**RP: 18/2020**

The 2020 Estimates of National Expenditure is compiled with the latest available information from departmental and other sources. Some of this information is unaudited or subject to revision.

The Estimates of National Expenditure e-publications for individual votes are available at [www.treasury.gov.za](http://www.treasury.gov.za). Compared to the abridged Estimates of National Expenditure publication, the e-publications for each vote contain more comprehensive coverage of all public entities, transfers and subsidies and information on programme specific personnel expenditure.

# Foreword

The Estimates of National Expenditure (ENE) publications remain an integral part of the annual budgeting process. In light of the prevailing economic climate, which requires careful consideration around the management of public funds, it has become necessary to focus our efforts on reprioritising existing government resources to areas where the most value can be derived for the benefit of all South Africans. To alleviate fiscal pressures, reductions have been effected on the baseline budgets of departments and public entities. The budgets unpacked in this document reflect the outcome of a robust negotiation process, which was led by a committee of senior officials in central government departments under the political guidance of the Ministers' Committee on the Budget. There was also wide-ranging intergovernmental consultation on budgets in the provincial and local spheres of government. Ultimately, the budgetary proposals emanating from these negotiations and consultations were considered and approved by Cabinet.

The abridged ENE provides a comprehensive account of the priorities, spending plans and service delivery commitments of the 41 national government votes, and for selected public entities. The e-publications for each vote, which are available on National Treasury's website, contain further details on goods and services, transfers and subsidies, other public entities, and lower-level spending information on service delivery. In addition, the Vulekamali online portal serves as a transparent, user-friendly source of information that includes supplementary detailed data as contained in the ENE publications. The portal is a valuable resource for anyone to learn about how government compiles its budget and spends public funds.

The Open Budget Survey, which is published biannually by the International Budget Partnership, assesses and ranks countries based on the availability of 8 key budget documents and the comprehensiveness of the data presented in these documents. In the latest survey, published in 2017, South Africa ranked joint first out of 102 countries with a score of 89 per cent. The next survey is expected to be published in 2020/21 and hopefully South Africa will retain that first position.

All information presented in the ENE publications and Vulekamali promotes a culture of public engagement, accountability in state institutions, and the appropriate spending of public funds to achieve the outcomes as envisaged in the National Development Plan.

A special thanks is extended to all contributors and government colleagues who assisted in making this possible, especially the political leadership shown by the executive and the spirited efforts of the National Treasury team.

# Introduction

## Estimates of National Expenditure publications

Estimates of National Expenditure (ENE) publications describe in detail government's expenditure plans over the next three financial years, also known as the medium-term expenditure framework (MTEF) period. The 2020 MTEF period is from 2020/21 to 2022/23.

The ENE publications contain detailed information regarding the allocations set out in the Appropriation Bill, for the current financial year. Government's proposed spending plans for the full MTEF period, are shown. Information on how government institutions have spent their budgets in previous years is also included. Explanations are provided on how institutions intend to use their allocations over the medium term to achieve their goals, and the outputs and outcomes to which their spending is expected to lead. Tables present non-financial performance indicators and targets, departmental receipts, and detailed expenditure trends and estimates by programme, subprogramme and economic classification, and programme personnel data tables for each vote and all entities. Brief explanatory narratives set out the institution's purpose (and that of its programmes), mandate, programme-level objectives and descriptions of subprogrammes. An in-depth narrative analyses the institution's expected expenditure over the MTEF period.

Additional data tables containing information on provincial and municipal conditional grants, public-private partnerships, donor funding, infrastructure spending and information at the level of site service delivery, where applicable, are available on the National Treasury website and the Vulekamali online portal.

A separate 2020 ENE Overview publication is also available on the National Treasury website and summarises the ENE information across all votes. The 2020 ENE Overview contains a narrative explanation and budget-wide summary tables; and it also has a write-up on how to interpret the information that is contained in each section of the publications.

The Estimates of National Expenditure e-publications for individual votes are available at [www.treasury.gov.za](http://www.treasury.gov.za). These publications provide more comprehensive coverage of vote-specific information, particularly about transfers and subsidies, personnel and other public institutions. Additional tables in Excel format can be found at [www.treasury.gov.za](http://www.treasury.gov.za) and [www.vulekamali.gov.za](http://www.vulekamali.gov.za).

### Vote purpose

Ensure independent oversight of the South African Police Service and the Municipal Police Services. Conduct independent and impartial investigations of identified criminal offences allegedly committed by members of the South African Police Service and the Municipal Police Services; and make appropriate recommendations.

