

SUMMARY OF RT9-2017 NON AWARDS	
<b>RT9-2017</b>	<b>Supply and delivery of specialised products for infant feed, complete enteral feeds for paediatrics and adults, enteral feed supplements, other nutritional supplements and tube feeding systems to the state for the period 1 September 2017 to 31 August 2020</b>
ITEM NUMBER	DESCRIPTION
42231801-00046	Supplement, Feed, Enteral, Adult, Standard, Sole Source Nutrition, Lactose Free, Gluten Free, Fibre Free, Contains 1KCAL/ML $\pm$ 350mosm/L, 400G – 500G Container (Assorted Flavours)
42231801-00049	Supplement, Feed, Enteral, Adult, Standard, Sole Source Nutrition, Lactose Free, Gluten Free, Fibre Free, Contains 1KCAL/ML $\pm$ 350mosm/L, 800G-1KG Container (Assorted Flavours)
42231801-00050	Supplement, feed, enteral, adult, standard, sole source nutrition, lactose free, gluten free, with fibre, contains 1kcal/ml, 200ml-300ml RTU container (assorted flavours)
42231801-00054	Supplement, feed, enteral, adult, standard, sole source nutrition, lactose free, gluten free, with fibre, contains 1kcal/ml, 800g-900g tin
42231801-00058	High energy enteral feed without fibre
42231801-00072	Supplement, feed, enteral, adult, sole source nutrition, low-residue, lactose free, isotonic feed, medium chain triglycerides, contains 1kcal/ml, 500ml RTU container
42231801-00073	Supplement, feed, enteral, adult, sole source nutrition, low-residue, lactose free, isotonic feed, medium chain triglycerides, contains 1.2 - 1.5kcal/ml, 1000ml RTH container
42231801-00081	Supplement, feed,tube, adult, elemental, added glutamine, powder, 50g - 75g sachet
42231801-00082	Supplement, feed,tube, adult, elemental, added glutamine, powder, 76g -100g sachet
42231801-00084	Feed for diabetics
42231801-00089	Low protein feed for patients with kidney disease
42231801-00093	Enteral feed for patients with kidney disease requiring dialysis
42231801-00095	Supplement, feed, enteral, adult, sole source nutrition, high-energy, low-electrolyte, contains 1.5 - 2kcal/ml, 500ml RTH container
42231801-00102	Feed for ventilated patients
42231801-00123	Supplement, nutritional, adult, low lactose, gluten free, low sodium, artificial sweetener free, enriched porridge 100% nutrient reference values (NRVS) all vitamins, 50-55G (sachet per serving,assorted flavours packed box of10)
42231801-00124	Supplement, nutritional, adult, low lactose, gluten free, low sodium, artificial sweetener free, enriched porridge 100% nutrient reference values (NRVS) all vitamins, 80-100g (sachet per serving, assorted flavours packed box of 10)
42231801-00125	Supplement, nutritional, adult, low lactose, gluten free, low sodium, artificial sweetener free, enriched porridge 100% nutrient reference values (NRVS) all vitamins, 3.5kg container 100g individually wrapped sachets
42231801-00134	Supplement, probiotic, 60 tablets (chewable, sugar-free form)
42231801-00135	Supplement, probiotic, 90 capsules in container
42231801-00136	Supplement, probiotic, 90 tablets (chewable, sugar-free form)
42231801-00139	Supplement, probiotic, 20ml container with a dropper
42231801-00140	Supplement, probiotic, 1.5g sachet

ITEM NUMBER	DESCRIPTION
42231801-00144	Supplement, enriched, nutritional , drink, low lactose, gluten free, low sodium, free of non-nutritive sweeteners, partially or fully hydrogenated vegetable oil, trans fatty acids free, 30g - 55g sachets, assorted flavours, box of 10
42231801-00145	Supplement, enriched, nutritional , drink, low lactose, gluten free, low sodium, free of non-nutritive sweeteners, partially or fully hydrogenated vegetable oil, trans fatty acids free, 75g - 100g sachets, assorted flavours, box of 10
42231802-00026	Supplement, formula, nutritional, infant 0-12 months, protein source: extensively hydrolysed casein (>100% casein) protein (>70 degree of hydrolysis), carbohydrate source, glucose polymers,fat source mct, lactose free, 400g – 500g tin
42231802-00157	Supplement, Formula, Infants, premature, sole source, nutrition, low birth weight, scientifically designed, 50ML-65ML bottle
42231802-00167	Supplement, Formula, Sole Source, 0 to 12 month infant, energy dense, added LCP, scientifically designed, contain 1KCAL/ML, 50ML - 100ML bottle
42231802-00169	Supplement, Formula, Sole Source, 0 to 12 month infant, energy dense, added LCP, scientifically designed, contain 1KCAL/ML, 250ML - 300ML bottle
42231802-00184	Supplement, formula, soya based, starter, infants 0 to 6 months, lactose free, soya protein isolate, for lactose intolerant, 800-900g tin
