Responsible MEC	Provincial Minister of Social Development		
Administering Department	Department of Social Development		
Accounting Officer	Head of Department, Social Development		

1. Overview

Core functions

Through the process of reviewing its core mandate as part of the Provincial modernisation process, the department has derived that its core function is:

To provide a Developmental Social Welfare Service by delivering the following functions:

A Welfare service to the **poor and vulnerable** in partnership with stakeholders and civil society organisations; and

A Community Development service by providing sustainable development programmes, which facilitate **empowerment of communities**.

Vision

A self-reliant society.

Mission

To ensure the provision of a comprehensive network of social development services that enable and empower the poor, the vulnerable and those with special needs.

Main services

Line functions

Provide integrated developmental social welfare services to the poor and vulnerable in partnership with stakeholders and civil society organisations. This includes the Sub-programmes: Substance Abuse, Prevention and Rehabilitation; Care and Services to Older Persons; Crime Prevention and Support; Services to Persons with Disabilities; Child Care and Protection Services; Victim Empowerment; HIV and Aids; Social Relief; and Care and Support Services to Families.

Provide sustainable development programmes which facilitate empowerment of communities, based on empirical research and demographic information: This includes the Sub- programmes: Youth Development; Sustainable Livelihood; Institutional Capacity Building and Support; Research and Demography; and Population Capacity Development and Advocacy.

Support functions

Provides for the strategic direction and the overall management and administration of the Department. This includes the Office of the Head of Department; Business Planning; Policy Alignment; Communication and Marketing; Financial Management; Supply Chain and Asset Management; Knowledge Management; Monitoring and Evaluation; Facility and Regional Management. The Human Resource Management, Internal Audit and Enterprise Risk Management Responsibilities have been corporatised and these functions are centralised at the Department of the Premier.

Provides for the decentralisation, management and administration of services at regional and local level within the department.

Other policy developments

A **family policy** is currently being reviewed. It seeks to promote a network of integrated services to protect, support and strengthen families to assist them to remain the cornerstone of the community and broader society. The review of the family policy commenced after the National Department of Social Development submitted the Draft National Family Policy (2006) to Cabinet in February 2009. The National Department is in the process of drafting a Green Paper and consulting its provincial partners. In 2010/11 the Provincial Department approved a proposal from the Care and Support to Families Programme; to start with the development of a provincial family policy that would seek to provide clear frameworks that will guide on work with families in the Western Cape. Furthermore, it will concretise DSD's vision for building resilient families in the face of adversity in communities. The policy development process started in October 2010 will be completed in June 2011.

The process of drafting **Norms and Standards for the Integrated Service Delivery Model** is progressing well. The national project is currently in Phase 3, with the completion of generic norms and standards. These generic norms and standards will be implemented by 1 April 2011. All provinces are in the process of being trained on these standards. The project entails the review of the entire business of Social Development especially the components Social Welfare Services and Community Development. The value of the project is that it will provide a comprehensive national framework to describe the nature, scope and extent of social services and will provide norms and standards for all services as well as at all of the 4 levels of intervention. The department has appointed a provincial task team to mainstream the project.

A **departmental Policy on Transfer Funding to NPOs** has been drafted before being presented to Provincial Cabinet for endorsement. The policy will be supported by procedure guidelines for implementation.

On the 1 April 2010, **three new acts** were promulgated, namely the Children's Act 2005 (Act No. 38 of 2005 as amended); the Older Person's Act 2006 (Act No. 13 of 2006) and the Child Justice Act, 2008 (Act No. 75 of 2008). Each of these acts has far reaching implications for the Department of Social development (DSD), the social welfare sector as well as other departments. DSD is currently working with its partners on short, medium and long-term implementation plans to give effect to this legislation. Key to the full implementation of these pieces of legislation is the finalisation of regulations which is a national competency.

Summary of Service delivery environment and its challenges

According to Community Survey 2007, the Western Cape has an estimated population of 5 278 572 people. About two thirds of the Province's population resides in the Cape Metro. The Province is home to 1 770 859 children under the age of 18 years and 1 905 822 youth aged 15 to 34 years. There are 452 881 persons aged 60 years and above. 282 833 of the people of the Western Cape are reported to have a disability.

Poverty and unemployment continue to affect households in the Province and their ability to provide for their members. The 2008 Income and Expenditure Survey indicate that 9 per cent of people in the Province have an income of below R238 per month. Of concern is the increase in the official unemployment rate in the Province (narrow definition) from 21.4 per cent in the last quarter of 2009 to 21.9 per cent in the last quarter of 2010.