### Mandate

The Independent Police Investigative Directorate exercises its functions in accordance with the Independent Police Investigative Directorate Act (2011). The act gives effect to the provisions of section 206(6) of the Constitution, which provides for the establishment of an independent police complaints body that must investigate any alleged misconduct of, or offence committed by, a member of the police service. The thrust of the directorate's work is to investigate serious and priority crimes allegedly committed by members of the South African Police Service and the Municipal Police Services.

The Independent Police Investigative Directorate Act (2011), which came into effect on 1 April 2012, grants the directorate an extended mandate and changes the focus of the directorate's work from a complaints-driven organisation to one that prioritises the investigative function. The act also places stringent obligations on the South African Police Service and the Municipal Police Services to report matters that must be investigated by the directorate, and ensures the implementation of disciplinary recommendations made by the directorate.

### Selected performance indicators

Table 24.1 Performance indicators by programme and related outcome

Indicator	Programme	MTSF priority	Past			Current	Projections			
			2016/17	2017/18	2018/19		2019/20	2020/21	2021/22	2022/23
Number of investigations of death in police custody that are decision ready per year	Investigation and Information Management	Priority 5: Social cohesion and safe communities	140	145	154	150	180	185	185	185
Number of investigations of death as a result of police action that are decision ready per year			115	130	157	130	280	288	288	288

Number of investigations of corruption that are decision ready per year			66	56	60	60	85	85	85
Number of community outreach events conducted per year			98	127	106	40	40	40	40

## Expenditure analysis

Chapter 12 of the National Development Plan outlines a vision for building safer communities in South Africa through the adoption of a holistic view of safety and security, and the professionalisation of the police service. This vision is expressed specifically in terms of priority 5 (social cohesion and safe communities) of government's 2019-2024 medium term strategic framework, with which the work of the Independent Police Investigative Directorate is aligned. Accordingly, over the medium term, the directorate will focus on strengthening its human capital to improve the quality of investigations for serious and priority crimes, and collaborating with stakeholders to monitor the implementation of recommendations from the outcomes of investigations.

The directorate plans to withhold the filling of 24 new posts that were added to the establishment in 2019/20 to strengthen internal controls and compliance. This was done to reprioritise funds for the implementation of section 23 of the Independent Police Investigative Directorate Act (2011), which provides that the salaries of the directorate's investigators must be aligned with those of members appointed as detectives in terms of the South African Police Service Act (1995). Although the process to align the salaries of investigators with those of detectives commenced in 2018/19, the pension component of the salaries and other benefits could not be adjusted due to funds not being available. However, in the 2019 adjustments budget, the directorate reprioritised R24.5 million within compensation of employees (and an estimated R45 million over the medium term) to provide for the full implementation of provisions of section 23 of the act. This will result in a reduction of the funded establishment from 428 in 2019/20, as published in the 2019 ENE, to 399 over the MTEF period.

Expenditure is expected to increase at an average annual rate of 5.3 per cent, from R336.7 million in 2019/20 to R393.4 million in 2022/23. Spending on compensation of employees accounts for 68.3 per cent (R771.4 million) of the directorate's total expenditure over the MTEF period. In line with government's expenditure ceiling for compensation of employees, the item's baseline is reduced by R10.1 million over the medium term (R3.7 million in 2020/21, R3.9 million in 2021/22 and R2.5 million in 2022/23).

### ***Strengthening human capital to improve the quality of investigations***

Despite the reduction in its funded establishment, the directorate intends to focus on investment in human capital, specifically with regards to investigations. This is in recognition of the directorate's responsibility to gather requisite and necessary evidence to enable the National Prosecuting Authority, the South African Police Service and the Municipal Police Services to make informed decisions on whether to prosecute and/or take disciplinary action against officers. Accordingly, over the medium term, the directorate plans to strengthen its investigative capacity by training and upskilling all 179 investigators to be able to effectively respond to advanced criminal activities undertaken by police officers. Training will be provided on conducting investigations of sexual offences, using advanced investigative techniques and methods, and provisions of the Prevention of Organised Crime Act (1998), among other things. For this purpose, R4.5 million is allocated over the MTEF period in the *Investigation and Information Management* programme.

### **Collaborating with stakeholders to monitor the implementation of recommendations**

Along with the Civilian Secretariat for the Police Service, the directorate is the primary oversight body of the police service. It meets quarterly with the Civilian Secretariat for the Police Service to discuss collective measures that should be taken by both departments to advance the professionalisation of the police service as envisaged in the National Development Plan. Over the medium term, the directorate will work closely with the Civilian Secretariat for the Police Service to ensure that there is regular and stringent monitoring of the implementation of disciplinary recommendations made to the South African Police Service.

