1.9 External activities & events revelant to the budget decision.

The core/main function of the department is to support municipalities in a proactive, responsive & accountable manner. The department is further responsible for the provision of the strategic support to the institutions of the traditional leadership.

2. REVIEW OF THE CURRENT FINANCIAL YEAR: 2010/11

The department continue to play a much bigger role in improving the capacity of struggling municipalities to be able to appoint on contracts scares skills like CFOs, Engineering, etc. Employing such persons albeit on share basis will assist municipalities to have cleaner audit reports and fewer allegations of non delivery of services by communities they serve. Mainly retired experts in local government will continue to be used with very stringent condition of skills transfer so that internal capacity should be improved for sustainable results.

The department is continuing with the eradication of sanitation backlog which was estimated at R1,8 billion throughout the province. The human dignity of citizens can only be restored if people have acceptable sanitation facilities and it cannot be the responsibility of municipalities only to restore that dignity, we are also obliged to assist them to realise that noble goal.

The implementation of the 5 year Strategy Agenda for local government continue to take priority in the department with a targeted focus on in the following

- Mainstreaming hands-on support to Local Government to improve municipal governance, performance and accountability;
- Addressing the structure and governance arrangement of the State in order to better strengthen, support and monitor Local Government;
- Refining and strengthening the policy, regulatory and fiscal environment for Local Government, giving greater attention to enforcement measures.

Traditional Affairs.

- Priorities for the Current Year (SONA, SOPA and MEC).
- Amendment of the North West Traditional Leadership and Governance Act, Act No.2 of 2005.
- Reconstitution of Traditional Councils.
- Updating of Family Trees.
- Turnaround Strategy for Traditional Affair.
- · Capacitation of Local Houses of Traditional Leaders.
- · Capacity building of Traditional Councils.
- Attend to succession disputes and legal cases.
- Construction and Renovation of Traditional Council offices
- · Capacity Building for Traditional Leaders.
- Audit of Traditional Councils. Forensic audit of %2+Account (Tribal and Trust Account)

3. STRUCTURAL CHANGES

There are no structural changes between programmes in the department or between programmes in the department and other departments in the province.

4. OUTLOOK FOR THE COMING FINANCIAL YEAR 2011/12

4.1 New Policy Priorities

The following policy frameworks have got a bearing impact on the departmental performance:

- Indigent Policy
- Local government turn-around strategy and Operation clean audit
- Provincial Growth and Development Strategy
- Employment Equity
- · Affirmative Action
- Vision 2014
- Medium Term Strategic Framework
- Millennium Development Goals
- Provincial Poverty Eradication Strategy

4.2 Significant Events

Local Governance and Development and Planning.

In view of the urgent need to implement the Turn Around Strategy to the extend of achieving a clean Audit for all municipalities by 2014, the department will have to play a vital role more than ever before in terms of its constitutional mandate, in supporting and monitoring.

The turn-around strategy seeks to accelerate service delivery and strengthen governance system among others. The department will therefore have to register optimal impact.

Accordingly the focus will be on:

- Completion of the bucket eradicated program including sanitation and water backlog.
- Capacity building intervention in municipalities in the form of engineering and financial management.
- Reviewing the policy, regulatory and fiscal environment of municipalities.
- Facilitating and coordinating strategies towards community participation and good governance practices.
- Addressing the long term financial viability of all municipalities.

The Turn-Around Strategy is premised on six thematic areas which are further articulated as Local Government Ten Point Plan:

- Improve the quantity and quality of municipal basic services to the people in the areas of access to water, sanitation, electricity, waste management, roads and disaster management
- Enhance the municipal contribution to job creation and sustainable livelihoods through Local Economic Development.
- Ensure the development and adoption of reliable and credible Integrated Development Plans
- Deepen democracy through a refined ward committee model
- Build and strengthen the administrative, institutional and financial capabilities of municipalities
- Create a single window of coordination for the support, monitoring and intervention in municipalities
- Uproot fraud, corruption, nepotism and all forms of maladministration affecting local government
- Develop a coherent and cohesive system of governance and a more equitable intergovernmental fiscal system
- Develop and strengthen a politically and administratively stable system of municipalities
- Restore the institutional integrity of municipalities

Traditional Affairs

- Positioning of the Chief Directorate to implement its mandate (funding of the structure).
- Building of Offices (increase the pace).
- Support to the institution (implementation of the National Program).
- Proper evaluation of Traditional Councils.

During the era of the fourth democratic government, the department will put in place programmes and projects to be implemented over a period of five years in order to expedite service delivery and continuously support the institutions of traditional leadership in the province. During this term of office, the Department will focus on the following:

- Implementation of a short to medium term plan with explicit core programme indicators for deliverables, time frames and resources required to execute such.
- Fast tracking basic service delivery to the communities in a sustainable manner.
- Refining its support to strengthen municipal partnerships so as to maximise effective and efficient service delivery.
- Rooting out corruption both internally and at municipal level.
- Building capacity both internally and at municipalities so as to support service delivery programmes.
- Supporting institutions of traditional leadership and ensure fair and just succession for traditional leadership.

4.3 Challenges

The provincial government has made a significant progress in service delivery. Despite the large investment in infrastructure to alleviate service delivery backlogs, there is still a growing need for substantial funding to eradicate such throughout the province. A number of service delivery challenges are still eminent in the provinces and are as follows:

- Lack of capacity within municipalities to utilise Municipal Infrastructure Grant (MIG) within the prescribed financial year.
- The billing system is still depriving municipalities enough capital to provide the necessary infrastructure delivery to services.
- Adequate personnel capacity and skills development for scarce and critical fields is still a challenge.
- Traditional leadership succession disputes.

5. RECEIPTS AND FINANCING

The department gets its source of financing the budget from Treasury funding in the form of equitable share and conditional grants.

5.1 Summary of Receipts: Local Government and Traditional Affairs
