CONTRACT RT11-2014: SUPPLY AND DELIVERY OF ANIMAL FEED TO THE STATE FOR THE PERIOD ENDING 31 MARCH 2016

1. IMPORTANT GENERAL INFORMATION:

The contract circular for the aforementioned contract distributed to user departments by the National Treasury, constitutes the official pricing and binding supply agreement between the contractor and the State. End-user institutions are, therefore, prohibited from making any amendments of any nature to the aforementioned contract.

The National Treasury will communicate all amendments, if any, to the user institutions. It would only be at the receipt of such notification from the National Treasury that user institutions can effect any changes to this contract.

From a financial accounting point of view, it is important to verify the correctness of supplier's invoices for deliveries made in terms of the contract. Should there be any variances between invoice prices and the contract price as reflected in the contract circular, user institutions should query such variances with the relevant contractor prior to processing payment. Payment of prices other than the contract prices will be regarded as fruitless expenditure.

- Please note that the delivered price is for the unit of measure (UOM) offered.
- All prices are inclusive of 14 % VAT.
- All prices are on a delivered basis.
