

national treasury

Department:
National Treasury
REPUBLIC OF SOUTH AFRICA

TO: PARTICIPATING ORGANS OF STATE

SUBJECT: RT57-2019: VEHICLE SHORTAGES

The National Treasury, received notifications from various service providers on the RT57-2019 contract pertaining to conditions impeding timely delivery of vehicles. These notifications highlights a global semiconductor shortage.

With the above mentioned background, participating organs of state contractors are hereby notified about the global shortage of semiconductors and this will or is affecting timeous delivery of vehicles on the contract.

The National Treasury will continue to monitor developments regarding the availability of semiconductors and update participating organs of state accordingly. It will be important for organs of state to put contingency plans in place to mitigate against the impact of this shortage of vehicles.

Kind regards
