The Estimates of National Expenditure e-publications for individual votes are available at [www.treasury.gov.za](http://www.treasury.gov.za). These publications provide more comprehensive coverage of vote-specific information, particularly about transfers and subsidies, personnel and other public institutions. Additional tables in Excel format can be found at [www.treasury.gov.za](http://www.treasury.gov.za) and [www.vulekamali.gov.za](http://www.vulekamali.gov.za).

### Vote purpose

Improve cooperative governance across the three spheres of government, in partnership with provinces, municipalities, civil society and communities, to enable accelerated service delivery.

### Mandate

The Department of Cooperative Governance is mandated to: develop and monitor the implementation of national policy and legislation aimed at transforming and strengthening key institutions and mechanisms of governance in national, provincial and local government to fulfil their developmental role; develop, promote and monitor mechanisms, systems and structures to enable integrated service delivery and implementation within government; and promote sustainable development by providing support to and exercising oversight of provincial and local government. This mandate is derived from the following legislation:

- the Intergovernmental Relations Framework Act (2005)
- the Municipal Property Rates Act (2004)
- the Municipal Systems Act (2000)
- the Municipal Structures Act (1998)
- the Disaster Management Act (2002).

## Selected performance indicators

## Expenditure analysis

Chapter 13 of the National Development Plan outlines a vision for building a capable and developmental state through interdepartmental coordination and strengthening local government. This vision is expressed specifically through priority 4 (spatial integration, human settlements and local government) of government's 2019-2024 medium-term strategic framework, with which the work of the Department of Cooperative Governance is closely aligned. Over the medium term, the department plans to focus on: strengthening intergovernmental coordination and spatial development, delivering municipal infrastructure and sustainable basic services, alleviating poverty by creating employment opportunities, and providing disaster relief and enhancing proactive disaster planning.

The department's total expenditure is expected to increase at an average annual rate of 7 per cent, from R90.2 billion in 2019/20 to R111.7 billion in 2022/23. This is mainly driven by transfers to municipalities through the local government equitable share and the *municipal infrastructure grant*, which support infrastructure delivery and the provision of basic municipal services. Transfers to provinces and municipalities constitute an estimated 95 per cent (R295 billion) of the department's total budget over the medium term, increasing at an average annual rate of 7 per cent, from R85.2 billion in 2019/20 to R105.7 billion in 2022/23.

### **Strengthening intergovernmental coordination and spatial development**

A significant strategic undertaking over the period ahead is to implement the district-metro development model, which emphasises integration and intergovernmental coordination in the planning, funding and implementation

of programmes in all spheres of government. The model is aimed at improving the responsiveness of all spheres of government to ensure that basic services are planned for and delivered jointly with communities and stakeholders. The model emanates from the department's overarching Back to Basics strategy, which calls for putting people first, promoting good governance, ensuring sound financial management, building institutional capacity and delivering basic services.

Over the MTEF period, the department expects to implement the model in 44 district municipalities and 8 metropolitan municipalities. Related activities will be carried out in the *Regional and Urban Development and Legislative Support* programme, which has a total budget of R3.4 billion over the medium term, increasing at an average annual rate of 8 per cent, from R970 million in 2019/20 to R1.2 billion in 2022/23. Of this amount, R3 billion is allocated to the *integrated urban development grant* to support 18 secondary cities in implementing the integrated urban development framework, which seeks to foster a shared understanding across government and society about how best to manage urbanisation and achieve the goals of economic development, job creation and improved living conditions.

### ***Delivering municipal infrastructure and sustainable basic services***

The department administers and transfers the local government equitable share to all municipalities for the provision of water, sanitation, electricity, refuse removal and basic municipal administration. Over the medium term, transfers to the local government equitable share constitute 99.7 per cent (R243 billion) of spending in the *Institutional Development* programme, increasing at an average annual rate of 8 per cent, from R69.2 billion in 2019/20 to R87.5 billion in 2022/23.

The *municipal infrastructure grant*, which is intended to expand basic social infrastructure in poor communities, is expected to receive R47.5 billion over the MTEF period through transfers from the *Local Government Support and Intervention Management* programme. These transfers account for 97 per cent of spending in the programme, and are expected to increase at an average annual rate of 4.4 per cent, from R14.8 billion in 2019/20 to R16.9 billion in 2022/23.

As part of the department's ongoing plan to support municipalities in addressing challenges related to infrastructure planning, project implementation, management and contracting, the department expects to transfer R1.1 billion over the medium term to the Municipal Infrastructure Support Agent.

