

Vote 4

Department of Community Safety

	2006/07 To be appropriated	2007/08	2008/09
MTEF allocations	R 181 257 000	R 189 548 000	R 199 292 000
Responsible MEC	Provincial Minister of Community Safety		
Administering Department	Department of Community Safety		
Accounting Officer	Head of Department, Community Safety		

1. Overview

Core functions and responsibilities

To promote civilian oversight over the South African Police Service (SAPS).

To research and analyse crime and accident dynamics and develop appropriate strategies.

To manage and co-ordinate integrated operational crime prevention initiatives with the relevant state security partners.

To initiate and support integrated social crime prevention projects and programmes with communities.

To render traffic law enforcement services and traffic safety education and communication to enhance safety on our roads.

To provide the Province with security risk management services.

To co-operate with civil society partners and tertiary institutions to assist in crime reduction.

To build the levels of social capital in communities.

Vision

The Western Cape will be "A Safer Home for All", free of the fear of crime.

Mission

To promote safety and security through a process of civilian oversight, integrated crime prevention strategies, effective traffic law enforcement, traffic safety education and security risk management.

Main services

The Department of Community Safety through its new macro-organisational structure is currently divided into four Programmes, i.e.:

Programme 1 – Administration

Programme 2 - Provincial secretariat for safety and security

Programme 3 – Security risk management

Programme 4 - Traffic safety promotion

The Department of Community Safety is committed to deliver effective and efficient services to create a “Safer Home for All”. Furthermore, the Department through its programmes contribute to a safer and secure environment where economic growth is possible through increased levels of social cohesion and social capital. The Department has identified six strategic thrusts, which aligns its programmes and projects with the key objectives of the iKapa Elihlumayo strategy i.e. building social capital to guide departmental projects until 2014. The six strategic thrusts are:

Build active, crime resistant, responsible family and citizens and develop social cohesion, with the focus on youth, women and children;

Strengthen effective and sustainable partnerships for improved service delivery;

Co-ordinate, integrate and enhance safety and security agencies to achieve professional and effective policing;

Build community networks and organisational capacity and readiness to participate in contributing to civic responsibilities;

Enhance strategic and developmental communications to build better informed communities in a society that truly cares, and

Improve service delivery and protect human rights by effective civilian oversight over law enforcement agencies.

Legislative Mandate (i.e. Acts, rules and regulations)

Constitution of the Republic of South Africa, 1996 (Act 108 of 1996)

Constitution of the Western Cape, 1998 (Act 1 of 1998)

Electronic Communication and Transaction Act, 2002 (Act 25 of 2002)
Control of Access to Public Premises and Vehicle Act, 1985 (Act 53 of 1985)
Occupational Health and Safety Act, 1996 (Act 85 of 1993)
Private Security Industry Regulations Act, 2001 (Act 56 of 2001)
National Strategic Intelligence Act, 1994 (Act 39 of 1994)
Minimum Information Security Standards (MISS) (Approved by Cabinet on 4 December 1996)

Budget decisions

The budget is crafted on the principles of the people's contract to fight crime and build a "Safer Home for All". The Department's budget is grounded in building levels of social capital of communities i.e. through social relations, social networks, social cohesion, social values, norms and social institutions. The Department assessed factors such as crime pattern analysis and pedestrian and accidents analysis, i.e. the new and developing criminal trends, gang activity, organised crime syndicates and road safety rates on our roads. Whilst its long-term goals are pursued, the Department remains sensitive to changes in the areas mentioned, in particular the displacement of serious violent crime nodes. The Department will continue to sustain the establishment and functioning of Community Police Forums (CPFs), Neighbourhood Watches (NHWs) and Bamabanani volunteers to nurture the culture of volunteerism in our local communities. The successes of reducing crime rates lay in the Peoples Orientated Problem Solving (POPS) approach. The Department, through its Bamabanani volunteer programme, empowers communities to take responsibility for their own safety.

2. Review 2005/06

The Department was able to implement its programmes in partnership with communities and the South African Police Services (SAPS). This partnership ultimately led to the reduction of serious violent crimes by 27 per cent in the Province over the 2005/06 festive season. The Department recruited over 4 500 Bamabanani volunteers to participate in previous Safer Festive Season (SFS) programmes. The 2005/06 Safer Festive Season results indicate a downward spiral, similar to the previous seasons. The significant decrease of 7,5 per cent of crime in the Province in 2004/05 and serious violent crimes by 27 per cent in 2005/06 festive season can be attributed to the excellent partnership between the community volunteers, SAPS, Municipal Police and business community.

