1. Overview

The Office of the Premier as a strategic centre is responsible for co-ordination and monitoring the implementation of policies as well as provincial priorities as set out by the Executive Council. This function is addressing the governance priority.

VISION

Towards a Strategic Centre for Co-operative and Good Governance in Mpumalanga.

MISSION

To ensure equitable transformation and enhancement of the image of the Mpumalanga Provincial Government through the provision of advice and information, co-ordination, monitoring and support services.

STRATEGIC OBJECTIVES

- □ Improvement of the organisation and capacity of the Provincial Administration, including the rollout of project management practices and systems.
- □ Further enhancement the effectiveness of the Executive decision making process, including transforming the cluster system.
- □ Successful facilitation, monitoring and branding of flagship projects, as per target set by Exco, including 2010 targets.
- □ Effective monitoring and evaluation of government programmes, including early warning system.
- □ Position the Office of the Premier (OTP) as a centre of excellence in terms of systems, values, processes and people.

MAIN SERVICES

The Office co-ordinates, facilitates and provides oversight on transversal Human Resource Policies and guidelines, and transversal Human Resource Development matters. By virtue of its monitoring and coordinating role, the Office of the Premier does not deliver services to the communities/ citizens. However, it plays a crucial role in ensuring that service delivery departments meet provincial objectives, as set out by the Executive Council. Furthermore, the Office monitors and evaluates the implementation of transformation framework and policies. It also co-ordinates the mainstreaming of gender, disability and children issues into government programme of action through advocacy, monitoring and evaluation.

The Office will also embark on the marketing and branding of the Province as well as the coordination and reviewal of the Provincial Growth and Development Strategy. Finally, the OTP will be responsible for monitoring and facilitating the implementation of the five flagship programmes approved by the Executive Council.

LEGISLATIVE MANDATES

- The Constitution of the Republic of South Africa Act no.108 of 1996
- Public Service Act 1994
- The Public Finance Management Act 1 of 1999 (as amended by Act 29 of 1999)
- Labour Relation Act no.66 of 1995
- Skills Development Act no.97 of 1998
- Employment Equity Act no.55 of 1998
- Preferential Procurement Policy Framework Act 2000

2 Review of the current financial year (2006/07)

Following the completion of the skills audit process, the OTP developed an intervention programme in response to the recommendations Skills Audit Report. The programme is designed in such a way that it will be spread over a period of three years. The rollout of the Executive Development Programme (EDP) as an intervention was rolled out from 2006 and will continue in the next three years. The organisational structure was designed and approved by the Premier. However, there are new amendments that have since come up as a result of new mandates e.g., 2010 Programme, which have necessitated the review. In order to strengthen the functioning of the cluster to ensure improved Exco decision making the Office has appointed three cluster coordinators (Senior Manager Level) to provide support to the work of the Cluster. In addition a post of General Manager: Cluster Management has since been advertised, but the Office is struggling to recruit the suitable candidate. The OTP is still experiencing challenges around the employment equity, despite its drive to recruit designated incumbents (disabled and women). The process of de-linking and conversion of the Mpumalanga Youth Commission (MYC) and the House of Traditional Leaders (HTL) into public entities has not been completed, as a result will be taken up in the 2007/08 financial year.

3 Outlook for the coming financial year (2007/08)

The budget baseline allocation for 2007/08 is R 148,821. The increase in the baseline allocation is attributed to the fact that the Office will be pursuing the marketing and branding

strategy of the Province. An amount of R20 million has been allocated for this purpose. The Office will continue to monitor and evaluate the implementation of the Provincial Growth Development Strategy as well as reviewal of the PGDS on a regular basis.

6.3 Programme 3: Policy and Governance

Description and Objectives

The purpose of this programme is to provide effective policy advise, co-ordination and mainstreaming of gender, disability and children issues into government programme of action through advocacy, monitoring and evaluation as well as to establish and maintain a coordinated effort in developmental co-ordination, monitoring and evaluation of provincial strategies and policies.

To provide advice and proposals to the Government and Legislature on matters affecting Traditional Leaders and their communities in relation to indigenous law customs.

The objective of the Mpumalanga Youth Commission is to represent the youth of the Province, to shape and influence their destiny from within government settings, as recognized participants in the policy formulation and law making processes.

The Youth Commission and House of Traditional Leaders will be de-linking from the Office of the Premier to form Public Entities.
