1. Overview

Core functions and responsibilities

- Delivery of a comprehensive package of health services. These include promotive, preventive, curative and rehabilitative services.
- Delivery of Primary Health Care Services through the implementation of the District Health System.
- Rendering of efficient and effective Emergency Medical Services to all patients of the Eastern Cape.
- Provision of cost effective, good quality, high level specialized services to the people of the Eastern Cape in collaboration with Health Sciences Faculties.
- Provision of training of all Health professionals in the province of the Eastern Cape
- Rendering of specialized clinical Orthotic and Prosthetic services.
- Improving access to Health care services by providing new health facilities, upgrading and maintaining existing facilities.

Vision

A health service to the people in the Eastern Cape Province promoting a better quality of life for all.

Mission

Provide and ensure accessible comprehensive integrated services in the Eastern Cape emphasizing the primary health care approach utilizing and developing all resources to enable all its present and future generations to enjoy health and quality of life.

Main services

- Overall management and administration of the delivery of public health care within the province.
- Delivery of comprehensive, cost-effective primary health care services including prevention and promotion of a safe and health environment.
- Delivery of district and provincial hospital services.
- Delivery of health programmes to deal with specific health issues such as nutrition, HIV and Aids and tuberculosis.
- Delivery of medical emergency and patient transport services.
- Rendering of specialized orthotic/prosthetic, forensic and medico-legal services.
- Delivery of support services to ensure efficient health services.
- Rendering of a training platform for health professionals in the province.

Demands and changes in services

- Provincialisation of Primary Health Care Services (PHC).
- Confederation Cup 2009 and 2010 World Cup
- Efficient and expanded emergency services
- Efficient and well resourced hospital services, especially on the N2 (national road)

Acts, rules and regulations

- The Constitution of the Republic of South Africa (Act No. 108 of 1996) – Section 27.
- National Health Act (Act No. 61 of 2003)
- White Paper on the Transformation of the Health System in South Africa
- The Reconstruction and Development Programme
- Policy and budget speech 2004/2005 – MEC for the Department of Health
- Medicines and related substances Act (Act 101 of 1965 as amended)
- Pharmacy Act (Act 53 of 1974 as amended)
- Nursing Act (Act 50 of 1978 as amended)
- Nurses and Midwives Act (Act No. 4 of 2003)
- Choice of termination of Pregnancy Act (Act 92 of 1996)
- Labour Relations Act (Act No. 66 of 1995)
- Basic conditions of employment Act (Act No. 75 of 1997)
- Skills development Act (Act No. 97 of 1998)
- Skills levy Act (Act No. 9 of 1999)
- Mental Health Act (Act No. 17 of 2002)
- The Public Service Amendment Act 1999 (No. 5 of 1999)
- Public Service Regulations 2001
- National Health Laboratories Act (Act No. 37 of 2000)
- Occupational Health and Safety Act (Act No. 85 of 1993)
- Eastern Cape Provincial Health Act (Act No. 10 of 1999)
- Application of Health Standards in Traditional Circumcision (Act No. 6 of 2001)
- Traditional Health Practitioners Bill, April 2003

Budget decisions

For the next three years the department will engage itself in the implementation of the following service delivery projects:-

- Implementation of a new Regional Service Delivery Model to improve the referral pattern between different levels of services;
- Provincialization of PHC services;
- The implementation of year 2 turnaround strategy to improve the emergency medical services;
- Implementation of Clinics as Centers of Excellence to improve the functionality of Primary Health Care Service Delivery Institutions of the Department. In addition to and in line with the following:
 - Promotion of primary health care, the Department is planning to increase the number of Community Health Centres and Clinics. Clinics should be the entry point for patients into the public health system. However, too few clinics result in patients visiting hospital outpatient clinics or District Hospitals which are more expensive than clinic care. The Department wants to encourage patients to access health care services at an appropriate level which is at a Clinic and Community Health Centre facility. Part of the strategy is to improve the physical infrastructure of the buildings.
- Development of a document management system to enhance proper and efficient filing of patient care files and administrative documents of the Department.
- Development of a business information nerve centre as part of improving information management System in the department.
- Facilitation of the construction of an Employee Care and Wellness Centre.
- Provision of residential accommodation to qualifying staff of the Department in terms of the existing policy.
- Implementation of Project 5000 which is intended to recruit Health Professionals for Regional and Tertiary Hospitals and for District Hospitals, for Community Health Centers and Clinics.
- Revitalisation of the Port Elizabeth Provincial Hospital within the PE Hospital Complex.
- Reconfiguration and conversion of certain health facilities to become more cost effective and efficient in providing quality health services including equity and relevance applicable to the Eastern Cape Province.
- Investment in Telemedicine / e-health or telehealth in order to support Clinical and Health services in Remote rural health facilities and communities to improve efficiency and cost-effectiveness in the delivery of services in Eastern Cape.

