CONTRACT: RT21-2023: SUPPLY AND DELIVERY OF RADIOGRAPHIC MATERIALS AND CONSUMABLES TO THE STATE FOR THE PERIOD 1 MAY 2023 TO 30 APRIL 2026

1. The commencement date for the RT21-2023 contract is 1 May 2023 and will expire on 30 April 2026
2. This contract will be subject to the General Conditions of Contract issued in accordance with Chapter 16A of the Treasury Regulations published in terms of the Public Finance Management Act, 1999 (Act 1 of 1999). The Special Conditions of Contract are supplementary to that of the General Conditions of Contract. Where, however, the Special Conditions of Contract conflict with the General Conditions of Contract, the Special Conditions of Contract will prevail.
3. The contract circular for the afore-mentioned contract distributed to user departments by the National Treasury constitutes the official pricing and binding supply agreement between the contractor and the State. End-user institutions are therefore prohibited from making any amendments of any nature to the contract.
4. The National Treasury will communicate all amendments, if any, to the user institutions. It would only be on the receipt of such notification from the National Treasury that user institutions can affect any changes to this contract.
5. From a financial accounting point of view, it is important to verify the correctness of the supplier's invoices for deliveries made in terms of the contract.
6. Should there be any variances between invoice prices and the contract price as reflected in the contract circular, user institutions should query such variances with the relevant contractor prior to processing payment. Payment of prices other than the contract prices will be regarded as a fruitless expenditure.