Monthly meetings will be held with the Civilian Secretariat for the Police Service and the South African Police Service to review monthly statistics in relation to the implementation of disciplinary recommendations forwarded to the police service and cases referred to the National Prosecuting Authority for prosecution. In addition, awareness training sessions will be held with police officers in police stations to strengthen compliance with applicable legislation and regulations, and reduce the number of cases reported for deaths as a result of police action and/or while in police custody, rape by a police officer and/or while in police custody, and systemic corruption. Related activities are carried out in the *Compliance Monitoring and Stakeholder Management* programme, allocations to which amount to R40.8 million over the MTEF period.

## Programme 2: Investigation and Information Management

### Programme purpose

Coordinate and facilitate the directorate's investigation processes through the development of policy and strategic frameworks that guide and report on investigations.

### Objectives

- Strengthen the directorate's oversight role of the police service by:
  - conducting investigations, as per the Independent Police Investigative Directorate Act (2011), on an ongoing basis
  - making appropriate recommendations on investigations in the various investigation categories, as outlined in section 28 of the Independent Police Investigative Directorate Act (2011), within 30 days of finalising investigations

- submitting feedback to complainants within 30 days of the closure of an investigation.

## Subprogrammes

- *Investigation Management* develops and maintains investigation systems, procedures, norms, standards and policies in line with the Independent Police Investigative Directorate Act (2011) and other relevant prescripts.
- *Investigation Services* manages and conducts investigations in line with provisions in the Independent Police Investigative Directorate Act (2011).
- *Information Management* manages information and knowledge management services through the development and maintenance of a case flow management system and database, and analyses and compiles statistical information.

## Programme 3: Legal and Investigation Advisory Services

### Programme purpose

Manage and facilitate the provision of investigation advisory services. Provide legal, civil and labour litigation services.

### Objective

- Ensure that investigations are conducted efficiently and within the ambit of the law by providing investigators with appropriate legal advice and guidance, during investigations and after their completion, on an ongoing basis.

### Subprogrammes

- Legal Support and Administration* manages the directorate's legal obligations by developing and maintaining systems, procedures and standards to assist, guide and direct legal support within the directorate.
- Litigation Advisory Services* coordinates civil and labour litigation, and grants policing powers. Other key activities and outputs include finalising contracts and service level agreements.
- Investigation Advisory Services* provides support during and after investigations, provides legal advice and guidance to investigators, and ensures that all cases forwarded for prosecution comply with the requirements of the prosecution process.

## Programme 4: Compliance Monitoring and Stakeholder Management

### Programme purpose

Monitor and evaluate the relevance of the recommendations made to the South African Police Service and Municipal Police Services in terms of the Independent Police Investigative Directorate Act (2011).

### Objectives

- Safeguard the principles of cooperative governance and stakeholder management on an ongoing basis by:
  - monitoring and evaluating the quality of recommendations made to the South African Police Service and the Municipal Police Services to ensure successful disciplinary and criminal convictions
  - monitoring and evaluating the quality of dockets referred to the National Prosecuting Authority
  - monitoring and reporting on the National Prosecuting Authority's implementation of criminal prosecutions against members of the police
  - monitoring and reporting on the police service's compliance with reporting obligations in terms of the Independent Police Investigative Directorate Act (2011).

## Subprogrammes

- *Compliance Monitoring* monitors and evaluates the quality of recommendations made and responses received on such recommendations from the South African Police Service, the Municipal Police Services and the National Prosecuting Authority in compliance with reporting obligations in terms of the Independent Police Investigative Directorate Act (2011).
- *Stakeholder Management* manages relations and liaises with the directorate's key stakeholders, such as the South African Police Service, the Municipal Police Services, the Civilian Secretariat for the Police Service, the National Prosecuting Authority, the Special Investigating Unit, the Public Protector of South Africa, the State Security Agency and civil society organisations, in line with the requirements of the Independent Police Investigative Directorate Act (2011).

## Expenditure trends and estimates

**Table 24.12 Compliance Monitoring and Stakeholder Management expenditure trends and estimates by subprogramme and economic classification**

Subprogramme	R million	Audited outcome			Adjusted appropriation	Average growth rate (%)	Average: Expenditure/ Total (%)	Medium-term expenditure estimate			Average growth rate (%)	Average: Expenditure/ Total (%)
		2016/17	2017/18	2018/19				2020/21	2021/22	2022/23
