

Department of Health**Vote 5**

To be appropriated by Vote in 2013/2014	R7 894 778 000
Responsible MEC	MEC of Health
Administrating Department	Department of Health
Accounting Officer	Superintendent General of Health

1. Overview**1.1 The vision**

"A Long and Healthy Life for the Free State Community."

1.2 The mission**The Free State Department of Health will achieve its vision by:**

- Providing quality, accessible and comprehensive health services through family and community-based Primary Health Care (PHC).
- Optimally utilizes all its resources to provide a caring and compassionate service;
- Empowers and develop all its personnel and stakeholders; and
- Adopting an evidence-based information-centred approach to planning and decision making for the achievement of better health outcomes.

1.3 The core functions and responsibilities of the Department:

The Free State Department of Health provides comprehensive health care services, which include the prevention of disease, health promotion, curative and rehabilitative services to the community. The Department delivers integrated comprehensive level I to IV health care services to the Free State population as well as persons visiting the province. In terms of co-operative agreement, certain level II, III and IV services are also delivered to Northern Cape residents and Lesotho citizens.

Overview of the main services that the Department intends to deliver:

The operating environment for the health sector is a challenging one, however all the resources available to the department are deployed towards delivering the mandate of the Department and also to address the following key goals of the 2012/13 to 2013/14 Annual Performance Plan:

Goal 1: Provision of Strategic Leadership and Creation of Social Compact for better Health Outcomes.

Goal 2: Increasing life expectancy;

Goal 3: Decreasing Maternal and Child Mortality;

Goal 4: Combating HIV and AIDS and decreasing the burden of disease from TB; and

Goal 5: Strengthening Health System Effectiveness, through the following strategic objectives:

- 5.1 Re-engineering Primary Health Care (PHC) systems;
- 5.2 Improving Patient Care and Satisfaction;
- 5.3 Accreditation of Health Establishments for Compliance;
- 5.4 Availability of the Improved Health Infrastructure;
- 5.5 Improved Human Resources Management;
- 5.6 Strengthening Financial Management through M & E;

- 5.7 Improving Health Care Financing through Implementation of National Health Insurance (NHI); and
 5.8 Strengthening Health Information System and Research development.

To realise the aforementioned goals, the Department will need to recruit and retain appropriate and skilled personnel and also mobilise other relevant resources required for service rendering.

The Free State Department of Health believes in the following values:

- Accountability,
- Responsiveness,
- Batho Pele Principles,
- Commitment, and
- Integrity.

The following key enablers will ensure delivery of objectives:

- Team approach based on strong inter-cluster collaboration
- Inter-sectoral collaboration
- Outcomes and evidence-based approach
- Timely corrective action.

The department's Strategic Objectives for 2013/14 are as follows:

Corporate Goals	Strategic Objectives
1. Provision of strategic leadership and creation of social compact for better health outcomes.	Effective Provincial Governance Structures chaired by the MEC
	Ensure compliance with PFMA, Treasury Regulations and other Legislation in order to achieve clean audit.
	Improved Human Resource for Health
	Improved service level for the Medical Depot
	Improve Information Communication Technology systems
	Improve Provincial Health Management Information System.
	Conduct and monitor health research in the province
	Ensure functional governance structures at all facilities.
2. Increasing Life Expectancy.	Implement health promotion programs.
	Enhance the implementation of school health services.
	Measure public health establishments' performance against national core standards
	Early detection and rapid response to disease outbreaks to reduce morbidity and mortality
	Reduction of avoidable blindness
	Increase the number of new patients initiated on Antiretroviral Therapy (ART).
	Initiate people with HIV and AIDS and Tuberculosis (TB) co-morbidity on ART.
	Strengthening community involvement in the TB DOTS Programme
	Reduce the incidence of drug resistant TB.
	Strengthen surveillance on priority communicable disease.

