## **MEDIA RELEASE: TIPS FOR TREVOR**

---

The Ministry of Finance invites all South Africans to send their tips to the annual Tips for Trevor campaign on what they would like to see included in the country's Budget. The campaign is run throughout the year and the tips received assist the Minister in understanding public sentiment on government's macro-economic policies.

Since the 2007 Budget Speech the Ministry has received over 600 tips covering tax, macro-economics, social and light hearted issues.

Tips can be sent to the Minister before he delivers the budget speech in Parliament on 20 February 2008.

Tips for Trevor can be sent to:
