Selected expenditure trends for first half of 2005/06 financial year

Expenditure in the first six months of 2005/06 was R108,065 million, or 43,4 per cent of the adjusted appropriation of R249,13 million for the year as a whole.

The year-on-year rate of decrease is due to delays in the Vukuzenzele magazine project and an adjustment to the transfer to the International Marketing Council.

The increase in payments for capital assets is related to upgrading the department's IT disaster recovery plan.
