**BUDGET STATEMENTS**

**2006 - 2007**

## FOREWORD

The Province needs a sustainably growing economy that increases the welfare of its citizens. The provincial economic success achieved over a period of almost a decade form a foundation for a much faster growth in the next Medium Term Expenditure period. Equally important is the need for an equitable wealth distribution in order to effectively minimize and finally eradicate the scourge of poverty.

***H. J. Mashamba***

MEC for Provincial Treasury

The Provincial Microeconomic Strategy is therefore, driven by sectors in which the province has a potential sustainable competitive advantage and effort is targeted at those areas that have potential for optimum positive impact on the lives of our people. Central to the microeconomic strategy are the maintenance of closer relationship with stakeholders, strong intergovernmental relations in order to maximize integration, the responsive provincial fiscal policies and acceptable standards of corporate governance and environmental management. During this year, the Province in pursuit of its Provincial Growth and Development Strategy (PGDS) and its goals, shall in rendering effective service, embark on waste elimination and minimize lead times in responding to the needs of the people we serve.

**Ms H. J. Mashamba**  
**Member of Executive Council**  
**Provincial Treasury**
