructure Grant, if the National Treasury and the transferring national officer are satisfied the province has demonstrated the capacity to implement projects and that the conversion will not be likely to result in— 40

- (a) underspending on the allocation; or
- (b) a lesser level of service delivery compared to if the allocation is provided to the province as a Schedule 7 grant-in-kind. 45

(3) An allocation that is converted in terms of this section must be paid to or expended on behalf of the same province or municipality to which the allocation was originally made. 50

(4) A conversion referred to in subsection (1) or (2) takes effect on the date of publication referred to in section 15(2)(c). 50

(5) The National Treasury must inform the transferring national officer and each affected receiving province or municipality of a conversion.

Unspent conditional allocations

21. (1) Despite the provisions of the Public Finance Management Act or the Municipal Finance Management Act relating to roll-overs, any conditional allocation that is, in the case of a province, not spent at the end of a financial year or, in the case of a municipality, at the end of a municipal financial year, reverts to the National Revenue Fund, unless the relevant receiving officer can prove to the satisfaction of the National Treasury that the unspent allocation is committed to identifiable projects. 55