As part of civilian oversight over the South African Police Service, the Department upgraded the Complaints centre to a 24-hour operational base. The civilian oversight over SAPS now includes house visits by departmental fieldworkers to complainants, under specific circumstances. Through the Bamabanani programme and the iKapa strategy i.e. building social capital, a concerted effort to increase the levels of social consciousness of communities through the mobilisation of communities against crime was made. This was evident in the 20 community Imbizos that were conducted throughout the province, the targeted interventions coordinated by the Department with crime prevention projects and traffic law enforcement as well as road safety campaigns in partnerships with SAPS and CPFs. The crime prevention projects in particular targeted vulnerable groups in communities i.e. women, children and youth at risk.

The Department provided security risk management to provincial departments' buildings. It also provided inter alia advice with regard to procurement of security services, access control at all provincial head office buildings and undertook risk analysis at different client departments. On 16 November 2005, Cabinet approved the centralised security model and consequently the Department developed a Provincial Security Policy.

The Department also rendered provincial traffic law enforcement services through general traffic patrol, speed monitoring and roadblocks throughout the Province. Apart from that, it also monitored overloading through strict traffic law enforcement at weighbridge sites. The Motor Vehicle Accident Intervention (MVAI) research was finalised in April 2005. The research was analysed and the Road Safety Traffic Management Strategy developed. The strategy is being consulted with the Departments of Health and Treasury. A critical challenge identified by research is the establishment of a central data or information system. This is considered to be critical in order to more accurately define the extent of the problem and to develop counter strategies. The Department provided road safety education programmes at schools. Monitoring and evaluation of schools pertaining to the reflective band project and the distribution of reflective bands to new schools, presentation of learners license courses implemented at schools, NGOs and communities. Road safety education programmes were conducted with public transport operators.

3. Outlook for 2006/07

The Department has identified five priorities as its contribution to the building of social capital in the Western Cape. These priorities aim to reduce serious violent crimes, road and pedestrian fatalities. Even though departmental programmes will be broadly implemented in the Province, areas where crime pattern analysis indicates high levels of serious violent crimes as well as crime against women and children will receive preference. These priority areas are Khayelitsha, Nyanga, Gugulethu, Mitchell's Plain, Kuilsrivier, Kraaifontein, Worcester and Oudtshoorn. The Department will continue to implement the integrated and participatory approach of the Bambanani strategy throughout its programmes, with particular emphasis on producing tangible service outputs. Hence, the methodologies implemented, aims to enhance efficiency, integration and community participation. The Department will continue its attempt to reduce crime through community mobilisation. The Department will strengthen institutionalised mechanisms when forging alliances and partnerships with communities. The five priorities of the Department are informed by the Department's commitment to build levels of social capital and social cohesion, reduce serious violent crime and road and pedestrian fatalities in the Province.

The Department's key deliverables are:

Creating a safer environment for learners in schools

Programme 2: Secretariat for Safety and Security is responsible for creating a safer environment for learners in schools. Through its People Orientated Problem-Solving (POPS) approach the Department in partnership with the Western Cape Education Department (WCED) will continue to implement the Bambanani Safer Schools Programme (BSSP) in an attempt to deal with violence and drug abuse in schools in creating a safer environment for learners. Bambanani volunteers will be deployed at the priority schools to increase safety in the school environment. The volunteers will be registered as part of the Expanded Public Works Programme (EPWP). The focus will be on enhancing security at the same time as harnessing community energy and promoting participation and social networks.

To create an environment that builds social networks, community participation and social cohesion with communities

Programme 2: Provincial Secretariat for Safety and Security is also responsible for creating an environment that builds social networks, community participation and social cohesion in communities. The Department has been tasked via the iKapa Elihlumayo strategy, to build social capital with the emphasis on youth, children and women. The Department aims to do so through the following strategic objectives:

- Building active, crime resistant, responsible families and citizens and develop social cohesion, with the focus on youth, children and women;

- Continuing to provide administrative financial support to CPF structures at a provincial, area and local level. Programme 2 will also provide funding to CPF's to facilitate their Policing Priorities and Needs (PPN's). Programme 2 will also continue to facilitate conflict resolution and problem solving strategies in the relevant communities. Greater emphasis will also be placed on the empowerment and capacity building of CPF's and neighbourhood watch structures;

- Realigning all community watches and community safety structures into CPFs and

- Mobilising communities to join departmental initiatives in the fight against crime through public engagements i.e. Imbizos and departmental outreach programmes.

