Department of Health

To be appropriated by Vote in 2007/08 R 3 643 438 000
Statutory amount Responsible MEC MEC for Health
Administrating Department Department of Health
Accounting Officer Superintendent – General: Department of Health

1. Overview

1.1 The Vision of the Department is:

"A Healthy and Self-reliant Free State Community."

Mission

The Free State Department of Health:

- Provides a quality, accessible and comprehensive Health Care Services to the Free State community.
- Optimally utilizes health care resources to provide a caring and compassionate service.
- Empowers and develops all personnel and stakeholders.

Core Functions and responsibilities of the Department.

The Free State Department of Health provides comprehensive health services, which include the prevention of diseases, promotion of health, curative and rehabilitation services. The Department delivers an integrated comprehensive health service at levels I to IV to the population of the Free State Province as well as persons visiting the province. This includes a referral system between levels of care and the required support services. In terms of co-operation agreements certain level II, III and IV services are also delivered to Northern Cape residents and Lesotho citizens.

Overview of the main services that the department intends to deliver:

Focal points of the 2006/07 to 2008/09 Strategic Plan are compassionate and quality health services, reducing the burden of disease, optimal management of facilities and equipment, improved information management in support of effective decision making and monitoring, strategic and innovative partnerships to enhance the use of resources to the benefit of the entire health service sector and appropriate and effective governance. To implement the department will need to recruit and retain appropriate and skilled personnel.

1.2 The Free State Department of Health believes in the following values:

• Accountability, Batho Pele, Botho, commitment, Integrity and Inter-dependence

1.3 The following key enablers will ensure delivery of objectives:

Team approach, Learning organisation, Communication (Internal and External), Innovation and Partnership.

Health Services are guided amongst others by the National Health Act 61 of 2003,

Mental Health Act, Act no. 18 of 1973 as amended to Mental Health Care Act 17 of 2002, Free State Provincial Hospital Act, Act no. 13 of 1996, Free State Health Act, Act no. 8 of 1999, Medicine Control Act 101 of 1995 as amended by Act 90 of 1997, Pharmacy Act 53 of 1974, Free State School Health Services Act 11 of 1998, Free State Initiation School Act 1 of 2004, Public Finance Management Act, Act no. 1 of 1999 as amended and Public Services Act and Regulations, Occupational Health and safety Act 1993 Act no 85 of 1993.

During 2004, the department reviewed the strategic plan and formulated strategic goals for the next 3 years. The strategic goals and objectives, reflect the priorities from the National Department of Health, Free State Development Plan and Local Government Integrated Development Plans, Free State Provincial Growth and Development Plan, Millennium Goals, 2014 Vision, State of the Nation Address and Government Programme of Action and are now aligned with the management structure of the department and support the implementation of the Public Finance Management Act.

Strategic objectives 2007/2008

| CORPORATE GOALS | STRATEGIC OBJECTIVES |
|------------------------|--|
| | 1.1Enhance the level of Batho Pele and Patient Charter skills and competencies within the department |
| | 1.2 Implement the provincial health promotion strategy |
| | 1.3 Enhance the promotion of healthy lifestyles and encourage change from risky behaviour, especially among the youth. |
| | 1.4 Implement the District Health System according to legislation |
| | 1.5 Implement the Free State Department of Health Services Marketing Strategy |
| | 1.6 Implementation of DHS according to legislation |
| | 1.7 Implement the provincial quality improvement strategy |
| | 1.8 PHC facilities essential maintenance programme |
| 1. Compassionate and | 1.9 Provide appropriate and accessible level of health care services for the designated |
| quality health service | catchment population |
| | 1.10 Ensure effective EMS response to disasters in the Free State |
| | 1.11 Provide an efficient pre-hospital and inter-hospital patient transport service |
| | 1.12 Provide an efficient pre-hospital and inter-hospital patient transport service (continued) |
| | 1.13 Provide an effective and efficient Planned Patient Transport Service in line with the referral system |
| | 1.14 Implementation of provincial quality improvement strategy |
| | 1.15 Provide appropriate and accessible level of health care services for the designated catchment population |
| | 1.16 Implement the Master Plan for the Modernisation of Tertiary Services (MTS) for the Free State |
| | 1.17 Provide appropriate and accessible level of health care services for the designated catchment population |
| | 2.1Provide appropriate and accessible health care services for the designated catchment population |
| | 2.2 Provide preventive and promotive eye care services at all levels of care |
| | 2.3 Reduce adolescent and youth morbidity and mortality. |
| | 2.4 Improve women's health and reduce maternal- and neonatal mortality and morbidity. |

| CORPORATE GOALS | STRATEGIC OBJECTIVES |
|---|---|
| | 2.5 Reduce infant, child youth and adult morbidity and mortality caused by genetic disorders/birth defects. |
| | 2.6 Improve surveillance of birth defects 2.7 Implement the TB Crisis Plan |
| | 2.8 Accelerate the implementation of the Comprehensive Care Management and Treatment |
| | Plan for HIV and AIDS. (CCMT) 2.9 Ensure all eligible people receive food supplements. |
| | 2.9 Eristile all eligible people receive rood supplements. 2.10 Improve access to Anti Retro Viral Therapy (ART) for pregnant women. |
| Reduce the burden of disease. | 2.11 Improve access to ART for youth and adolescents. |
| 3. Optimal facilities and | 3.1 Hospital and PHC facilities essential maintenance programme |
| equipment. | 3.2 Provision of essential equipment to provincial health facilities |
| 4. Appropriate and skilled | 3.3 Implementation of the provincial equipment maintenance plan 4.1 Implementation of a Human Resource Management, Provisioning and Development Plan |
| personnel. | for the Department. |
| • | 4.2 Implement a Workplace Skills Plan. |
| | 4.3 Educate and train volunteers of the Free State Department of Health |
| 5. Strategic and | 5.1 Ensure sustainability of strategic partnerships |
| innovative partnership | 5.2 Implementation of the Service Transformation Plan for the Free State |
| | 6.1 Ensure effective management of Broad Based Black Economic Empowerment (BBBEE) in |

| | 6.2 Development of Supply Chain Management (SCM) officials6.3 Implement an integrated strategic planning and reporting framework in line with PFMA and |
| | prescripts |
| | 6.4 Optimal management of information |
| | 6.5 Improve asset management |
| | 6.7 Improve fleet management. |
| 6. Efficient Management | 6.8 Ensure compliance with the Public Finance Management Act 6.9 Implement a Human Resource plan for the department |
| and governance | 6.10 Improve measures to reduce absenteeism |
| | 6.11 Enhance the level of Batho Pele and Patient Charter skills and competencies within the |
| | department |
| | 6.12 Optimal Communication within and between clusters |
| | 6.13 Implement the Free State Department of Health Services Marketing Strategy |
| | 6.14 Implement the Service Transformation Plan for the Free State Department of Health |
| | 6.15 Implement the Service Transformation Plan for the Free State Department of Health 6.16 Appropriate training of forensic pathology officers |
| | 6.17 Forensic pathology Infrastructure development |
| | 6.18 Ensure the upgrading of the pharmacy facilities to enhance service delivery |
| | 6.19 Ensure compliance with PFMA prescripts pertaining to the trading entity and effective |
| | stock management |
| | 6.20 Implement a Comprehensive Laundry Plan in line with needs |
| | 6.21 Provide Orthotic and Prosthetic Services |

2. Review of the current financial year

This analysis is based on 2006/07 plan which is still being implemented.

Programme 1: Administration

- Upgrading of salaries for Pharmacists was implemented.
- The Revenue Action Plan was implemented by all institutions.
- A Revenue Task Team was established to deal with long outstanding patient accounts.
- Improved Revenue management to ensure an annual increase in Revenue
- The audit report for 2004/05 was unqualified.
- Supply Chain Management system was developed and implemented.
- Supply Chain management policy implemented

Programme 2: District Health Services

- District health plans for 2006/2007 have been compiled in line with the new approved format. These make provision for development of district based planning, functional integration and mechanisms for community participation
- Provincial decentralisation strategy for district health system was developed and implemented. Four of the five districts are already fully functional as centralised provincial health services. Negotiations in the fifth district continue. The centralisation process will continue until 2015.

Implementation of national health programmes and provision of the comprehensive primary health care package.

- Local municipalities have implemented environmental health care plans.
- The consolidation of Primary Health Care services to the province, commenced in November 2004. The taking over of three districts were finalised by the end of May 2005.

District Hospitals:

- In order to strengthen management in a resource constrained environment District Hospitals have been complex under a single management team
- The District Hospital package of care is being implemented within the District Hospitals.

Sub-programme HIV AND AIDS

Comprehensive HIV and AIDS Treatment, Management, Care and Support

 A provincial Council, 5 district AIDS Councils and 17 local AIDS Councils are fully functional. These structures are supported by the Social Sector Cluster Committee on HIV and AIDS and the Free State Department of Health.

PMTCT for HIV

- Nevirapine is available in all institutions providing maternity services. Some feeder clinics still refer babies to hospital for Nevirapine syrup.
- Integration of PMTCT to other health programmes has commenced
- Polymerase Chain Reaction testing on infants who received Nevirapine is being piloted at National District hospital and MUCPP community Health Centre.

Provision of Post Exposure Prophylaxis (PEP):

• All hospitals and some clinics provide antiretroviral drugs within 72 hours of exposure as prophylaxis for rape survivors and personnel.

Voluntary Confidential Counselling and Testing (VCCT):

VCCT services have been implemented in all five districts at 96% of health facilities.
 39 092 beneficiaries per 3 month period, receive VCCT. There are 235 operational sites including 235 primary health care facilities, 23 mobile clinics and 9 non-medical sites.

Home Based Care and Step Down Facilities

- All towns are providing community home based care services, in partnership with 137 civil society organisations. The service is being expanded to 10 farms around Van Stadensrus and Smithfield.
- There are 8 functional steps down facilities with a total of 84 beds. 108 trained volunteers render services under the supervision of professional nurses.

Antiretroviral Treatment Programme (ARV)

- This is an integral part of the Comprehensive Treatment, Management and Care Plan for HIV and AIDS patients. The first site became functional on 03 May 2004.
 An ARV site consists of a treatment site (hospital) and three referring clinics (assessment sites). In the Xhariep district treatment and assessment sites were combined in three sites due to the small number of patients and large distances.
- All Antiretroviral (ARV) sites with assessment have ARV Treatment:

Tuberculosis treatment services:

HAST (HIV/AIDS/STI and TB) committees have been established in each district, as well as a Provincial HAST Committee. These committees ensure that TB/HIV integration activities take place at all facilities.

The TB Medium Term Development Plan 2000-2005 is being implemented with the following objectives:

- Achieve a cure rate of 80 85% among sputum smear positive cases;
- Keep the treatment interruption rate below 10%;
- Detect 70% of the estimated new smear positive cases;
- Achieve 100% DOTS coverage to all districts.

Uninterrupted availability of anti-tuberculosis drugs

The treatment supply is 100% uninterrupted except for Streptomycin.

Sub-Programme Nutrition

Maternal Health

- The Decentralized Education Program for Advanced Midwives (DEPAM) was instituted to strengthen the skills of midwives in the province
- The Choice on Termination of Pregnancy Act was implemented to reduce maternal morbidity and mortality, related to unsafe methods of terminating pregnancy.
- The Baby Friendly Hospital Initiative Programme has been implemented and 17 hospitals out of 30 have obtained BFHI status.

Disease Surveillance:

• The department is on course to eradicate Polio in the province. Acute Flaccid Paralysis surveillance is currently being implemented in all the districts.

Sub-Programme Other Community Services

Eye Care Services:

- Eye care services focus on the prevention of the 80% of blindness which is preventable by simple and inexpensive means.
- An outreach project from Mofumahadi Manapo Mopeli hospital, reached 566 people. Boitumelo Eye Care Centre is part of the revitalisation project for the hospital.