3. Decreasing Maternal and Child Mortality	Increase the provincial Immunisation coverage. Increased access to Highly Active Antiretroviral Therapy (HAART) for eligible HIV positive pregnant women. Reduce facility maternal mortality ratio Reduce facility mortality rate for children <1. Reduce facility mortality rate for children <5. Reduce infant and child mortality Reduce maternal and child mortality Reduce Mother to child Transmission rate of HIV
4. Combating HIV and AIDS and Decreasing the Burden of Diseases from Tuberculosis	Reduce mother and Child Transmission rate of HIV Implement health care provider-initiated HIV Counselling and Testing in all health facilities Increase the number of new patients initiated on Antiretroviral Therapy (ART) Reduce Mother to child Transmission rate of HIV Scale up prevention measures to reduce new HIV infections Increase the percentage of HIV patients started on Cotrimoxazole Prophylaxis and the percentage of HIV patients started on Isoniazid Preventative Therapy Rapidly scaling up condom distribution at all health facilities Strengthening community involvement in the TB DOTS Programme Reduce the incidence of drug-resistant TB
5. Strengthening Health System effectiveness by means of:	Provide appropriate and accessible hospital service to the Free State community Implement PHC Re-engineering programme Provide an efficient planned patient transport service. Provide an efficient pre-hospital and inter-hospital patient transport service Improve Service Level for the Medical Depot Increase the supply of nurses in the Free State Train different categories of employees Improve education level of lower categories (Level 1-3) Promote employability and sustainable livelihood through skills development. Implement Hospital Revitalization Projects.
5.1 Improving Patient Care and Satisfaction	Improve quality of health services Improve patient care and satisfaction Measure public health establishments` performance against national core standards. Ensure compliance with National Core Standards and requirements so as to qualify for NHI accreditation.
5.2 Improved Health Infrastructure	Improve Information Communication Technology systems (ICT). Improve management of Health Technology Implement Hospital Revitalisation Projects

availability	Implement modular clinic projects
5.3 Strengthening Financial Management focused on M&E	Ensure compliance with PFMA, Treasury Regulations and other Legislation in order to achieve clean audit.
	Implementation of cost effective procurement process.
	Ensure compliance with all relevant Supply Chain Management (SCM) legislation.
5.4 Strengthening the Health Information Management Systems	Strengthening Health Information Systems within the Free State Department of Health.
	Conduct and monitor health research in the province
	Improve Provincial Health Management Information System
	Improve Information Communication Technology systems (ICT).

1.4 Health Sector Legislation:

- Mental Health Care Act, 2002 (Act No. 17 of 2002)
- Medicine and Related Substance Act, 1965 (Act No. 101 of 1965)
- Human Tissue Act, 1983 (Act No. 65 of 1983)
- Pharmacy Act, 1974 (Act No. 53 of 1974)
- Health Professions Act, 1974 (Act No. 56 of 1974)
- Nursing Act, 2005 (Act 33 of 2005)
- Dental Technicians Act, 1979 (Act No. 19 of 1979)
- Prevention and Treatment of Drug Dependency Act, 1992 (Act No. 20 of 1992)
- Choice on Termination of Pregnancy Act, 1996 (Act No. 92 of 1996)
- Sterilization Act, 1998 (Act No. 44 of 1998)
- National Health Laboratory Service Act, 2000 (Act No. 37 of 2000)
- Traditional Health Practitioners Act, 2004 (Act No. 35 of 2004)
- Free State Initiation School Health Act, 2004 (Act 1 of 2004)
- Atmospheric Pollution Prevention Act, 1965 (Act No. 45 of 1965)
- Hazardous Substance Act, 1973 (Act No. 15 of 1973)
- Health and Welfare Matters Second Amendment Act, 1993 (Act No.180 of 1993)
- National Health Act, 2003 (Act No.6 of 2003)

2. Review of the current financial year (2012/13)

Program 2: District Health Services

Primary Health Care (PHC) services are rendered in all 4 districts and 1 Metro in the Free State Province, with emphasis on Preventive and Promotive Care, followed by Curative and Rehabilitative Care, according to the comprehensive Primary Health Care packages and District Hospital packages. This is in line with the referral system to ensure accessibility of services within all 19 sub-districts and 1 Metro in the Province.

All 4 districts and the Metro comply with legislation and have developed District Health Plans, with set indicators and targets for the Strategic Health Programmes which are aligned to the corporate Annual Performance Plan (APP) for the respective financial year and are implemented annually. Progress on performance against the set targets is monitored on monthly and quarterly base and finally the annual performance is reviewed at the end of the financial year.

The Clinic Supervisory Manual, as well as the National Core Standards have been implemented and monitored at district hospitals and clinics in the Free State. Despite many challenges experienced in the District Health Services in terms of shortage of ~~personnel~~, especially Health Professionals, and equipment, which have an impact on service delivery, more than 7 190 425 million patients were attended to at our PHC facilities in 2011/2012 financial year.

