NOTICE:

RT12-1-2026: SUPPLY AND DELIVERY OF AGRICULTURAL REMEDIES TO THE STATE FOR THE PERIOD ENDING 28 FEBRUARY 2029

NO.	QUESTIONS	ANSWERS
1.	Item RT12-01-093 product pack size indicates 25L but it only comes in a 20L. Is this perhaps a mistake? Can we quote on a 20L or should we leave it blank?	The unit of measure of 25 litres was published in error. Bidders must quote for 20 litres and not 25 litres.
2.	I would like to enquire regarding product RT12-01-107, it asked for a Rodenticide grain bait but does not indicate the active. There are various actives, such as diphenocome, brodifacome and zinc phosphide – which active should it be? Or can we just quote on any grain bait?	The required active ingredient is Difenacoum.