### ***Alleviating poverty by creating employment opportunities***

In response to South Africa's high unemployment, the community work programme is implemented in 208 sites across 201 municipalities with the aim of providing work opportunities through community initiatives such as food gardens, home-based care, the agrarian revolution project and auxiliary care for vulnerable individuals. The department expects 247 466 work opportunities to be created through the programme per year over the MTEF period. As a result, spending in the *Community Work Programme* programme is expected to increase at an average annual rate of 7.5 per cent, from R3.7 billion in 2019/20 to R4.6 billion in 2022/23.

### ***Providing disaster relief and enhancing proactive disaster planning***

As part of its strategies to mitigate the impact of climate change and reduce risks related to natural disasters, the department intends to implement early warning systems and rapid response interventions to proactively detect disasters and enable communities to become more resilient. Activities related to this are carried out in the *National Disaster Management Centre* programme, in which spending is expected to decrease at an average annual rate of 1.7 per cent, from R696.3 million in 2019/20 to R661.9 million in 2022/23, due to a one-off allocation for drought relief to municipalities in 2018/19.

## Expenditure trends and estimates

## Programme 2: Regional and Urban Development and Legislative Support

### Programme purpose

Provide policy analysis and development to transform local government and improve cooperative governance.

### Objectives

- Facilitate and target the restructuring of the municipal spatial economy through integrated development planning on an ongoing basis.
- Support the effective management of the cooperative governance system through strengthened intergovernmental coordination, reporting and liaison by way of the district-metro development model in 44 districts and 8 metropolitan municipalities on an ongoing basis.
- Review the framework for local government powers and functions on an ongoing basis.

## Subprogrammes

- *Management: Regional and Urban Development and Legislative Support* provides strategic leadership to the programme to ensure compliance with, and the achievement of targets in line with, the department's mandate.
- *Local Government Legislative Support and Institutional Establishment* drafts and amends primary and secondary legislation administered by the department. This subprogramme provides legal opinions to the department's stakeholders on the interpretation of legislation and matters affecting the mandate of the department; and technical support and advice on the determination and redetermination of municipal boundaries, provincial boundaries and local government elections.
- *Urban Development Planning* facilitates and monitors the implementation of the integrated urban development framework policy and local economic development plans. This subprogramme also supports municipalities in implementing various tools to facilitate integrated urban development and spatial contracts in key restructuring zones.
- *Spatial Planning Districts and Regions* facilitates the implementation of planning frameworks to promote integrated development across government, and build the capacity of geographic information systems in district and local municipalities to enhance evidence-based decision-making. It also facilitates sustainable economic activities in the districts and lagging regions to stimulate local economies and improve planning capability at the municipal level. This subprogramme also implements the district-metro development model.
- *Intergovernmental Policy and Practice* facilitates the review, clarification and strengthening of the policy and institutional environment for the assignment and management of municipal powers and functions. This subprogramme is also responsible for implementing the district-metro development model to strengthen collaborative intergovernmental management and practice between sectors, provinces and local government.
- *Municipal Demarcation Transition Grant* made transfers to assist municipalities in building in-house capacity to perform their functions, and stabilise institutional and governance systems. This grant ended in 2017/18.
- *Municipal Demarcation Board* makes transfers to the Municipal Demarcation Board to fund operational activities such as capacity assessments, ward delimitation and boundary redetermination. This subprogramme's budget is transferred in full to the board.
- *South African Cities Network* makes transfers to the South African Cities Network to fund operational activities, including enabling cooperation between South African cities. This subprogramme's budget is transferred in full to the network.
- *Integrated Urban Development Grant* makes transfers to intermediate city municipalities to supplement their capital budgets to implement the objectives of the integrated urban development framework.

## Expenditure trends and estimates

**Table 3.7 Regional and Urban Development and Legislative Support expenditure trends and estimates by subprogramme and economic classification**

| Subprogramme   | Audited outcome |         |         | Adjusted appropriation | Average growth rate (%) | Average: Expenditure/ Total (%) | Medium-term expenditure estimate |                   |         | Average growth rate (%) | Average: Expenditure/ Total (%) |      |  |

## Programme 3: Institutional Development

### Programme purpose

Build institutional resilience in local government by supporting system development, governance and capacity building.

### Objectives

- Strengthen the functionality of municipalities on an ongoing basis by:
  - developing and implementing human resources and administrative systems, as per the Municipal Systems Act (2000)
  - monitoring the implementation of the rating aspects of the Municipal Property Rates Act (2004)
  - evaluating the implementation of the indigent policy.

