#### Mid-year progress

By mid-year, the department completed 1 survey to determine baseline information for biodiversity and priority habitats within South Africa's exclusive economic zone and associated large marine ecosystems. The other surveys are being compiled and the department expects to meet the yearly target of 4 by March 2014.

The department has not implemented any climate change response policy interventions in the first half of 2013/14, as there were none planned over this period. The targeted 6 interventions are scheduled to be implemented in the second half of the year.

The department has made progress in developing air quality management tools and plans, though none had been implemented by 30 September. Thus far, the department has prepared quarterly reports on air quality management in priority areas and will implement the tools and plans by the end of the financial year.

The project to quantify land area under conservation is only scheduled to begin in the second half of 2013/14. However, preparations have begun and the database has been created. The project is on track to meet its target for the year by the end of 2013/14.

20 Green Fund projects were approved and implemented in the first half of 2013/14, which exceeds the target of 15 for the year. This was due to the department receiving a greater number of applications to various Green Fund projects, including the green cities and towns, environment and natural management, and low carbon economy projects.

No unlicensed waste disposal sites have been legalised and licensed by 30 September, as no suitable service provider had been identified through the tender process that closed in May 2013. The tender has been advertised again.

## Expenditure trends for the first half of 2013/14

Total expenditure for 2012/13 was 95.5 per cent of the 2012/13 adjusted appropriation. Expenditure in the first six months of the 2013/14 was R2.249 billion, or 43.2 per cent of the adjusted appropriation of R5.207 billion for the year. In comparison, mid-year expenditure in 2012/13 was R2.303 billion, or 44.5 per cent of the 2012/13 adjusted appropriation. Compared to the first six months of 2012/13, expenditure over the same period in 2013/14 decreased by R54.901 million, or 2.4 per cent. This was due to slow spending on small projects in the Working for Water programme.

## Revenue trends for the first half of 2013/14

Revenue in the first six months of 2013/14 was R12.314 million, or 64.4 per cent of the adjusted revenue estimate of R19.126 million for the year. In comparison, mid-year revenue in 2012/13 was R13.454 million, or 81.2 per cent of the 2012/13 adjusted estimate. Compared to the first six months of 2012/13, revenue over the same period in 2013/14 decreased by R1.140 million, or 8.5 per cent. This was mainly due to fewer transactions in financial assets and liabilities.