According to the Social profile of South Africa, 2002 – 2009; 32.2 per cent of children in the Province were living in low income households - households with monthly income of less than R555. The proportion of children living in households without an employed adult has fluctuated between 1 in 8 to 1 in 7 from 2002 to 2009. In the same period, the proportion of children living in households that reported hunger increased from 20.8 per cent in 2002 to 22.1 per cent in 2009 (Statistics South Africa, 2010.). The incidence of child maltreatment in the Province remains of concern.

Youth in the Western Cape face a high risk of exposure to violence. Young men in particular face the risk of fatal homicide as the rate of violent death increases significantly from the age of 15 years¹. The homicide rate of young men in areas such as Khayelitsha and Nyanga is extremely high, namely 451 and 485 per 100 000 in the age group of 15 to 24 years². Results of the 2008 Youth Risk Survey indicate that high school learners in the Province are exposed to various forms of violence.

Results of the 2008 Youth Risk Survey³ indicate that many young people in the Western Cape are engaging in risky sexual behavior. The involvement of youth in substance abuse and its impact on other forms of high risk behavior is of great concern. According to data from the South African Community Epidemiology Network on Drug Use (SACENDU) the primary drug of abuse as reported to treatment centres in the Western Cape for January – June 2010 was methamphetamine (Tik) at 34 per cent, followed by alcohol (30 per cent), cannabis (16 per cent).

Summary of Organisational Environment

Implementing Modernisation

A project is in progress to implement the imperatives of the provincial Modernisation Programme in the Department of Social Development (DSD) by March 2013, in line with the DSD Organisational Design Blueprint, which was signed off in June 2010. This is a response to the provincial cabinet's strategic priority to enhance the efficiency of the PGWC's institutions in order to improve ground level service delivery.

The organisational redesign was informed by analysis of the DSD's legislative framework and clarification of its mandate, as well as the department's service delivery model. The redesign includes the corporatisation of communication services, internal audit, human resource management and enterprise risk management and the transfer of these responsibilities to the Department of the Premier. The CFO Office was not part of the modernisation of this department, with the understanding that an appropriate organisational design will be developed at a later stage. The organisational design process was participatory in that work sessions were held with departmental staff at all levels, including head office and the district offices.

The re-organisation will be implemented over three years:

Year 1 (2010 - 2011): Head Office and two regions

Year 2 (2011 - 2012): two regions

Year 3 (2012 - 2013): two regions

New Organisational Design:

A three-tiered service delivery model has been developed consisting of Head Office, Six Regional Offices, and 45 local offices. Head Office, as the strategic apex of the department will fulfill the following high level roles:

Strategic direction

Departmental planning

Policy and programme development

Creation of strategic partnerships

Organisation wide monitoring , evaluation and reporting

Creating an enabling environment for the organisation to deliver its mandate.

Each regional office will provide a strong management and support core for the service delivery arena by fulfilling the following high level roles:

Manage implementation of service delivery within the regions

Render support towards effective service delivery within the local offices, facilities and service delivery partners

Develop and sustain a network of partnerships with stakeholders within the Region.

Service delivery teams based at Local Offices, Facilities and Service Delivery Partners will deliver a needs based service at the coalface by fulfilling the following role:

Provide holistic social welfare services to all

Act as a walk in centre

Provide immediate relief and refer where necessary.

The outcomes of this re-design process will be:

Leaner, focused Head Office structure

Strengthened, decentralised service delivery support and management core structure based in 6 regions

More social workers and community development practitioners and access points at the coal face.

Acts, Rules and Regulations

There are a vast number of acts that have an impact on work done by the department. The following list provides the most important of these acts, conventions and accords:

Constitution of the Republic of South Africa

Older Persons Act, Number 13 of 2006

Social Service Professions Act, 1978, Amended 1995, 1996 & 1998

Children's Act 38 of 2005, as amended

Prevention and Treatment of Drug Dependency Act, 1992

Prevention and Treatment of Drug Dependency Act – Amended 1996

Prevention and Treatment of Drug Dependency Act – Amended 1999

Prevention and Treatment for Substance Abuse, Act 70 of 2008

Non-Profit Organisations Act, No 71 of 1997

White Paper for Social Welfare (1997)

White Paper Population Policy for South Africa (1998)

Probation Services Act No. 116 of 1991

Probation Services Amendment Act, 2002

Child Justice Act No 75 of 2009.

Budget Decisions

The department's budget was informed by high level imperatives, namely:

Renewed emphasis placed on children, substance abuse and poverty reduction; and

The implementation of the modernised service delivery organisational structure.