Oral Health Services

- Currently there are 101 dental clinics and six mobile clinics in the province. The introduction of community service dentists improved accessibility to oral health service.
- The Department has entered into agreements with the University of Pretoria and the University of Limpopo to train specialists in maxillo facial and oral surgery, as well as orthodontics.

Disabilities and Rehabilitation

 Most of the health facilities are being upgraded to meet the minimum requirements as set out in the accessibility assessment criteria. 133 Health Care facilities were evaluated for accessibility. 8 Facilities received golden, 13 silver and 42 bronze status.

Programme 3: Emergency Medical Services

- Emergency Medical Services plan developed and will be implemented in phases.
- In partnership with the Department of Public Works, Roads and Transport a control centre has been built in Bloemfontein for emergency medical services and disaster management, however it is not funded yet
- Planned Patient Transport for non emergency cases is implemented in all districts.
 Currently this service is rendered by the staff of emergency transport. Dedicated staff for Planned Patient Transport will be appointed

Programme 4: Provincial Hospitals

Complexing of hospitals

Four provincial hospitals have been complexed into 2 and are managed by a single management team for each complex, to enable better coordination and utilisation of resources.

Quality Assurance:

 All hospitals have established quality assurance units and are enrolled for the COHSASA Quality Assurance program.

Revitalisation Programme

- Boitumelo and Pelonomi hospitals are currently part of the revitalisation programme.
- The trauma unit at Pelonomi will be operational during 2006/ 2007 an additional amount of R30 million is required for this

• The other hospitals will be prioritised in line with the project prioritisation audit that is currently being undertaken within the province. It is envisaged that all provincial hospitals will be on the priority list by the year 2014.

Programme 5: Central and Tertiary Hospitals

Tertiary Services

- Currently, Universitas Academic Hospital (UAH) is providing a substantial part of Tertiary services to the Northern Cape population of 822 727. When the new level 3 hospital at Kimberley is commissioned this number will reduce.
- Universitas Academic Hospital will still provide certain level 3 services to Northern Cape Province per agreement.

Modernisation of Tertiary Services

The main effects of the Modernisation of the Tertiary Services model on Universitas Academic Hospital are as follows:

- Decrease in useable beds for Universitas Academic hospital due to increasing tertiary services rendering at Kimberly and Bongani hospitals.
- The Modernisation of Tertiary Services Projects underlined the huge backlogs currently existing in maintenance and equipment provision for tertiary hospitals countrywide.
- Implementation of the Modernisation of Tertiary Services model will probably only commence during the 2006/07 financial year and will only affect service delivery a year later.

Management Systems Development

Meditech is the system that is utilised to render Hospital Information Service. An
Electronic Data Interface was developed by Medicredit, which will enable
Universitas Academic Hospital to transfer billing data to medical funds
electronically.

Programme 6: Health Sciences and Training

Human resource management:

- Currently there are 24 782 posts on the staff establishment. On 31 September 15 843 were filled. This reflects an overall vacancy rate of 36%.
- The recruitment and retention of scare skills, such as Doctors, Pharmacists, Therapists and others remains a concern.
- All staffs were absorbed on the staff establishment during 2001.
- Payment of scare skills and rural allowances commenced during 2003.
- Community service was extended to other categories of health professionals.
- As mention scare skills and rural allowances were also implemented in the FSDOH, to date 1859 scare skills, 1069 rural allowances, 458 in-hospital allowances were implemented.
- The Free State Provincial Government (including this department) is currently
 participating with the Department of Public Service and Administration and the
 Government Employees Pension Fund in a pilot project to address the issues of
 absenteeism and retirement due to ill health. Problem areas are identified which will
 be tabled to Parliament.
- The Department of Health participated in a comprehensive audit on the

- management of sick leave. A plan has been drafted to address the problem areas.
- An Employee Assistance Programme Unit is being established for the vital task of taking care of the well-being of employees as emphasised in the Public Service Regulations.

Programme 7: Health Care Support Services

Laundry Services

- A pilot study for the introduction of the electronic tracking of linen items was successfully completed during 2004.
- Implementation of a quality assurance programme, which will enhance the service provided by the four laundries.
- The vehicle fleet is being replaced.
- In 2005/2006 one new vehicle was purchased.