2. Review of the current financial year (2006/07)

The department implemented the Emergency Medical Services turnaround strategy by the appointment of additional staff, the acquisition of additional ambulances and communication equipment to improve the EMS services as part of the readiness preparation for the 2010 FIFA Soccer World Cup. The department has retained most of the Health professionals rendering their compulsory one year community services during the 2006 year. All the nurses that have qualified has been also been recruited. The department implemented the Saving Mothers Saving Babies campaign in an attempt to reduce the mortality rate in the province. HIV and AIDS treatment and management has been expanded in the province with the increase in Voluntary Counselling and Testing sites and the increase of the Anti Retroviral Treatment to patients with HIV.

3. Outlook for the coming financial year (2007/08)

The department will implement an effective service delivery platform through the District Health System based on the Primary Health Care approach and a seamless referral system. The department will continue with the Project of Clinics as Centers of Excellence by increasing the number of clinics from 25 to 50, 30 Community Health Centers operating on a 24hour basis and 25 District hospitals performing at higher level of care.

To continue with the Saving Mothers Saving Babies project which has a direct impact on the reduction of the Maternal and Infant mortality rate. The department will increase and upscale access to the Comprehensive HIV & AIDS care, treatment and management for people living with HIV & AIDS and the number of patients will be increased from 27,000 to 40,000. The number of facilities providing Voluntary Counseling and Testing will be increased from 711 to 754, whilst the patients receiving Home Based Care will increase from 121,482 to 150,000.

There will be an increase in awareness and advocacy campaigns about Tuberculosis Management (TB), Multi Drug Resistant (MDR) TB and Extreme Drug Resistant (XDR) TB to all communities in the Eastern Cape Province. Improve and strengthen the management of sputum turnaround time to 48 hours instead of the current rate of 72 hours.

Continue with the second year of the implementation of the Emergency Medical Services turnaround strategy with emphasis on readiness for the hosting of the 2010 FIFA Soccer World Cup. The department will build, refurbish and revamp hospitals in ensuring that communities in the Eastern Cape can have access to good world class public facilities.

The department will embark on Project 5000 a recruitment and retention strategy aiming to employ approximately 5000 staff in both Professional and Admin categories over the next three years. An amount of R100m has been budgeted for this financial year. The department will also provide Bursaries for health professionals with the intention to retain their services. The department will also provide learnership opportunities for approximately 550 young people as well as 200 unemployed graduates on an internship program.

5. Payment summary

This section provides information pertaining to the vote as a whole as an aggregated level, including payments and budget estimates in terms of programmes and economic classification

Key assumptions

The department has increased its baseline in Compensation of Employees in an effort to attract, recruit and retain Health Professionals as part of its Project 5000 initiative. Funding for the Emergency Medical Services turnaround strategy to prepare for the 2010 FIFA Soccer World Cup is also included in this allocation. The department will provincialize the Primary Health Care services currently being rendered by Local Government from 1 July 07 and therefore the decrease in the Transfer Payments to Municipalities. An allocation has been made for the Upgrading and maintenance to hospitals to improve the quality of health services to be rendered.

Programme 2: District Health Services

The purpose of this programme is to ensure delivery of Primary Health Care Services through the implementation of the District Health System.

- **District Management:** Ensures effective delegation of PHC services and transfer of Municipal Health Services (MHS) to municipalities as per the Provincial and National Policies takes place..
- **Community Health Clinics:** Facilitates the provision of PHC and priority programme health services through an easily accessible clinic.
- **Community Health Centers:** Ensures the integration of Mental Health Services.
- **Community Based Services:** Ensures increase in the number of Health Promoting Schools, medical waste management coverage in all Public Health Institutions, establishes outbreak response teams for Cholera interventions.

- **Other Community Services:** Implement a port health strategy and further control spread of communicable disease through Ports of entry in the Eastern Cape Province.
- **HIV & AIDS:** Rendering a primary health care service in respect of HIV and Aids campaigns and special projects.
- **Nutrition:** Renders a nutrition service aimed at specific target groups and combines direct and indirect nutrition interventions to address malnutrition.
- **Coroner Services:** Renders forensic and medico legal services in order to establish the circumstances and causes surrounding un-natural death.
- **District Hospitals:** Renders hospital services at district level

Policy developments

The National Health Policy is Unified Health System that is based on District Health System. The MinMEC has provided the framework for the development of the DHS services (that included the definition of the Municipal Health Services and Provincialization of Primary health Care services). ECDOH is implementing functional integration of DHS services between the municipalities and the province. PHC services will be jointly planned (integrating IDP's and provincial priorities) through a framework that includes Strategic Plan, District Health Planning (DHP), Strategic Position Statement (SPS) and HTP. This planning will also be aligned with the Provincial Budget Cycle and process.

The Province has prioritized TB & HIV/AIDS, water and sanitation, poverty alleviation and victim empowerment (that includes food security). These programmes will be provided within the broad framework of the Social Needs Cluster in the province. The ECDOH will be implementing the clustering of the district hospitals (organizational design) that will improve the management echelon and at the same time optimize the utilization of the scarce resources (pooling of the scarce skills like medical and pharmaceutical personnel). There will be implementation of the shared support services program on a pilot basis in the first year. The infrastructure programme will also be prioritized on integrated planning approach (capital and non-capital).