The department has increased its efforts to ensure alignment between budgeting and planning through its planning mechanisms as well as the modernisation implementation process. Over this MTEF period, the following strategic decisions will influence the realisation of the strategic outcome orientated goals:

No significant changes in NPO transfer funding thus maintaining levels and extent of funded service delivery;

Expansion of own services towards a progressive increase in the number of local offices as well as social work professionals;

Focus on deepening the quality of own and NPO- rendered social development services; and

Optimising performance management processes as well as enhancing monitoring and evaluation capability.

2. Review 2010/11

During the period under review the following can be reported regarding the programmes:

Substance Abuse Programme

A new state treatment centre for youth under the age of 18 years opened in June 2010 with the capacity to accommodate 40 youth for an eight week treatment programme. Funding of two additional specialised NPOs made a further 33 bed-spaces available for inpatients. The Department registered 4 new private treatment centres, thus expanding the reach of available treatment options to the citizens in the Province. The prevention programme for youth run by 10 NPOs reached 243 schools and 5 015 youth. Community based treatment centres were utilised by 5 646 clients. Early intervention services were accessed by 5 030 patients. Aftercare services from NPOs were utilised by 4 480 beneficiaries and Government aftercare services were utilised by 703 clients. The department also went into partnership with University of Cape Town and the University of Stellenbosch to develop a post graduate diploma in substance abuse and various certificate courses.

Older Persons Programme

The Older Persons Act, No 13 of 2006 came into operation on 1 April 2010. An implementation plan was compiled which include the priorities of the Act to be implemented. Services at community-based care and support centers were expanded from 14 100 in 2009 to 15 800 in 2010. Two Regional Older Persons Summits took place in the Eden/Central Karoo and Cape Winelands/Overberg Regions to strengthen the partnership between the department and service providers 126 Homes for Older Persons were audited regarding occupational health and safety. An amount of R4.2 million was received from the adjustment budget. These funds are currently utilised for the infrastructural requirements of 5 residential facilities in order to comply with standards prescribed by the Older Persons Act.

Persons with Disabilities Programme

15 265 Persons with disabilities accessed community based social development services which include the provision of social work interventions including peer support groups, empowerment programmes, life skills development programmes, programmes enhancing positive self-image and holiday programmes. 1 366 persons with disability were accessing residential care service while 2 549 were reached through protective workshop services. 57 258 people were reached through disability awareness and educational programmes. An opening week during the Disability awareness month from 15th – 20th November 2010 was held in Mitchell's Plain. 7 Youth with Disabilities participation workshops were held across the Province in partnership with the EPWP and Youth Development Programmes. 15 Residential facilities have been capacitated on Minimum Standards on Residential facilities for Persons with Disabilities. 7 consultative workshops on the Draft National policy on the provision of social services to persons with disabilities were held across the Province.

HIV/AIDS Programme

Community Caregivers were trained on the following topics: *Succession Planning, Simplest Way of Will Development and Psycho-Social Support Groups for Children Experiencing Loss and Grief.* Furthermore, 149 community care givers were trained on services such as loss, grief and bereavement and succession planning. 1 260 Orphans and other children made vulnerable by HIV/AIDS received services. A total of 18 HIV and AIDS coordinators have been trained on behavior modification programmes of which 2 200 beneficiaries benefited. Therapeutic services were utilised by 189 clients. 14 DSD staff have been trained by the South African National Defense Force on '*Combating HIV&AIDS through Spiritual and Ethical Conduct.*' World Aids Day events organised by DSD staff and funded organisations was held at different regions.

Care and Support to Families Programme

Four regional family strength expos were held in Vredendal, Worcester, Oudtshoorn and Cape Town. Three family preservation training workshops were held with service delivery partners and DSD officials. There was a notable increase in the number of men participating in Positive Parenting workshops. The programme also celebrated the success of the Fatherhood Pilot Project, with 60 mentors and mentees acknowledged for their participation during a certificate ceremony. A total of 5 men's dialogues focusing on men and child maintenance were held in 5 areas. The programme held a series of engagements with shelters for homeless adults in order to start the process of developing a provincial strategy on services to homeless adults. The focus on teenage parents received momentum with the implementation of a comprehensive teenage pregnancy prevention and support programme in the West Coast region. The programme also started the process of developing a provincial family policy that seeks to provide a framework for integrated service delivery to families in the province.

Child Care and Protection Programme

The Children's Act 38/2005 (as amended) came into effect on the 1st April 2010. A proposed Five Year Implementation Plan was drafted and presented to stakeholders at the Social Development Indaba in October 2010. A booklet that is aimed at assisting health workers in the implementation of the Children's Act, 38 of 2005 was developed and 1 000 copies were distributed. Training on the Children's Act reached 143 presiding officers and social service professionals.