Orthotic and Prosthetic Services

A draft policy for Orthotic and Prosthetic Services is available this will ensure adequate service provision, improvement of quality service, availability of appropriate resources and better collaborative engagement with all stakeholders.

Programme 8: Health Facilities Management

Programme 8 provides funding for construction and maintenance of physical facilities in the Department of Health. This ensures adequate health facilities in the province.

- The implementation of the Extended Public Works Program is incorporated into future projects. The fact that the labour intensive methods will be used to execute selective work in future projects; may influence the projected expenditure.
- An IDIP (Infrastructure Delivery Improvement Plan) was developed by National Treasury in order to improve and speed up infrastructure delivery. The first phase of this plan has been piloted in two provinces of which the Free State was one
- Two technical assistants were appointed by Treasury to assist with implementing phase one of the IDIP, and to make the necessary recommendations. The Free State Department of Health has completed phase one of the plan. In addition to this, the staff establishment of Facility Planning was investigated and revised accordingly.
- Three new clinics were completed, namely Bethulie Clinic, Sasolburg Leitrim Clinic and Smithfield Thembaletu Clinic. The extensions at Botshabelo Bophelong Block D Clinic and Qibing Clinic at Wepener, were completed
- At Pelonomi, Block B for Trauma was completed and at Boitumelo, the nurses home, doctors guarters as well as the warehouse, were completed
- Planning of the first phase of upgrading, revitalisation and refurbishment of MANCOFS Hostels, to provide accommodation for community health professionals; was completed and tenders will be called for. This programme is based on the Expanded Public Works Programme (EPWP).

3. Outlook for the financial year

3.1 The department is faced with the challenge of the burden of diseases namely;

Communicable and non communicable diseases.

Analysis of constraints and measures planned to overcome them

- Rendering level 1 care within the allocated budget is seriously challenging, due to increased demand as a result of the escalating burden of disease and national prerogatives.
- Transport is insufficient for outreach support services and planned patient transport.
 Road conditions contribute to a high degree of accidents
- Mobile clinics belong to Government Garage. The daily tariffs are high and must be
 paid even if the vehicle is not in use. This is meant to provide for replacement cost
 but vehicles are not replaced. There should be a provincial replacement plan for
 mobiles without the need for daily tariffs.
- Implementation of revised school health policy requires additional funding. This is estimated to cost R 3 186 844.00
- Vacancy rates are unacceptably high in various scarce skill areas. This makes it difficult to render the prescribed packages of care
- Facilities and equipment for rehabilitation services not sufficient.
- National Health Laboratory System (NHLS) is unaffordable. Fee structures need to be reviewed to address "not for profit" public sector needs.

3.2 During the next year, the following priorities will be addressed

- Improve access to quality health services especially for the rural communities in the province
- Implement programmes to reduce the burden of disease (communicable and non-communicable)
- · Impact of HIV and AIDS on other diseases
- Implement the provincial Emergency Medical Services plan
- Provide Emergency Medical Services stations and accommodations for Community Services Professionals(CSP)
- Address the backlog with regard to social infrastructure
- Improve and develop skills of the people
- · Increase training of Nurses

3.3 Implementation of legislations includes:

- Implementation of the Free State Provincial Growth and Development Strategy
- Implementing the National Health Act, No 61 of 2003
- Compliance with Pharmacy Act
- Medicines Control Act

4. Receipts and financing

4.1 Summary of receipts

The following sources of revenue are used for the vote:

