Vote purpose

Promote the development of small businesses and cooperatives that contribute to inclusive growth and job creation.

Mid-year performance status

Indicator	Programme	Outcome	Annual performance		
			Projected for 2015/16 as published in the 2015 ENE	Achieved in the first six months of 2015/16 (April to September)	Changed target for 2015/16
Number of enterprises approved for the women business development scheme per year	Enterprise Development and Entrepreneurship	Outcome 5: A skilled and capable workforce to support an inclusive growth path	300	0	–
Number of women entrepreneurs trained on the Bavumile skills development programme per year	Enterprise Development and Entrepreneurship		300	106	–
Number of companies financially assisted through the black business supplier development programme per year	Enterprise Development and Entrepreneurship	Outcome 4: Decent employment through inclusive economic growth	796	368	–
Number of companies financially assisted through the cooperative incentive scheme per year	Enterprise Development and Entrepreneurship	Outcome 5: A skilled and capable workforce to support an inclusive growth path	300	48	–

Mid-year progress

The number of enterprises approved for the women business development scheme did not progress in the first half of 2015/16, as the department is awaiting the approval of the guidelines. It is therefore unlikely that the target for 2015/16 will be met.

48 cooperatives were supported through the cooperatives incentive scheme, which is lower than the number projected for the first half of 2015/16. This is due to the department's decision to implement the cooperatives model as approved by the portfolio committee, which involves shifting the focus from the funding of primary cooperatives towards clustered projects. The department thus envisages an upward trajectory in payments when the clustered projects are approved, which will enable it to meet the target set. The department has identified and initiated engagements with private sector companies to assist in ensuring that cooperatives are viable and sustainable. The department has also provided training for 184 cooperatives, mainly in entrepreneurship, and governance and management.