The Batho Pele Revitalisation Program (BPRP) has been implemented in all 4 districts and 1 Metro and has resulted in monitoring compliance with the Service Delivery Improvement Plan (SDIP), Service Delivery Charter (SDC) and Service Standards for the Free State Department of Health. The implementation of Batho Pele in the province is as follows: 131 Institutions are compliant with PBRP at an average of 58% (6 Regional Hospitals, 22 District Hospitals, 103 Primary Health Care Clinics and 8 Community Health Care Centres)

The Healthy Lifestyle program has been implemented in all the districts and the Metro with the focus on the five priority areas, i.e. nutrition, safe sexual behaviour, tobacco control, substance and alcohol abuse as well as physical activity. School health teams provide integrated school health programme to 903 quintile 1 & 2 schools in this financial year.

There are currently nine multi-disciplinary centres for the care of victims of sexual assault and designated areas in 18 district hospitals and community health centres. Seventy-five health care professionals were trained on the comprehensive package of care for victims of sexual violence and rape. Antiretroviral medication for post-exposure prophylaxis (PEP) for rape survivors and personnel are available at all hospitals in the province.

Health programmes constitute the crux of service delivery to users of health services. In order to reduce the burden of disease due to HIV/AIDS, access to Antiretroviral Treatment (ART) was improved by increasing the number of adults and children initiated on ART. A total of 151,069 adults and 13,250 children have been initiated on treatment as at 31st December 2012.

Mother to Child transmission rate currently is at 2 % as at end of December 2012, the plan to upscale HIV testing rate among pregnant women has been achieved, and is at 99%. All Antenatal Care and Maternity facilities in the province, are implementing the revised PMTCT guidelines with the aim of providing treatment to all HIV-exposed infants.

Expanded Programme on Immunisation has been implemented in the Province and 97.7% of children less than one year of age have been fully vaccinated against vaccine-preventable diseases. Pneumococcal and Rotavirus coverage of 99.3% and 102.3% respectively have been achieved in the 2012/13 as at end of November. International evidence has shown this to be an effective intervention in ensuring child survival, together with other key strategies.

In terms of TB Management, the province achieved a smear conversion rate of 74.9% as at end of December 2012; however the patients remaining positive at the end of two months are still a cause of concern. To reduce the percentage of positive smears at the end of two months, emphasis is put on the integration of TB and HIV and direct treatment supervision in all provincial health facilities.

The TB cure rate of new smear positive cases has been constant over the past three years and is still significantly below the national target of 85%, which is aligned to the World Health Organisation (WHO), due to high HIV co-infection. The province is not doing well with patients defaulting treatment, currently the treatment defaulter rate is at 4.1% as at 31st December 2012. To improve treatment defaulter rate, tracer teams have been appointed in the Province.

The Free State has strengthened its efforts to diagnose MDR -TB patients through the use of Gene-Xpert, an advanced diagnostic technology. XDR-TB patients are treated in the Isolation unit at Pelonomi Hospital. MDR-TB patients are treated in the 70-bed unit at Dr JS Moroka Hospital, Thaba Nchu, and the 45-bed Kopano MDR-TB Unit in Welkom.

Programme 3: Emergency Medical Services

In strengthening the EMS, response times for urban and rural areas have increased to 46.7% and 67.4 % respectively. The establishment of 2 control centres is at an advanced stage.

Programme 4: Provincial Hospitals

Provincial hospitals render specialised hospital services through four regional (general) hospitals and one specialised psychiatric hospital. Two regional hospitals (Bongani and Dihlabeng) have seven level-2 disciplines available, while the hospitals in the more rural districts (Boitumelo and Mofumahadi Manapo Mopeli) have lesser coverage due to difficulties in recruiting and retaining medical specialists.

FSPC renders comprehensive psychiatric services. It provides extensive outreach services to District Health Services and Regional Hospitals, the impact of which is more pronounced in the child psychiatric services that are rendered at community level. The Free State Psychiatric Hospital, with the Faculty of Health Sciences at University of the Free State, also offers excellent training facilities for psychiatrists and psychologist and remains an institution of choice for the Eastern Cape and Northern Cape provinces.