Increase the capacity of Security Risk Management to manage and support security functions on behalf of all Heads of Departments in the Provincial Government of the Western Cape.

The Department will increase the capacity of Security Risk Management to provide the following:

- Develop a business model for security services in consultation with all departments

- A security service to the Provincial Government of the Western Cape in respect of property, visitors, guests and personnel;

- Advise and support Heads of Departments to comply with the relevant safety regulations and policies as obligated by the Minimum Information Security Standards (MISS);

- Appoint a security manager at each Provincial department;

- Security advice and actively take responsibility for assisting or implementing security policy directives, and

- A comprehensive centralised security service to the Provincial Government, if funding is provided.

Reducing the high number of road fatalities by creating a safer road system and thereby reducing trauma loads in hospitals

The Motor Vehicle Accident Intervention (MVAI) research report was developed into the Road Safety Traffic Management strategy. The strategy will be given greater urgency and be presented to the Cabinet: Social Cluster (involving the Department of Transport and Public Works) to seek further integration and get departments to participate in its implementation. To reduce the high number of road fatalities and create a safer road system, the Department will amongst others:

Provide uniformed traffic law enforcement on a 24-hour basis along critical routes;

Identify problem areas and engage role players in the criminal justice system to improve on the collection of fines;

Assess the accessibility and efficacy of weighbridges and expand on the usage thereof;

Integrate data sources to facilitate the modeling of operational needs, development of provincial and regional strategies and programmes;

Provide a proactive strategy in terms of road safety education that can be implemented in line with the Road Safety Traffic Management strategy.

The building of internal social capital or human capital in the Department of Community Safety

The Department developed an iKapa Elihlumayo business plan in 2005/06 as part of the communication requirements of the Department of the Premier. This plan is being updated within the Department and will be implemented in the 2006/07 financial year through staff Imbizos, knowledge-based workshops and seminars to build internal social capital and human capital within the Department.

6. Programme description

Programme 1: Administration

Purpose: To conduct the overall management of the Department and provide secretariat and support service to the Provincial Minister.

Analysis per sub-programme:

Sub-programme 1.1: Office of the Provincial Minister

To provide secretariat and support services to the Provincial Minister.

Sub-programme 1.2: Management and support services

To manage and render corporate functions to the Department, which include the formulation of policy, rendering centralised administrative, legal and office support services, strategic and communications services, monitoring and evaluation of key deliverables, outcomes and impact, determining work methods and policy procedures and exercising control through head office.

Policy developments:

Sub-programme 2: Management and support services has, through the decentralisation of functions both Nationally and Provincially, received additional functions on the employer assistance programmes including issues of gender disabilities, security risk management, supply chain management, strategic services and communication services through the macro organisational structural changes and the establishment of systems monitoring and evaluation systems to monitor outcomes and impacts and to implement annual monitoring performance through quarterly reporting.

Changes: policy, structure, service establishment, etc. Geographic distribution of services:

Sub-programme 2: Management and support services has, through the implementation of the macro-organisational structure, included in its functions strategic planning processes and interventions, communications, funding and twinning relations. This is extended to the establishment of a monitoring and evaluation of systems and functions within the key performances of Programme 1: Administration as from October 2005.

Expenditure trends analysis:

Both sub-programmes have stabilised over the MTEF period in comparison with the audited figures of previous financial years. The budget increases by 0,19 per cent in comparison with the 2005/06 revised estimate.

Programme 2: Provincial secretariat for safety and security

Purpose: To implement the constitutional and legislative mandate of civilian oversight over law enforcement agencies and implement both national and provincial policies on safety and security. This includes determining policing needs and priorities for the Province, researching safety and security needs of communities, mobilising communities against crime, and initiating, executing and co-coordinating crime prevention projects.

Analysis per sub-programme:

Sub-programme 2.1: Programme support

To provide support in aligning the Programme with departmental vision and strategic thrusts.