2010 FIFA World Cup Child Protection Plan was successfully implemented for the duration of the World Cup. In response to the reported high incidences of rape, a door to door campaign to raise awareness on available services, was held in October in Kuyasa area, Khayelitsha (in partnership with other stakeholders) reaching 1 000 households. Thereafter, a Festive Season Child Protection Programme was launched in Khayelitsha and all 6 Regions implemented the programmes to ensure safety of children during the holidays. An Emergency Summit was held in November to focus specifically on the notable trend of child abandonment in the Province and an Action Plan was developed in partnership with stakeholders.

The "Family in Focus" programme that aims to reach parents and caregivers of children 0 - 6 years who do not have access to formal ECD centres, succeeded in reaching 3 900 families in order to ensure the holistic development of these children. The Mtandeni Enrichment Centre, developed in partnership with the Principality of Monaco, was launched in Vredenburg in July 2010. The department is currently managing a major drive to register the large number of unregistered ECD facilities in the province in order to ensure compliance with norms and standards and the requirements of the Children's Act in partnership with the City of Cape Town. In addition, it is managing a project to ensure there are no foster care backlogs as a result of the transition to the new Children's Act.

Victim Empowerment Programme

In collaboration with the International office on Migration and Annex, capacity building on the Draft Bill on Human Trafficking was conducted with 32 social workers to empower them to respond appropriately during the 2010 World Cup's anticipated increase and beyond. A provincial helpline to manage and support victims of Human Trafficking has supported 897 clients. The department funded 12 shelters and 7 social service organisations for VEP service throughout the Province. In partnership with this department, UNODC was able to fund an additional 16 service providers to render victim empowerment services. Additional to this, 95 Social workers have been trained on trauma counseling and debriefing skills, and 16 departmental co-coordinators were capacitated on Victim Empowerment Policy guidelines. A Provincial Victim Empowerment Forum was re-established and in addition the department established district Victim Empowerment Forums in Vredendal, Vredenburg and Oudtshoorn. Two consultative workshops were held to develop a Strategy to work with Men and Boys to address violence and strengthen families.

Institutional Capacity Building Programme

The department has strategically located its delivery within the regions utilising the Community Development Practitioners (CDPs) and provided training on the Capacity Enhancement model. This new approach enables the department to expand its scope and support to its NPO partners. A Provincial capacity building framework was developed to ensure uniformity in respect of the generic capacity building offered to NPOs who require support. 730 NPOs were capacitated according to this framework and a further 121 at risk NPOs and CBOs was supported through intensive Capacity Enhancing Support Services. 1 950 National toolkits were distributed to NPOs. Through the training programme, the department was able to significantly decrease the number of non-compliant NPOs. A provincial walk-in centre was established to render direct support to registered and unregistered organisations and it is showing positive results in respect to the turn-around time with regards to registration and compliance issues.

Social Relief

The department focused on strengthening of Community-based and inter-governmental Networks in delivering social relief throughout the Province. There is a notable decrease in the number of shack fires due to rigorous awareness and education on disaster prevention, hence the decline in the number of social relief beneficiaries. The department chairs the Socio Economic Impact Sub Committee and has provided assistance in the provision of social relief to farm dwellers extremely affected by severe drought in the Eden/Karoo municipality. Social relief was provided to foreign nationals displaced through social conflict (xenophobia) at four safety sites in the Metropole, Franshoek and Wellington. The department further assisted in repatriation and reintegration efforts and contributed to the successful closure of the safety site in De Doorns where Zimbabweans were accommodated for about one year. The department coordinated various stakeholders from Local and Provincial Government in an effort to prevent the threatened outbreak of social conflict (xenophobia) in Touwsrivier.

Sustainable Livelihoods

73 150 people were reached through Community Nutrition and Development Centers (CNDCs), 1 257 CNDC beneficiaries were linked to job opportunities and 43 to (hard) skills development interventions in partnership with stakeholders such as Independent Development Trust, EPWP and Municipalities. The department played a facilitating role in the implementation of War on Poverty which was launched in 2 areas on 20 - 21 August 2010. The launch in Bitou was led by the Deputy President as the leader of government's anti-poverty programme. The Minister of Rural Development and Land Affairs led the Witzenberg War on Poverty launch in the rural areas. The department has formed a partnership with the Department of Rural Development and Land Reform (DRDLR) in the household profiling of rural areas. 771 National Rural Youth Service Co-ops (NARYSEC) have been availed by DRDLR to assist with further household profiling in the Province. The Provincial Poverty Reduction and Poverty Alleviation Strategy has been approved by the Provincial Cabinet and the Department has been assigned the role of lead department in terms of facilitating and reporting on SO: 9's implementation.