- Support municipalities' efforts to improve good governance by monitoring compliance with the Municipal Systems Act (2000) on an ongoing basis.
- Reduce incidents of corruption in municipalities by monitoring the implementation of the anti-corruption strategy on an ongoing basis.

### Subprogrammes

- *Management: Institutional Development* provides strategic leadership to the programme to ensure compliance with, and the achievement of targets in line with, the department's mandate.
- *Municipal Human Resource Management Systems* strengthens the governance of human resources, and builds institutional and employee capacity through legislative review, implementation, monitoring and enforcement.
- *Municipal Finances* provides support and technical capacity to municipalities on municipal revenue management and enhancement strategies, tariff policies and bylaws, credit control and debt collection, audit outcomes, and the implementation of policy for free basic services. This subprogramme also provides for indirect transfers to municipalities so that they are able to stabilise institutional and governance systems, as required by the Municipal Systems Act (2000), the Municipal Property Rates Act (2004) and related regulations.
- *Citizen Engagement* develops frameworks that lay the basis for engagement among government, organised civil society and citizens.
- *Anti-Corruption and Good Governance* conducts campaigns to instil ethical conduct at the local government level, and ensures that municipalities implement local government's anti-corruption strategy and the integrity management framework. This subprogramme also collaborates with law-enforcement agencies, provinces and municipalities to ensure the prompt resolution of fraud and corruption cases.
- *Municipal Property Rates* guides municipalities to comply with critical rating and valuation aspects of the Municipal Property Rates Act (2004) and its regulations.
- *Local Government Equitable Share* is the share of nationally raised revenue payable to local government in terms of section 214 of the Constitution. This transfer supplements municipal revenue for the provision of free basic services to poor households, and for the funding of institutional capacity and support to weaker municipalities.
- *South African Local Government Association* makes transfers to the South African Local Government Association to fund operational activities, including participation in intergovernmental structures and legislatures.
- *Municipal Systems Improvement Grant* makes transfers to assist municipalities in building in-house capacity to perform functions, and stabilise institutional and governmental systems.
- *United Cities and Local Government of Africa* makes transfers to fund operational activities of the institution to enhance cooperation and knowledge sharing amongst local governments in Africa.

## Programme 4: National Disaster Management Centre

### Programme purpose

Promote an integrated and coordinated system of disaster prevention, mitigation and risk management.

### Objectives

- Oversee institutional disaster management systems and improve legislative compliance by upgrading the regulatory and policy frameworks related to disaster management on an ongoing basis.
- Improve and strengthen the system of disaster management for all common disasters, such as drought, floods and fire, in all provinces by raising public awareness about the impact of disasters and the importance of disaster management on an ongoing basis.
- Coordinate effective integrated disaster management and fire services by developing, strengthening and managing regulatory and institutional frameworks on an ongoing basis.

### Subprogrammes

- *Management: Head of the National Disaster Management Centre* provides strategic leadership to the programme.
- *Disaster Risk Reduction, Capacity Building and Intervention* develops and implements operational systems for disaster management; coordinates disaster management capacity building and strategic research across all spheres of government; and provides for the allocation of disaster response, relief and rehabilitation funding when a disaster has occurred.
- *Legislation and Policy Management* develops disaster management policies and legislative frameworks derived from the Disaster Management Act (2002) and the national disaster management framework, and manages the improvement of legislative compliance across sectors and spheres of government.
- *Integrated Provincial Disaster Management Support, Monitoring and Evaluation Systems* develops and implements integrated support to provinces, and monitoring and evaluation systems for disaster management and fire services. This subprogramme promotes a culture of risk avoidance among stakeholders by creating capacity for role players through integrated education, training and public awareness programmes informed by scientific research.
- *Fire Services* develops policies and legislative frameworks for fire services, and coordinates programmes related to the support and administration of fire services. This subprogramme also ensures that municipalities have the capacity to render fire safety and prevention services.
- *Information Technology, Intelligence and Information Management Systems* guides the development of a comprehensive information management and communications system, and establishes integrated communication links with all role players in disaster management.
- *Disaster Relief Grant* is a conditional allocation that aims to provide immediate relief for legally declared disasters. Transfers are made only when a disaster has been declared.
- *Municipal Disaster Recovery Grant* is a conditional allocation that aims to repair municipal infrastructure damaged by disasters. Transfers are made only when a disaster has been declared.
- *Provincial Disaster Recovery Grant* is a conditional allocation to rehabilitate and reconstruct the provincial infrastructure damaged by disasters. Transfers are made only when a disaster has been declared.