Sub-programme 2.2: Crime prevention centre

To initiate, execute and co-ordinate social crime prevention projects.

Sub-programme 2.3: Community liaison

To mobilise communities against crime through increasing levels of consciousness, institutionalising structured community participation, empowering community policing and establishing uniformed partnership with communities against crime.

Sub-programme 2.4: Monitoring and evaluation

To institute greater civilian perspective on policing matters.

Sub-programme 2.5: Safety information and research

To research crime and policing trends and conduct impact assessments.

Policy developments:

The decision to re-align all community anti-crime structures with local Community Police Forums (CPFs) has a major impact on the Programme. It requires CPFs to function efficiently and effectively and to be representative of all communities. The intention is to mobilise existing community structures in support of the SAPS on an ad hoc basis as and when the need arises for instance with the disappearance of children. The Programme also provides for improving safety at schools through the deployment of Bambanani School Safety volunteers at the high-risk priority schools in the Western Cape via the Bambanani Safer Schools Programme in conjunction with the Department of Education.

Changes: policy, structure, service establishment, etc. Geographic distribution of services:

None

Expenditure trends analysis:

This Programme increases by 15,47 per cent in 2006/07 when compared to the 2005/06 revised estimate due to funding earmarked for the Bambanani Safer Schools Project (BSSP), which is part of the Expanded Public Works Programme (EPWP). The objective is to create a safer environment for learners at schools and supporting the EPWP in addition to building social capital networks. Over the MTEF period, the allocation grows year-on-year by 4,6 per cent in 2007/08 and by 5,1 per cent in 2008/09.

Service delivery measures:

During 2005/06 the services of the Department were streamlined as part of the continued roll out of the new macro-organisational structure. The key performance areas per sub-programme are also being restructured to do away with duplication and to enhance the reinforcement of capacity building, research and project interaction with respective communities.

Programme 2: Provincial Secretariat for Safety and Security

Sub-programme	Measurable objective	Performance measure	Output	Target (2006/07)
2.1 Programme support	Effective and efficient Programme.	Rating in the quarterly performance evaluation of the Programme.	Compliance with relevant rules and regulations.	100 per cent compliance.
2.2 Crime prevention centre	Holistic crime prevention strategies and projects. An enabling environment for the implementation of crime prevention strategies.	Number of implemented social crime prevention projects. Number of effective local crime prevention structures.	Reduce causes of crime. District Municipalities have functioning structures to facilitate community participation in local crime prevention.	200 crime prevention projects. 5 District Municipalities have structures.
2.3 Community liaison	Level of social consciousness with regard to crime prevention. Enabling environment for crime prevention partnerships.	Number of people mobilised. Number of volunteers recruited. Number of CPFs established and maintained. Number of workshops. Number of volunteers participating in Safer Festive Season (SFS) projects. Number of communities where anti-crime structures are aligned.	Community's knowledgeable about need for involvement in crime prevention. Community participation in crime prevention.	50 000 people attend public Imbizos. 800 volunteers recruited. 20 Sub-forums established. 168 CPFs re-registered. 80 workshops. 5 000 volunteers participate in SFS. 100 Communities.
2.4 Monitoring and evaluation	Effective service delivery by the SAPS. Equitable resource allocation within SAPS.	Number of complaints attended to. Ratio of resource allocation to crime.	Compliance of policing agencies with Batho Pele principles and respect for human rights. Audit Report issued to the Provincial Minister.	A satisfactory report on every quarter. Report issued to the Provincial Minister.
2.5 Safety information and research	Conduct research on crime and policing trends. Conduct impact assessments of Departmental projects.	Number of research reports. Number of evaluation reports.	Policy documents that contribute to safety. Effective projects.	10 research reports. 4 Evaluation reports.

Programme 3: Security risk management

Purpose: To manage the security functions on behalf of all Heads of Departments of the Provincial Government of the Western Cape.

Analysis per sub-programme:

Sub-programme 3.1: Programme support

To provide support in aligning the programme with departmental vision, mission and strategic thrusts.

Sub-programme 3.2: Provincial security operations

To provide security in the Provincial Government of the Western Cape in respect of property, visitors and guests.

Sub-programme 3.3: Security advisory services

To advise and assist Heads of Provincial Departments to comply with relevant safety regulations and policies.