On the quality side the DHS Branch will roll out the Patients Rights Charter, the District Hospitals Norms and Standards as well as the accreditation programme of the 18 district hospitals with the assistance of COHSASA. Incentive schemes will be implemented to promote development of quality and DHIS.

Service delivery measures

Service delivery measures Programme 2: District Health Services			
Output type	Performance measures	Performance targets	
		2006/07 Est. Actual	2007/08 Estimate
Sub-Programme 2.1: District Management			
Fully integrated PHC services between ECDOH and Local government.	Number of districts with 80% functional integration.	5	5
Sub-Programme 2.2: Community Health Services			
Increase access to PHC facilities by increasing the utilization rate to 2.9	Average utilization rate per district.	2.7	2.7
Sub-Programme 2.3: Community Health Centers			
80% of PHC facilities to provide the full PHC package	% facilities that implement the full PHC package.	70%	70%
Sub-Programme 2.4: Community Based Services			
Improve management of medical waste in public health facilities within the province	% of institutions implementing waste management programme	80%	80%
Sub-Programme 2.5: Other Community Services			
Reduce morbidity and mortality and resulting from traditional practices	No. of deaths in relation to the number of registered initiates	0	0
Sub-Programme 2.6: HIV & AIDS			
Hospital increase access to voluntary HIV counseling and testing	% fixed PHC facilities providing VCT services	60% Fixed PHC facilities	60% Fixed PHC facilities
Sub-Programme 2.7: Nutrition			
Ensure effective syndromic management of STI's in both public and private sectors.	% of facilities offering syndromatic management of STI's	100	100
Sub-Programme 2.8: Coroner Services			
To provide clinical support to District Hospitals	Number of visits according to plan	0	100%

Programme 4: Provincial Hospital Services

The purpose of this programme is to provide cost effective, good quality, high level specialized services to the people of the Eastern Cape in collaboration with the Health Sciences Faculties.

General Hospitals: Render of hospital services at general specialist level and a platform for training of health workers and research

Tuberculosis Hospitals: To convert present tuberculosis hospitals into strategically placed centers of excellence in which a small percentage of patients may undergo hospitalization under conditions which allow for isolation during the intensive phase of treatment, as well as the application of the standard multi-drug resistant (MDR) protocols.

Psychiatric/Mental Hospitals: Render a specialist psychiatric hospital service for people with mental illness and intellectual disability and providing a platform for training of health workers and research.

Service Delivery Measures

Programme 5: Central Hospital Services

This programme is dormant.

Programme 6: Health Sciences and Training

The purpose of this programme is to provide training of all Health Professionals in the Province of the Eastern Cape.

- **Nursing Training Colleges:** Training of nurses at undergraduate level and post-basic level.
- **Emergency Medical Services Training Colleges:** Training of rescue and ambulance personnel
- **Bursaries:** Provide bursaries for health science training programmes at undergraduate and postgraduate levels.

- **Primary Health Care Training:** Provides PHC related training for personnel provided by the regions
- **Training other:** Provides skills development interventions for all occupational categories in the department.

Service delivery measures

Service delivery measures Programme 6: Health Sciences and Training		Performance targets	
Output type	Performance measures	2006/07	2007/08
		Est. Actual	Estimate
Sub-Programme 6.1: Nurses Training Colleges			
Transformation of nursing education curriculum and services rendered to meet needs of the community	Tutor: student ratio	1 to 40	1 to 40
Sub-Programme 6.2: Emergency Medical Services			
Facilitate training of 600 officers in basic ambulance level course	Number of officers trained in basic ambulance course	60	60

Programme 8: Health Facilities Development and Maintenance

The purpose of this programme is to improve access to Health care services by providing new health facilities, upgrading and maintaining existing facilities

- **Community Health Facilities:** Focuses on the construction of new clinics & CHCs and upgrade of existing clinics & CHCs
- **Emergency Medical Rescue Services:** Focuses on improving Emergency Medical Rescue Services;
- **District Hospital Services:** The sub-programme focuses on upgrading of District Hospitals; Sub-programme 8.4: Provincial Hospital Services

Service delivery measures Programme 8: Health Facilities Development and Maintenance			
Output type	Performance measures	Performance targets	
		2006/07	2007/08
Sub-Programme 8.1: Community Health Services		Est. Actual	Estimate
Construction of new clinic and CHC's	No. of Clinics built	5	5
Sub-Programme 8.3: District Hospital Services			
Upgrading and revitalization of district Hospitals	Number of hospitals upgraded	12	12
Sub-Programme 8.4: Provincial Hospital Services			
Upgrading and revitalization of Provincial Hospitals	No. of Provincial hospitals being revitalized and upgraded	15	15