## Expenditure trends and estimates

**Table 3.9 National Disaster Management Centre expenditure trends and estimates by subprogramme and economic classification**

| Subprogramme   | R million    | Audited outcome |                |              | Adjusted appropriation | Average growth rate (%) | Average: Expenditure/ Total (%) | Medium-term expenditure estimate |              |              | Average growth rate (%) | Average: Expenditure/ Total (%) |
|--|--------------|-----------------|----------------|--------------|------------------------|-------------------------|---------------------------------|----------------------------------|--------------|--------------|-------------------------|---------------------------------|

## Programme 5: Local Government Support and Intervention Management

### Programme purpose

Conduct performance monitoring, support and interventions in municipalities and provincial departments of cooperative governance that will drive Back to Basics activities.

### Objectives

- Improve reporting on and accountability for performance in local government by overseeing, coordinating and leading the municipal implementation of government policies and programmes on an ongoing basis.
- Coordinate and facilitate municipal infrastructure development by transferring the *municipal infrastructure grant* to municipalities annually to extend services to unserved communities in terms of the annual Division of Revenue Act.
- Coordinate and implement sustainable initiatives for infrastructure development and maintenance by establishing partnerships with the Municipal Infrastructure Support Agent, sector departments and other entities to improve the quality of service and extend infrastructure to unserved communities on an ongoing basis.

### Subprogrammes

- *Management: Local Government Support and Interventions* provides strategic leadership to the programme.
- *Municipal Performance Monitoring* monitors and reports on local government performance information by institutionalising monthly performance reporting to the department, analysing Back to Basics performance information for each municipality on a biannual basis, and identifying emerging aspects and key trends from Back to Basics performance reporting.
- *Local Government Improvement Programme* monitors and reports diagnostic assessment to support municipalities with the development and implementation of remedial action plans.
- *Litigations and Interventions* monitors compliance with intervention policies and regulations.
- *Municipal Infrastructure Administration* administers *municipal infrastructure grant* payments and reviews spending related to transferred funds.
- *Municipal Infrastructure Grant* makes specific transfers to supplement municipal capital budgets to address the infrastructure investment priorities of the poor.
- *Municipal Infrastructure Support Agent* make transfers to assist municipalities in building in-house capacity to perform functions, and stabilise institutional and governmental systems.

## Expenditure trends and estimates

**Table 3.10 Local Government Support and Intervention Management expenditure trends and estimates by subprogramme and economic classification**

| Subprogramme  |                 |                 |                 | Adjusted appropriation | Average growth rate (%) | Average: Expenditure/ Total (%) | Medium-term expenditure estimate |                 |                   | Average growth rate (%) | Average: Expenditure/ Total (%) |
|---|-----------------|-----------------|-----------------|------------------------|-------------------------|---------------------------------|----------------------------------|-----------------|-------------------|-------------------------|---------------------------------|
|   | Audited outcome |                 |                 |                        |                         |                                 | 2016/17                          | 2017/18         | 2018/19           | 2019/20                 |                                 |

## Programme 6: Community Work Programme

### Programme purpose

Create income security and work experience for participants, and promote social and economic inclusion by targeting areas of high unemployment.

### Objective

- Provide and maintain 247 466 work opportunities through effective and efficient programme management, strategic partnerships and training in each year over the medium term.

### Subprogrammes

- Management:* *Community Work Programme* provides strategic management and leadership to the programme.
- Programme Coordination* develops frameworks and standard operating procedures, facilitates their implementation, oversees the functionality of programme sites, and monitors the performance of implementing agents.
- Partnerships, Norms, Standards and Innovation* ensures the effective management and coordination of partnerships and special projects for the community work programme.

### Expenditure trends and estimates

**Table 3.11 Community Work Programme expenditure trends and estimates by subprogramme and economic classification**

## Entities

Comprehensive coverage of the following public entities is provided with more detailed information for the vote at [www.treasury.gov.za](http://www.treasury.gov.za) under the budget information link.

- The **Municipal Demarcation Board** is an independent authority responsible for determining municipal boundaries. The board is also mandated to declare district management areas, delimit wards for elections, and assess the capacity of municipalities to perform their functions. The board's total budget for 2020/21 is R68.1 million.
- The **Municipal Infrastructure Support Agent** is mandated to provide immediate support to municipalities struggling with infrastructure delivery by facilitating the deployment of engineers, scientists and technicians to those municipalities, and providing oversight. The agent's total budget for 2020/21 is R359.7 million.
- The **South African Local Government Association** is mandated to assist in the comprehensive transformation of local government. National Treasury and the Department of Cooperative Governance are discussing the delisting of the association from schedule 3, part A of the Public Finance Management Act (1999). Total transfers to the association in 2020/21 amount to R52.1 million.