Policy developments:

On 16 November 2005, the Cabinet approved the centralised security and risk management model for implementation resulting in the Department being responsible for the security functions and risk management for all provincial departments.

Changes: policy, structure, service establishment, etc. Geographic distribution of services:

The programme consists of Programme support, Provincial security operations and security advisory services.

Expenditure trends analysis:

The budget of this Programme increases by 11,44 per cent from the 2005/06 revised estimate due to strengthening of the security risk management function. This Programme grows at an annual average rate of 7 per cent from 2005/06 to 2008/09. Sufficient provision has been made to cater for inflationary adjustments.

Service delivery measures:

Programme 3: Security risk management

Sub-programme	Measurable objective	Performance measure	Output	Target (2006/07)
3.1 Programme support	Effective and efficient Programme.	Rating in the quarterly performance evaluation based on the management system of the Programme.	Adhere to policies and legislation.	Good as agreed in the performance contract.
3.2 Provincial security operations	A safe and secure work environment.	Reported incidents of loss/damage and the Monetary Value of loss/damage.	A reduction of theft incidents at the buildings .	Reduction of theft by 80%.
	Managing of private security services to ensure acceptable service delivery.	Measure against service level agreement requirements; the number of complaints and number of incidents occurred e.g. theft.	Provide a cost effective value for money service at institutions.	35 institutions.
	Security Risk Services to ensure a safe environment for learners at schools, PGWC employees and visitors.	Occurrence of incidents at schools and workplace.	Enhance security in schools and workplace.	150 schools.
3.3 Security advisory services	To facilitate security and threat assessments of buildings and personnel within and outside the organisation.	The extent of acceptance and the successful implementation of counter measures.	Safe and compliant buildings with Occupational Health and Safety with less incidents.	Positive feedback from all client departments.
	To ensure that all personnel within the department are vetted.	Number of personnel vetted.	Compliance with MISS.	All SMS members vetted.

Programme 4: Traffic Safety Promotion

Purpose: To render traffic law enforcement services, conduct road safety education and provide training to Provincial traffic police officials, Metro police officials and community volunteers.

Analysis per sub-programme:

Sub-programme 4.1: Programme support

To ensure an effective and efficient programme.

Sub-programme 4.2: Traffic law enforcement

To render traffic law enforcement services.

Sub-programme 4.3: Road safety education

To conduct road safety education.

Sub-programme: 4.4: Safety training and development

To provide training and development to Provincial Traffic and Metro Police officials and community volunteers.

Policy developments:

There are no major policy developments, except the introduction of capacitation of traffic personnel and performance management. Extensive research into creating an integrated intervention strategy to address Motor Vehicle Accidents (MVA) was undertaken. The Council for Scientific and Industrial Research (CSIR) has finalised the Road Traffic Safety Management Strategy. This is based on a comprehensive analysis of the status quo and the impact it has on the rate of trauma in hospitals and fatalities on the road.

Changes: policy, structure, service establishment, etc. Geographic distribution of services:

Programme 4: Traffic Safety Promotion now consists of the sub programmes Programme support, Traffic law enforcement, Road safety education and Safety training and development.

Expenditure trends analysis:

Expenditure trends for this programme poses a serious challenge over the MTEF period as no provision is made for normal inflationary increases, but current services will be maintained at the same level.

Service delivery measures:

