Dear Mr Mekoa

**RT5-2024: PROVISION OF DOMESTIC AND INTERNATIONAL COURIER SERVICES TO THE STATE
01 APRIL 2024 TO 31 MARCH 2029.**

The request for an extraordinary price adjustment submitted by your company in respect of the above-mentioned contract has been considered and is hereby approved.

The approved price adjustment shall be effective from **20 July 2026** and must be implemented strictly in accordance with the applicable contractual provisions and the relevant contract circulars.

The approved price adjustment is of a temporary nature and has been granted in response to the current abnormal increase in fuel prices, which has had a material impact on the cost of performing under the contract. National Treasury reserves the right to review this approval should fuel prices stabilise and return to levels comparable to those prevailing in March 2026. In such circumstances, the approved adjustment may be amended or withdrawn, and the contract pricing may be revised accordingly to reflect the normalised fuel price environment. The supplier will be notified in writing should such a review become necessary.

Please note that should it be determined that an incorrect price adjustment was applied in calculating the adjusted contract prices, the State reserves the right to amend the prices in line with the correct calculation. Any recovery of overpayment or settlement of underpayment arising from the application of an incorrect price adjustment shall be managed between the supplier and the relevant end-user department.

All other terms and conditions of the contract remain unchanged and in full force.

Kind regards

MOTHUSHI MOIFO
