CONTRACT RT299-2017: SUPPLY AND DELIVERY OF LARGE VOLUME PARENTERALS TO THE STATE FOR THE PERIOD 1 OCTOBER 2017 TO 30 SEPTEMBER 2020

1. This contract will be subject to the General Conditions of Contract issued in accordance with Chapter 16A of the Treasury Regulations published in terms of the Public Finance Management Act, 1999 (Act 1 of 1999). The Special Conditions of Contract are supplementary to that of the General Conditions of Contract. Where, however, the Special Conditions of Contract are in conflict with the General Conditions of Contract, the Special Conditions of Contract will prevail.
2. The contract circular for the afore-mentioned contract distributed to user departments by the National Treasury, constitutes the official pricing and binding supply agreement between the contractor and the State. End-user institutions are, therefore prohibited from making any amendments of any nature to the afore-mentioned contract.
3. The National Treasury will communicate all amendments, if any, to the user institutions. It would only be at the receipt of such notification from the National Treasury that user institutions can effect any changes to this contract.
4. Please note that the delivered price is for the unit of measure (UOM) as offered. Units of Measure, National Stock Numbers and prices should be carefully matched when placing or executing orders.

5. Should an order be placed by any institution other than the provincial medical depots, the validity of the order must first be confirmed with the relevant depot manager.
6. From a financial accounting point of view, it is important to verify the correctness of supplier's invoices for deliveries made in terms of the contract. Should there be any variances between invoice prices and the contract price as reflected in the contract circular, user institutions should query such variances with the relevant contractor prior to processing payment. Payment of prices other than the contract prices will be regarded as fruitless expenditure.
7. The following departments will participate in the contract. The names and contact details for technical queries are as follows:
