REPLY:

- (1) Currently the Public Investment Corporation and the National Treasury are in the process of developing an implementation plan on the report's recommendations. Once the implementation plan is finalised, I will be in a position to provide clarity on the implementation of the recommendations.
- (2) The time frames regarding the implementation of the recommendations of the Mpati Commission of Inquiry will be finalised and outlined in the implementation plan taking into account consultations between the National Treasury and the Public Investment Corporation after which the implementation plan and the timelines will be shared with the relevant stakeholders.
- (3) An update will be provided to all relevant stakeholders at the appropriate time once all the processes have been concluded in this regard.