Youth Development Programme

The department is playing a supportive role in developing a provincial youth strategy, which is spearheaded by the Office of the Premier and has also collaborated with the Department of Community Safety in various gang-prevention interventions in affected schools. A youth leadership camp was implemented in collaboration with the Department of Community Safety during the December 2010 school holidays for learners from various gang-infested areas. DSD National also held a training session in July 2010 on programme design and development for probation officers and assistant probation officers (APOs) to assist with the development of in-house diversion programmes. 30 Beds were made available for residential diversion (level 2) programmes. A service provider was contracted to render level 2 diversions whilst DSD will render level 1 diversion programmes. A total number of 261 youth were successfully linked to economic opportunities.

3. Outlook for 2011/12

DSD attempted to align its sub-programmes with the overall goals of the Provincial Government of the Western Cape (PGWC). Alignment, or at least uniform understanding of alignment within DSD, remains a challenge but ongoing assessment of the aims thereof both within DSD and the PGWC at large will improve the efficacy thereof. Confronting poverty and enhancing the capabilities of the poor are crucial issues and particular attention will be given to the vulnerable and specifically to children in need. Further, given the horrendous consequences of substance abuse, this issue has also been flagged as a priority. The department is thus renewing its emphasis on children, substance abuse and poverty reduction.

The monitoring of all DSD funded social welfare services rendered by non-profit organisations (NPOs) on behalf of the DSD will be enhanced to ensure that prior agreed services delivery requirements are met. All services rendered by both DSD and its NPO partners will be evaluated to assess both value for money and outcomes achievements. About fifty per cent of the Department's budget is allocated to the NPO sector who is the DSD's most important partner in services rendering. The department is committed to improve the partnership and has had meaningful consultations in regard to the drafting of a provincial Funding Policy for NPOs.

Whilst the national DSD is in the process of determining norms and standards for social welfare services, the department is embarking on a process of determining the actual cost of services in relation to each social welfare service rendered. This was partly achieved in respect of only certain services rendered by the DSD and will be fully achieved in the 2012/13 APP. This will assist the DSD in both its own planning as well as creating a rational basis for funding of its strategic partners.

4. Receipts and financing

Summary of receipts

Table 4.1 hereunder gives the sources of funding for the vote.

Table 4.1 Summary of receipts

Receipts R'000	Outcome			Main appro- priation 2010/11	Adjusted appro- priation 2010/11	Revised estimate 2010/11	Medium-term estimate

Total receipts	901 363	1 215 245	1 165 389	1 219 287	1 233 817	1 233 817	1 331 611	7.93	1 399 686	1 477 118

Summary of receipts:

Total receipts are expected to increase by R97.794 million or 7.93 per cent from R1.234 billion from the 2010/11 revised estimate to R1.332 billion in 2011/12, and is expected to continue increasing over the 2011 MTEF to R1.477 billion in 2013/14.

Treasury funding:

Equitable share financing is the main contributor to departmental receipts. Funding from this source of revenue will increase from R1.214 billion in 2010/11 (revised estimate) to R1.326 billion in 2011/12 and is expected to continue increasing over the MTEF to R1.470 billion in 2013/14.

Departmental receipts:

Departmental receipts are expected to decrease by 71.79 per cent from the revised estimate of R2.003 million in 2010/11 to R565 000 in 2011/12. The main source of departmental receipts over the 2011 MTEF relates to administrative fees, recorded under the sale of goods and services other than capital assets.

Donor funding (excluded from vote appropriation)

Table 4.2 hereunder gives the sources of donor funding and details of any terms and conditions attached to donor funds.

Table 4.2 Summary of donor funding - None

5. Payment summary

Key assumptions

In drafting the budget, the assumption was made that the Department's modernised structure will be implemented with effect from 1 November 2010.

National priorities

The department is guided by the following national outcomes:

- Improve the quality of basic education;
- Create decent employment through inclusive economic growth;
- Develop a skilled and capable workforce;
- Improve healthcare and life expectancy among all South Africans;
- Build a safer country;
- Support an efficient, competitive and responsive economic infrastructure network;
- Develop vibrant, equitable and sustainable rural communities that contribute to adequate food supply;
- Protect our environment and natural resources;
- Create sustainable human settlements and improved quality of household life;
- Build a responsive, accountable, effective and efficient local government system;
- Create a better South Africa, a better Africa and a better world; and
- Generate an efficient, effective and development orientated public service and an empowered, fair and inclusive citizenship.

