CONSULTATION

The Drafting Committees of the SA Law Commission for Child Justice Legislation and the Review of the Child Care Act were requested to send representatives to a consultative meeting with representatives from the national Department of Social Development and from the Interministerial Committee for Children at Risk. This meeting was held in Cape Town in November 1998. Thereafter, a group of drafters from the aforesaid groups worked together to prepare a draft Bill, which was presented to the Minister for Social Development on 18 December 1998. The MECs responsible for social development in the provinces were also consulted.

Cabinet approved the introduction of the Probation Services Amendment Bill in Parliament during January 1999 and the Bill was certified by the State Law Advisers in February 1999. On 3 March 1999 the Portfolio Committee on Social Development adopted the Bill. However, following representations from the Ministry of Justice, the debate on the Bill in the National Assembly did not proceed. The Department of Justice proposed a single amendment which was agreed to by the Department of Social Development and the State Law Advisers on 23 March 1999. However, it was too late to finalise the Bill during that session of Parliament.

During October 1999 the Department of Social Development was informed that the Bill needed to be resubmitted to Cabinet for approval. Further amendments to the Bill were then proposed and approved by role-players and by the national and provincial departments of Social Development.

The provisions of the Bill were also discussed and approved at various probation advocacy group meetings attended by policy-makers in the field of probation services and by provincial probation officers during March 2001. Provincial Departments of Social Development were also consulted at various meetings during 2001 and approved of the Bill. During March and May 2001 further discussions were held with officials from the Department of Justice who approved the Bill.

The provisions of this Bill were also discussed with officials from the Department of Justice in order to ascertain the relationship between this Bill and the proposed Child Justice Bill. It was found that there are no conflicting areas between the two Bills. It is also important to note that the Probation Services Act applies to children and adults while the Child Justice Bill will apply to children only.

FINANCIAL IMPLICATIONS FOR STATE

The Department of Social Development has considered any financial implications arising from the proposed Bill and the necessary budgetary provision has been factored into the Medium-Term Expenditure Framework.

Provincial departments of Social Development will assess the need for the appointment of assistant probation officers in their respective provinces.

PARLIAMENTARY PROCEDURE

The State Law Advisers and the Department of Social Development are of the view that this Bill must be dealt with in accordance with the procedure established by section 75 of the Constitution since it contains no provision to which the procedure set out in section 74 or 76 of the Constitution applies.
