Mid-Year Performance

Medical equipment was delivered to 42 Primary Health Care (PHC) Facilities, and support visits were undertaken to 8 PHC facilities in the Nelson Mandela, Buffalo City, Joe Gqabi and OR Tambo districts to assist in strengthening their functionality.

Additional Ward Based Outreach Teams (WBOTs) were established in Buffalo City and Cacadu following the appointment of team leaders. 287 team leaders were trained to date and a total of 1 507 Community Health Workers (CHWs) were trained in phase 1.

The Multi-Drug Resistant (MDR) TB treatment initiation rate is 100 per cent; this is attributed to the implementation of the Community Based Model. The reporting sites for MDR-TB management increased from 4 to 12 which contributes to the improvement of patient management and MDR-TB data quality.

An additional 110 ambulances were delivered and 112 Clinical personnel, 5 Paramedics, 12 Emergency Care Technicians, and 95 Intermediate Life Support personnel were appointed.