42231802-00186	Supplement, formula, soya based, follow up, infants older than 6 months, lactose free, soya protein isolate, for lactose intolerant, 800-900g tin
42231802-00190	Supplement, formula, nutritional, infant 0-12 months, protein source: extensively hydrolysed casein (>100% casein) protein (>70 degree of hydrolysis), carbohydrate source, glucose polymers,fat source mct, lactose free, 400ml-600ml RTH bottle
42231802-00196	Supplement, formula, nutritional, infant 0-12 months, whey dominant, hydrolyzed, cow milk protein allergy, 200ml-300ml RTU bottle
42231802-00197	Supplement, formula, nutritional, infant 0-12 months, whey dominant, hydrolyzed, cow milk protein allergy, 400g – 500g tin
42231802-00198	Supplement, formula, nutritional, infant 0-12 months, pre-gelatinized CHO source, anti- reflux, 400g-500g tin
42231802-00205	Supplement, feed, enteral, paediatric, sole source nutrition, lactose free, gluten free, contains 1kcal/ml, 40g - 60g sachet
42231802-00206	Supplement, feed, enteral, paediatric, sole source nutrition, lactose free, gluten free, contains 1kcal/ml, 800g – 900g tin
42231802-00210	Supplement, feed, enteral, paediatric, standard, sole source nutrition, lactose free, gluten free, with fibre, contains 1kcal/ml, 200 – 250ml RTU container
42231802-00229	Supplement, feed, enteral, paediatric, sole source nutrition, lactose, 800g - 900g tin
42231802-00233	Supplement, feed, enteral, paediatric, sole source nutrition, lactose free, gluten free, 20% mct, contains 1kcal/ml, 400 -500g container (powder)
42231802-00235	Supplement, nutritional, porridge, paediatric, low lactose, gluten free, low sodium, artificial sweetener free, enriched 100% nutrient reference values (nrvs) all vitamins, 50-55g (sachet per serving, assorted flavours packed box of 10)
42231802-00236	Supplement, nutritional, porridge, paediatric, low lactose, gluten free, low sodium, artificial sweetener free, enriched 100% nutrient reference values (nrvs) all vitamins, 3.5kg container 50g individually wrapped sachets
42231802-00237	Supplement, nutritional, sole source, paediatric, high energy, high protein, essential amino acids, ready-to-use therapeutic food, cooking free, heating free, refrigeration free, dilution free, 40-50g sachet, box of 30
42231802-00241	Supplement, nutritional, paediatric, drink, lactose free, gluten free, low sodium, artificial sweetener free, high biological value protein, cold water soluble, 50g-75g sachet, box of 10, 1 flavour per box assorted flavours
42231802-00242	Supplement, enriched, acidified, cereal-based, drink, low sodium, all micronutrients 100ml reconstituted, high biological value protein, partially or fully hydrogenated vegetable oil, trans fatty acids free, 100g container

ITEM NUMBER	DESCRIPTION
42231802-00246	Supplement, enriched, acidified, cereal-based, drink, low sodium, all micronutrients 100ml reconstituted, high biological value protein, partially or fully hydrogenated vegetable oil, trans fatty acids free, 400ml – 500ml container
42231801-00062	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, low residue lactose, gluten free, fibre free, contains 1.2 - 1.5kcal/ml, 500ml RTH container
42231801-00063	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, low residue lactose, gluten free, fibre free, contains 1.2 - 1.5kcal/ml, 1000ml RTH container
42231801-00066	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, low residue lactose, gluten free, fibre free, contains 2kcal/ml, 1000ml RTH container
42231801-00068	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, low residue lactose, gluten free, with fibre, contains 2kcal/ml, 500ml RTH container
42231801-00069	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, semi-elemental, lactose free, gluten free, contains 1.2 - 1.5kcal/ml, 200ml – 300ml RTU container
42231801-00071	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, semi-elemental, lactose free, gluten free, contains 1.2 - 1.5kcal/ml, 1000ml RTH container
42231801-00074	Supplement, feed, enteral, adult, sole source nutrition, low-residue, lactose free, isotonic feed, medium chain triglycerides, contains 1.2 - 1.5kcal/ml, 400g- 500g tin
42231801-00079	Supplement, feed, enteral, adult, sole source nutrition, low sodium, low lactose, 500ml RTU container
42231801-00088	Supplement, feed, enteral, adult, sole source nutrition, high-energy, low-protein, low-electrolyte, low osmolarity, contains 1.5 - 2kcal/ml, 100ml-150ml RTU container
42231801-00090	Supplement, feed, enteral, adult, sole source nutrition, high-energy, low-protein, low-electrolyte, low osmolarity, contains 1.5 - 2kcal/ml, 500ml RTH container