Table 2.1 Summary of Receipts: Health

| | | Outcome | | Main | Adjusted | Estimated | | | | |
|--------------------|-----------|-----------|-----------|---------------|---------------|-----------|-----------|---------------|-----------|--|
| | Audited | Audited | Audited | appropriation | appropriation | Actual | Mediu | ım-term estim | ates | |
| R thousand | 2003/04 | 2004/05 | 2005/06 | | 2006/07 | | 2007/08 | 2008/09 | 2009/10 | |
| Equitable share | 1,870,493 | 1,937,290 | 2,215,185 | 2,284,548 | 2,333,666 | 2,333,666 | 2,566,537 | 2,828,245 | 3,202,863 | |
| Conditional grants | 646,144 | 736,757 | 801,463 | 862,365 | 933,044 | 933,044 | 969,066 | 1,122,282 | 1,228,495 | |
| Own Revenue | 75,798 | 83,220 | 101,680 | 102,700 | 102,700 | 102,700 | 107,835 | 110,592 | 116,122 | |
| Total receipts | 2,592,435 | 2,757,267 | 3,118,328 | 3,249,613 | 3,369,410 | 3,369,410 | 3,643,438 | 4,061,119 | 4,547,480 | |

4.2 Departmental receipts collection

The department is responsible for collecting the following receipts

Table 2.2: Departmental receipts:Health

| _ | | Outcome | | | | | | | |
|--------------------------------------|-------------|---------|---------|-----------------------|------------------------|------------------|-----------------------|---------|---------|
| | Audited | Audited | Audited | Main appropriation | Adjusted appropriation | Estimated Actual | Medium-term estimates | | |
| R thousand | 2003/04 | 2004/05 | 2005/06 | | 2006/07 | | 2007/08 | 2008/09 | 2009/10 |
| Tax receipts | | | | | | | | | |
| Sales of goods and services other | 75,195 | 66,322 | 67,226 | 68,880 | 66,094 | 66,492 | 69,930 | 74,076 | 78,612 |
| Transfers received | | | | | | 18 | | | |
| Fines, penalties and forfeits | | | 53 | | | | | | |
| Interest, dividends and rent on lan | 699 | 385 | 294 | 300 | 443 | 393 | 450 | 500 | 450 |
| Sale of capital assets | 3,156 | 1,288 | 22 | 100 | 100 | 100 | 100 | 100 | 100 |
| Financial transactions in assets and | liabilities | 7,119 | 2182 | | 2,643 | 2,277 | 2,800 | 3,000 | 3,000 |
| Total departmental receipts | 79,050 | 75,114 | 69,777 | 69,280 | 69,280 | 69,280 | 73,280 | 77,676 | 82,162 |

According to the information available and the evaluation thereof, applicable to the different kinds of receipts estimated to be recovered for the 2006/07 financial year is as follows:

The receipts of "Sales of goods and services" should increase during the following period due to RAF; DOD; and Northern Cape outstanding payments payable to this department in the current financial year.

The above-mentioned indicates an increase of R2, 2 million, on the estimate of the main appropriation budget of R67, 079 and the adjusted appropriation budget of R69, 280. Department of Health do not have instances where own receipt items experience a negative real growth rate between 2006/07 and 2007/08 financial years.

The budget for patient fees for the 2006/07 financial year was based on the following:

- The analyzed different patient classifications for patients admitted and billed according approved UPFS tariffs
- The predetermined average recovery rate per patient classification.
- The number of patients based on historical admission data.
- The social/economic status of the community.

The Department of Health does not have once of receipt items

5. Payment summary

5.1 Key Assumptions

Key assumptions behind the allocations of the department are as follows:

The budget will address,

- Personnel expenditure which makes provision for the improvement on employee's conditions of services (ICS) and rural and scare skills allowance.
- The budget will make provision for the goods and services and maintenance of equipment.
- Sustain the current services taking into cognisance budgetary constraints and pressure on medicine and other medical consumables.
- Improve access to quality health services especially for the rural communities in the province.
- Implement programmes to reduce the burden of disease (communicable and non-communicable).
- Impact of HIV and AIDS on other diseases.
- Implement the provincial Emergency Medical Services plan.
- Address the backlog with regard to social infrastructure and to contribute on poverty alleviation.
- Improve and develop skills of the people.
- Increase training of Nurses.

6.6 Programme 6: Health Science Training

Description and objectives: Programme 6

The Programme is primarily responsible to provide training to Emergency Medical and Nursing personnel (primarily health care training included), as well as promoting research and development of health systems. The programme consists of five Sub programmes — Nurse Training Colleges, Emergency Medical Services, Training, Bursaries, Primary Health Care Training and Other Training.