Provincial priorities

The department is guided by the following provincial priorities:

- Creating opportunities for growth and jobs;
- Improving Education Outcomes;
- Increasing access to safe and efficient transport;
- Increasing wellness;
- Increasing Safety;
- Developing integrated and sustainable Human Settlements;
- Mainstreaming;

Sustainability and Optimising Resource-use Efficiency;
 Increasing Social Cohesion;
 Poverty reduction and alleviation;
 Integrating service delivery for maximum impact;
 Increasing opportunities for growth and development in rural areas; and
 Building the best-run provincial government in the world.

The department plays a leading role in the provincial objective of 'Poverty Reduction and alleviation'. It plays a supportive role in a number of the other provincial objectives.

Programme summary

Table 5.1 below shows the budget or estimated expenditure per programme and Table 5.2 per economic classification (in summary). Details of the Government Financial Statistics (GFS) economic classifications are attached as an annexure to this vote.

Table 5.1 Summary of payments and estimates

6. Programme description

Programme 1: Administration

Purpose: This programme captures the strategic management and support services at all levels of the department i.e. Provincial, Regional, and Facility/Institutional level. The programme consists of the following sub-programmes:

Analysis per sub-programme:

Sub-programme 1.1: Office of the MEC

provides political and legislative interface between government, civil society and all other relevant stakeholders, renders a secretarial support, administrative, public relations/communication; and parliamentary support in the Office of the Member of the Executive Council (MEC)

Sub-programme 1.2: Corporate Management Services

provides for the strategic direction and the overall management and administration of the department to make limited provision for maintenance and accommodation needs

Sub-programme 1.3: District Management

provides for the decentralisation, management and administration of services at the regional level within the department

Policy developments

A **departmental Policy on Transfer Funding to NPOs** has been drafted before being presented to Provincial Cabinet for endorsement. The policy will be supported by procedure guidelines for implementation.

Implementing the policy imperatives of the **Modernisation programme**.

Changes: Policy, structure, service establishment, etc. Geographic distribution of services

Systems to manage performance information are imperative to the strategic management process. The department will enhance its information and data management capability by implementing new systems and sharpening existing business process. Focus will be placed on case tracking, the verification of collected data and capacity building of functionaries responsible for data management. The integration of different social development information systems to create a single front-end will be prioritised, in order to facilitate the creation of high quality back-end reports. The CFO Office was not part of the modernisation of this department, with the understanding that an appropriate organisational design will be developed at a later stage.

We will continue to institutionalise monitoring, evaluation and reporting in order to improve performance and ensure effective and efficient service delivery within our own services, as well as within those services provided by funded partners.

The re-design of the organisational structure of the provincial Department of Social Development will enable it to deliver on its legislative and strategic mandate. This redesign was informed by an analysis of the DSD's legislative framework and clarification of its mandate, as well as the department's service delivery model.

The redesign includes the corporatisation of communication services, human resource management and enterprise risk management and the transfer of these responsibilities to the Department of the Premier. A three-tiered service delivery model has been developed consisting of head office, six regional offices, and a number of service delivery points (local offices).

Expenditure trends analysis

The increase in estimates from R183.860 million in 2010/11 to R193.137 million in 2011/12 is due to the decrease of support staff at Regional Offices level and an increase in staff at Head Office. This is based on the Department's new modernised structure. The budget allocation decreases slightly to R187.163 million in 2012/13 as it excludes the implementation costs for the new structure provided for in 2011/12 and thereafter increases by inflation to R195.629 million in 2013/14.

Strategic goal as per Strategic Plan:

Improve Governance and Modernisation of service delivery.

Strategic objectives as per Annual Performance Plan:

To implement the modernised service delivery organisational structure towards service delivery for enhanced efficiency and service effectiveness by March 2015.

Deliver a fully effective financial accounting function to ensure clean audit reports by reducing the number of matters of emphasis by March 2015.

To institutionalise results-based monitoring and evaluation and reporting in order to optimise the department's performance management processes and thus accelerating service delivery improvements within the department.

Programme 2: Social Welfare Services

Purpose: Provides integrated developmental social welfare services to the poor and vulnerable in partnership with stakeholders and civil society organisations.

