Mid-year progress

In the first half of 2019/20, the directorate exceeded its target for the percentage of cases registered and allocated within 72 hours of receipt. This overachievement was due to the strengthening of internal controls in the *Investigation and Information Management* programme to enable the regular monitoring of the allocation and registration of cases by provinces. However, during the same period, slow performance was recorded with respect to the number of investigations that are decision ready in relation to death while in police custody, death as a result of police action, rape by a police officer and rape while in police custody. This was mostly due to delays in obtaining technical reports for DNA samples and ballistics from the Department of Health and the South African Police Service, respectively.

The slow mid-year performance on the investigation of corruption cases was due to such cases generally requiring evidence from third parties, which takes longer to gather. The number of community outreach events conducted by mid-year was high as the directorate partnered with the Office of the Minister of Police and the Department of Justice and Constitutional Development in some of its outreach events and imbizos.

Expenditure trends for the first half of 2019/20

Total expenditure in 2018/19 was R314.8 million, 99.9 per cent of the adjusted appropriation for the year. Mid-year expenditure in 2018/19 was R137.2 million, 43.5 per cent of the 2018/19 adjusted appropriation,

whereas expenditure in the first half of 2019/20 was R145.1 million, 43.1 per cent of the adjusted appropriation of R336.7 million for the year. Compared to the first half of 2018/19, expenditure over the same period in 2019/20 increased by R7.9 million, 5.7 per cent. This was mainly due to licence fees for 52 new motor vehicles procured by the directorate during the period, as well as increased audit costs due to the finalisation of the directorate's 2018/19 audit in August 2019.

Revenue trends for the first half of 2019/20

Mid-year revenue in 2018/19 was R186 000, 63.9 per cent of the adjusted estimate, whereas revenue in the first half of 2019/20 was R215 000, 57.6 per cent of the adjusted revenue estimate of R373 000 for the year. Compared to the first half of 2018/19, revenue over the same period in 2019/20 increased by R29 000, 15.6 per cent. This was mainly due to an increase in commission received from third-party insurance companies as a result of an increase in garnishment orders imposed by the department on its officials on behalf of third parties, as well as from the sale of redundant computers.