42231801-00091	Supplement, feed, enteral, adult, sole source nutrition, high-energy, low-protein, low-electrolyte, low osmolarity, contains 1.5 - 2kcal/ml, 400g-500g container
42231801-00094	Supplement, feed, enteral, adult, sole source nutrition, high-energy, low-electrolyte, contains 1.5 - 2kcal/ml, 400g - 500g container
42231801-00096	Supplement, feed, enteral, adult, sole source nutrition, high-energy, low-electrolyte, contains 1.5 - 2kcal/ml, 1000ml RTH container
42231801-00098	Supplement, feed, enteral, adult, sole source nutrition, enriched arginine, omega-3 fatty acids fish oil, nucleotides, not exceed 1:3 omega 3: omega 6 ratio, 76g - 100g sachet
42231801-00099	Supplement, feed, enteral, adult, sole source nutrition, enriched arginine, omega-3 fatty acids fish oil, nucleotides, not exceed 1:3 omega 3: omega 6 ratio, 200 - 300ml rtu container
42231801-00100	Supplement, feed, enteral, adult, sole source nutrition, enriched arginine, omega-3 fatty acids fish oil, nucleotides, not exceed 1:3 omega 3: omega 6 ratio, 400g – 500g container
42231801-00126	Agent thickening, food, adults, powder, instant, 100g - 150g tin
42231801-00129	Agent thickening, food, infant to young children, powder, instant, 100g - 150g tin
42231801-00147	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, lactose, gluten free, with fibre, contains 2kcal/ml, 1000ml RTH container
42231801-00148	Supplement, feed, enteral, adult, sole source nutrition, high energy, high protein, low residue lactose, gluten free, fibre free, contains 1.2 - 1.5kcal/ml, 100g - 200g powder
42231802-00023	Supplement, formula, nutritional, infant 0-12 months, protein source: extensively hydrolysed casein (>100% casein) protein (>70 degree of hydrolysis), carbohydrate source, glucose polymers, fat source MCT, lactose free, 200ml-300ml rtu bottle
42231802-00166	Supplement, formula, whey dominant, 0 to 6 months infant, starter, sole source, nutrition, approximates composition physiological properties of breast milk. Whey: > or = 60%. Latest codex alimentarius standards, 400ml - 600ml container RTH
42231802-00171	Supplement, formula, sole source, 0 to 12 to month infant, energy dense, added lcp, scientifically designed, contain 1kcal/ml, 400ml - 600ml rth

ITEM NUMBER	DESCRIPTION
42231802-00173	Supplement, formula, nutrition, hypoallergenic, amino acid based, 0 to 12 to month infant, milk protein free, soy protein free, lactose free, sucrose free, gluten free, fructose free, 96% lcts 4% MCTs, 400g to 500g tin
42231802-00175	Supplement, formula, nutrition, hypoallergenic, amino acid based, 0 to 12 month infant, milk protein free, soy protein free, lactose free, sucrose free, gluten free, fructose free, 96% lcts 4% MCTs, 900ml -1000ml RTU bottle
42231802-00179	Supplement, formula, follow-on, casein dominant (>50% casein), infants older than 6 months, principal source nutrition, 400-600ml RTH container
42231802-00188	Supplement, formula, disaccharide free (lactose, maltose and sucrose free), non-soya formula, infant 0-12 months, lactose and or sucrose intolerance, 120ml – 200ml RTU container
42231802-00191	Supplement, formula, nutritional, infant 0-12 months, protein source: extensively hydrolysed casein (>100% casein) protein (>70 degree of hydrolysis), carbohydrate source, glucose polymers, fat source mct, lactose free, 50ml-150ml RTU bottle
42231802-00195	Supplement, formula, nutritional, infant 0-12 months, whey dominant, extensively hydrolyzed, carbohydrate source include glucose polymers fat source, lactose free, 400ml-600ml RTH
42231802-00201	Supplement, formula, energy dense, infants 0-12 months or up to 9kg, hydrolysed whey protein peptide based, sole source nutrition, 100 – 200ml RTU container
42231802-00209	Supplement, feed, enteral, paediatric, sole source nutrition, lactose free, gluten free, contains 1.5kcal/ml, 100 – 150ml RTU container
42231802-00225	Supplement, feed, enteral, paediatric, sole source nutrition, semi-elemental , contains 1kcal/ml, 200 – 300ml RTU container
42231802-00227	Supplement, feed, enteral, paediatric, sole source nutrition, lactose, 200 – 300ml RTU container
42231802-00232	Supplement, feed, enteral, paediatric, sole source nutrition, lactose free, gluten free, 20% MCT, contains 1kcal/ml, 200ml-250ml RTU container
42231802-00249	Agent thickening, food, infant to young children, power, instant, 200g - 250g tin
42231802-00300	Supplement, micronutrients, infants, (cac/gl 55-2005), 150ml-200ml bottle
42231808-00001	Bottle, tube, feeding systems, calibrated in 100 ml units, autoclavable, BPA free, 1000ml plastic bottle