Analysis per sub-programme:**Sub-programme 2.1: Professional and Administrative Support**

overall direct management and support to the programme

Sub-programme 2.2: Substance Abuse, Prevention and Rehabilitation

design and implement integrated services for substance abuse, prevention, treatment and rehabilitation

Sub-programme 2.3: Care and Services to Older Persons

design and implement integrated services for the care, support and protection of older persons

Sub-programme 2.4: Crime Prevention and Support

develop and implement social crime prevention programmes and provide probation services targeting children, youth and adult offenders and victims in the criminal justice process

Sub-programme 2.5: Services to the Persons with Disabilities

design and implement integrated programmes and provide services that facilitate the promotion of the well-being and the socio economic empowerment of persons with disabilities

Sub-programme 2.6: Child Care and Protection Services

design and implement integrated programmes and services that provide for the development, care and protection of the rights of children

Sub-programme 2.7: Victim Empowerment

design and implement integrated programmes and services to support, care and empower victims of violence and crime in particular women and children

Sub-programme 2.8: HIV and Aids

design and implement integrated community based care programmes and services aimed at mitigating the social and economic impact of HIV and Aids

Sub-programme 2.9: Social Relief

to respond to emergency needs identified in communities affected by disasters not declared, and or any other social condition resulting in undue hardship

Sub-programme 2.10: Care and Support Services to Families

programmes and services to promote functional families and to prevent vulnerability in families

Policy developments

A **family policy** is currently being reviewed. It seeks to promote a network of integrated services to protect, support and strengthen families to assist them to remain the cornerstone of the community and broader society. The review of the family policy commenced after the National Department of Social Development submitted the Draft National Family Policy (2006) to Cabinet in February 2009. The National Department is in the process of drafting a Green Paper and consulting its provincial partners. In 2010/11 the Provincial Department approved a proposal from the Care and Support to Families Programme, to start with the development of a provincial family policy that would seek to provide clear frameworks that will provide guidance on work with families in the Western Cape and will concretise DSD's vision for building resilient families in the face of adversity in communities. The policy development process started in October 2010 will be completed in June 2011.

The process of drafting **Norms and Standards for the Integrated Service Delivery Model** is progressing well. The national project is currently in Phase 3, with the completion of generic norms and standards. These generic norms and standards will be implemented by 1 April 2011. All provinces are in the process of being trained on these standards. The project entails the review of the entire business of Social Development especially the components Social Welfare Services and Community Development. The value of the project is that it will provide a comprehensive national framework to describe the nature, scope and extent of social services and will provide norms and standards for all services as well as at all of the 4 levels of intervention. The department has appointed a provincial task team to mainstream the project.

A **departmental Policy on Transfer Funding to NPOs** has been drafted before being presented to Provincial Cabinet for endorsement. The policy will be supported by procedure guidelines for implementation.

On the 1 April 2010, **three new acts** were promulgated, namely the Children's Act, 2005 (Act No. 38 of 2005 as amended); the Older Person's Act, 2006 (Act No. 13 of 2006) and the Child Justice Act, 2008 (Act No. 75 of 2008). Each of these acts has far reaching implications for the Department of Social development (DSD), the social welfare sector as well as other departments. DSD is currently working with its partners on short, medium and long-term implementation plans to give effect to this legislation. Key to the full implementation of these pieces of legislation is the finalisation of regulations which is a national competency.

Changes: Policy, structure, service establishment, etc. Geographic distribution of services

Accessibility to services remains essential. The department will, through its modernisation model, ensure increased access to appropriate and quality services on a local level through growing its service delivery areas to 45 over the MTEF period. This would result in the availability of more social workers and development practitioners and access points at the coal face. We will pay ongoing attention to meaningful engagement with our partners and stakeholders and alignment with the intergovernmental framework. This may include developing a policy on partnership with non-profit sectors.

Expenditure trends analysis

The increase in estimates from R988.587 million in 2010/11 revised estimate to R1.086 billion in 2011/12 is mainly as a result of provision made for the appointment of service delivery staff in terms of the new modernised structure. The budget increases progressively over the MTEF to R1.222 billion in 2013/14 to accommodate further appointments.

Strategic goal as per Strategic Plan:

- Improve Governance and Modernisation of service delivery.
- Create opportunities through community development services.
- Create a caring society through developmental social welfare services.

Strategic objectives as per Annual Performance Plan:

Sub-Programme 2.2: Substance Abuse, Prevention and Rehabilitation

Improve fit between substance services for individuals, families and communities and the need for those services, and improve overall outcomes of treatment and interventions in line with substance abuse legislation and the Provincial Substance Abuse Strategy by March 2015.

Sub-Programme 2.3: Care and Services to Older Persons

Ensure access to social welfare services by providing care, support and protection to 33 395 poor and vulnerable older persons in the Western Cape by March 2015.