Programme 4: Traffic Safety Promotion

Sub-programme	Measurable objective	Performance measure	Output	Target (2006/07)
4.1 Programme support office	Effective and efficient Programme.	Rating of at least "Good" in the quarterly performance evaluation of the Programme.	Good.	Good.
4.2 Traffic law enforcement	Ensuring a 24-hour traffic law enforcement service at certain traffic centers.	50 000 km of road patrolled.	Covering roads through 24-hour patrols.	65 000
	Protecting the road network through a 24-hour weighbridge service.	85% of load carriers.	Weighing all load carriers.	85%
	Capacitation of Traffic personnel and Performance of Management.	To research, develop and implement a performance management system for traffic centers.	All Traffic Centre Managers to be skilled and empowered in terms of Traffic Management.	12 Centre Managers.
4.3 Road safety education	Provide road safety education programmes at schools.	Safety in Traffic Education Programme (STEP) presentations, Danny Cat Shows, Child in traffic presentations, scholar patrol open days/competitions. Monitoring and evaluation of schools pertaining to the reflective band project and distribution of reflective bands to new schools. Presentations of learners license course.	STEP presentations and visit schools. Road shows for Grades R to 5 (Danny Cat shows). Open days in Southern Cape and the Metro. Reflective bands: recruit monitor and schools. Schools participating in the reflective band projects. Learner's license courses undertaken. Special project (one per region) focusing on pedestrian, night time driving and public transport.	60 STEP presentations and visit 100 schools with STEP workshops. 50 Danny Cat shows (10 linked to the SFS). 4 in Southern Cape and 2 in Metro. Recruit 30 new schools and monitor 22 existing schools. 15 schools in 23 000 reflective bands. 6 learners license courses. 4 special projects.
	Provide road safety education programmes to public transport operators and pre-license driving instructors.	Safety and safety skills and meetings for heavy vehicle drivers.	Regional safety and skills tests for heavy vehicle drivers and committee meetings.	4 Regional safety and skills tests for heavy vehicle drivers and 28 committee meetings.

Sub-programme	Measurable objective	Performance measure	Output	Target (2006/07)
	<p>Rendering operational support pertaining to Arrive Alive, Road Traffic Management Forums, Community Forums and NGOs.</p> <p>Creating educational awareness through strategic and developmental communications.</p>	<p>Safety and skills tests and meetings for motorcyclists.</p> <p>Learners License theory tests and evaluation.</p> <p>Workshops for South African Institute of Driving Instructors (SAIDI) driving instructors.</p> <p>Safety and skills tests for SAIDI driving instructors.</p> <p>Arrive Alive (Critical Offence Management Programme - COMP), Regional Road Traffic Management Co-ordinating Committee (RTMCC), Provincial RTMCC and CPF meetings.</p> <p>Compilation of law enforcement festive season, business plan and annual law performance plan.</p> <p>Implementing an effective printing and audio communication campaign Print media in community and commercial newspaper, electronic media via community and commercial radio stations, production of posters and brochures.</p> <p>Kanniedood marathon and prayer sessions.</p>	<p>Driver of the Year (DOTY): Companies to improve driving skills of drivers. Regional and provincial safety skills tests as well as national competition.</p> <p>Meetings and safety and skills test for motorcyclists.</p> <p>Monthly SAIDI committee meetings, workshops for SAIDI members and skills safety test.</p> <p>SAIDI canvassing for new driving schools.</p> <p>AA meetings.</p> <p>Regional RTMCC meetings (4 per region).</p> <p>Provincial RTMCC meetings.</p> <p>CPF Meetings.</p> <p>Business plans compiled.</p> <p>Road safety communication plan that includes print and audio media targeting commercial and community.</p> <p>Number of marathon and prayer sessions.</p>	<p>DOTY: 5 Companies to improve driving skills of drivers. 3 regional and 1 provincial safety skills tests and 1 national competition.</p> <p>8 meetings and 1 safety and skills test for motorcyclists.</p> <p>12 monthly SAIDI committee meetings, 3 workshops for SAIDI members and 1 skills safety test.</p> <p>30 new driving schools via 5 workshops.</p> <p>14</p> <p>20 Regional RTMCC meetings (4 per region).</p> <p>4</p> <p>3</p> <p>3</p> <p>1</p> <p>1 Marathon and 8 prayer sessions.</p>
4.4 Safety training and development	<p>Facilitate the process for traffic, municipal police officials and other officials/persons employed in related fields to enhance professionalism and to improve service delivery.</p> <p>Facilitate the learning process for members of community/volunteer structure to contribute to a safer environment.</p>	<p>Quality training and development of municipal police and traffic officers in basic conversion, refresher, Examiner of Vehicles (EOV) and Examiner of Driving Licenses (EDL), courses.</p> <p>Number of community members trained (Chrysalis Academy, NHW, (Farmwatch) FW, Lay counselors and Safety, Traffic Safety Volunteers).</p>	<p>Trainees.</p> <p>Community members trained.</p>	<p>700</p> <p>1 200</p>

Sub-programme	Measurable objective	Performance measure	Output	Target (2006/07)
	Building human social capital levels of youth through training and life skills capacity programmes.	Number of candidates trained.	Chrysalis graduates.	600
		Number of youth clubs established.	Sustain clubs.	14 clubs