Programme 5: Central and Tertiary Hospitals

Due to staff shortages and backlogs at the Academic Health Complex that limits the number of consultant staff available for outreach visits, the outreach targets are not being reached fully.

Tertiary service backlogs increased for all departments, including the departments such as Cardiology and Oncology, which previously never had any waiting lists and are now having waiting lists of 3 months and two months respectively. There are challenges relating to staff shortage, lack of facilities (beds, theatre lists, ICU beds and equipment), high burden of disease due to HIV/AIDS and TB.

Several quality improvement projects (QIPs) were implemented to maintain quality of care, related to the ministerial injunctions (cleanliness, waiting times, drug availability, infection control, friendliness, etc.). An Adverse Events and Clinical Governance committee sits monthly to scrutinise all adverse events that occur in the central hospital.

Pelonomi Regional Hospital renders tertiary services and was re-designated as such in line with the NHI regulations. It is a training platform for Nurses, Medical Registrars, Medical Interns and other health professionals, and it also hosts the ARV Centre of Excellence, which treats patients with side effects and conducts research on this subject.

Programme 6: Health Sciences and Training

Different categories of employees are being trained on a continuous basis and at the end of the third quarter 2012/13, progress was as follows:

- 520 Health Care Professionals trained in HIV/AIDS Management;
- 3 290 Health Care Professionals trained in CPD courses.
- 627 Emergency Care Practitioners trained in Ambulance Emergency Assistance and also attended CPD activities.

In order to promote employability and sustainable livelihood through skills development, a total of 237 learnerships have been implemented as at the end of December 2012. The training of 600 community health care workers is progressing well.

Programme 7: Health Care Support Services

The aim of the Programme is to render support required by the department to fulfil its aim. The services provided through this programme include the Orthotic and Prosthetic services and the Laundry services.

Programme 8: Health Facilities Management

Description and Objectives

The Programme is responsible for provision of adequate health facilities and infrastructure.

3. Outlook for the coming financial year (2013/14)

Health has been identified as one of the key priorities for the Government in the current 5 year term. The proposed approach builds on the gains that have been achieved by government over the past years, whilst it addresses the shortfalls in the current health system. To this extent, health priorities have been identified as part of government's plan of action. In the coming financial year the following priorities will be addressed.

3.1 During the next financial year the following priorities will be addressed:

PROGRAMME 1

- Effective monitoring of the Key Control Matrix (KCM) with a view to improving audit outcomes.
- Reinforcing the establishment and functioning of the governance structures
- Strengthening and maintenance of the provincial Health Information and Information, Communication and Technology (ICT) management
- Maintain the measurement of public health establishments performance against national core standards
- Strengthening the supply and availability of medication in health facilities

PROGRAMME 2

- Governance structures, i.e. the 183 Clinic Committees, 5 District Health Councils, and 13 Hospital Boards will be supported to become fully functional:.
- School Health Services will be intensified to cover all Quintile 1 & 2 schools.
- Re-engineering of Primary Health Care will be intensified in all four districts and the metro to ensure improved PHC service through outreach programmes to the households.
- Improved Quality of Care by ensuring compliance with national core standards and requirements so as to qualify for NHI accreditation.

In order to increase life expectancy the department will:

- Rapidly scale up access to Antiretroviral Therapy (ART) for people living with HIV and AIDS, especially identified vulnerable groups. The plan is to have 182 140 total number of patients (Adults and Children) initiated on ART by 2013/14 financial year.
- Strengthen the provincial TB Control Programme to achieve the cure rate of 77%.
- Protect children under the age of 5 against vaccine preventable diseases by increasing immunisation coverage.

In order to decrease maternal and child mortality the department will:

- Enhance the clinical skills of health workers in maternal and child care by implementing the Campaign on Accelerated Reduction of Maternal Mortality in Africa (CARMMA) program to improve maternal and child health outcomes.
- Enforce the use of clinical guidelines and protocols in all health facilities.
- Increase access to Highly Active Antiretroviral Therapy (HAART) for all HIV positive pregnant women.

In order to combat HIV and AIDS and decrease the burden of disease from Tuberculosis, the department will:

- Rapidly scale up condom distribution at all health facilities;
- Scale up access to Antiretroviral Treatment and the retention of patients on the treatment programme;
- Increase the number of Male Medical circumcisions performed
- Enhancing the clinical skills of health professionals in TB management;
- Strengthening community involvement in the TB DOTS programme.