Sub-Programme 2.4: Crime Prevention and Support

Substantially reduce the extent of recidivism of crime by providing psycho-social and statutory services to 40 000 children and adults in conflict with the law as well as their families by March 2015.

Sub-Programme 2.5: Services to the Persons with Disabilities

To facilitate provision of integrated programmes and services to promote the rights, well-being and socio-economic empowerment of persons with disabilities, their families in the Province, reaching 115 000 people by March 2015.

Sub-Programme 2.6: Child Care and Protection Services

Invest in and ensure quality services to children including those in need of care and protection through facilitating the provision of a continuum of services that promote the well-being of 182 000 children and families by March 2015.

Sub-Programme 2.7: Victim Empowerment

Contribute to the empowerment of 40 000 victims of domestic violence and reduce risk of sexual and physical violence by ensuring access to a continuum of services by March 2015.

Sub-Programme 2.8: HIV/Aids

To facilitate psycho-social support programs and services to 40 000 infected and affected children and families to reduce the impact of HIV/Aids and other related diseases by March 2015.

Sub-Programme 2.9: Social Relief

To provide social relief of distress services to those affected by disasters and undue hardships.

Sub-Programme 2.10: Care and Support Services to Families

To support and strengthen family and community interventions that foster social cohesion by providing integrated and targeted interventions focusing on building resilience for 82 641 families thereby improving their quality of life by March 2015.

Programme 3: Development and Research

Purpose: Provide sustainable development programmes, which facilitate empowerment of communities, based on empirical research and demographic information.

Analysis per sub-programme:**Sub-programme 3.1: Professional and Administrative Support**

overall direct management and support to this programme

Sub-programme 3.2: Youth Development

design and implement integrated social programmes that facilitate the empowerment and development of the youth

Sub-programme 3.3: Sustainable Livelihood

design and implement integrated development programmes that facilitate empowerment of communities towards sustainable livelihood

Sub-programme 3.4: Institutional Capacity Building and Support

to facilitate the development of institutional capacity for Non-Profit Organisations and other emerging organisations

Sub-programme 3.5: Research and Demography

to facilitate, conduct and manage population development and social development research, in support of policy and programme development, both for the implementation of the national Population Policy and other programmes of the Department of Social Development

Sub-programme 3.6: Population Capacity Development and Advocacy

to design and implement capacity building programmes within the social development sector and other government departments in order to integrate population development policies and trends into the planning of services

Policy developments

A **departmental Policy on Transfer Funding to NPOs** is in the process of being consulted and refined before being presented to Provincial Cabinet for endorsement. The policy will be supported by procedure guidelines for implementation.

Changes: Policy, structure, service establishment, etc. Geographic distribution of services

Strategic priority will be given to strengthen community-based networks for the care and protection of vulnerable groups through community development interventions. A new chief directorate for community development and partnerships has been established, synchronising the scope, focus, and functions of our existing cadre of community development practitioners. We will intensify our interventions in respect of poverty alleviation and reduction through the sustainable livelihood approaches.

Expenditure trends analysis

The decrease in allocation for this programme from R61.370 million in 2010/11 to R52.504 million in 2011/12 is as a result of the Knowledge Management unit being shifted to Programme 1 and the implementation of revised strategies for Youth Development and Institutional Capacity Building. The allocation increases progressively over the 2011 MTEF to R59.127 million in 2013/14 to accommodate inflation and expansion of services.

Strategic goals as per Strategic Plan:

Improve Governance and Modernisation of service delivery.

Create opportunities through community development services.

Create a caring society through developmental social welfare services.

Strategic objectives as per Annual Performance Plan:

Sub-programme 3.1: Professional and Administrative Support

Overall direct management and support to this programme.

Sub-programme 3.2: Youth Development

Provision of a range of integrated quality youth development services targeting youth between the ages 16 - 18 in and out of school and youth between 18 - 24 years.

Sub-Programme 3.3: Sustainable Livelihood

To improve income, asset and capability of families and communities to enhance their livelihoods through the implementation of poverty alleviation, reduction and empowerment interventions focusing on income and food security by 2015.

Sub-Programme 3.4: Institutional Capacity Building and Support (ICB)

To strengthen the governance capabilities of 1 350 (*In-Crises & At Risk*) funded NPOs and identified indigenous civil society organisations, by March 2015.

Sub-Programme 3.5: Research and Demography

To inform policy, programme and strategy development and social service delivery through social and population research in respect of social development and population trends by March 2015.

Sub-Programme 3.6: Population Capacity Development and Advocacy

To create awareness and understanding of the need to integrate population variables into development planning through designing and implementing capacity building programmes targeting 236 people annually within the social development sector and other government departments by March 2015.