PROGRAMME 3

- Increase the fleet of EMS ambulances and recruit additional personnel in order to increase the number of rostered ambulances to 150.
- Improve the provincial response times to be closer to National Norms.
- Provide an efficient planned patient transport service by increasing the rostered vehicles in the Province to 70 in 2013/14 financial year.

PROGRAMME 4

- Implement CARMMA program to improve child health services in Regional Hospitals
- Strengthen TB screening and HIV / AIDS programmes
- Achieve Certification by the Office of Health Standards and compliance in the assessment against core standards.

PROGRAMME 5

- Implement CARMMA programmes to improve child health services in tertiary and central Hospitals.

- To monitor the tertiary and central hospital performances against the six priorities of the national core standards.
- To conduct outreach programme from the central hospital to regional hospitals through 10 basic clinical departments.

PROGRAMME 6

- Increase the supply of nurses in the Free State by 640 nurses of all categories by 2013/14 financial year.
- Train different categories of employees
- Improve educational level of lower categories (Level 1-3)
- Promote employability and sustainable livelihood through skills development;

PROGRAMME 7

- Provide appropriate and accessible Orthotic and Prosthetic Services to the Free State community;
- Improve the management of Laundry Services.

PROGRAMME 8

Strengthening Health Facilities Management Programme by:

- Implementing maintenance programmes and eradicate maintenance backlog for health facilities
- Implementing clinic building programme, through modular technology, to improve access to PHC.
- Undertaking facility improvements and revitalisation projects in line with the conditional grants.

4. Receipts and financing

4.1 Summary of receipts

The following sources of funding are used for the Vote:

Table 5.1: Summary of receipts: Health

R thousand	Outcome			Main appropriation 2012/13	Adjusted appropriation 2012/13	Revised estimate	Medium-term estimates		
	2009/10	2010/11	2011/12				2013/14	2014/15	2015/16

4.2 Departmental receipts collection

The department is responsible for collecting the following receipts.

Table 5.2: Departmental receipts: Health

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2009/10	2010/11	2011/12	2012/13	2012/13	2013/14	2014/15	2015/16	
Tax receipts									
Casino taxes									
Horse racing taxes									
Liquor licences									
Motor vehicle licences									
Sales of goods and services other than capital assets	87 249	119 695	146 756	127 763	132 192	72 335	133 316	139 982	146 981
Transfers received									
Fines, penalties and forfeits									
Interest, dividends and rent on land	2 168	340	266	582	250	104	263	275	287
Sales of capital assets	841	6 495	4 460	127	3 000	80	1 200	150	100
Financial transactions in assets and liabilities	13 119	61 422	26 232	12 230	12 230	5 504	14 837	15 564	16 280
Total departmental receipts	103 377	187 952	177 714	140 702	147 672	78 023	149 616	155 971	163 648

The revenue MTEF projections are based on the following:

- The UPFS tariffs increase of 5.9% for 2013/14 financial year (externally funded patients)
- The expected increases on Free State school of nursing (FSSON) and laundry tariffs
- Trend analysis for patients' fees recovered and patients' treated per classification
- Free services offered
- Socio-economic factors in the province.
- The department expects the sales of capital assets to decrease from the current projection of R 500 000 during the MTEF due to nature of assets to be sold (small assets).

5. Payment summary

5.1 Key assumptions

The Free State Department of Health started a process of revising and consolidating the service platform, which is associated with a new planning strategy to align activities with funding. The strengthening of the District Health System and Primary Health Care remains the department's mandate, so is the upgrading of hospitals, clinics and medical equipment.

5.2 Programme summary

Table 5.3: Summary of payments and estimates: Department of Health

R thousand	Outcome			Main appropriation	Adjusted appropriation	Revised estimate	Medium-term estimates		
	2009/10	2010/11	2011/12	2012/13	2012/13	2013/14	2014/15	2015/16

Programme 6: Health Science Training

Description and Objectives

The Programme is primarily responsible to provide training to Emergency Medical and Nursing personnel (primary health care training included), as well as promoting research and development of health systems. The programme consists of five sub-programmes: Nurse Training Colleges, Emergency Medical Services, Bursaries, Primary Health Care Training and Other Training.
